**VEHICLE RANKS.**

THE attention of the public is drawn to the following extract from Municipal Notification No. 2533, dated July 31, 1918:—

"Owners are earnestly requested to refrain from leaving their vehicles standing in the narrow and busy thoroughfares of the Central District, and to utilize the aforementioned ranks to the fullest possible extent, thus assisting the Police in the regulation of traffic."

Notice is hereby given that the rank on Hankow Road, between Kiangse and Honan Roads, is now ready for use. A telephone (Central 2544) has been installed on the rank, and an English-speaking Chinese Constable will be on duty between the hours of 8 a.m. and 8 p.m. daily.

In ordering their cars by telephone, owners are requested to mention only the number of the car required and not to enter into conversation with the Constable on duty.

**Hongkew Disturbances.**

Further correspondence with the Japanese Consul-General is appended, in continuation of that published in the special Gazette of October 28:—

Shanghai, November 4, 1918.

SIR,—I have the honour to acknowledge receipt of your letter dated 25th ultimo, together with an advance proof of the Shanghai Municipal Council's Report on the Disturbances in the Hongkew District in July last.

Digitized by Google Original from CORNELL UNIVERSITY

I regret that the conclusions of the Council and certain statements as contained in the Report are altogether unsatisfactory to me and tend to convey an entirely wrong impression regarding the various incidents in these regrettable disturbances.

I, therefore, would respectfully suggest that the Council reconsider their decisions on the following grounds:--

1. In the Narrative of Events it is stated "Suddenly one of his companions smashed the electric light bulb with his hand. Then they (the Japanese) all rushed out into the street." From investigations which must have been known to Inspector Bourke, the real cause of this incident was through the Chinese watchmaker failing to return the strap belonging to the wrist watch placed with him for repairs. This is corroborated by the fact that a strap was returned to this Consulate the following day through the Hongkew Station. This point, although in itself a minor one, is none the less important as it gives the *real and true* cause that started the whole series of disturbances. The fact that the Chinese watchmaker returned a strap which was not the one in dispute only goes to prove that he was unable to return the original strap over which the dispute arose.

2. Regarding the four Japanese sailors who were arrested by the Municipal Police on July 16, and handed over to the Captain of H.I.J.M.S. "Chiyoda," the inference is given in the Report that they were not dealt with harshly by this Consulate and conveys to the public that they were formally dismissed. The Council apparently is ignorant of the fact that this Consulate has no jurisdiction over those sailors, which power is in the hands of the Naval Authorities, to whom the four sailors were handed over by the Municipal Police. The statement appearing in the Captain Superintendent's Report "There appears strong reason to believe that a large body of Japanese bluejackets, who were turned back on the first night of the trouble, took off their uniforms, donned Japanese kimonos and assisted in the various disturbances," is untrue and should not have been included in the Report. I have learned from the Japanese Naval Authorities that those men were confined to the Japanese Naval Club on subsequent nights during the trouble, and my own personal investigations corroborated this fact.

3. The Narrative of Events states that the two shop assistants R. Sato and F. Fida "were formally charged at the Japanese Consulate on the following morning and the case remanded without any decision having been given." This statement is incorrect. The two men were tried in the presence of Inspector Bourke by the Japanese Police Magistrate Toyoda and investigation proved that these two men were merely passers-by who had been attracted to the scene, and they were, therefore, discharged with a caution.

4. The Council complains that no information has been vouchsafed as to how the civilians arrested during the trouble have been dealt with in the Japanese Consular Court. In reply I would state that the Council has never applied for such information from this Consulate and it is not the usual procedure to communicate such particulars to the Council unless applied for. Of the ten Japanese civilians found guilty of participating in these disturbances four of them were deported from this country for a period of three years and the other six were sentenced each to one month's imprisonment. Therefore the statements made that leniency has been displayed in the punishment of Japanese concerned are entirely incorrect, and unwarranted.

5. The accusation that the powers of this Consulate over Japanese subjects are or have been flouted is entirely misinterpreted On no single occasion has any Japanese subject rebelled against the laws of this Consulate. The maintenance of peace and good order in Shanghai devolves upon the Municipal Authorities which they rightly claim, and this Consulate cannot prevent the assembling of crowds in the streets, or interfere in the police affairs of Shanghai. The powers of this Consulate are limited in that respect. This Consulate may exhort its subjects to keep peace and good order but does not possess the necessary means to enforce direct control, which responsibility devolves upon the Municipal Police.

6. The assembling of the Chinese Police in the Hongkew Market on the night of July 19, most certainly conveys the impression of a deplorable lack of discipline. It would appear that these constables, after leaving their duties, should have returned direct to the Hongkew Station, and the statement of Inspector Reeves "That they were quite quiet and orderly" is most certainly an extraordinary statement. Inspector Reeves must have known that it was an unusual occurrence for these men to assemble in the Hongkew Market when they should have been either at their posts or have returned to the Station to report "off duty." That they were gathered there for a specific purpose should have been suspected, and the most feasible steps to be taken at that time would appear to have been to order these Chinese Constables to return to the Station. The statement that the "Chinese Police who were still inside the Station compound broke their ranks and rushed into the charge room in an endeavour to get their carbines" gives the impression that there was some deliberately planned scheme on the part of these constables to violate the peace and good order of the Settlement.

7. The inability of the Police to trace the murderers of Japanese subjects during these disturbances is most certainly a grave matter. The Report admits that the carbines were in such a dirty condition that only one rifle could be certified as having been fired. Through the negligence of the Police the ends of justice have been foiled. That there are men among these Chinese Constables who are guilty of murder cannot be denied and therefore I consider disciplinary punishment as awarded by the Council is totally incommensurate with the offences committed. I am firmly of the opinion that failing the placing of individual responsibility that all those Chinese Police should be *at least* dismissed from the Council's service in order that Japanese and other residents may be assured that there will be no recurrence of such fatalities.

8. The statement "That no responsibility rests on the Council to make any compensation in respect of loss of life, or injuries or damage to property" is a matter which I trust will receive particular consideration. The Council admits that lives have been taken and injuries caused to Japanese residents, and property damaged by servants of the Council, who are employed to maintain order and protect the lives and property of residents in the Settlement, therefore this decision appears to be quite unfair. I would point out that there are precedents to show the Council's responsibility in this respect.

9. The funeral expenses of the Japanese Constable were arranged to be paid for between Vice-Consul K. Kishi and Captain Superintendent McEuen, without any limit being stated as to the amount to be allowed by the Council. Again this constable was killed when attempting to give his assistance to the Council. I am, therefore, surprised that the Council should object to the statement of expenses as presented.

10. Owing to the proximity of Japan to China there is naturally a preponderance of Japanese residents in Shanghai. Among them of course, there exists, as in every other nationality, a certain percentage of the lower class, but the records of Japanese who are registered at this Consulate show that there are very few "of whom have no visible means of support." There are many of the poorer class but they do not constitute a rowdy element; in fact, they give little trouble either to this Consulate or to the Municipal Authorities, and the statement that they are a serious menace to peace and good order is entirely unwarranted and lacks sufficient proof. That a certain amount of hot-headedness might have been displayed during the disturbances is probably correct, but this is certainly no criterion of their general conduct. The number of destitute Japanese is negligible.

11. It is gratifying to me to learn that the conduct of the Japanese Branch of the Police Force since its inception and throughout the disturbances has been exemplary. But I am rather surprised "that further action in regard to the engagement of additional Japanese Police should be suspended pending

Digitized by Google Original from CORNELL UNIVERSITY

an expression of the views of the Ratepayers at the next Annual Meeting." If this Branch of the service has carried out its duties satisfactorily, surely "views which are apparent" is rather an extraordinary reason for suspending the engagement of an extra number of Japanese Police which has been tentatively arranged for. I would remind the Council of Captain Superintendent McEuen's request made to me upon the instructions of the Chairman of the Council in June last. At that time a certain number of candidates was asked for particulars to be submitted to the Council within one month. The definite engagement of these Police was postponed for satisfactory reasons which are well-known to the Council. Therefore this decision in my opinion has no connexion with neither should it have appeared in this Report, but such matter should have been communicated direct to me.

12. The remarks "that it is incredible that this incident (watch-shop) should have been more than the occasion for the disturbances and that the real cause must be sought elsewhere" and the "particular end" are allegations for which the Council possesses no proof, and such allegations which are purely surmise are not correctly a part of this official Report of the Disturbances. The proposal of the Japanese Residents' Corporation to distribute Japanese Police in the district of Hongkew, altogether under the direct command of the Captain Superintendent of Police, was merely the view of the Executive Committee submitted to me, in all good faith, at that critical time, merely a suggestion for the better maintenance of peace and good order, and with no ulterior motives or "Particular end" in view whatsoever.

13. "On the day after the trouble the attitude of the Japanese malcontents became so hostile that their officials feared that they might resort to acts of violence. At the request of the latter, therefore, a portion of the Volunteers were called out for duty and a request was made by the Japanese Consular Authorities that Japanese bluejackets should be landed from the warship in port. The latter request was definitely declined by the Council as being uncalled for. Owing, however, to some misunderstanding a party of bluejackets actually left the ship for the shore but were recalled before they could land. Thirty sailors in plain clothes were subsequently stationed at the Japanese Consulate-General, apparently to guard the inmates against their own nationals in spite of the fact that an assurance had been given that full protection would be forthcoming from the Police."

The foregoing paragraph is entirely misleading and I, therefore, give the following details regarding this particular statement:—

On the afternoon of July 20, Mr. Ibukiyama called upon me at my residence and stated that a certain section of Japanese residents suggested the landing of a party of marines, but knowing full well the usages of the Settlement, I flatly refused to consider the matter, but suggested the calling out of units of British and Japanese S.V.C. I then accompanied Mr. Ibukiyama to the residence of Mr. E. C. Pearce and only informed him of the suggestion that had been made and it was then decided to arrange for the Volunteers to "stand-by." That same evening a certain section of the Japanese in their fear persisted in having marines landed, with the result that Vice-Consul Kishi and Mr. Ibukiyama again called upon Mr. Pearce, and explained matters. Mr. Pearce stated that he had no objection to the landing of *unarmed* marines to the Japanese Consulate compound. This step was taken in order to appease certain residents, and with a view to contributing to the preservation of peace and good order. No attempt was made to violate the administrative powers of the Settlement.

14. The translation of the paragraph from an article which appeared in the "Shanghai Nippo" is not correctly translated in the latter part. The literal meaning of this should read: It would not appear in vain at this juncture to take every possible care for most unexpected happenings. I would advise the Council that upon the same morning that the paragraph referred to appeared, I called the Editor of the "Shanghai Nippo" to this Consulate and warned him against publication of such a report the latter part of which was liable to be misconstrued. On August 2, I received a letter from Mr. Pearce on this matter, although I did not reply in writing Vice-Consul Kishi called upon Captain Superintendent McEuen, and explained what steps had been taken by this Consulate. So the words "with what result is unknown" appearing in the Captain Superintendent's Report must be a mis-statement.

15. "The marked tendency recently to extend the functions of the Japanese Consular Police, so that during the disturbances and on occasion since reported by the Captain Superintendent, they have in fact usurped the functions of the Municipal Police" is an incorrect statement. During the disturbances Captain McEuen suggested that the Japanese Consular Police would prove useful, and whatever temporary assistance they rendered on this particular occasion, surely cannot be construed as a tendency to extend their functions. Recently I have received a letter from the Captain Superintendent complaining of a supposed infringment of Police jurisdiction, to which I replied and conveyed a clear and what I considered would prove a satisfactory explanation. Beyond this I have never been apprised of any other instance of usurpation by the Japanese Consular Police of the functions of the Municipal Police. If the Council had reasons to be apprehensive at any time regarding the functions of the Japanese Consular Police same should have been immediately communicated to me.

16. The statement that anti-Japanese feeling exists among certain sections of the Chinese Community, has no connexion with these disturbances. There are approximately some 15,000 Japanese residents in Shanghai, the majority of whom habitate together with Chinese, especially in the Hongkew district, and no such disturbances have previously occurred. In fact their relations in the past have been quite amicable. Therefore, the question of racial feeling does not enter into the matter at all. The disturbances were merely confined to the Chinese Constables and certain Japanese. It is also unfair to introduce the question of reported loans by certain Japanese in Peking into the Council's Report of these disturbances, as the majority of those concerned in such disturbances have not the slightest knowledge of political affairs.

I desire that the fullest consideration may be given to the foregoing by the Council, in order that a fair and just settlement of these disturbances may be arrived at. I would express the view that many of the points herein explained may assist the Council in that connexion.

I have the honour to be,
Sir,
Your obedient servant,
A. ARIYOSHI,
*Consul-General for Japan*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

Council Room,
Shanghai, December 5, 1918.

SIR,—I have the honour to refer to your latter of November 4 further on the subject of the disturbances which took place in the Hongkew District in July last and to inform you that the Council has noted and is giving its very careful consideration to your assertion that its conclusions and certain statements as contained in its Report on the disturbances are altogether unsatisfactory to you and tend to convey an entirely wrong impression of the various incidents in these regrettable disturbances and that the Council should accordingly re-consider its decisions on the grounds set forth by you at length in order that a fair and just settlement of the disturbances may be reached.

The evidence and reports which have to be re-considered and reviewed are lengthy and I have the honour to state that, although the Watch Committee has completed its preliminary consideration of the several points, to which you direct attention, it is probable that a further period of at least a week or two will elapse before the Council can communicate to you its considered reply.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,

Council Room,
Shanghai, December 27, 1918.

SIR,—I now have the honour to reply to your letter of November 4 further on the subject of the disturbances which took place in the Hongkew District in July last.

The Council has given very careful attention and consideration to your views as therein expressed and much as it is regretted that its conclusions and certain of the statements contained in the Report on the disturbances are unsatisfactory to you, it cannot, I have the honour to state, concur with your view that they tend to convey an entirely wrong impression of the various incidents. On the contrary, it is the Council's considered opinion that the Report is full, frank and fair, that its views and recommendations on the several documents embodied therein are essentially just and that blame and commendation have been apportioned where due without fear or favour.

As you are doubtless aware a great deal of misconception existed on the subject of the disturbances, so much so that a report attributing responsibility therefor to the Japanese Branch of the Police Force was quite widely credited. Under the circumstances the Council considered that its enquiry and its Report to the Ratepayers, should be of as comprehensive a character as possible, rather than confined merely to the Council's findings, but, though this is the case, I have the honour to assure you that, in reaching its conclusions and in making its recommendations, the Council discounted such matters in the nature of evidence as lacked support or appeared to be of little importance in relation to the origin and cause of the disturbances or to the apportionment of blame.

Having thus replied in a general sense to your letter of November 4, I have the honour to deal next, in their order of sequence, with the several specific points to which you direct the Council's attention as follows:—

1. You state that the matter of the watch strap, although in itself a minor point, is none the less important as it gives the *real and true* cause that started the whole series of the disturbances. The Council is unable to agree with this view and in this connexion I have the honour to quote from a report by Chief Inspector Bourke.

"I beg to state that it was proved conclusively by the evidence submitted to the Court that the real cause of the occurrence was the smashing of the electric bulb and the stealing of the watch. There had been a discussion about a watch strap which could not be found at the time and which was eventually found and handed over to the Court the following morning.

"On presenting the case on the morning of July 17 the Japanese Magistrate informed me that an investigation had been held on board (on H.I.J.M.S. "Chiyoda") and that the sailors had stated that the whole cause of the trouble had originated from the watch strap. The Authorities apparently believed the statement made by the sailors as the Magistrate stated that he did not wish to hear any evidence in the case. I insisted that all the evidence be taken by the Court and that the witnesses be heard as the case was a very serious one. All the evidence was submitted on the morning of July 18, and after it had been submitted, the Magistrate suggested that the complainant be asked to withdraw the charge of larceny and to say that it was not true as the Naval Authorities were highly incensed at the charge being made and that it was a stigma on the whole of the Navy. He further suggested that the watch strap might have been stolen by some Chinese in the commotion. I replied that it was not within my powers to ask the complainant to withdraw the charge and further stated that on the evidence submitted to the Court a very strong case had been made out against the sailors. The Charge Sheet was then endorsed "Remanded."

2. The statement that the case against the sailors was remanded without any decision being given is therefore strictly accurate and I have the honour to submit that it does not "convey to the public that they were formally dismissed."

The Council notes that your Consulate General had no jurisdiction over these sailors. This being so, I have the honour to comment on the fact that so far as the Council is aware, no part of the evidence which was submitted to the Japanese Police Magistrate on the morning of July 18, was taken down in writing and transmitted to the Naval Authorities, and that the Municipal Police were never requested to attend any trial on board H.I.J.M.S. "Chiyoda."

The statement in the Captain Superintendent's report "There appeared strong reason to believe that a large party of Japanese bluejackets who were turned back on the first night of the trouble took off their uniforms, donned Japanese kimonos and assisted in the various Disturbances *which took place later in the evening*" was uncorroborated and no importance was attached thereto by the Council. Since, however, you refer to this statement I have the honour to quote from a translation of an article by "Yuzan sei" which was published in the July 29 issue of the Japanese newspaper "Shanghai":—

"It is said that those sailors of the Chiyoda who were on shore and who on hearing of the fighting became exceedingly excited. Most of them changed their uniform into plain clothes and attacked the watch repairer with some degree of violence late at night. It seems to me that this was an actual fact. They did this because they could not control their excitement, but as members of the crew of a man-of-war, it was regrettable that they stooped to fight a private fight late at night in private clothes."

It has not been suggested that the blue-jackets were not confined to the Japanese Naval Club on nights during the disturbances subsequent to July 16. In his report the Captain Superintendent very definitely states that the donning of kimonos and the assisting in the disturbances occurred on the evening of July 16. There is evidence to show that at least 70 blue jackets were in the neighbourhood on that night, and that they were turned back from the junction of Quinsan and Woosung Roads by an officer from H.I.J.M.S. Chiyoda and by the Captain of the Japanese Company of the Volunteer Corps.

In reply to your comment that the Captain Superintendent's statement in regard to the donning of kimonos should not have been included in the Report, I have the honour to emphasize that it was the Council's desire that nothing in connexion with the disturbances should be suppressed and that the Captain Superintendent's report was accordingly published in extenso.

3. The Council is unable to agree that the statement in the Narrative of Events regarding the two shop assistants R. Sato and F. Fida is incorrect. These two men were arrested at about 10.30 p.m. on the night of July 18 for disorderly conduct on Woosung Road for assaulting the Police and for rescuing a prisoner from custody. They were handed over at once to your Consulate-General and were apparently released shortly afterwards as they were observed out again at about 11 p.m. on the same evening. On the following morning a formal charge was laid against them and, in the opinion of the Police, the overwhelming evidence submitted proved the charge against them. If the men were "merely passers-by who had been attracted to the scene and they were therefore discharged with a caution" it is not clear to the Council why the Charge Sheet should have been endorsed "Remanded."

4. The Council expected that in a matter of such importance information would naturally be conveyed to the Police as to how the civilians arrested during the disturbances were dealt with in the Japanese Consular Court. It is usual for such information to be volunteered by the other Consular Courts in Shanghai and quite unusual for the Council to make any application in the matter to the Courts concerned. That ten Japanese civilians who were found guilty of participating in the disturbances were either ordered to be deported or sentenced to terms of imprisonment is noted with satisfaction but so far as the Council is aware these civilians were neither arrested nor charged by the Police. If this is so then their cases were presumably dealt with direct by the Japanese Consular Police who have thus, I have the honour to point out, again been permitted to exercise those functions which should properly be exercised by the Municipal Police and by them alone. The statement

Digitized by Google Original from CORNELL UNIVERSITY

appearing in the Report that leniency was displayed in the punishment of the Japanese concerned applied specifically as you will note to cases occurring during the Disturbances or previous thereto and to cases which were within the knowledge of the Council and the Police, and as regards these it does appear to the Council that leniency was shown.

5. The Council concurs with your statement that the "maintenance of peace and good order in Shanghai devolves upon the Municipal Authorities" and that your "Consulate cannot prevent the assembling of crowds in the streets nor interfere in the Police affairs of Shanghai" and that the "powers of your Consulate are limited in that respect." At the same time I have the honour to remind you that in your letter of August 5 you stated that as a result of a call from the Captain Superintendent you took such steps as were necessary "to ensure peace and good order being maintained by Japanese subjects" and that you "could safely declare that such precautions proved entirely successful."

As regards the reference to the flouting of their Consular representatives by a certain class of Japanese, I have the honour to state that the action of a section of the Japanese community, the statements made by officials attached to your Consulate General and other matters which came to the Council's knowledge during the disturbances did convey the very definite impression that a certain class of Japanese did indeed flout the authority of your Consulate-General.

6. That the assembling of the Chinese Police in the Hongkew Market on the night of July 19 undoubtedly constituted a serious breach of discipline, the Council readily admits. How it was that they assembled here is, however, explained at some length in the Narrative of Events, but in amplification; it may be emphasized that a number of the Police beats in the Hongkew District are so arranged as to converge on the Station of the district, so that the Police going on duty shall relieve those going off duty in the vicinity of the Station. There is not in the opinion of the Watch Committee and of the Council any evidence that would justify even the surmise that the Chinese constables collected in the market in accordance with any preconceived plan having as its object the violation of the peace and good order of the Settlement. In regard to the evidence of Inspector Reeves that when he passed the Chinese constables assembled in the market at 11.40 p.m. on July 19 on his way to the Hongkew Station "they were quite quiet and orderly" which you characterize as extraordinary, I have the honour to state that this evidence has independent corroboration in the evidence of a civilian who passed the market at the same time.

7. The failure to prove which of the constables participated in the rioting on the night of July 19 and to identify those responsible for the deaths of the Japanese constable and the Japanese civilian is regrettable in the extreme. That this failure was in the main due to the neglect in supervision of the carbines issued to the Chinese was very definitely stated in the Council's findings contained in the Report and the blame therefor was apportioned therein. As regards your suggestion that the Chinese constables should at least be dismissed from the Police Force, I have the honour to inform you that the Council admits that a grave breach of discipline occurred and accordingly very serious consideration was given to the desirability of this action before the Council made its recommendation as to disciplinary punishment with class reduction for all concerned and that it was forced to the conclusion that action on these lines would necessarily involve dismissal of constables who were innocent of any participation in the disturbances whilst others who participated but whose participation could not be proved would receive no punishment. The Council also concluded that no good would result but that such action might not improbably lead to further trouble whilst it would certainly tend to embitter the racial feeling which undoubtedly does exist between certain sections of the Japanese and Chinese communities.

The Council entirely concurs that disciplinary punishment seems inadequate and the Captain Superintendent's report expresses this view. It was the Council's desire that a charge should be laid in the Mixed Court against those concerned in the disturbances but on taking legal advice as to whether the evidence would justify (a) a charge of riot against the Chinese constables who were concerned and or (b) criminal proceedings against C.P.C. 964, the Council was definitely advised that the evidence was insufficient to justify such proceedings. In regard to (a) the advice was as follows:—

"In deciding this point the deciding factor is undoubtedly one of identification. It can be stated definitely that an unknown number of Chinese police constables out of a known number of 120 took part in the riot and it is a curious thing that there is no deponent who can definitely state that any particular C.P.C. took part in the riot, except that Japanese constable No. 16 and Japanese sergeant No. 2 say they shot two P.Cs. who were to all intents and purposes taking part in the riot, and we know that C.P.Cs. 964 and 965 were wounded. At first sight this might appear sufficient to charge these two men with riot, especially as the carbine of C.P.C. 964 was afterwards found to have been fired. But I must advise that no conviction could be hoped for on the uncorroborated testimony of the Japanese who are undoubtedly highly interested witnesses in that they *must* say the C.P.Cs. were rioting in order to justify their (the Japanese) use of their revolvers. It is very doubtful whether, what the C.P.Cs. were doing at the moment they were shot would, amount in law to a riot. As to the used carbine of C.P.C. 964, in his statement this C.P.C. says he never used his carbine, which is obviously a "lie" but in one of the reports of Inspector Reeves, the latter says that C.P.C. 964 told him soon after the occurrence "he (the Japanese) shot first" this would at any rate be his obvious defence and possibly was what happened, as the C.P.C. may well have fired his one and only shot after he was wounded, in which case he could plead 'self-defence' in answer to a charge of riot. In my opinion, therefore, no charge of riot could be successfully preferred against the 120 constables and for the reasons given above, neither against C.P.Cs. 964 and 965."

In regard to (b) the advice was as follows:—

"First this man—although undoubtedly lying when he says his carbine was not used that night—has an obvious answer to any more serious charge, such as attempting to cause grievous bodily harm, in the plea of "Self-defence." There is really nothing to show that this man's carbine was not fired after he was shot by the Japanese. No charge of murder, manslaughter or unlawful wounding could, of course, lie as there is no evidence available to show which particular Japanese was killed or wounded by which particular C.P.C. or even probabilities of either. At least 12 shots were fired by Chinese police constables that night and there is nothing to show that civilians were not firing as well, though this is probably unlikely. I must therefore advise that in my opinion the evidence available against C.P.C. 964 is not strong enough to justify the institution of criminal proceedings against him in the Mixed Court."

8. The Council cannot accept any responsibility for compensation in respect of loss of life or injuries or damage to property, and in reply to your contentions I have the honour to point out that in so far as such loss of life, injuries and damage can be ascribed to the Chinese constables it certainly did not arise out of action taken by them within the scope of their employment. At the same time the Council is not unwilling, purely as an act of grace and solely in the hope that thereby better feeling may result, to recommend to the Ratepayers at the forthcoming Annual Meeting that reasonable compensation be made to those Japanese and Chinese alike who suffered in the course of the disturbances.

9. The Council called for a report by the Captain Superintendent in reference to the arrangements made with Mr. Vice-Consul Kishi, in regard to the funeral expenses of the Japanese constable killed during the disturbances and he states.

"I certainly informed Mr. Kishi, that the Council would pay the necessary funeral expenses, but

Digitized by Google Original from CORNELL UNIVERSITY

it was never intended that these should be on such an elaborate scale. If the sum of $600 had been mentioned to me at the time I would certainly have felt compelled to refer the matter for instructions."

The Council is of opinion that in making the same allowance as is made for the funeral expenses and tomb-stones for members of the Foreign Branch it is acting generously and it is with regret that it is unable to sanction payment of the full amount of the bill presented by the Japanese Residents' Corporation, which includes presents of money to Japanese temples in Shanghai, together with carriage and motorcar hire for those attending the funeral and other items such as, the Council considers, should not under any circumstances be payable by the Council.

10. It has nowhere been stated by the Council that "the poorer class" of Japanese "constitute a rowdy element" but in the Council's opinion there is every justification for the statement that a rowdy element does exist in the Hongkew District and that this element is a serious menace to peace and good order. The Chief Inspector in charge of the district reports that for some years past, more especially of late, it has been found that this element does exist in particular in the vicinity of the Yalu Road. On more than one occasion the Police have had to be called out in force to quell disturbances between Chinese and Japanese, when the latter have set law and order at defiance. Moreover the present Japanese Police Magistrate shortly after his arrival in Shanghai informed the Chief Inspector in charge that there was a loafer class existing among the Japanese residents in Shanghai and that he intended to suppress them.

That the records of Japanese who are registered at your Consulate-General show that there are very few who have no visible means of support is noted, but I have the honour to refer to the admission made by one of your Consular officials that at the time of the disturbances there were some two hundred Japanese of whom your Consulate-General knew nothing and who presumably did not, therefore, appear in the Consular records.

11. In regard to the engagement of Japanese Police, whilst again emphasizing that the conduct of the Japanese Branch since its inception and throughout the disturbances has been exemplary I have the honour to submit first that the Council's decision in regard to this matter was properly embodied in its Report on the disturbances particularly since it was a matter to which you referred in your letter of August 5 and subsequently on several occasions in conversation with me and the Acting Secretary to the Council and, secondly, that realizing that there was no inconsiderable opposition to the employment of further Japanese Police, it was the Council's undoubted duty, even though it is believed that such opposition was based upon a misconception of the facts, to suspend any action in this connexion pending an expression of the views of the Ratepayers at the next Annual Meeting. Apart from this duty it is, I think you will concur, desirable that, if the strength of the Japanese Branch of the Police Force is to be increased it shall be increased with the approval and not with the disapproval of the Ratepayers.

12. The Council cannot agree with your contention that what amounts to a surmise or an expression of view should not form any part of the Report on the disturbances. As I had the honour to state in the third paragraph of this letter the Council considered that the enquiry should be exhaustive and its Report to the Ratepayers of as comprehensive a character as possible, and the Council is of the opinion that a report without any expression of views by the Council would not have fulfilled these requirements nor the duty that the Council owes to the Ratepayers. At the same time I have the honour to emphasize that the Council's findings do not contain any surmise other than such as the Council considered justified and that where definite proof or support was lacking this was clearly indicated thus:—

3. That the watch shop incident of July 16 was in itself a trivial one: that it is incredible that this incident should have been more than the occasion for the disturbances and that the real cause must be sought elsewhere, possibly, *though it cannot be stated with positive assurance*, in an endeavour on the part of a certain section of the Japanese community to create a condition of affairs of which advantage might be taken to secure some particular end that they had in view.

6. That the anti-Japanese feeling to which reference is made in paragraph 2 above, was undoubtedly shared by the Chinese Police, but that the evidence recorded in the Narrative of Events definitely shows that when Inspector Reeves passed the Chinese constables assembled in the Hongkew Market at 11.40 p.m. on July 19 on his way to the Hongkew Police Station, they were quite quiet and orderly. That something extraordinary must have occurred during the next few minutes to have caused an entire change in the demeanour of the constables: that *there is no positive evidence* as to what that "something" was: but that in the Committee's opinion, the evidence (*inter alia*) as to the gathering of groups of Japanese in various parts of the Hongkew District on the night in question—many of them armed—the evidence as to the gathering of and the disturbance created by such a group in Young Allen Terrace and of their subsequent rush down the Chapoo Road into the Boone Road, the evidence as to a Japanese addressing a group at the Nanzing and Boone Road corner, "Never mind the reason, go for the Chinese," and the evidence of the Chinese hawker who was stabbed by a Japanese on the Woosung Road, justify the view that the Japanese crowd which advanced up the Boone Road towards the Hongkew Market infuriated the Chinese constables there assembled either by an attack upon Chinese civilians or upon the Chinese constables themselves and that it was only then that the Chinese constables lost control and took part in the ensuing firing and destruction of property.

The Council, however, welcomes your assurance that "the proposal of the Japanese Residents' Corporation to distribute Japanese Consular Police in the district of Hongkew altogether under the direct command of the Captain Superintendent of Police was merely the view of the Executive Committee submitted" by the Committee "in all good faith, at that critical time merely as a suggestion for the better maintenance of peace and good order with no ulterior motives or particular end in view whatsoever."

13. On comparison of the paragraph which you quote from the Captain Superintendent's report with your own statement on the subject of the landing of bluejackets, the Council cannot, I have the honour to state, find anything in the former that is misleading, though it is true that the Captain Superintendent's statement is less comprehensive than yours. You will recall that I took no objection to the landing of the bluejackets for protection of your Consulate-General because the grounds of the Consulate-General are outside the control of the Council: you will also recall that I suggested that their landing was unnecessary since full protection could be afforded by the Police. The minute of the Council under date of July 24, in regard to this incident is as follows:—

"The minutes of the special meeting of the Watch Committee of July 20 are submitted and confirmed and the Chairman informs the members of the course of subsequent events. He refers to a telephone message from the Japanese Consul-General, Mr. Ariyoshi, early in the afternoon of July 20, to Mr. Ariyoshi's call on him later accompanied by Mr. Ibukiyama when they stated that the Japanese residents were very excited and expressed the fear that there was danger of further trouble from the irresponsible section and that there might be a recurrence that night of the events of the previous night: they therefore requested that the Volunteers should be called out. In reply he informed Mr. Ariyoshi that the Captain Superintendent had already advised that the Police were in a position to handle the situation, and that the assistance of the Volunteers was unnecessary. As Mr. Ariyoshi was insistent, suggesting that at least the Japanese Company and one British unit should be detailed for patrol work in the Hongkew District, he communicated with the Commandant, after reference to the Captain Superintendent, and arranged that the Japanese, the American and one British unit—the Shang-

l Scottish—should be called out. ill later in the evening at about o'clock Mr. Kishi, the Japanese ice-Consul, telephoned the re- est that Japanese marines and ilors should be landed to patrol d streets: he informed Mr. hi very definitely in reply that is request could not be approved, at the defence forces of the ttlement were well able to hand- the situation and that in any e the landing of armed forces any nation could not be ap- oved except in accordance with e usual formalities. Messrs. ishi and Ibukiyama subsequent- called and the former again essed for the landing of Japan- e marines and sailors but he fused to approve of this step ey then stated that they would nd them for the protection of the nsulate-General, to which he plied that, since the Japanese nsulate-General was Govern- nt property, the Council could t press objection to the em- oyment of a certain number of arines and sailors for its protec- on, if the Japanese Consular thorities considered that such tep was necessary, but that in opinion it was quite unnecess- y since the Council was willing d able to grant adequate Police otection. He understands that entually some 20 to 30 marines d sailors were landed without ms and posted at the Japanese nsulate-General."

The Council has had the para- ph in the "Shanghai Nippo" of y 26, 1918, re-translated and it s as follows:—

*Rumour of Attack in Hongkew ght by Chinese in a body. anese should take precautions.*

"Since the outbreak of violence the part of the Chinese Police, squieting rumours have been oat. There are wild stories of attack and also of destruction. ese must have an effect on busi- ss and on the administration.

"A rumour was current yester- y among the Chinese in Hong- w to the effect that Chinese bad aracters were in many places nsulting with the Chinese Police th a view to taking revenge on Japanese shops on the night the 19th of the Chinese Calen- r. There can be nothing more reatening than this. There is smoke without fire. The Au- orities state that the Japanese ed not be afraid as complete rangements have been made, t it may not be unwise to pare ourselves for the unex- rted."

I ve the honour to suggest that difference between this transla- and the first translation is ly a matter of wording and that meaning remains substantially same and further that you ap- ntly took a serious view of the le in question since you con red it desirable, before the ncil's representations on the ect had reached you, on your initiative, to summon the or before you and warn him nst the publication of such a rt. In regard to your state- that Mr. Vice-Consul Kishi called upon the Captain Superintendent and explained the action that had been taken in this connexion by your Consulate-General and in reply to your complaint that the Captain Superintendent's statement "with what result is unknown" must be a mis-statement, I have the honour to inform you that the Captain Superintendent has no recollection of Mr. Vice-Consul Kishi calling on him and informing him of the action taken by you in this connexion, and that no report of this call was made by the Captain Superintendent to the Council although at this time he was in constant touch with the Council.

15. In regard to the marked tendency recently to extend the functions of the Japanese Consular Police so that during the disturbances and on occasions since reported by the Captain Superintendent they have in fact usurped the functions of the Municipal Police," I have the honour to state that this statement does not appear to the Council to be either unwarranted or incorrect, and that, in the particular instance to which you refer, the Council is still of the opinion that there was usurpation of Police jurisdiction. Other instances have occurred from time to time, some of them of no particular consequence, but the accumulation of them certainly does, in the Council's opinion, warrant the statement referred to. In regard to your contention that the Captain Superintendent suggested that the Japanese Consular Police would prove useful during the disturbances. I have the honour to inform you that the Captain Superintendent denies that he made any such suggestion and he points out that to have done so would have been in direct conflict with the attitude which he has consistently maintained in reference to the functioning of the Japanese Consular Police.

16. The Council is unable to agree that "the question of racial feeling does not enter into the matter at all" and that "it is unfair to introduce the question of reported loans by certain Japanese in Peking into the Council's report on the disturbances as the majority of those concerned have not the slightest knowledge of political affairs," for from many instances that have come to its knowledge and from close contact with the Police problems of the Settlement the Council is convinced that a strong anti-Japanese feeling does exist among certain sections of the Chinese Community, and that taking advantage of this feeling political malcontents and others have endeavoured to further their own interests by irritating Chinese opinion by reports of loan agreements concluded with Japanese in Peking. An endeavour in which they have been assisted by the Chinese press, consciously and unconsciously and by certain sections of the foreign press, over both of which, as is emphasized in the Report, the Council has been denied any efficient control by the Consular Body's action in withholding approval of the Bye laws which were passed by the Ratepayers in 1917, and whereunder provision was made for the licensing of the press.

In conclusion I have the honour to refer to the Council's expression of regret contained in my letter of October 25 that these disturbances should have occurred and that any Japanese subject should have lost his life or received injuries or damage to property and to the hope therein expressed that a like expression of regret might be tendered in the name of the Japanese community in respect of their Chinese fellow residents and of the Chinese Police who likewise suffered.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

A. ARIYOSHI, Esq.,
Consul-General for Japan.

**Telephone Service.**

*German Subscribers.*—Correspondence with Messrs. Garrels, Börner & Co. on the subject of the telephone service:—

Shanghai, November 12, 1918.

SIR,—Referring to a letter of the Shanghai Mutual Telephone Co., Ld. dated November 9, by which our firm is informed that under a certain British regulation, the Telephone Co. will disconnect and remove our telephone on the 15th instant we beg to draw the Council's attention to the following:—

As Shareholders of the Telephone Company and as ratepayers of this International Settlement we are entitled to have a telephone under the terms of the Articles of Association and of the Municipal Franchise which the Company is enjoying Besides there exists a contract between the Company and our firm, which on the strength of the aforesaid Articles of Association and Franchise cannot be dissolved without our consent as long as we pay our subscriptions, which for the quarter ending December 31 has already been done in advance.

We therefore beg to protest against the intended action of the Shanghai Mutual Telephone Company and request the Council to prevent the enforcement of a British regulation affecting the International character of the existing Agreements.

We are, Sir,
Your obedient servants,
GARRELS, BORNER & CO. M. B. H.,
P. WESTENDORFF.

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

Council Room,
Shanghai, November 27, 1918.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of November 12 protesting against the intended disconnexion and removal of your telephone by the Shanghai Mutual Telephone Co., Ld. under instructions from H.M. Consul-General following the issue of General Licence under King's Regulations, No. 1 of 1917 and in reply to inform you that the Council is advised that since the Telephone Company is a British company disconnexion and removal of your telephone does not involve any breach of the Company's Agreement with the Council of 1908.

Messrs. GARRELS, BORNER & Co., M. B. H.

---

Shanghai, December 10, 1918.

SIR,—We still have to acknowledge receipt of your letter of November 27, from which we note that the Council considers that disconnexion and removal of our telephone does not involve any breach of the Shanghai Mutual Telephone Co.'s Agreement with the Council, the circumstances being alleged to be such as to constitute an "unavoidable cause" within the meaning of Clause 14 of that Agreement.

As one of the Ratepayers of this Settlement, for whose interest and upon whose authorization the said Agreement was concluded by the Council, we most emphatically protest against such ruling as above, which it is impossible to uphold under the Land Regulations governing this Settlement.

As the matter is of considerable public interest we beg to request you to publish this correspondence in the Municipal Gazette.

Yours faithfully,
GARRELS, BORNER & Co. M. B. H.,
P. WESTENDORFF.

**Educational Facilities.**

Petition from residents in the Western District suggesting that the Western District Branch School for Girls be conducted on the lines which obtained at the Boone Road School, where provision was made for the education of boys and girls in separate classes, with the Council's reply, and letter to the Shanghai Electric Construction Co., Ld. on the subject of the running of special tram-cars for the convenience of children attending schools:—

Shanghai, July 29, 1918.

SIR,—We, the undersigned residents of the Western District, beg to draw the attention of the Council to the question of the education of young boys. As at present situated the Boys' School on the North Szechuen Road Extension is in many cases five miles from our residences, and this means that boys over eight years of age have to leave home at 7.15 a.m., and do not return till 4.30 p.m. It is neither safe nor advisable to have small boys of eight or nine spending two hours daily in tramcars; besides nine hours absence from home is too great for boys of that age.

The object of your petitioners is to suggest that the Municipal School for the Western District be run on lines similar to the old system in vogue at the Boone Road School, i.e. a school for both boys and girls, but in separate classes.

Yours faithfully,
L. M. CANNING,
*and 67 others.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

Council Room,
Shanghai, December 2, 1918

MADAM,—I am directed to reply to you and to your co-signatories of the petition which was presented to the Council in August last, calling attention to the lack of educational facilities for small boys of 8 and 9 years of age resident in the Western District, emphasizing the disadvantages of their attendance at the Public School for Boys in the North Szechuen Road and finally suggesting that the Western District Branch School for Girls should be conducted on the lines which obtained at the Boone Road School when provision was made for the education of both boys and girls in separate classes.

Your suggestion involves the raising of the existing age limit for boys in attendance at the Western District Branch School for Girls, but, after hearing the views of the Headmaster of the Public School for Boys and of the Headmistress of the Public School for Girls, the Foreign Educational Committee is firmly of the opinion that this course would be undesirable as would also be the education of boys of over 8 years of age in the same school as girls even though in separate classes. On the other hand the Committee fully appreciates the disadvantages of the attendance of boys of 8 and 9 at the Public School for Boys in the North Szechuen Road Extension and accordingly and, with a view to their mitigation, the Committee has recommended and the Council has approved that an endeavour be made to arrange with the Tramway Company for the running of special trams, for the convenience of children residing in the Western District and attending schools in the Hongkew District and beyond, such arrangements having as their object the obviation so far as possible of changes and unnecessary stops and provision of special doors to the tramcars so as to minimise any danger to the children whilst so travelling.

In regard to the general question of the provision of a school for boys in the Western District, the view has already been expressed by the Permanent Education Committee and endorsed by the Council, that it may reasonably be inferred from the results attending the establishment of the Avenue Road School that an equal need exists for the provision also in the Western District of educational facilities for boys. For certain reasons, however more particularly financial reasons, which have thus far prevented any commencement on the construction of a girls' school on the site adjoining the Tifeng Road which was purchased by the Council for this purpose, the opinion is held that it would be undesirable to consider this question further at the present time.

I am, Madam,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

Mrs. L. M. CANNING,
and others.

Council Room,
Shanghai, December 2, 1918.

SIR,—The Council has recently had under consideration a petition from certain residents in the Western District calling attention to the lack of educational facilities for small boys of 8 and 9 years of age residing in this district, emphasizing the disadvantage of their attendance at the Public School for Boys in the North Szechuen Road Extension and finally suggesting that the School for Girls in the Western District should be conducted on lines similar to those which obtained at the Boone Road School, when provision was made for the education of both boys and girls in separate classes. A copy of this petition and of the Council's reply thereto is enclosed herein and in connexion with the statement which appears in the former that "it is neither safe nor advisable to have small boys spending two hours a day in tramcars" and with reference to the Council's intention expressed in the latter to endeavour to make some special tram service arrangements, I am directed to submit for your consideration and kind attention the following suggestions which should certainly assist in meeting the requirements of the case:—

1. That your Company should run:—
   - (*a*) One car or more, if necessary, from Bubbling Well to reach the Public School for Boys, North Szechuen Road Extension, at about 8.15 or 8.20 a.m., and a return car to leave the school at 3.45 p.m.
   - (*b*) One car or more, if necessary, from the Yangtszepoo terminus to reach the Astor House crossing and, if possible, turn there to the North Szechuen Road route so that boys can make the journey from the Eastern District to school without changing cars, reaching school about 8.15 or 8.20 a.m. A return car to leave the school at about 3.45 p.m.
   - (*c*) If necessary, on account of numbers, one car or more, from Carter Road to reach the school at 8.15 or 8.20 a.m.
   - (*d*) One car from the Shanghai Club to reach the school at 8.15 or 8.20 a.m.
   - (*e*) One car to leave the school at 5 p.m. to Mohawk Road.
2. That these special cars be fitted with doors of wire mesh or of other suitable form to be kept shut when the car is in motion.
3. That only certain definite stopping places be permitted, these to be determined according to the proximity of the schools, the more thickly populated districts and the requirements of traffic and of safety.

The Council will appreciate an expression of your views on the above suggestions.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

**Fire Brigade Report for November**

The total number of calls to fires, or supposed fires, during the month was 11, as against 30 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 45,450 (Foreign, Tls. Nil; Chinese, Tls. 45,450), as against Tls. 5,850 (Foreign, Tls. 600; Chinese, Tls 5,250) during November 1917. The property at risk is estimated at Tls 216,000 (Foreign, Tls. 100,000; Chinese, Tls. 116,000), as against Tls. 89,150 (Foreign, Tls. 50,150; Chinese, Tls. 39,000) for the corresponding period last year.

The calls were received as follows:—

| | |
|---|---|
| Telephones | 5 |
| Police | 3 |
| Watch towers | 2 |
| Street alarm | 1 |

The general alarm was given on 3 occasions, the remaining 8 being station calls.

These calls proved to be 8 small fires, 1 chimney fire, 1 false alarm and 1 fire outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Lamp overturned | 2 |
| Children playing with matches | 1 |
| Dropped match or cigarette end | 1 |
| Electric wiring of motor fusing | 1 |
| Tar overboiling | 1 |
| Defective flue | 1 |
| Unknown | 1 |

The premises affected were:—

| | |
|---|---|
| Foreign building | 1 |
| Chinese buildings | 17 |

Of these one house was destroyed by fire, and fourteen others were more or less damaged by smoke, fire and water.

The water used at fires, during the month was 121,600 gallons.

The Brigade was occupied 18 hours and 55 minutes at fires, or supposed fires, and the Staff was employed for a further 165 hours watching and damping down.

The fires of note during the month were:—

*GG 325 Pakhoi Road, November 3, at 4.46 a.m.*—Particular difficulty was experienced in extinguishing this fire owing to large lofts, and in some cases super-lofts having been constructed on the premises involved, packed with combustible merchandise, and to reach the seat of the flame the roofs had to be opened up and jets played down. Owing to one floor being overloaded with beans, the interior of the premises collapsed and the floors had to be shored up by the Brigade Seven houses were more or less damaged

*Auxiliary Schooner "Stasia" November 14, at 7.32 a.m.*—A call for assistance was received at 7.32 a.m. for the auxiliary schooner Stasia a standard wooden boat lying alongside the International Dock, Pootung. The fire float was quickly manned and got away, but owing to a strong tide, some time was taken in reaching the ship, and the after part of the engine room was found to be well alight. Jets were directed down into the engine room, and a line of hose worked down the stairway, but it was a very difficult matter to reach the seat of the fire, which was at the back of one of the oil tanks, ultimately, however, one of the staff. wearing a smoke helmet, reached one end of the outbreak, but a tin of oil exploded driving him back, fortunately without injury. Owing to further explosions, and the overpowering smoke, the Brigade were driven to the main deck. There being a large quantity of crude oil on board, and the ship a wooden one, it was decided by the Harbour Authorities to scuttle the ship, and one seacock was opened, and the boat shelled amidships by H.M.S Gnat and even then it took some considerable time for the River Police and the Brigade with their fire floats to extinguish the outbreak as the hull became waterlogged. The after part of the boat was very badly damaged The cause of the fire was stated to be the overturning of a lamp setting fire to some oil near one of the tanks.

*P. 64 off Nanking Road, November 24, at 4 a.m.* This was a difficult fire to get at, being in a congested block off Nanking Road. The damage to the buildings was trivial, but owing to the quantity of valuable silk stored on the premises, the loss was severe for a fire of this description, approximately Tls. 40,000.

*Armistace Celebrations November 21-23.*—Special precautions were taken, and a large number of the staff were on watching and salvage duties. In view of the crowded streets, and the profuse decorations, it is extremely fortunate that no serious fire occurred during this time, the only call received being at 8.14 p.m. on November 21, at No. LL 114 off Thibet Road, where the Brigade experienced some difficulty in getting through the crowds.

**Parks Report for November.**

*Jessfield Park.*—1,000 pots of chrysanthemums were displayed [illegible]. These plants were grown from seeds of plants which have been selected during the past two years; [illegible]ing this year 600 distinct varieties. Chief amongst the reasons for [illegible] selection, is to establish a race of large and decorative flowering varieties which will flower about a month earlier than the varieties usually exhibited at the Flower Show. The realization of this object would result in insuring a lengthy flowering period in the open.

As a rule many of the existing varieties flower so late that they have to be placed under glass which increases considerably the cost of their production.

Vol. XII. SHANGHAI, SATURDAY, JANUARY 11, 1919 No. 610

## MUNICIPAL NOTIFICATION

**No. 2563.**

**VEHICLE RANKS.**

THE attention of the public is drawn to the following extract from Municipal Notification No. 2533, dated July 31, 1918:—

"Owners are earnestly requested to refrain from leaving their vehicles standing in the narrow and busy thoroughfares of the Central District, and to utilize the aforementioned ranks to the fullest possible extent, thus assisting the Police in the regulation of traffic."

Notice is hereby given that the rank on Hankow Road, between Kiangse and Honan Roads, is now ready for use. A telephone (Central 2544) has been installed on the rank, and an English-speaking Chinese Constable will be on duty between the hours of 8 a.m. and 8 p.m. daily.

In ordering their cars by telephone, owners are requested to mention only the number of the car required and not to enter into conversation with the Constable on duty.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, December 25, 1918.

## MUNICIPAL NOTIFICATION

**No. 2564.**

**SPECIAL CONSTABLES.**

THE Council earnestly hopes that all those who have already enrolled as Special Constables will continue their services, which have been invaluable during the past year.

There is little prospect of filling up the vacancies at present existing in the Foreign Branch of the Force before the end of the present year, so that it is a matter of urgency to maintain the strength of the Special Branch at the number originally fixed In order, therefore, to meet the present and anticipated requirements, the Council invites further applications from male residents of the Settlement of 21 years of age and upwards, who are not members of either the Volunteer Corps or the Fire Brigade, for enrolment as Special Constables.

Selected applicants, who will enter into agreements with the Council terminable upon one month's notice, will be required to attend periodical drills, to pass a course in the use of fire arms and to undertake such duty as may be assigned to them, entailing under normal circumstances night duty for two hours at a time twice a week, between 6 p.m. and 12 midnight.

Applications for enrolment should be made in writing marked "Special Constables" and addressed to the Captain Superintendent of Police at the Central Police Station.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, January 9, 1919.

## MUNICIPAL NOTIFICATION

**No. 2565.**

**NIEH CHIH KUEI PUBLIC SCHOOL FOR CHINESE.**

THE Council is prepared to receive applications for the post of temporary Assistant Mistress in the Nieh Chih Kuei Public School for Chinese.

The Pay for a trained and certificated Mistress is Tls. 165 per mensem, for an untrained and uncertificated Mistress Tls. 135 per mensem.

Applications should state age, nationality, qualifications, and experience in teaching, etc., and should be forwarded, together with copies of testimonials and certificates, to the undersigned forthwith.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, January 8, 1919.

## MUNICIPAL NOTIFICATION

**No. 2566.**

THE Council is prepared to receive applications for the post of Cookery Mistress. The successful candidate will be required to teach cookery for six hours per week in the Public and Thomas Hanbury Schools for Girls. Pay, not exceeding Tls. 50 per mensem, will be issued according to qualifications.

Applications should state age, nationality, qualifications, and experience, etc., and should be forwarded, together with copies of testimonials and certificates, to the undersigned forthwith.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, January 9, 1919.

**AT the meeting of the Council held on Wednesday, January 8, 1919, at 4.30 p.m., there were:—**

***Present:***

Messrs. E. C. Pearce *(Chairman)*
E. I. Ezra
Count L. Jezierski.
Messrs. J. Johnstone
W. L. Merriman
Ed. White

***Absent:***

Mr. T. Ibukiyama

**The meeting adjourned at 5.10 p.m.**

**Resignation of Member.**

Mr. E. C. Richards's resignation as a member of the Council has been accepted with regret. The vacancy thereby caused in the membership of the Council will not be filled until after the Election of Councillors for 1919. The vacancy in the membership of the Works Committee will be filled by Mr E. C. Pearce.

**Volunteer Corps.**

## Engineer's Report for December.

The carrying out of works has been considerably delayed on account of the weather. The month was exceptional in this respect, rain falling to such an extent on fourteen days that the majority of the works were closed down for the time being.

The effect of this heavy rainfall on waterbound macadam roads was very noticeable, the binding material in many places being washed away and the road surfaces consequently disintegrated.

Those roads which had been surfaced with asphaltum were not affected to any extent, the same remark applying to the tar-surfaced roads to a lesser degree, thus proving the value of bituminous surfacing.

*Roads.*—The removal of the trees, and the making up of the footpaths and carriageway in Bubbling Well Road east and west of Gordon Road are practically completed.

The re-alignment of the footpath on the north side of Avenue Edward VII from Thibet Road to Mohawk Road has been completed.

*Drainage.*—A 12" diameter sewer is being laid in Macgregor Road south of Ward Road.

*Bundings.*—The construction of the concrete bunding and 3 jetties in West Soochow Road fronting Cadastral Lots 4640 and 4628 W. is practically completed, the work being carried out by contract.

An additional jetty is being constructed by direct labour.

*Central Offices.*—The dressing of the stonework to main facades has progressed steadily, and it is hoped that most of the scaffolding will be removed during the next month.

Further consignments of steel window casements, and glass for same, have arrived from England.

*Isolation Hospital — Discharge Block.*—The alterations to the existing building are well advanced, and the construction of the extra storey has been commenced.

*East Block.*—Various minor alterations are being carried out in the formation of operating and anaesthetizing rooms, and rearrangement of administrative rooms.

*Gaol—Cell Blocks.*—A system of alarm bells has been installed.

*Riverside Power Station.*—All the reinforced concrete work for the Coal Conveyor has now been completed.

Work has been commenced on the foundations and centering of the lean-to on the west end of the new boiler house.

*Fingchiao Quarry.*—1,412 fong of material was despatched to the Public Works Department during the month.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings collected cartloads | 5,520 |
| Used for raising land ,, | 683 |
| Water used for street watering | 1,583,800 gallons. |

Vol. XII. SHANGHAI, SATURDAY, JANUARY 18, 1919. No. 611

## MUNICIPAL NOTIFICATION

**No. 2563.**

**VEHICLE RANKS.**

THE attention of the public is drawn to the following extract from Municipal Notification No. 2533, dated July 31, 1918:—

"Owners are earnestly requested to refrain from leaving their vehicles standing in the narrow and busy thoroughfares of the Central District, and to utilize the aforementioned ranks to the fullest possible extent, thus assisting the Police in the regulation of traffic."

Notice is hereby given that the rank on Hankow Road, between Kiangse and Honan Roads, is now ready for use. A telephone (Central 2544) has been installed on the rank, and an English-speaking Chinese Constable will be on duty between the hours of 8 a.m. and 8 p.m. daily.

In ordering their cars by telephone, owners are requested to mention only the number of the car required and not to enter into conversation with the Constable on duty.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, December 25, 1918.

## MUNICIPAL NOTIFICATION

**No. 2564.**

**SPECIAL CONSTABLES.**

THE Council earnestly hopes that all those who have already enrolled as Special Constables will continue their services, which have been invaluable during the past year.

There is little prospect of filling up the vacancies at present existing in the Foreign Branch of the Force before the end of the present year, so that it is a matter of urgency to maintain the strength of the Special Branch at the number originally fixed. In order, therefore, to meet the present and anticipated requirements, the Council invites further applications from male residents of the Settlement of 21 years of age and upwards, who are not members of either the Volunteer Corps or the Fire Brigade, for enrolment as Special Constables.

Selected applicants, who will enter into agreements with the Council terminable upon one month's notice, will be required to attend periodical drills, to pass a course in the use of fire arms and to undertake such duty as may be assigned to them, entailing under normal circumstances night duty for two hours at a time twice a week, between 6 p.m. and 12 midnight.

Applications for enrolment should be made in writing marked "Special Constables" and addressed to the Captain Superintendent of Police at the Central Police Station.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, January 9, 1919.

## MUNICIPAL NOTIFICATION

**No. 2566.**

THE Council is prepared to receive applications for the post of Cookery Mistress. The successful candidate will be required to teach cookery for six hours per week in the Public and Thomas Hanbury Schools for Girls. Pay, not exceeding Tls. 50 per mensem, will be issued according to qualifications.

Applications should state age nationality, qualifications, and experience, etc., and should be forwarded, together with copies of testimonials and certificates, to the undersigned forthwith.

By order,
N. O. LIDDELL,
*Acting Secretary.*

Council Room,
Shanghai, January 9, 1919.

## MUNICIPAL NOTIFICATION

**No. 2567.**

**RIVERSIDE POWER STATION.**

FROM this date and until further notice, owing to new construction work in progress, visitors cannot be admitted to the Riverside Electric Power Station or property.

By order,
N. O. LIDDELL,
*Acting Secretary.*

*Railless Service.*—Letters of protest and petition against approval of an extension of the Railless Tram Service along Peking Road in accordance with the correspondence published in the Gazette of November 14, 1918, comment by the Shanghai Electric Construction Co., Ld. and the Council's reply:—

Shanghai, November 24, 1918.

GENTLEMEN,—Referring to the notification in the Municipal Gazette of November 14 that it is the intention of the Council to authorize a further extension of the experimental line on Peking Road of railless trams, I beg to call your attention to the protest signed by Mr. J. C. E. Douglas and myself against any further extension of the railless trams here, without direct authorization of the ratepayers.

In that letter we set forth that no authority for railless trams existed in the contract between the Shanghai Electric Construction Co. and the ratepayers of Shanghai, and that if it was considered desirable that this system should be started that it should be after public tender looking for competition, or better, as a Municipal enterprise.

There is no argument that can be advanced as to the necessity for this system, in profits, etc, which will not apply equally to the Council introducing railless trams on their own, should they be desired.

In any event the short notice given by the Council of two weeks, at a time when the minds of the public was entirely taken up by the Victory celebrations, was totally inadequate in my opinion for a proper discussion of the subject, and I most respectfully ask that the matter be deferred until the coming ratepayers' meeting in the spring. That this will not work any hardship is evident in your letter dated November 5, which stated that no road work can commence until the spring in any event on account of weather.

Yours truly,
G. E. TUCKER.
SHANGHAI MUNICIPAL COUNCIL.

---

Shanghai, November 26, 1918.

GENTLEMEN,—I beg to enclose herewith copy of a protest against the proposed extension of the railless trams on Peking Road, carrying the signatures of a number of ratepayers and other people interested in the streets of Shanghai.

Owing to the very short time in which it was possible to work, this protest is not as comprehensive as it could easily be made, but trust it will comply with your request for a "cogent" protest as set forth in the recent Municipal Gazette.

I remain,
Yours faithfully,
G. E. TUCKER.
SHANGHAI MUNICIPAL COUNCIL.

*(Enclosure No. 1.)*

Shanghai, November 24, 1918.

GENTLEMEN,—With reference to the notification in the Municipal Gazette of November 14 stating that the Council intended to give to the Shanghai Electric Construction Co. authority to extend the present experimental railless tram service along Peking Road, as far as Thibet Road, we beg respectfully to protest against any such extension until the same has been authorized by the ratepayers in meeting assembled.

Peking Road presents the only alternative road running east and west in the Settlement besides the Nanking Road and any attempt to introduce railless trams on this road is not in the interest of owners of vehicles other than trams, such as motors, ricshas, carriages, etc.

We think that this matter should be referred to a ratepayers' meeting before any further extension of the railless tram system shall be effected.

Your very truly,
G. E. TUCKER,
*and 47 others.*
SHANGHAI MUNICIPAL COUNCIL.

*(Enclosure No. 2.)*

Shanghai, November 27, 1918.

DEAR SIR,— I beg to associate myself with the protest put forward by you to the Municipal Council against the proposed extension of the railless tram service along Peking Road, as I certainly think this is a matter which should be decided at a ratepayers' meeting.

Yours faithfully,
P. ENTICKNAP.
G. E. TUCKER, Esq.

*(Enclosure No. 3.)*

Shanghai, November 27, 1918.

SIR,—I wish to associate myself with the protest with reference to the intended extension of the Shanghai Electric Construction Company, Ld., until the same has been authorized by the ratepayers.

This protest please forward to the Council.

Yours faithfully,
GEORGE MATHESON.
G. E. TUCKER, Esq.

---

Shanghai, December 16, 1918.

SIR,—With reference to the letter of protest dated 26th ultimo, signed by Mr. G. E. Tucker and 47 others, I am desired, for the information of the Council, to state:—

(1) That, in connexion with his personal canvass for signatures to this protest, Mr. Tucker is known to have made at least one serious misstatement. He said that the Tramways do not transport more than 3 per cent. of the foreign population. The fact is that the majority of the foreign population are users of the cars. There are 1,100 non-Asiatic 1st Class season ticket holders alone, and also very many daily foreign passengers paying cash fares, as well as large numbers who do not require to travel so frequently and who also pay cash fares. The 1st Class passengers average 22,000 per day—a total not even distantly approached on any other Tramway system in the East.

(2) The letter of protest is misleading inasmuch as it opposes "any attempt to introduce railless trams on this road" (Peking Road). Railless cars were introduced in Peking Road (between Fokien and Honan Roads) as far back as September 1916, this having been sanctioned by the Ratepayers in March 1916, as well as, "such further reasonable developments of the system, as a feature of the Tramway Concession, as the Council may think fit to approve from time to time." (Copy of the full statement then made by the Chairman of Council is annexed.) If the gentlemen whose signatures follow Mr. Tucker's had had these facts before them when they were invited to sign the protest, it seems reasonable to think that it would have had even fewer signatures than is the case.

The Council will probably not have failed to note that the long letter by Mr. Tucker, which appeared in the press on 26th ultimo (and which, apparently, was written about a year ago) is reactionary, misleading, and, in parts, even malicious, and that it cannot be claimed as being endorsed by the gentlemen who signed his brief letter of protest.

As a letter in the press made certain misstatements regarding the railless cars, charging them with being slow, causing great vibration and noise, also frequent road repairs in Avenue Road, it is thought well to record the facts that the railless cars are capable of the same speed as the rail cars; that the vibration alleged is grossly exaggerated as tests taken by the Company in Avenue Road prove; that the cars are specially noted for their comparatively silent running; and that they are not responsible for any repairs on Avenue Road.

Your letter dated August 16, 1918, regarding the proposed second small extension in Peking Road (between Fokien and Thibet Roads), indicated that the Council would assume the Ratepayers' sanction to this extension "in the absence of any really cogent objection." As the railless cars have been running satisfactorily in Peking Road, east of Fokien Road, for over two years (the Captain Superintendent of Police stated in his Annual Report for 1916 that this extension had proved to be justified) it is presumed that an objection to the proposed small extension would not be deemed cogent if it failed to establish that the system which has been found suitable for Peking Road east of Fokien Road is unsuitable for the short length of Peking Road westwards to Thibet Road. As nothing has been advanced to show this, the Company is

confident that the Council will exercise the authority given to it at the 1916 Annual Meeting by the unanimous assent of the Ratepayers already referred to, and finally sanction the small extension of one-third of a mile to afford a test of two alternative forms of paving.

I am, Sir,

Your obedient servant,

D. McColl,

*General Manager,*

*Shanghai Electric Construction Co., Ld.*

N. O. Liddell, Esq.,

Acting Secretary, Municipal Council.

(*Enclosure.*)

*Statement by the Chairman of Council at the 1916 Annual Meeting of Ratepayers.*

"Railless Electric Traction was introduced by the Tramway Company on the concreted Fokien Road in July, 1915, and the system has been working continuously and smoothly ever since. This form of traction seems to have proved a success; it is safe and free from noise, and I think it is popular. The Company finds, however, that the route, which is less than three-quarters of a mile in length, is rather short to afford an adequate test of commercial results and, in order to enable the Company to obtain this test, the Council will probably sanction the Company's application for a short extension eastwards from Fokien Road along Peking Road to Honan Road and northwards along Honan Road from Peking Road to the Soochow Creek—this additional portion being about one-third of a mile in length. It is worthy of note that the Council's schemes for providing permanent paving in streets in the Central District will be assisted by such an extension, as arrangements must be made for contribution by the Company towards the cost of relaying the road in cement concrete. We confidently assume your assent to this and such further reasonable developments of the system, as a feature of the Tramway Concession, as the Council may think fit to approve from time to time."

---

This statement of policy received the unanimous assent of the Ratepayers.

Council Room,

Shanghai, December 18, 1918.

Sir,—I am directed to inform you that the petition forwarded by you on November 27, protesting against the proposed extension of the railless tram system along the Peking Road from Fokien to Thibet Roads is receiving the Council's consideration and that a reply will be communicated to you in due course.

I am, Sir,

Your obedient servant,

N. O. Liddell,

*Acting Secretary.*

G. E. Tucker, Esq.

Shanghai, December 20, 1918.

Sir,—I have your esteemed favour of December 18, in which you state that the petition forwarded by me on November 27, protesting against the proposed extension of the railless trams, is receiving consideration, and that a reply will be communicated by you in due course.

I beg to call your attention again to the concluding paragraph in the protest which reads as follows:—"We think that this matter should be referred to a ratepayers' meeting before any further extension of the railless trams system is effected." Your letter of the 18th is not in any respect responsive to this clause which perhaps is the more important clause of the protest, and I beg to again call it to your attention.

Yours very truly,

G. E. Tucker.

N. O. Liddell, Esq.,

Acting Secretary, Municipal Council.

Council Room

Shanghai, January 10, 1919.

Sir,—I am directed to acknowledge the receipt of your letter of November 24 in reference to the correspondence on the subject of the extension of the railless tram system along the Peking Road from Fokien Road to Thibet Road published in the Municipal Gazette of November 14 and your further letter of November 26 covering a petition signed by you and by certain Ratepayers and others protesting against approval of this extension until it has been authorized by the Ratepayers in meeting assembled, on the ground that, apart from Nanking Road, Peking Road presents the only alternative route in the Settlement running east and west and that any attempt to introduce railless trams thereon is not in the interests of owners of vehicles other than trams.

In reply I am directed to remind you and your co-petitioners that, at the Annual Meeting held in March 1916, the Ratepayers gave their assent to the introduction of railless trams on Peking Road eastwards from Fokien Road to Honan Road and northwards along Honan Road from Peking Road to the Soochow Creek. This service has been in operation with satisfactory results for over two years, and, that there was no objection to its extension and that it was indeed desirable in the public interest was the conclusion reached by the Council, after due consideration of the several departmental reports submitted and after close examination of the requirements of traffic and of the needs of passenger transport facilities in the area affected.

Having reached this conclusion, it was within the competency of the Council to sanction the extension without any reference to the Ratepayers since their assent was given at the Annual Meeting in 1916, to such further reasonable development of the railless system as the Council might think fit to approve from time to time. It seemed desirable, however, that this sanction should not be accorded until every factor that could possibly bear on the desirability of the extension had been considered, and accordingly the relative correspondence between the Council and the Shanghai Electric Construction Co., Ld. was published in the Municipal Gazette of November 14 with a prefatory minute as to the Council's intention of sanctioning the extension in the absence of any cogent objection. In the Council's opinion no such objection has been advanced as should be permitted to over-ride the Ratepayers' assent of 1916, nor indeed such as would warrant the Council in withholding its sanction until the matter has been submitted to the Ratepayers at the Annual Meeting in April next.

That each form of vehicular traffic is at times a real nuisance to the other is incontestable and so your view, that extension of the railless tram service along the Peking Road is not in the interests of owners of vehicles other than trams is fully appreciated. The Council cannot, however, allow this factor to outweigh all others, such as the importance to the development and progress of the Settlement of frequent, rapid and cheap transport facilities, of the linking up of one area with another, of the alleviation of congestion—particularly in the Central Districts—by reducing the heavy pedestrian traffic which would otherwise exist and of the obviation, so far as possible, of the necessity for any increase in those forms of vehicular traffic that take up road space that is quite out of proportion to the loads they carry. These and other factors all have their relative importance: even had they not and the factor of nuisance were the deciding factor, it must be remembered that the trams carry the greater portion of the Chinese passenger traffic and no inconsiderable portion of the foreign passenger traffic on the roads on which they run,—some seventy to eighty million fares per annum—who are surely entitled to at least as much consideration as those whose general mode of conveyance is the motorcar, the carriage or the ricsha.

In regard to your contention that "there is no argument that can be advanced as to the necessity for this system, in profits, etc., which will not apply equally to the Council introducing railless trams on their own, should they be desired," I am directed to inform you that questions of finance preclude and, so far as can be foreseen, will, for many years, preclude even the consideration of any proposal to municipalise the tram service. In regard to your assumption that, to withhold sanction of the extension along Peking Road until the matter has been submitted to a meeting of Ratepayers would not work any hardship, I am directed to point out that, although it is true that no road work can be commenced until the spring on account of weather conditions, yet the Shanghai Electric Construction Co., Ld. must make arrangements in regard

Digitized by Google Original from CORNELL UNIVERSITY

to equipment, etc., some of which will no doubt need to be ordered from Europe, which it cannot be, if the Council's assent is now withheld.

In sanctioning the railless extension along the Peking Road or for that matter in sanctioning any other extension, the Council does not grant any monopoly in regard to passenger transport in favour of the Shanghai Electric Construction Co., Ld., nor has it any intention of doing so, for it is of the opinion that, should some form of self-propelled and self-contained vehicle be evolved which is more suited to the requirements of the Community and able successfully to compete with the railless tram in regard to convenient, quick and cheap transport, the Community should not be precluded from taking full advantage thereof. Meanwhile the Council holds the view that the Community should, where conditions are favourable, avail itself of the best form of modern cheap transport which is at present available.

I am, Sir,

Your obedient servant,

N. O. LIDDELL,
*Acting Secretary.*

G. E. TUCKER, Esq.

**Road Extensions and Widenings.**

*North Szechuen Road and Surplus Land.*—An arrangement has been concluded with Messrs. Atkinson & Dallas Ld. under which that portion of the Council's surplus land, B.C. Lot 57 Paoshan, which fronts upon and prevents access to Japanese Consular Lot 288, and which measures Mow 0.084 will be included in the line of the North Szechuen Road in return for payment at the rate of Tls. 5,000 per mow, a sum of Tls. 210.

*Liaoyang Road and Surplus Land.*—The offer of the native owner has been accepted to surrender a piece of unregistered land measuring Mow 0.390, at the proclamation rate for roadland, Tls. 150 per mow, or a sum of Tls. 59, also to sell a further lot of land situated partly within the roadlines measuring Mow 2.412 at Tls. 650 per mow or a sum of Tls. 1,568.

Of the total area thus acquired a piece of surplus land will remain measuring Mow 0.226, for which the apportionment of cost is Tls. 147.

*Tsitsihar Road and Surplus Land.*—The offer of Mr. J. O. Anderson has been accepted for the sale of B.C. Lot 9388 formerly 8876 measuring Mow 0.945 of which Mow 0.596 is required for road purposes. The price paid is Tls. 550 per Mow or a sum of Tls. 520 for the property. Of this area Mow 0.349 remains available as surplus land

*Bubbling Well and Great Western Roads.*—The amended claim of Mr. S. J. Powell has been accepted for the surrender of the areas required for these roads from B.C. Lots 6854, 6855 and 8234 at the rate of Tls. 1,925 per mow less one-third for betterment or Tls. 2,951 for Mow 2.3

**Public Lighting.**

*Tamsui Road.*—The recommendation of the Engineer has been adopted to light this road with two 60 c.p. suspended metallic filament electric lamps at a cost of Tls. 66 per annum.

# FIRE DISTRICTS

The above plan illustrates the division of the Settlement into Fire Districts:—

The districts are defined as follows:—

District No. 1, east of the Hongkew Creek.

District No. 2, between the Hongkew Creek and the North Honan Road.

District No. 3. north of the Nanking and east of the Fokien Road.

District No. 4, south of the Nanking and east of the Fokien Road.

District No. 5, south of the Nanking and west of the Fokien Road.

District No. 6, north of the Nanking and west of the Fokien Road.

District No. 7, west of the Defence Creek.

District No. 8, west of the North Honan Road.

District No. 9, The Whangpoo River and Pootung.

Ten strokes of the Fire Bell will be given as a General Alarm, which will be sounded only for Districts Nos. 1 to 4, followed by the District number, repeated at intervals of ten seconds. For Districts Nos. 5 to 9, only the District signal will be rung. During daylight a red flag, and during the night a red light, will be displayed on the Bell Towers.

No persons are allowed within the Police lines at fires except members of the Fire Brigade.

Persons whose property is endangered and representatives of the Gas, Water, Telephone and Tramway Companies and the Electricity Department may obtain permission to pass the Police cordon by applying to the Inspector on duty.

# CONDITIONS GOVERNING THE PURCHASE OF LAND.

The following are the terms approved by the Council in 1904 governing the purchase of land for public purposes:—

1. Land to be acquired by the Council shall be surveyed by the Public Works Department and the area shall be computed at the rate of 7,260 square feet to the mow. Only such land as is capable of being utilized shall be included in such area.

2. Payment shall not be made for land occupied by public creeks or roads, although it may be included in the title deeds. Payment shall not be made on areas given in title deeds or fangtans, but on the actual area as ascertained by survey.

3. Except when expressly stipulated the payment shall be considered to include all compensation for graves, crops, fences or buildings which may be on the land at the time when the contract of sale is made.

4. If the title deed or fangtan area is less than the actual area ascertained by survey the vendor shall be required to obtain and convey to the Council a title to the balance, or shall authorize the Council to obtain it and deduct any expenses connected therewith from the first payment on account of the purchase.

5. The vendor shall guarantee that there are no footpaths or rights of way over the land or any portion of it, unless they are expressly marked on the survey.

6. On receipt of Chinese documents the Council will forward them to the British Consulate for examination by the Joint Measurement Office. On receipt of a certificate from the Consulate that the papers appear to be in order a sum equivalent to 90 per cent. of the purchase price shall be paid to the vendor and the balance of 10 per cent. on the issue of the title deed.

7. The Council shall take possession of the land immediately the first payment on account of the purchase has been made.

8. The vendor shall pay all fees to Chinese including those of middlemen, Tipaos, Joint Measurement Office, etc.: the Council shall pay the fees for examination of the Chinese documents by that office and for registration at the Consulate.

9. If the land or any part of it is covered by a title deed registered in a foreign Consulate the Council shall pay the fees for the transfer, and provided there is no notable discrepancy between the area given in the title deed and that ascertained by survey as aforesaid the whole of the purchase money shall be paid on the transfer being effected at the Consulate where the deed is registered.

10. The vendor shall guarantee that the registered owner of a foreign title deed will sign the transfer at the Consulate where the deed is registered.

11. The Council pays no commissions whatever except to brokers or agents in its employ.

Vol. XII. SHANGHAI, SATURDAY, JANUARY 25, 1919. No. 612

## MUNICIPAL NOTIFICATION

**No. 2564.**

**SPECIAL CONSTABLES.**

THE Council earnestly hopes that all those who have already enrolled as Special Constables will continue their services, which have been invaluable during the past year.

There is little prospect of filling up the vacancies at present existing in the Foreign Branch of the Force before the end of the present year, so that it is a matter of urgency to maintain the strength of the Special Branch at the number originally fixed. In order, therefore, to meet the present and anticipated requirements, the Council invites further applications from male residents of the Settlement of 21 years of age and upwards, who are not members of either the Volunteer Corps or the Fire Brigade, for enrolment as Special Constables.

Selected applicants, who will enter into agreements with the Council terminable upon one month's notice, will be required to attend periodical drills, to pass a course in the use of fire arms and to undertake such duty as may be assigned to them, entailing under normal circumstances night duty for two hours at a time twice a week, between 6 p.m. and 12 midnight.

Applications for enrolment should be made in writing marked "Special Constables" and addressed to the Captain Superintendent of Police at the Central Police Station.

By order,
N. O. LIDDELL,
*Acting Secretary.*

**Volunteer Corps.**

*"B" Company, British.*—Report by the Committee invited by the Council to consider the circumstances in connexion with the dismissal of Mr. A. J. Heal from "B" Company, British, and ensuing correspondence on this subject:—

Shanghai, January 3, 1919.

SIR,—In reference to your letters of December 20 and 23, 1918, respectively, I have the honour to enclose the Report of the Committee invited by the Council to consider the circumstances in connexion with the dismissal of Mr. A. J. Heal from "B" Company British of the Shanghai Volunteer Corps.

I have the honour to be,
Sir,
Your obedient servant,
E. H. FRASER.
*H. M. Consul-General.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

(*Enclosure.*)

An examination of the documents submitted to the Committee by the Council and by Mr. Heal showed:

(1) That on December 6, 1918, the Commandant of the S. V. C. issued Order No. 101 dismissing Mr. Heal from the Corps, being of the opinion that Mr. Heal was then a member of the Corps and that he had committed certain disciplinary offences warranting dismissal under Article 26 of the Council's Regulations for the S. V. C.

(2) That on reading the abovementioned Order No. 101 in the public press, Mr. Heal took exception on the grounds, firstly, that no such Order could apply to him as he was not then a member of the Corps, having resigned on October 22; and secondly, that even had he been a member of the Corps his dismissal was not warranted by any circumstances with which he had been connected.

It appeared to the Committee, therefore that the issues involved were simple and could conveniently be stated as follows:

(1) Has the Commandant power to dismiss a Non-Commissioned Officer for an offence of the nature alleged to have been committed by Mr. Heal?

(2) Was Mr. Heal a member of the Corps at the time his dismissal was published in Orders?

(3) If so, did the circumstances warrant the action taken by the Commandant in regard to Mr. Heal as detailed in Corps Order No. 101 of December 6?

In reference to these questions the Committee, after hearing further statements from the Commandant and Mr. Heal, record the following findings:—

(1) The Commandant has power to *discharge* a Non-Commissioned Officer for an offence of the nature alleged to have been committed by Mr. Heal under Article 26 of the Council's Regulations for the S.V.C.

Digitized by Google Original from CORNELL UNIVERSITY

While there is no essential difference between the meaning of the terms discharge and dismissal as applied to a member of a Volunteer Force, the Committee note that the former is used in the British Volunteer Act of 1863 on which Article 26 is evidently based, and that the latter is used only in the case of men of the Regular Forces.

(2) A decision on this point depended on whether Mr. Heal had, in fact, resigned or not on October 22. In this connexion the Committee hold the view that, notwithstanding the absence of any regulation on the point a member's resignation cannot be effective until it has been accepted, with the proviso on the other hand that no application to resign may unreasonably be refused. In this case the Committee consider that there was good reason for refusing to accept Mr. Heal's resignation, namely, that disciplinary circumstances with which he had been connected were then under investigation by the Commandant. The Committee are strongly of opinion that to allow a member to resign when by so doing he might escape the possible consequences of an alleged wrongful act would be subversive of Corps discipline and detrimental to the Community's interests. Moreover, having regard to the origin of Article 2 of the Council's Regulations (Annual Report of the Municipal Council for 1899, page 9), the Committee cannot conceive that such an interpretation was ever intended by the Council or would be acceptable to the Corps.

The Committee accordingly find that Mr. Heal was a Member of the Corps at the time his dismissal was published in Orders.

(3) The Committee find that the circumstances leading to Mr. Heal's dismissal were as follows:—

(*a*) That on October 8, 15 and 22 Mr. Heal (in common with other N. C. Os. of 'B' Co., British) absented himself without leave from drills which had been ordered and at two of which his attendance had been specially required.

The point arises as to whether Order No. 108 issued by the O. C. 'B' Co. British and the instructions issued by him to his Non-Commissioned Officers in a Memorandum dated October 21 are 'orders' in the military sense of the terms. The Committee hold that they must be so considered; and that, even though non-compliance with Orders may on occasion be overlooked or condoned by a Unit Commander, such non-compliance may none the less amount to disobedience within the meaning of Article 26 of the Council's Regulations for the S.V.C. Moreover, in this case the Committee are of opinion that Mr. Heal's non-compliance with Company Orders was aggravated by the circumstances, as they cannot dissociate his action in this matter from that of other Non-Commissioned Officers in the Company.

(*b*) That on October 22 Mr. Heal, while still an active member of the Company rendered himself non-effective by returning his arms and equipment to Headquarters without leave.

The Committee can only regard Mr. Heal's action in this matter as exhibiting an entire lack of appreciation of the spirit of discipline upon which service in the S. V. C. is necessarily based.

(*c*) That on November 1 and subsequent occasions Mr. Heal failed to attend the Court of Enquiry when ordered to do so.

In this connexion the Committee note that notwithstanding repeated admonitions from Captain Cubitt, Mr. Heal persisted in placing his own interpretation on Article 2 of the Council's Regulations in disregard of the provisions of Article 26 by which he had undertaken on enrolment to be bound.

A full consideration of all the circumstances as set out above leaves no doubt in the minds of the Committee that the said circumstances did in fact warrant the action taken by the Commandant in regard to Mr. Heal as detailed in Corps Order No. 101 of December 6. The Committee recommend, however, that the word "dismissed" in the Order be amended to read "discharged."

The Committee recommend that their findings be brought to the attention of Mr. Heal. Thereafter, it appears to the Committee, the adjustment of the matter is in Mr. Heal's own hands. If he desires to express regret for what he has done, then it is understood that he can be reinstated forthwith and allowed to resign. If on the other hand Mr. Heal does not desire to do this then, in the Committee's view, no further action in the matter on the part of the Council is called for. It is further suggested that in the event of an adjustment being reached on the lines indicated, there would be no need to publish the findings of this Committee.

Council Room,
Shanghai, January 17, 1919.

SIR,—I have the honour to thank you for your letter of January 3 forwarding the report drawn up by you, Captain Marryat and Major Hilton-Johnson in regard to the dismissal of Mr. A. J. Heal from "B" Company British of the Shanghai Volunteer Corps and to ask you to accept and to convey to these two gentlemen the Council's sincere thanks and appreciation for your and their kind services in this connexion.

Following upon the recommendations and suggestions contained in your report the Council addressed Mr. Heal in terms of the attached letter of January 9. His reply of January 14 and the Council's rejoinder of to-day's date are submitted herewith for your information.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

Sir EVERARD FRASER, K.C.M.G.,
H. M. Consul-General.

(*Enclosure No. 1.*)

Council Room,
Shanghai, January 9, 1919.

SIR,—I am directed to refer to the correspondence which has passed between us in regard to your "dismissal" from "B" Company British of the Shanghai Volunteer Corps, to send you herein enclosed a copy of the report drawn up by H. M. Consul-General, Captain Marryat and Major Hilton-Johnson, and to inform you that, in pursuance of the recommendations therein contained, the Council will, as you may prefer, either direct the re-issue of Corps Order No. 101 with the word "discharged" substituted for the word "dismissed" or upon an expression of regret for your action in this matter, direct withdrawal of the Corps Order in question and your immediate reinstatement with permission to resign.

Should the first alternative be adopted, the Council intends, in order to avoid future misunderstandings, to publish the report in the Municipal Gazette *in extenso*: on the other hand, should the second alternative be adopted, the report will be published to the Corps only with the concluding paragraph omitted, unless you should desire its publication.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

A. J. HEAL, Esq.

(*Enclosure No. 2.*)

Shanghai, January 14, 1919.

DEAR SIR,—I am in receipt of a letter from the Acting Secretary, dated January 9, enclosing copy of the report of the Committee appointed by the Council to advise it concerning my so-called "dismissal" from "B" Company S.V.C.

I beg to remind you that on December 23 in reply to your letter informing me that these three gentlemen would be asked to undertake this duty, I wrote suggesting that as business claims and legal points were involved two well-known gentlemen, one a business man and one a lawyer in official position should also be appointed. The Council refused my request. I also asked that a few simple and reasonable conditions should be observed, but only one was kept, namely that my father should be present with me. One condition was that my Enrolment Form should be produced as the only contract between myself and the Council. This was not done. By that I agreed amongst other things, that I would serve in the Corps and become an Efficient for three consecutive years. I served for four years without a mark against my name. As the Council did not produce my Enrolment Form I produced one also issued by the S.V.C. Staff, on the back of which it was stated that the Commandant had the right to dismiss any member "except a Non-Commissioned Officer." That form was detained by the Committee and has not been returned to me.

Digitized by Google Original from CORNELL UNIVERSITY

I notice that the more serious charges brought against me in the Commandant's report have been dropped. The Council will know that as they refused my reasonable conditions, I did not in anyway undertake to abide by the findings of the Committee. I attended as a matter of courtesy only. The report of the Committee does not appear to me to be in accordance with the Regulations which I promised to obey nor with the usage of the S. V. C. since I have known it in three important matters.

1.—(Findings) Paragraph 2. The Committee admit that there is no regulation requiring a volunteer upon resigning to consider himself a member of the Corps until his resignation has been accepted, and I submit with all deference and respect that their view that a member's resignation cannot be effective until it has been accepted, is contrary to the plain words of Regulations No. 2 and 25 and to the customary procedure of the S. V. C. I had already completed my contract with the Council.

I also point out that at the time I resigned no "disciplinary circumstances" were then under "investigation by the Commandant." I would again mention that the Captain's report was dated *three days after* my resignation. The Committee must have been misinformed on this point. Thus the Committee's view on this matter falls to the ground and on their own showing the Captain had no reason for withholding acceptance of resignation.

2.—Paragraph 3 (a). I was absent from two drills only for satisfactory reasons which were laid before the Committee, one being detention by business claim. The Regulations do not give any Officer commanding a Company authority to make any drill compulsory. As a volunteer I more than fulfilled my obligations for efficiency as stated in part 3, pages 18 and 19, and at the time of my resignation I had already by a year more than completed my contract with the Council. It has never been accepted in the Corps that an Officer has such power. I respectfully ask the Council what authority the S. V. C. has over the business and/or civilian life of a member? I certainly never promised more than to make myself efficient for three years under penalty of $7 per year.

3.—(b). It is an entire innovation to hold that leave must be obtained before a volunteer can give in his kit. If this is so, why did the Orderly Room, which is entirely under the direct control of the Staff, readily accept my kit without question or demur, and at once give me an official receipt? My kit was in the Orderly Room for only two hours before my resignation was in the Captain's hands, and during that time I had to attend fully to my employer's business. If that made me "non-effective" why did the Captain retain the receipt for my kit for 9 days (October 22 to October 31)? Thus completely preventing me from being "effective" if this argument is correct.

4.—(c). As the Council knows I offered to attend the Court of Enquiry in private capacity but was refused. I have given no interpretation of Regulation No. 2, I only took the plain meaning of the English words, considering they meant what they said. Neither did the Captain give any interpretation.

I would refer the Council to the interviews between the Chairman of the Watch Committee and my father and myself arranged on his initiative before this Committee was appointed. The Chairman never suggested that a Captain's permission was required before a volunteer could resign. He plainly said to my father "I know your son has not done anything wrong" or words to that effect. He admitted that a "mistake" had been made and suggested a plan which he thought would satisfactorily end the trouble. In this connexion I beg to complain that the Council deleted an important paragraph of my letter dated December 18 in the copies laid before the Committee.

*In conclusion I beg to point out that the Council and the Committee have avoided any reference to the fact that my so-called "dismissal" was published broadcast in the public press by the Council's agents. I can only conclude that it was done for the purpose of publicly disgracing me. I do not know where the Council has the legal or moral authority to do so. The Council must know that in other cases of dismissal of volunteers, the dismissal has been posted in Company orders (a recent case in "B" Company will bear me out) so that only those concerned within the Company know. In some serious cases where men have been under the influence of drink while on parade and on duty (I need not enter into details) no Corps order has been published in the press.

If after four years of faithful voluntary service to the Council such is the possible reward, what attraction can the Shanghai Volunteer Corps have for men who desire to serve the Community?

As the Council has not in any way replied to my complaint in the last* paragraph I should be obliged if it will do so.

Yours truly,
ARTHUR J. HEAL.

E. C. PEARCE, Esq.,
Chairman, Municipal Council
and Civil Commandant, S.V.C.

Council Room,
Shanghai, January 17, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of January 14 addressed to the Chairman of Council further on the subject of your "dismissal" from "B" Company British of the Shanghai Volunteer Corps.

In reply I am directed to inform you that the Council is unwilling to enter into any further argument upon the matter, and, as you have failed to indicate your wishes in respect of the suggestions contained in my letter of January 9, has no option but to direct the re-issue of Corps Order No. 101 with the word "discharged" substituted for the word "dismissed" and the publication in the next issue of the Municipal Gazette of the report drawn up by H. M. Consul-General, Captain Marryat and Major Hilton-Johnson, together with a copy of my letter of January 9 and a copy of this letter.

*Armed Robberies.*—During the month nine reports were made of armed robbery from houses. In connexion with these reports four persons have been arrested and remitted to the Court of the Shanghai Military Governor.

Five cases of attempted armed robbery from houses were also reported. Five arrests were made in connexion with three of these cases. Four of the prisoners have been dealt with and one is still under remand awaiting trial.

One report was received of armed highway robbery from the person on the street. Two persons were arrested for this offence, one being convicted whilst the charge against the other was not sustained.

Thirteen persons were arrested in connexion with armed robberies committed prior to December 1, 1918, including an armed robbery which was accompanied by murder. The charge against one of the thirteen men apprehended was not proceeded with and the others are at present under remand awaiting trial.

In addition to the above arrests five men were apprehended for being in possession of firearms and being members of a robber gang. These are under remand awaiting trial.

The five persons referred to in last month's report as being under remand at the end of November, 1918, on charges of robbery, have been sentenced to various terms of imprisonment.

*Larcenies.*—During the month 390 reports of property stolen were made at the various stations. Enquiries were made with successful results in 140 of these cases.

*Shop-breaking in Nanking Road.*—Between the night of December 9 and the morning of December 10 the Mikimoto Pearl Store, 31 Nanking Road, was broken into and jewellery to the value of $63,000 stolen. Two Russians were arrested in a house in Hongkew on December 11 on suspicion of being concerned with the case and are at present detained under remand. Three of the finger-prints left on the safe, which was forced open, corresponded with three of the fingers of the left hand of one of the prisoners.

These two men were also charged with breaking into 6A Kiangse Road on November 15 and stealing therefrom certain property which was valued at $787.

With reference to the first named of the above cases, the robbers gained access to the premises by forcing the front door with a jemmy. The door was somewhat flimsy and quite unsuitable for the protection of an establishment of this nature, whose front entrance should have been strongly guarded. Storekeepers and others who have valuable goods in stock, are earnestly requested to assist the Police by seeing that all entrances to their premises are protected in an efficient manner.

*Executions.*—On December 30 and 31, 1918, respectively two prisoners were shot at Loongwha. One of the men was arrested on February 10, 1918, for participating in two armed robberies in the Settlement, and the other was arrested on a warrant at Soochow and brought to Shanghai on September 25 last in connexion with the gold bar robbery on Robison Road on September 1, 1917.

*Arrests in Connexion with Murder.*—Eleven men were arrested during the month in connexion with an armed robbery at 31 Tamsui Road on November 16, 1918, when Chinese P. C. 625 was shot and fatally wounded in an attempt to pursue and arrest the perpetrators.

*Robbery and Murder Outside Limits.*—Information has been received during the month of no fewer than seventeen piracies and robberies, some of which included a considerable number of houses, having occurred outside Settlement Limits in the region around Shanghai. In one instance the occupant of a house died as a result of being stabbed. In five other cases knife and bullet wounds were inflicted upon persons who resisted or tried to raise an alarm. One of the greatest in magnitude was that which took place near Chiso (川沙) on the Pootung coast on December 2, when a band of armed men about 200 strong disembarked from boats, plundered the houses in a village in the vicinity and sailed off to the South East carrying away booty valued at approximately $40,000.

*Special Constables.*—The effective strength of Special Constables on December 31 was 156 officers and men.

*Identification Office.*—During the month 379 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 136 were identified as having a previous conviction or convictions. In addition to the above 132 records were received from the French Police out of which number 72 were identified in the records of this office, making the total for the month:—

| | |
|---|---|
| For identification | 511 |
| Identified | 208 |

Vol. XII. SHANGHAI, SATURDAY, FEBRUARY 1, 1919. No. 613

## MUNICIPAL NOTIFICATION

**No. 2564.**

**SPECIAL CONSTABLES.**

THE Council earnestly hopes that all those who have already enrolled as Special Constables will continue their services, which have been invaluable during the past year.

There is little prospect of filling up the vacancies at present existing in the Foreign Branch of the Force before the end of the present year, so that it is a matter of urgency to maintain the strength of the Special Branch at the number originally fixed In order, therefore, to meet the present and anticipated requirements, the Council invites further applications from male residents of the Settlement of 21 years of age and upwards, who are not members of either the Volunteer Corps or the Fire Brigade, for enrolment as Special Constables.

Selected applicants, who will enter into agreements with the Council terminable upon one month's notice, will be required to attend periodical drills, to pass a course in the use of fire arms and to undertake such duty as may be assigned to them, entailing under normal circumstances night duty for two hours at a time twice a week, between 6 p.m. and 12 midnight.

Applications for enrolment should be made in writing marked "Special Constables" and addressed to the Captain Superintendent of Police at the Central Police Station.

By order,
N. O. LIDDELL,
*Acting Secretary.*

### War Volunteers Memorial.

Interchange of letters with the British Chamber of Commerce on the subject of the reservation of a site for a proposed memorial to the local subjects of the Allied Powers who have laid down their lives during the war:—

Shanghai, January 30, 1917

SIR,—It is extremely probable that at the end of the present war steps will be taken by British, French, Italian, Russian and other residents of Shanghai to erect an Allied Monument to the memory of their countrymen who have fallen in battle. It would be premature to discuss the details of such a project at the present time, but the attention of my Committee has been drawn to the importance of securing as early as possible the reservation of a suitable site for a memorial. It has been suggested that the most suitable spot would be at the junction of The Bund and the Avenue Edward VII, and I am directed to inquire if the Council would be prepared to definitely reserve a site at that point for the purpose indicated.

Should the Council be prepared to make the suggested reservation, my Committee would at once take steps to secure the consent and co-operation of the French Municipal Council and the French Chamber of Commerce in the matter.

I am, Sir,
Your obedient servant,
H. B. STEWART,
*Secretary,*
*British Chamber of Commerce.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

---

Council Room,
Shanghai, February 5, 1917.

SIR,—I am directed to acknowledge the receipt of your letter of January 30 requesting the reservation of a suitable site for a proposed memorial to the local subjects of the Allied Powers who have laid down their lives during the war, and in reply to inform you that, subject to the concurrence of the French Council, the site shown on the attached plan between the Transformer House and the Meteorological Station on the Bund at the end of the Avenue Edward VII will be reserved for this purpose.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

H. B. STEWART, Esq.,
Secretary,
British Chamber of Commerce.

---

Shanghai, March 9, 1917.

DEAR SIR,—At the request of the Shanghai Municipal Council, my Committee approached the French Municipal Council, through the good offices of the French Chamber of Commerce, with regard to the erection, at the end of the war, of an Allied Monument to the memory of those soldiers who have fallen in battle.

I have now the pleasure to inform you that the French Municipal Council have agreed to our suggestion, and that they have reserved for that purpose the site mentioned, viz., the junction of Quai de France, Avenue Edouard VII and The Bund.

**Charity Organization Committee.**

Report and Statement of Accounts for 1918:—

REPORT OF THE CHARITY ORGANIZATION COMMITTEE OF THE KING'S DAUGHTERS' SOCIETY.

Seven members of The King's Daughters' Society were appointed to serve for the year on the Committee for Charity Organization.

Mrs. H. J. EVERALL, *Chairman.*
Mrs. P. A. H. CHAMBERS.
Mrs. A. E. ALGAR.
Mrs. H. M. GORTON.
Mrs. P. M. LANCASTER.
Miss M. JANSEN.
Mrs. A. J. STEWART, *Hon. Treas.*
Mrs. A. WHEEN, *Secretary.*

On leaving Shanghai at the end of June, Mrs. Everall resigned her office and Mrs. Gorton was elected in her place. The vacancy on the Committee was filled by Mrs. Macdonald. Mrs. Algar, who left in June, was succeeded by Mrs. Grant.

An Assistant Secretary has been engaged who speaks several languages. This has proved of great help in investigating cases.

The Committee accept with great regret the resignation of Mrs. Stewart, who has ably fulfilled the duties of Hon. Treasurer during the past two and a half years.

The total number of meetings has been twenty-four.

*Tenement House.*—In April the Committee were approached as to undertaking the management of the two tenement houses in Dixwell Road. The Municipal Grant does not cover this form of work, but the maintenance of one house—containing four flats—was made financially possible by four gentlemen very kindly promising $40 per mensem towards rental and upkeep. Therefore it was decided to make the experminent. The house is supervised by a sub-committee of three members of the Charity Organization Committee The aim is to provide temporary free quarters for families whose income is either very small or almost nil.

A letter was received from the Moral Welfare Society, asking for the co-operation of The King's Daughters' Society, and Miss M. Jansen was appointed to serve as a representative.

*Relief.*—Applicants for relief frequent the office in fairly regular numbers. New cases to the number of 205 were dealt with during the year. In addition there have been 100 cases carried over from the preceding twelve months, so that the total number of applicants is roughly 300 as against 213 for 1917. The applicants are of the following nationalities:—

| | |
|---|---|
| British | 39 |
| Armenian | 1 |
| Greek | 2 |
| Portuguese | 40 |
| Filipino | 16 |
| American | 9 |
| Czech | 4 |
| Russian | 24 |
| Roumanian | 15 |
| Italian | 9 |
| Norwegian | 4 |
| Swedish | 11 |
| French | 7 |
| Dutch | 3 |
| Finn | 16 |
| Pole | 1 |
| Servian | 2 |
| Spanish | 2 |
| | 205 |

The Committee have found work for 49 applicants, and have assisted 26 cases to leave Shanghai.

They have also responded to 540 calls for clothing.

During the months of February and March last, the political conditions in Siberia were sufficiently alarming to cause a large number of people to seek refuge away from Russia, and each ship arriving in Shanghai from Vladivostok has been crowded with destitute Russians. For such cases the Committee can do very little, as the opportunities of employment offering are not many and are out of all proportion to the numbers of applicants. In this connection recourse has been made to the Work Shelters of the Municipal Council, which, for a limited period, employ men and in return provide night lodging and breakfast.

There are still impossible cases on the Committee's books of men who live on public charity, who will not work. Until certain Consular Courts introduce a Vagrancy Act, this unsatisfactory state of affairs must exist.

The aims of the Committee are:—

(1) To make a thorough investigation of each case and obtain from different societies adequate relief.

(2) To improve the charitable system of the community.

It would facilitate the work of the Committee if the Public would co-operate in this matter. It is found that a great deal of money is given, often unadvisedly, to mendicants who call at offices during business hours. To insure the case is one of bona fide distress, it would be well to communicate with the Secretary, either by telephone North 2516, or by referring the applicant to the Society's Office, No. 5 North Soochow Road.

Printed forms are obtainable at the Office, to be filled in by the would-be benefactor as to the amount of money or other relief to be given, if the case, upon investigation is found to be deserving. This procedure would render unsuccessful the practices of the professional beggar.

A better working arrangement to meet the charitable needs of the Community could also be brought about if the different Societies would report to the Charity Organization Committee, and confidential exchanges be made as to what is done for families in which they are interested.

(3) To improve the condition of the poor.

Want and sickness so often go hand in hand that it is not surprising to find a continuous register of appeals from cases which exhibit symptoms of tuberculosis. The Committee look forward with hope to the opening of the sanatorium for patients who suffer from this dread scourge, and who are so undesirable a menace to the health of all with whom they come in contact.

Several cases, mentally deficient have to be recorded. Such cases are difficult to deal with, as no suitable accommodation is available, the Mental Ward being reserved for patients who have been certified as insane. It is evident that in the near future efforts must be made to secure suitable occupation and lodging for paupers who are not sufficiently unbalanced to be certified as insane, and on this account to be confined in an asylum or the Mental Ward. Beyond supervising the lodgings which their friends provide, and satisfying themselves that these poor people are fed, the Committee find that under existing circumstances nothing further can be done

The establishment of a branch of the Public Library and Free Reading Room on the North side of the Garden Bridge would be of inestimable value.

The Committee have great pleasure in recording valuable co-operation between the various charitable societies and themselves, and would like to take this opportunity of expressing their thanks for the wholehearted way in which the officials of these organizations have rendered assistance.

BEATRICE GORTON,
*Chairman.*

**Fire Brigade Report for December.**

The total number of calls to fires, or supposed fires, during the month was 17, as against 35 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 8,125 (Foreign, Tls. 2,500; Chinese, Tls. 5,625), as against Tls. 35,950 (Foreign, Tls. 400; Chinese, Tls. 35,550) during December 1917. The property at risk is estimated at Tls. 546,000 (Foreign, Tls. 500,000; Chinese, Tls. 46,000), as against Tls. 1,058,000 (Foreign, Tls. 850,000; Chinese, Tls. 208,000) for the corresponding period last year.

The calls were received as follows:—Telephones 8, Watch towers 4, Street alarms 2, Messengers 2 and Police 1.

The general alarm was given on 4 occasions, the remaining 13 being station calls.

These calls proved to be 10 small fires, 1 chimney fire, 4 false alarms and 2 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Sparks or embers from stove | 4 |
| Dropped match or cigarette end | 2 |
| Lamp upset | 2 |
| Stone or hard foreign substance in scutching machine | 1 |
| Overheated machine | 1 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 3 |
| Chinese buildings | 18 |

Of these fourteen houses were more or less damaged by smoke, fire and water.

The water used at fires during the month was 110,200 gallons.

The Brigade was occupied 10 hours and 35 minutes at fires, or supposed fires, and the Staff was employed for a further 85½ hours watching and damping down.

The fires of note during the month were:—

*M. 1772 Avenue Road, December 4, at 4.42 p.m.*—No. 7 Company, who were the first to arrive, found No. M 1772 Avenue Road, a mattress-makers' establishment situated within 100 yards of the Sinza Station) well alight. The flames had already obtained a grip on the adjoining premises and were rapidly sweeping along the roofs on either side. A line of hose was promptly got to work but owing to the low pressure this had little effect and it was not until two pumps with additional lines of hose were got to work at the back and front that the fire was checked and finally extinguished. Nine houses were more or less damaged mostly in the roofs and ceilings.

*M. 526 Foochow Road, December 12, at 3.50 a.m.*—The rear portion of No. M. 526 Foochow Road, a picture frame-makers' shop, was found to be well alight, and the fire spreading to the empty restaurant above. Lines of hose were got to work through the fronts of the premises affected whilst other streams were taken round the back and the outbreak extinguished after about an hour's hard work. The Brigade were successful in checking the flames from working through to the front, but naturally a certain amount of water damage was done to the goods stored there, whilst a quantity of picture-framing material, which was stored at the back, was destroyed.

*10 Markham Road, December 24, at 5.20 a.m.*—No. 7 Company, who were the first to arrive, found an outhouse of No. 10 Markham Road, a foreign residence which had been converted into a camphor factory by Messrs. Suzuki & Co., well alight. Streams were got to work on the front and sides to prevent the flames spreading to the main building, whilst another stream was got to work from a sampan on the creek side, and after about an hour's work the outbreak was subdued. Fortunately there was no wind as otherwise the main building and a large matshed would have probably been destroyed.

## Mixed Court Report for December.

Mr. A. D. Blackburn sat as Assistant British Assessor from December 4.

In September, 1918, attention was drawn to the then congested state of the Special Criminal Hearing List. By refusing to allow any, but cases in which the charge was of a serious nature, to be added to this list, the Court has reduced the number of such cases now pending to five, the lowest number for years and of these five cases three should be finished early in January.

The Civil Courts have been unable to make much progress with ordinary civil cases owing to the large number of cases filed against enemy subjects. Judgment was entered during the month in no less than 34 cases in which the Bureau of Liquidation of the Deutsch-Asiatische Bank was the plaintiff.

Here follow returns of Offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Acting Registrar.*

K. J. McEUEN,

## Health Officer's Report for December.

The condition of the Public Health was remarkably good. The Isolation Hospitals have been practically empty. There were no cases of Smallpox either among foreign or Chinese residents, though cases were brought on a ship. Over 1,000 free vaccinations were done at the Branch Health Offices during the month, though in the absence of Smallpox it was difficult to get people to come. No plague infection in either rats or man occurred. A very few cases of Influenza strayed into the month. A Chinese case of Cerebrospinal fever was reported: the prevalence of this disease in Hongkong at the present time is very small compared with last winter. Towards the end of the month there were a few cases of mild Diphtheria. The entirely abnormal weather, wet and dull instead of the usual bright dry weather probably had some effect in producing such a remarkable absence of communicable disease.

Public Health, however, is not entirely an absence of disease but concerns also the physiological functioning of the community. A main factor of this is good food; and of foods milk is of primary importance. Whether milk is necessary subsequent to infancy is doubtful except for the sustenance of invalids, yet cow's milk has become, in the form of milk, butter and cheese, in proportion to the energy it furnishes, one of the commonest foods throughout life. Cow's milk, however, is one of the most dangerous foods because it forms such a good medium for keeping alive and propagating certain of the bacterial causes of disease. In Shanghai sterilising, preferably by raising it to the temperature of boiling water, is necessary. As regards quality Shanghai milk is abnormally rich in cream on account of the oily nature of the cotton seed cake which forms the chief food of the cows; from this and an abundance of chopped straw the complete food milk is manufactured in Nature's wonderful laboratory. It may be recorded, as a result of careful inspection, and especially of careful systematic testing in the Laboratory, the quality has been so improved that whereas 12 years ago the percentage of adulterated samples of milk was 35 it is now under 2. Milk is, however, 25 per cent. dearer now than it was twelve years ago; but there are other factors to account for this besides the lessening of adulteration.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention Work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2574.**

**REPATRIATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**

WHEREAS since the declaration of war by the Republic of China on the Empires of Germany and Austria-Hungary, the Subjects of the said former Empires (hereinafter called "Enemy Subjects") have been suffered to remain within the confines of the said Republic, under permits issued, within the limits of the Foreign Settlement of Shanghai, by the Municipal Council. **And Whereas** by Mandate issued on the twenty-eighth day of January, 1919, bearing the seal of the President of the said Republic the repatriation of Enemy Subjects is duly ordered. **And Whereas** by Proclamation issued on the eleventh day of February, 1919, bearing the seal of the Commissioner of Defence for Sungkiang and Shanghai certain regulations are prescribed for giving effect to the said Mandate. **And Whereas** the said Proclamation has been countersigned by the Senior Consul and by him transmitted to the Municipal Council with the request that the same be posted within the said Settlement. **And Whereas** the said request and a translation of the Proclamation are set forth at length in the Municipal Gazette published on the thirteenth day of February, 1919. **And Whereas** the Head Office for the Repatriation of Enemy Subjects referred to in the said Proclamation has been established at No. 121 Bubbling Well Road within the limits of the said Settlement with the assent of the Municipal Council as a measure of co-operation with the Chinese Government and for general convenience. **And Whereas** the said Proclamation has been countersigned and sealed by the Municipal Council and duly posted and for the peace and good order of the said Settlement certain instructions giving effect thereto have been duly communicated to Enemy Subjects resident within the limits of the said Settlement.

**Now therefore be it known** and let all such Enemy Subjects take note that the said instructions must be strictly obeyed. **Be it also known** and let all such Enemy Subjects who may fail for any reason to receive a copy of the said instructions or who may desire to make any enquiries in regard thereto or to claim exemption from repatriation under the provisions contained in the said Proclamation take note that they must make application forthwith at the Head Office for the Repatriation of Enemy Subjects above referred to. **Be it further known** and let all such Enemy Subjects take note and observe that failure to comply with the said instructions and with such further instructions and regulations as may be issued hereafter from time to time to give effect to the said Proclamation will render the delinquents liable to prosecution.

## MUNICIPAL NOTIFICATION

**No. 2564.**

**SPECIAL CONSTABLES.**

THE Council earnestly hopes that all those who have already enrolled as Special Constables will continue their services, which have been invaluable during the past year.

There is little prospect of filling up the vacancies at present existing in the Foreign Branch of the Force before the end of the present year, so that it is a matter of urgency to maintain the strength of the Special Branch at the number originally fixed In order, therefore, to meet the present and anticipated requirements, the Council invites further applications from male residents of the Settlement of 21 years of age and upwards, who are not members of either the Volunteer Corps or the Fire Brigade, for enrolment as Special Constables.

Selected applicants, who will enter into agreements with the Council terminable upon one month's notice, will be required to attend periodical drills, to pass a course in the use of fire arms and to undertake such duty as may be assigned to them, entailing under normal circumstances night duty for two hours at a time twice a week, between 6 p.m. and 12 midnight.

Applications for enrolment should be made in writing marked "Special Constables" and addressed to the Captain Superintendent of Police at the Central Police Station.

*Repatriation of German and Austro-Hungarian Subjects*:—Correspondence with the Senior Consul in regard to the posting in the Settlement of a Proclamation issued by General Lu Yung-hsiang, Commissioner of Defence for Sungkiang and Shanghai:—

Shanghai, February 12, 1919.

SIR,—I have the honour to enclose herewith for posting in the Settlement a proclamation issued by General Lu Yung-hsiang, Military Governor for Sungkiang and Shanghai, concerning the repatriation of enemy subjects.

Kindly let me know how many exemplars you desire and I shall forward them to you as soon as possible.

I have the honour to be,
Sir,
Your obedient servant,

D. SIFFERT,
*Consul-General for Belgium and Senior Consul.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

*(Enclosure.)*

*Translation of Proclamation by the Commissioner of Defence for Sungkiang and Shanghai, dated February 11, 1919.*

Whereas the repatriation of Enemy Subjects has been decided upon by the Cabinet in accordance with Article 3 of the Regulations for the Treatment of Enemy Subjects; and whereas arrangements for their transportation from Shanghai have been made:

I hereby proclaim to you all, Enemy Subjects, that you are required to make all necessary arrangements for early departure by sea and to communicate, if necessary, with the Head Repatriation Office as provided for in Articles IV, V, VI and VII below.

Art. I. The Head Office for the Repatriation of Enemy Subjects is at 121 Bubbling Well Road (next door to the Bureau of Foreign Affairs), with two Branch Offices at

the Headquarters of the 1st section of the Fire Brigade, South Gate, and at the Office of the Shanghai-Hangchow Railway, in the Shen Ngan Alley, North Honan Road, respectively.

Art. II. All personal effects may be taken away by their owners. The allowance of baggage for each person is limited to 350 pounds.

Art. III. Household furniture and similar movable property may be disposed of by their owners.

Art. IV. An Inventory of property left behind by each Enemy Subject shall be made out and presented personally to the Head Repatriation Office.

Art. V. Any Enemy Subject who is too ill to leave shall report the fact in writing to the Head Repatriation Office at 121 Bubbling Well Road within three days of the date of issue of this Proclamation, so that he or she may be examined by the doctors appointed for the purpose.

Any person who, under this Article, is found to be guilty of malingering shall be duly punished.

Art. VI. Any Enemy Subject having any application to make regarding repatriation shall send in his or her application to the Head Repatriation Office within five days of the date of the issue of this Proclamation.

Art. VII. Exemption from repatriation may be considered in the following cases:—

(*a*) Enemy Subjects above the age of sixty years.

(*b*) Enemy Subjects whose services have been retained by the Dutch Consulate-General.

(*c*) Enemy Subjects who are medical practitioners.

(*d*) Enemy Subjects who have been guaranteed by the Ministers of the Allied Powers.

(*e*) Enemy Subjects whose illness has been examined and certified by the doctors appointed.

---

Council Room,
Shanghai, February 12, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of to-day's date transmitting a Proclamation issued under the seal of General Lu Yung-hsiang, Defence Commissioner for Sungkiang and Shanghai, bearing your counter-signature and promulgating certain regulations in regard to the repatriation of German and Austro-Hungarian subjects.

In reply I have the honour to inform you that whilst consistently maintaining the view that the establishment of Chinese Government offices within the Settlement should not be sanctioned, the Council recognizes its bounden duty in this instance to co-operate so far as in its power lies in the Repatriation Measures to be taken by the Chinese Government. Accordingly the Council assents, as a measure of co-operation and for general convenience, to the establishment at No. 121 Bubbling Well Road of the Head Office for the Repatriation of Enemy Subjects.

I have the honour further to inform you that, in accordance with your request the Proclamation transmitted by you will be posted in the Settlement to-morrow morning, that instructions giving effect thereto will be duly communicated by the Police to German and Austro-Hungarian subjects resident in the Settlement and that a Municipal Notification referring to the said Proclamation and to the establishment of the Repatriation Office and enjoining compliance with the instructions above referred to will be published in to-morrow's issue of the Municipal Gazette.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

*"B" Company, British.*—The resignation of 2nd Lieut. L. M. ff Beytagh has been forwarded by the Commandant and accepted by the Council with regret.

### Fire Brigade.

The Chief Officer notifies the Council of the following appointments for the ensuing year on election by the Companies:—

*Mih-Ho-Loong Company.*—Foreman, H. W. P. McMeekin, 1st Assistant Foreman, C. V. Jensen.

*Hongkew Company.*—Foreman, P. C. Mansfield, in succession to Foreman E. S. Thellefsen, resigned, 1st Assistant Foreman, A. F. T. Holland, 2nd Assistant Foreman, F. E. Fraser.

*Deluge Company.*—Foreman, J. W. Stavers, 1st Assistant Foreman, W. G. Smith, 2nd Assistant Foreman, H. P. B. Jones.

These appointments are confirmed.

### Hongkew Disturbances.

Further correspondence with the Japanese Consul-General is appended, in continuation of that published in the Gazette of October 28 and December 31, 1918:—

Shanghai, January 11, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of December 27 on the subject of the regrettable disturbances which occurred in the Hongkew District in July last, in which the Council have dealt with the various points raised in my letter of November 4. Before commenting on the Council's conclusions I desire to express my sincere thanks for the Council's kind consideration of the several points raised which have undoubtedly involved a great deal of time and trouble on their part.

I desire to express disagreement with a great many of the views and decisions of the Council as contained in their letter of December 27, but I do not think it is necessary at this juncture to reply to them again in their entirety, as I should in many cases only be reiterating or amplifying what I expressed in my letter to the Council of November 4, which views I still maintain.

I would, however, suggest that the Council give reconsideration to the question of (a) the assembling of Chinese Police; (b) compensation to Japanese who have suffered loss or injuries; (c) the funeral expenses of Japanese constable.

(*a*) The Council admits that the assembling of the Chinese Police in the Hongkew Market on the night of July 19 undoubtedly constituted a severe breach of discipline. The narrative of events proves that 25 armed and 21 unarmed Chinese Police had failed to return to the Station to report off duty. Whatever the Council surmises may have prompted these constables to assemble, cannot in any way excuse these constables for failing to report and return their arms to the Station. In spite of the fact that Police beats are so arranged as to converge on the Station, the Council must surely realize that it was something more than coincidence which accounted for their gathering at one particular spot, as they would return to the Station from various directions. In my previous letter I remarked that Inspector Reeves' statement "that they were quite quiet and orderly" as *extraordinary*, by this I intended to convey that it was *extraordinary* that no steps were taken by Inspector Reeves to induce the Chinese constables to return to the Station and report off duty. It is not likely that the Chinese constables would foolishly disclose any preconceived plan at that particular stage by unseemly conduct. The facts that the relief constables also refused to go on duty without their arms: later tried to gain possession of them: and eventually flouted discipline and rushed out of the Station and joined the other constables are matters which the Council cannot fail to recognize as strong evidence that there must have been some preconceived plan. The reports of the assembling of Japanese at various adjacent roads does not in any way account for their conduct, as it is most improbable that a crowd of Japanese civilians would attack a well-armed force such as the Chinese constables constituted. It appears that the Council is unable to adopt criminal proceedings against any particular Chinese constables concerned in the riot. The Council, however, must know the 25 constables who were in possession of arms on the night of July 19 when fatalities occurred, and I would suggest that further investigation be made in this connexion with the view to dismissing these particular constables from the Council's employ. I did not suggest to the Council in my previous letter that the whole 120 constables should be so dealt with, but only those who were primarily concerned, as the criminals, I venture to suggest, must be among those constables who were in possession of arms, on that occasion.

(*b*) "The Council cannot accept any responsibility for compensation in respect of loss of life or injuries or damage to property, and in reply to your contentions I have the honour to point out that in so far as such loss of life, injuries and damage can be ascribed to the Chinese constables it certainly did not arise out of action taken by them within the scope of their employment." The Council admits that these constables committed a serious breach of discipline; and ignores the fact that they were in uniform and in possession of arms, the property of the Council, and even made use of their whistles. Further, those constables had not reported off duty and no relief constables had taken over their duty. The Council will in no way be performing an act of grace by referring this question of compensation to the next ratepayers' meeting neither are any acts of grace asked for or anticipated. The Council is undoubtedly responsible, according to all known precedents, to provide compensation under these particular circumstances. I, therefore, desire the Council give this matter their reconsideration.

(*c*) Regarding the funeral expenses for the Japanese constable, I am rather surprised that the Council should not have regarded this as an exceptional circumstance. The conditions prevailing at that particular time gave cause for more expensive obsequies than usual. Therefore, I would suggest that the Council may reconsider this question.

I note that the Council is unable to agree "that the question of racial feeling does not enter into the matter at all." In this connexion I would remind the Council that there was no exhibition of racial feeling on the part of any Chinese civilians neither did any Chinese civilians participate in the disturbances, only Chinese constables were concerned. Therefore, I can find no reason for the Council's conclusions on this point in regard to these disturbances.

In conclusion, you may feel assured that all regret these disturbances and sympathize with those who have been the unfortunate victims, and trust the Council will consider the foregoing statements with a view to avoiding any repetition of such happenings.

Awaiting the favour of an early reply,

I have the honour to be,

Sir,

Your obedient servant,

A. ARIYOSHI,

*Consul-General for Japan.*

E. C. PEARCE, Esq.,

Chairman, Municipal Council.

Council Room,

Shanghai, January 30, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of January 11 further on the subject of the disturbances which occurred in the Hongkew District in July last and in reply to inform you that the Council can add little to the views already expressed on this subject. In deference to your suggestion, however, the Council has given further careful consideration to those points to which you direct specific attention.

In reference to the first—the assembling of the Chinese Police in the Hongkew Market on the night of July 19,—I have the honour to state that the Council does not seek to excuse those constables who failed to report and return their arms to the Hongkew Station: on the contrary they have all been punished by class reduction. The assumption that all of the 25 armed and 21 unarmed constables gathered at one particular spot is incorrect. There does not appear to the Council to be anything remarkable in the fact that a number did actually gather in the Market; in many cases the road that they would naturally take on leaving their beats, which converge on the Hongkew Station, would lead past the Market or in its vicinity and it is not unusual for the gathering of a few to attract others who may hear of such gathering or who may note it from a distance, particularly is this the case in times of tension: nor does there appear to be anything extraordinary in the fact that no steps were taken by Inspector Reeves to induce the assembled constables, whose conduct showed not the slightest indication of the disorder which followed later, to return to the Station and report off duty. As a detective officer in plain clothes, Inspector Reeves acted correctly under the circumstances in proceeding forthwith to the Station to report to his superior officer and to ascertain why it was that the relief had not turned out. That the relief constables refused to go on duty without their arms, later tried to gain possession of them and eventually rushed out of the Station and joined their comrades outside, if considered without reference to the other incidents in connexion with the disturbances, might certainly suggest that there was some pre-conceived plan on their part: but considered in conjunction with such other incidents there is not, in the Council's opinion, the least doubt that their action was promoted solely by fear of attack by Japanese, not on them as a body but rather on them individually, as had in fact been the case during the days preceding the night of July 19. In this connexion it must be borne in mind that the evidence shows that there were a number of armed Japanese amongst the crowds, which were prominent during the disturbances.

As to the second point—the question of compensation—the Council has expressed its intention of recommending to the Ratepayers at the forthcoming Annual Meeting that reasonable compensation be paid to those who suffered in the course of the disturbances purely as an act of grace and not in admission of any liability: it cannot accept your statement that it is undoubtedly responsible according to all known precedents, nor does it ignore the fact that the constables who were concerned in the events of July 19 were in uniform and in possession of arms.

As to the third point—the funeral expenses of the Japanese Constable, who, it is regretted, lost his life during the disturbances,—the Council does not consider that there were any such circumstances as warranted or gave cause for more expensive obsequies than are customary, e.g., in the case of a constable who is killed by armed robbers whilst in the execution of his duty.

The Council concurs that there is no evidence that Chinese civilians took any active part in the disturbances, though a section of the Japanese civilian community unquestionably did so.

In conclusion I have the honour to express appreciation of your expression of regret and sympathy for those who have suffered by reason of the disturbances and to give expression to the hope that nothing of a like nature may again occur to disturb the peace of the Settlement and the friendly character of the relations which exist between the Council and yourself.

I have the honour to be,

Sir,

Your obedient servant,

E. C. PEARCE,

*Chairman.*

**Special Constables.**

The resignation of Mr. R. H. R. Wade, Deputy Assistant Superintendent of Police (Specials), has been accepted in terms of the following letter:—

Council Room,

Shanghai, February 6, 1919.

SIR,—I am directed to inform you that your resignation as Deputy Assistant Superintendent of Police (Specials), from February 16, due to your approaching departure from Shanghai, has been communicated to the Council and accepted with regret.

In respect thereto, I am directed to express the members' deep appreciation of the very great assistance you have rendered to Mr. A. L. Anderson, Assistant Superintendent, since the inception of this Branch of the Force, by loyal performance of the duties assigned to you and by tactful suggestion, which the Council understands, has been ever available despite your prolonged ill-health.

I am, Sir,

Your obedient servant,

N. O. LIDDELL,

*Acting Secretary.*

**Road Extensions and Widenings.**

*Nanking Road.*—The claim of Messrs. Atkinson & Dallas, Ld., has been accepted for the surrender of the scheduled area of Lot 29 on the basis of compensation at the assessed value Tls. 70,000 per mow plus 10 per cent. for compulsory surrender and less one-third for betterment on that portion of the scheduled area necessary to widen the road to 40-ft. and without deduction in respect of the remainder of the scheduled area—the sum payable for Mow 0.186 on these terms is Tls. 12,064.

*Kiangse Road.*—The claim of Messrs. Algar & Co., Ld. has been accepted for the area required for this road from Lot 124 at the rate of Tls. 35,151 per mow plus 10 per cent. for compulsory surrender and less one-third for betterment, or Tls. 1,134 for Mow 0.044.

*Yuyuen Road.*—The owners of the following properties have consented to surrender without compensation the areas of their lots required to widen this road to 50-ft. It is hoped that other owners will consent to do likewise without delay so that arrangements may be put in hand for carrying out the widening throughout the whole length of this road:

**Parks and Open Spaces.**

*Wayside Park.*—A request has been made on behalf of the players of lawn bowls in the Yangtszepoo district that arrangements be made for the playing of lawn bowls in this park. The Council after giving consideration to this request, and in the view that bowling greens in this park will be popular and well patronized, has authorized provision therefor in the budget for the current year of Tls. 2,140. The most suitable part of the ground would appear to be between the sunk gardens and the lily pond but owing to the position of the central path there is insufficient room for a full sized green and it will be necessary, therefore, to construct two greens, each of which can be played one way only.

**Annual Contracts.**

*Wheeling Contract.*—The Engineer reports that the present contractor has proved unsatisfactory and upon his recommendation the contract has accordingly been cancelled and the security of Tls. 500 has been forfeited. The services of Hsu Quain-kee have been utilized for the past few days and have proved satisfactory and the Engineer's recommendation has, therefore, been approved to accept his tender for the remainder of the current year at the rate of Tls. 0.76 per fong per mile.

**Electricity Department.**

*Extension Scheme.* — The programme of generating plant extensions recommended in the subjoined report by the Engineer-in-Chief and Manager and approved by the Electricity Committee, has been endorsed by the Council and a second 18,000 Kilowatt turbo-generator and condenser have been ordered from the General Electric Company of New York:—

Shanghai, December 6, 1918.

PART I.

In my report to the Committee which I presented last year, and which led to the ordering of the 18,000 kilowatt turbo-generator and other plant now on order in the United States, I outlined the general proposal indicating that the 18,000 kilowatt machine would be erected in the original (1913) portion of the Riverside power house. The machine was to be placed in the position now occupied by the two A.E.G. 2,000 K.W. machines. At the time this report was made it was anticipated that both the 10,000 K.W. Parsons and the 5,000 K.W. Fraser and Chalmers' machines would have been delivered, erected and put into commission long enough before the arrival of the 18,000 K.W. machine to allow the removal of the A.E.G. sets and their old foundations, so that whilst these changes were taking place there would be sufficient plant in the stations to meet all the demands.

Since that report was written many things have happened and the position has materially changed. The non-delivery of the Parsons' set makes it inadvisable to scrap the two 2,000 K.W. A.E.G. machines for the present. The electrical generators of these two machines, as the Committee is aware, have broken down to such an extent that the repairs cannot be undertaken by the Department, as we have not the appliances or material for reconstructing them. It is hoped that it will be possible for these two generators to be reconstructed in Japan, and if this reconstruction is completed during next year it will be advisable to retain the machines as stand-bys and for meeting peak loads. In these circumstances it is not now considered advisable to instal the 18,000 K.W. machine in the space originally allotted.

The proposals which I now have to make are as follows:—

1.—The reconstruction of the generators of Machines Nos. 1 and 2, and their retention for a few years on their existing foundations in the 1913 section of the power house.

2.—The erection of the two 2,000 K.W. Willans turbines outside the West end of the 1913 boiler house in a temporary building.

3.—The 18,000 K.W. machine to be installed in a new extension of the turbine room, that is, at the North end of the 1916 section. This extension would form the nucleus of an entirely new addition to the power house.

In this section would be installed the 18,000 K.W. General Electric machine now on order and another machine of the same size which I propose recommending the Committee to order as early as possible. These two machines together would form an extension of 36,000 kilowatts.

In addition to these machines it will, of course, be advisable to order the necessary boilers, pumping plant, auxiliaries, switchgear and additional underground high pressure cables, but in the meantime it is considered advisable to order the second 18,000 K.W. machine as soon as authority can be obtained for so doing. It may not be necessary to order the boilers at the same time, or at least not the whole of the boilers which will ultimately be required for the new boiler house, which must be designed to contain boilers sufficient to provide a complete boiler house unit for 36,000 kilowatts. It is reasonable to expect that the boilers could be obtained sooner than the turbo-generator.

With regard to the extension building, I should recommend the extension to be carried out in conformity with the rest of the power station building, i.e., of steel, but under the present conditions it may not be possible to obtain the steel at a reasonable price in such time as to be available when the 18,000 K.W. machine now on order is delivered. In such circumstances the building extension might have to be carried out in re-inforced concrete.

I have drawn up a table showing the estimated load increases up to and including 1924, and also the proposed method of dealing with these demands. I think, if anything, the estimated loads are perhaps conservative, but they follow closely the increases of the last few years. I would, however, remind the Committee, that as the undertaking increases in size so are the yearly increases of load likely to be on a much greater scale.

With the installation of the second 18,000 K.W. machine, which it is proposed should be ordered without delay, the present limit of the site would be reached. The next step would be to remove all the A.E.G. turbine plant, amounting to 14,000 K.W., and in the space released to instal another 18,000 K. W. unit, retaining the 1913 boiler plant for supplying it with steam. Then may come the time to erect a second power station on the recently acquired adjacent property, complete with turbine, boiler, transformer,

Digitized by Google Original from CORNELL UNIVERSITY

switchgear and coal handling plant, etc. The size of turbines which would be first installed in the second power house would depend upon the development of the undertaking and the demand for electricity in and around Shanghai.

I have carried this scheme up to 1924 because it would seem better that the Committee and the Council should have an idea of what extensions may have to be provided to meet the increased business of the undertaking, and, furthermore, if the general scheme is adopted it will enable the Department to plan ahead with more certainty and comprehension. What should be aimed at is a programme which definitely places on record the minimum requirements which have to be met, and one which should as far as possible eliminate extensions carried out on the principle of meeting our requirements by emergency measures. In the past it has been found that the demands have overtaken the various extension programmes, and the Department has really never caught up to the position of being able to operate with a safe margin. The larger the undertaking becomes the more important is it that no risks should be taken because of the heavy responsibility which now, and more so in the future, has to be met in respect of obligations to consumers.

It will be seen from the foregoing remarks that the ultimate demands for electricity supply in Shanghai and its neighbourhood cannot be foreseen. It may, however, be seen with a very reasonable degree of accuracy what has to be met within the next five years. My personal opinion, which is also shared by the executive technical staff of the Department, is that these extensions which I have outlined do not by any means cover the ultimate possibilities of Shanghai's electrical requirements, therefore, whilst these proposals might seem to embody very large extensions indeed, they should not be looked upon as approaching the ultimate capacity of the undertaking. They should, on the other hand, indicate how very much greater will be the expansion in the not very distant future.

The figures given in this report set out in detail the estimated increase of demand up to 1924, together with the suggested sizes of plant units to meet this.

PART II.

The Committee having approved in principle the recommendations contained in my Report Part I, prices for an 18,000 K.W. turbo generator and condenser were obtained by cable through Messrs. Preece, Cardew, Snell & Rider in London, and the General Electric Company was asked to submit a tender for an exact duplicate of the machine now being built by them. The lowest price quoted through London was £92,000, whilst the offer of the General Electric Company was G$441,269. Neither of these prices include the electrically driven circulating water pump required for supplying the condenser with circulating water. The price quoted by the General Electric Company for this particular section of the plant is G.$21,800. A price for this particular pump has not been obtained through London, but it may be assumed that it would be practically the same as the figure quoted by the General Electric Company. It will be seen that the quotations from London and New York are practically the same and, therefore, on the question of price there is nothing in favour of one over the other offer. The quotation from London merely gives the price, there are no details concerning steam consumption nor the size of the condenser, amount of circulating water required or any technical information. This information was not asked for in the first place because it was merely desired to get comparative prices; since, however, these prices are so close I recommend the Committee to accept the General Electric Company's offer. The point which has to be particularly considered is the urgency of getting new plant so that the Department will not have to go through another period such as it has experienced during the past twelve months and may have to experience for the next year. If the tender from London were considered its acceptance could not be made for some months, because it would be inadvisable to place a contract for such a large unit without having all the technical information at hand. Neither this nor drawings showing the arrangement of the plant could be received for some few months, during which time nothing could be done towards extending the Riverside Power Station to accommodate the new plant. On the other hand, if the General Electric Company's offer is accepted, it is only necessary to send a telegram to the Company to duplicate the plant already on order.

If the Committee agree with me that as a matter of expediency it is wiser to place another contract with the General Electric Company for an exact duplicate machine and equipment, there is nothing to prevent the Department at once getting out plans for the new building, which would enable the Public Works Department to arrange a contract for the concrete foundations. The drawings of the 18,000 kilowatt plant now under construction are here in Shanghai, and the foundation drawings for the machine are also here, therefore the complete scheme can be immediately put in hand because the exact positions which the two machines would occupy can be definitely determined. The weights which the concrete raft would have to support are likewise known, and there is nothing to prevent the complete lay-out of the extension to be put in hand as soon as the drawings are ready.

An additional reason in favour of having a duplicate set is that of interchangeability. Although the disastrous defects which developed in the A.E.G. plant may not be expected with the General Electric machines, yet from experience of other undertakings all over the world we know that defects in machines do develop, and whilst a recurrence of the late disasters is not likely, it seems advisable that if it is possible by duplicating machinery to minimise such a risk, then full justification may be claimed for the adaptation of such a scheme. It will be recalled that when the two 5,000 K.W. A.E.G. machines broke down it was possible by transferring part of one machine to another one to restore 5,000 kilowatts in a comparatively short time. Had the two machines been of different make and design that would not have been possible.

Even without anticipating serious trouble with these machines, the advantages of duplication would be felt at such times when either of the machines was being dismantled for the annual overhaul which it rightly ought to have. It is conceivable that during this period the auxiliary plant or some other minor part of the machine in use might give temporary trouble. In such an instance the auxiliaries of the machine which were being overhauled could within a very short time be used for the other machine, and so prevent both machines, aggregating 36,000 kilowatts, being out of commission for more than a short period.

Summarised, the advantages of duplicating the General Electric machine are in the order of importance (1) valuable saving of time in constructing the power house extension and carrying out a complete extension scheme immediately and (2) interchangeability of parts.

To my mind the advantage of (1) being able to immediately carry out the power house extensions forms an argument in favour of placing the contract as recommended. It is reasonable to assume that if the General Electric plant is ordered it will be in commission at least six months earlier than if the order is placed in London, owing to the unavoidable delay which would necessarily arise before all the various details could be settled between this office and London. The quicker delivery of the machine would place this undertaking in a position to meet the requirements of the public service with a safer margin of reserve plant at an earlier date. There would also be a gain in operating conditions, because for every month this new machine is on load there should be a corresponding saving in the coal consumption beyond that obtainable with the plant recently installed under the 1916 Extension scheme. I have given this matter very close attention, in conference with the senior members of the technical staff, and from the point of view of expediency and the safeguarding of the Department's interests, I feel it my duty to recommend acceptance of the General Electric Company's offer. If the Committee approves my suggestion, it would probably enable us to scrap the 14,000 kilowatts of A.E.G. plant in 1920 or 1921, and give time to clear out their old foundations and prepare for the installation of another 18 000 kilowatt set in the space so released in the 1913 part of the Riverside power house. It would, furthermore, make it possible to postpone the erection of the second power house on the new property until a later date, and generally, I think, would be more economically sound in the long run.

PART III.

This section of the Report is intended to show as nearly as possible the generating plant, switchgear, transformers and cables which should be ordered to provide adequate means of meeting the demands for electricity during the period 1919-21. The plant recently ordered in the United States is not included as provision has already been made for it. Neither is the multifarious material and equipment which is constantly being purchased for the distribution of electricity included. The Report deals only with those specific items which are major extensions such as turbine, generator and condensing plant; boilers and boiler house equipment; power house switchgear and transformers; large substation switchgear and transformers; and underground trunk cables; and also power house buildings. The estimated cost of the various items enumerated is necessarily approximate; it is based upon the cost of recently ordered plant. Exchange is taken at Tls. 1=4/-.

Schedule of principal items and date of ordering same.

1919.

(1) One 18,000 K.W. turbo-alternator, condenser and electrically driven circulating pump.

(2) 6,600 volt switchgear for H.T. feeders and power house transformers. (This switchgear to replace the existing 6,600 volt switchgear which will be transferred to Tonquin Road Sub-station.)

(3) Steelwork for turbine room but not including boiler house.

(4) Four boilers (approx. 80,000-lbs. evaporation each) two steel chimneys, four fans.

(5) Steam pipework, valves, feed pumps and feed piping for four boilers.

(6) Power house transformers at Riverside.

(7) 22,000 volt switchgear for control of 18,000 K.W. generator, power house transformers, and three trunk feeders.

(8) Underground trunk cables Riverside and Fearon Road.

(9) Circulating water pipework for 18,000 K.W. turbine condenser.

(10) Steelwork for boiler house, including coal bunkers.

(11) Coal handling plant Riverside.

(12) Two 22,000 volt trunk cables to be laid from Fearon Road to Tonquin Road sub-station.

(13) Fearon Road 22,000 volt switchgear for Tonquin Road two trunk feeders.
Fearon Road 22,000 volt switchgear for Riverside three trunk feeders.

(14) Tonquin Road sub-station 22,000/6,300 volt transformers.

1920.

(15) Four boilers (approx. 80,000-lbs. evaporation each), two steel chimneys, four fans.

(16) Steam pipework, valves, feed pumps and feed piping for four boilers.

The dates given for the time of ordering are chosen, as far as possible, to avoid placing contracts earlier than necessary, and having in view the probable time required for manufacture and delivery.

The estimated cost of the above is Tls. 2,195,000.

**Engineer's Report for January.**

The carrying out of works has again been delayed on account of the weather, frost or rain having prevailed on the majority of the days.

A slight fall of snow occurred on Tuesday, the 21st, but beyond taking steps for sanding the wood-paved roads and bridge approaches which became very slippery towards night, no special action by the Department was necessary.

*Roads.*—Bubbling Well Road is being widened between Hardoon Road and Hart Road to its scheduled width of 70-ft.

West Soochow Road is being made up for its full width east of Tonquin Road adjoining the recently constructed bunding.

Lay Road is being made up for its full width from Yangtszepoo Road to the River front.

Chemulpo Road is being raised north of Yangtszepoo with mud obtained from the Waterworks Company.

An ash track is being laid in Pingyang Road from Pingliang Road to Yangtszepoo Road.

The footpaths are being made up to their proper width and kerb and channel laid in Weihaiwei Road from Mohawk Road to Yates Road.

*Bridges.*—Extensive repairs are being carried out to the Hanbury Road Bridge.

*Bundings.*—The construction of the bunding by contract in West Soochow Road east of Tonquin Road and fronting Cadastral Lots 4640 and 4628 has been completed.

Two short lengths of timber bunding are being constructed in Brenan Road adjoining the Soochow Creek, where recent subsidences have occurred.

Extensive repairs are being carried out to the timber bundings of the Hongkew Creek along both Fearon Road and Dixwell Road.

*Central Offices.*—The Consulting Heating Engineer in London has been authorized to place the order with the manufacturers for the bulk of the material required in the heating plant.

*Isolation Hospital — Discharge Block.*—The work has been somewhat retarded by weather conditions. A great deal of the joinery work has been prepared and the concrete floors to first floor verandah and bathroom have been laid. The brickwork has been built up to the level of the first floor windows, which have been fixed in position.

*Public School for Chinese.*—Various minor alterations are in progress in the Annex, involving removal of partitions, etc., and enclosing the verandah on the first floor. Half the upper floor is being fitted up as a laboratory.

*Riverside Power Station.*—All of the centering under the new Coal Conveyor has now been removed, and the railing on the platform put in place. Work has been commenced on the foundations for the Willans Turbines, but very little has been done on this or on the leanto adjoining the Boiler House owing to the unsatisfactory weather conditions.

*Fearon Road Power Station.*—The construction of switch and transformer cubicles is in progress at the east end of the Boiler House.

*Pingchiao Quarry.*—2,908.50 fong of material was despatched to the Public Works Department during the month.

*Cleansing and Watering.*

Road sweepings collected 8,222 cartloads
Used for raising land 727 „
Water used for street watering 1,100,600 gallons

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,312 |
| Foremen | 210 |
| Mafoos | 159 |
| Artisans | 278 |

*Concreteware.*—The following has been produced during the month:—

| | |
|---|---|
| Hand made | 824 pieces |

*Work Shelters.*—There were 20 admissions during the month and 55 cubic feet of stone were broken.

Vol. XII. SHANGHAI, SATURDAY, MARCH 8, 1919. No. 619

## MUNICIPAL NOTIFICATION

**No. 2574.**

**REPATRIATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**

**WHEREAS** since the declaration of war by the Republic of China on the Empires of Germany and Austria-Hungary, the Subjects of the said former Empires (hereinafter called "Enemy Subjects") have been suffered to remain within the confines of the said Republic, under permits issued, within the limits of the Foreign Settlement of Shanghai, by the Municipal Council. **And Whereas** by Mandate issued on the twenty-eighth day of January, 1919, bearing the seal of the President of the said Republic the repatriation of Enemy Subjects is duly ordered. **And Whereas** by Proclamation issued on the eleventh day of February, 1919, bearing the seal of the Commissioner of Defence for Sungkiang and Shanghai certain regulations are prescribed for giving effect to the said Mandate. **And Whereas** the said Proclamation has been countersigned by the Senior Consul and by him transmitted to the Municipal Council with the request that the same be posted within the said Settlement. **And Whereas** the said request and a translation of the Proclamation are set forth at length in the Municipal Gazette published on the thirteenth day of February, 1919. **And Whereas** the Head Office for the Repatriation of Enemy Subjects referred to in the said Proclamation has been established at No. 121 Bubbling Well Road within the limits of the said Settlement with the assent of the Municipal Council as a measure of co-operation with the Chinese Government and for general convenience. **And Whereas** the said Proclamation has been countersigned and sealed by the Municipal Council and duly posted and for the peace and good order of the said Settlement certain instructions giving effect thereto have been duly communicated to Enemy Subjects resident within the limits of the said Settlement.

**Now therefore be it known** and let all such Enemy Subjects take note that the said instructions must be strictly obeyed. **Be it also known** and let all such Enemy Subjects who may fail for any reason to receive a copy of the said instructions or who may desire to make any enquiries in regard thereto or to claim exemption from repatriation under the provisions contained in the said Proclamation take note that they must make application forthwith at the Head Office for the Repatriation of Enemy Subjects above referred to. **Be it further known** and let all such Enemy Subjects take note and observe that failure to comply with the said instructions and with such further instructions and regulations as may be issued hereafter from time to time to give effect to the said Proclamation will render the delinquents liable to prosecution.

By order,
N. O. LIDDELL,
*Acting Secretary*

Council Room,
Shanghai, February 13, 1919.

## MUNICIPAL NOTIFICATION

**No. 2571.**

**REGISTRATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**

**(Amendment of Permit Conditions).**

NOTICE is hereby given that Conditions 2 and 3 of the permits issued to German and Austro-Hungarian subjects, in pursuance of the provisions of Municipal Notification No. 2466, have been amended to read as follows:—

*2.—Commencing on Thursday, February 13, 1919, the holder (if a male) is required to present himself in person daily, between the hours of 9 a.m. and 3 p.m. at the Police Station of his district in order to have his permit checked by the Police.*

*3.—On and after Thursday, February 13, the holder will not be permitted to change his or her address.*

On and after Thursday, February 13, all German and Austro-Hungarian male subjects of 16 years of age and upwards are, therefore, required to report to the Police daily, instead of twice weekly as at present, and this Condition and the other Conditions of the Permit must be strictly observed.

**General Hospital.**

*Finance.*—In accordance with the terms of the appended correspondence with the Governors of the General Hospital and the French Council, the Council has decided to recommend to the Ratepayers, at the forthcoming Annual Meeting, the assumption of responsibility for the deficit on the Hospital Working Account:—

Shanghai, April 12, 1918.

SIR,—Regarding the matter of interest on overdraft with the Hongkong & Shanghai Banking Corporation as guaranteed by the Councils, I am directed by the Governors to inform you that commencing from January 1, 1918, it has been arranged that the total interest payable will be charged by the Bank to the Hospital account direct and that the same will be collected quarterly in due proportion from

the Councils by the Hospital. It is considered that this arrangement will best meet the convenience of all concerned.

I am, Sir,
Your obedient servant,
A. H. MANCELL,
*Secretary,*
*Shanghai General Hospital.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

---

Shanghai, April 13, 1918.

SIR,—I am directed by the Governors to request you to be good enough to forward me cheques in payment of the interest on the Hospital Bank account overdraft as follows:—

Tls. 4,474.74 for the quarter ending December 31, 1917.

Tls. 4,307.45 for the quarter ending March 31, 1918.

I am, Sir,
Your obedient servant,
A. H. MANCELL,
*Secretary,*
*Shanghai General Hospital.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

---

Council Room,
Shanghai, April 26, 1918.

SIR,—I am directed to inform you that the Council assents to the arrangement referred to in your letter of April 12 whereby its contributions of interest under its guarantee of a portion of the Hospital overdraft will for the future be collected by you instead of as heretofore by the Bank. Will you kindly note that the quarterly request therefor to the Municipal Treasurer should be accompanied by a detailed statement showing how such contributions are calculated.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

A. H. MANCELL, Esq.,
Secretary, Shanghai General Hospital.

---

Council Room,
Shanghai, April 26, 1918.

SIR,—I am directed to acknowledge the receipt of your letter of April 13 requesting payment of the Council's contributions in respect of interest on the Hospital overdraft for the past two quarters.

In reply I am directed to enquire whether the contributions include interest on the working account overdraft as well as on the building account overdraft and to point out that the Council's guarantee only applies to the latter, its responsibility in regard to the former being limited to Tls. 3,500 the authorized grant-in-aid towards the expenses of treating indigent patients. I am also to enquire whether the rents derivable from a portion of the Hospital property have been applied in relief of the interest on the building account overdraft in accordance with the arrangement reached in 1912 when the guarantee of the building account overdraft was extended to include an amount of Tls. 90,000 which was then advanced by the Bank to enable extension of the Hospital site.

It is noted that a portion of the George Ford estate, represented by sixty shares of the Hongkong and Shanghai Banking Corporation has not yet been realized. It is assumed that pending realization the interest on these shares will be credited in reduction of the interest on the building account overdraft and not in reduction of the capital amount of this overdraft.

I am to request that you will kindly give the above matters your early consideration so that the amount of the Council's contribution may be agreed and paid without delay.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

A. H. MANCELL, Esq.,
Secretary, Shanghai General Hospital.

---

Shanghai, May 21, 1918.

SIR,—I am directed to acknowledge receipt of your letter of April 26 and in reply to inform you as follows:—

For convenience sake your enquiries are dealt with by number.

1.—"Do the Council's contributions include interest on the working account overdraft."

The answer is that on April 17, 1917 an amount of Tls. 34,970.11 being overdraft in the Hospital current account with the Bank, was transferred to the debit of the Hospital general overdraft account with the Bank, thus a proportion of the interest on Tls. 34,970.11 is included in the interest charged to the Council since April 17, 1917. The Municipal Treasurer was informed of this at an interview which I had with him

2.—"Have the rents derivable from a portion of the Hospital property been applied in relief of the interest on the building account overdraft in accordance with the arrangement reached in 1912."

The answer is that up to June, 30, 1917, the rents were so applied. Since that date the rents have not been so applied, the reason being that the Council's acceptance of the financial scheme, details of which were set forth in my letter to you of March 6, 1917, nullified the previous arrangement. The financial scheme included no reference to the rents received by the Hospital and the amount of Tls. 90,000, interest on which was to be met by the rents, was specifically merged into the Council's guarantee. In connexion with this matter it will be of interest to note that the lease from which the rentals are derived will expire on May 31, 1918, and the demolition of the houses on the property in accordance with the Hospital reconstruction scheme will then be taken into consideration by the Governors.

3.—*George Ford Estate. 60 Shares of the Hongkong & Shanghai Bank.* The value of these shares standing in the Hospital Books is Tls. 24,000 which if realized would at 7 per cent. relieve the Bank overdraft account of Tls. 1,680 per annum. This is almost identical with the yearly return likely to be received from dividend and bonus on the shares. Pending realization it was not the intention of the Governors to utilize the interest on these shares in reduction of the interest on overdraft but in reduction of the capital amount of overdraft and this has been done.

I am, Sir,
Your obedient servant,
A. H. MANCELL,
*Secretary,*
*Shanghai General Hospital.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

Council Room,
Shanghai, June 10, 1918.

SIR,—I am directed to acknowledge the receipt of your letter of May 21, further in reference to your request for payment by the Council of a proportion of the interest due on the Hospital bank overdraft for the quarters ending December 31, 1917, and March 31, 1918, and in reply to make the following observations:—

1. The Governors have no authority to transfer the overdraft on the Hospital current account to the overdraft guaranteed by the Council nor has the Council any authority to accept responsibility therefor.

2. It is incorrect to state that the Council's acceptance of the financial scheme set forth in your letter of March 6, 1917, nullifies the arrangement in regard to rents: to this extent, therefore, the interest payable by the Council under its guarantee should be relieved. If on May 31 at expiry of the lease, to which reference is made, the demolition of the houses is decided on, then the arrangement in regard to rents will at least be suspended.

3. In the Council's opinion the interest on the 60 Hongkong & Shanghai Bank shares should be utilized in reduction of the interest on and not in reduction of the capital amount of the building scheme overdraft.

Subject to the necessary rectification accordingly of the interest account, which kindly arrange direct with the Treasurer, the interest due under the Council's guarantee will, I am directed to state, be paid forthwith.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

Shanghai, July 1, 1918.

SIR,—I am directed to acknowledge receipt of your letter of June 10 and in reply to inform you as follows:

Par. 1. The Governors accept the Council's views on the subject of the transfer of the Hospital current account overdraft. This acceptance raises the important question as to what body will be ultimately responsible for the annual deficit in the Hospital finances, which for convenience sake I have dealt with in a separate letter.

Par. 2. The Governors are unable to modify their views on the question of rents as expressed in my letter to the Council of May 21. These views receive additional support from the estimate of Hospital financial working which was forwarded to the Council, on October 17, 1916, in which the item of Tls. 5,000 rent on Chinese shops is earmarked to go against the working expenses of the Hospital.

Par. 3. The Governors are agreeable to the Council's view that the interest on 60 Hongkong & Shanghai Bank shares should be utilized in reduction of the interest on and not in reduction of the capital amount of the building scheme overdraft

As requested I will accordingly arrange direct with the Municipal Treasurer the necessary rectification of the interest account

Shanghai, July 1, 1918.

SIR,—In further reference to Paragraph 1 of your letter of June 10 I am directed to inform you as follows:

The acceptance by the Governors of the Council's view "that the Governors have no authority to transfer the overdraft on the Hospital current account to the overdraft guaranteed by the Council nor has the Council any authority to accept responsibility therefor" at once raises the important question as to what body will be ultimately responsible for the annual deficit shown by the Hospital finances.

The Governors firmly hold the opinion that the present uncertainty on the question should be definitely terminated at as early a date as possible and to effect this they submit to the Council the following proposals:—

That, in addition to its guarantee of interest on Building account overdraft with the Hongkong Bank, the Council will, subject to confirmation by the Ratepayers at their next Meeting, accept forthwith:—

First: liability for the sum of Tls. 46,299 being overdraft in Bank No. 2 Account at June 30, 1918;

and secondly: the liability for any future annual deficit that may arise in the Hospital finances as and from July 1, 1918.

Such deficit to be the amount stated in the Hospital balance sheet published in March of each year and duly certified to by the Hospital auditors. The amount of deficit so ascertained to be reimbursed by the Council annually to the Hospital.

The Governors consider that this is a reasonable proposal embodying as it does only the principle that the financial loss of working a public institution like the General Hospital should be borne out of the public rates.

In support of the proposal, the views of the Chairman of the Council when addressing the Annual Meeting of Ratepayers held in March 1912, and apparently approved by the Ratepayers, may be recalled with advantage. Speaking of the "important question of Hospital accommodation" he said: "We look upon the Shanghai General Hospital, in fact if not in name, as an institution of the same public importance as that of any of our purely Municipal undertakings."

To allay any misgivings that might arise in assuming responsibility for the annual Hospital deficit, the figures for the past five years are stated below:

For the year ending December 31, 1913, Tls. 3,743.02.
For the year ending December 31, 1914, Tls. 12,559.41.
For the year ending December 31, 1915, Tls. 18,276.66.
For the year ending December 31, 1916, Tls. 16,274.56.
For the year ending December 31, 1917, Tls. 4,477.14.

Showing an average annual amount of Tls. 11,066.

It is estimated that for the next five years the maximum amount of deficit will not exceed Tls. 31,000 per annum.

The Governors submit their views, as set forth above, to the consideration of the Council with confidence, believing that the carrying of the same into effect will definitely place the financial position of the General Hospital on a sound and stable basis, and as being therefore in the public interests of the Shanghai community, ensuring that modern accommodation and efficient arrangements for the treatment of its sick members will be permanently available.

SIR,—I am directed to acknowledge the receipt of your letter of July 1 accepting the Council's views contained in paragraphs 1 and 3 of the Council's letter to you of June 10 but expressing dissent with that contained in paragraph 2.

In reply I am directed to reiterate the Council's views contained in the said paragraph and to affirm that the rents therein referred to should not be applied towards the expenses of the Hospital Working Account but in reduction of the Council's guarantee.

Shanghai, November 5, 1918.

SIR,—In reply to your letter of July 1 on the subject of the ultimate responsibility for the deficit on the Hospital Working Account you set out figures for the past five years showing an annual deficit of Tls. 11,066 and you stated that it was estimated that the maximum amount of deficit for the next five years would not exceed Tls. 31,000 per annum.

As the Council is taking up this question of responsibility for the deficit on the Working Account with the French Municipal Council I shall be glad if you can kindly give me the detailed figures above referred to corrected and revised so as to accord with the Hospital accounts as they will stand when effect is given to the observations contained in the Council's letter of June 10 in reply to your letter of May 21 with

Shanghai, November 27, 1918.

SIR,—In reply to your letter of November 5, after revision in accordance with the Council's letter of June 10 last, the figures for the past five years of the annual deficit shown by the Hospital finances are as below. It will be noticed that the revision affects only the amount for 1917:

For the year ending December 31, 1913, Tls. 3,743.02.
For the year ending December 31, 1914, Tls. 12,559.41.
For the year ending December 31, 1915, Tls. 18,276.66.
For the year ending December 31, 1916, Tls. 16,274.56
For the year ending December 31, 1917, Tls. 8,722 00.

For the further information of the Council it may be stated that the estimated Hospital deficit for the year 1918 is Tls. 36,500.

SIR,—I am directed to thank you for your letter of November 27 giving me the information requested in my letter to you of November 5 in regard to the General Hospital's deficit on Working Account.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

A. H. MANCELL, Esq.,
Secretary, Shanghai General Hospital.

---

Council Room,
Shanghai, November 29, 1918.

SIR,—I am directed to inform you that the Council has been addressed recently by the Governors of the General Hospital on the subject of the ultimate responsibility for the deficit on the Hospital Working Account present and future.

As you will recollect the Council agreed in 1917 to increase its guarantee of the Hospital Building Account overdraft with the Hongkong and Shanghai Bank to such sum, not exceeding a total of Tls. 520,000, with interest at 6 per cent. (since raised to 7 per cent.) per annum, as might be required to carry out the Hospital extension scheme, the French Council agreeing at the same time to accept responsibility on similar terms for a sum of Tls. 166,666. The Council and the French Council also make annual grants-in-aid of Tls. 3,500 and Tls. 1,750 respectively towards the expenses of treating indigent patients, but apart therefrom neither has ever accepted any responsibility in respect of the Hospital Working Account. After due consideration, however, the Council has reached the view that responsibility for the deficit on this account should rightly be borne by the Council and the French Council in the proportions that have been customary in the past, two-thirds and one-third respectively.

As, however, the assumption of this further financial responsibility will in effect involve acceptance of entire responsibility for the finance of the Hospital the Council is of the opinion that its acceptance should be conditional on some greater measure of financial control by the two Councils than at present exists. This end might I am to suggest be achieved by the separation of the Hospital House and Finance Committee into two separate committees, the latter to consist of the French Council's representative on the Board of Governors and two members of Council. This arrangement can be carried out without modification of the Hospital Trust Deed, and so far as can be ascertained without formal enquiry it will be acceptable to the Governors. I am accordingly directed to enquire whether with this suggested measure of financial control in operation the French Council will be willing to assume responsibility for one-third of the existing deficit on the Hospital Working Account and one-third of any future annual deficit, the Council recommending the Ratepayers at the next Annual Meeting to sanction acceptance of responsibility for the remaining two-thirds.

In making this enquiry I am directed to state that the Council is informed that the deficit on June 30, 1918, amounted to approximately Tls. 50,000 that the average annual deficit for the past five years was Tls. 12,315, and that the estimated annual deficit for 1918 and the next five years will not exceed Tls. 36,500.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

The SECRETARY,
French Municipal Council.

---

Shanghai, November 30, 1918.

SIR,—In reference to the matter of transferring certain amounts from the Hospital Bank Building Account to Hospital Bank Working Account which the Council wishes to be done and concerning which I saw you on November 26, I am directed to inform you as follows:

I informed the Bank that the Hospital Governors requested an overdraft in the Hospital No. 2 or Working Account up to an amount of say Tls. 75,000 this to hold good until after the next Ratepayers' Meeting has been held or say to May 31, 1919. The proposed overdraft would be made up by the transfer of approximately Tls. 51,000 from the Hospital No. 1 account and the balance by such sums as may be required for the Hospital Working account up to May 31, next. That so far as could be ascertained the Council is favourably considering their recommendation at the next Ratepayers' Meeting that past and future annual deficits in the Hospital finances should be taken over and guaranteed by the Council.

The Bank's reply is that the request constitutes an application for an unguaranteed overdraft which they would not consider. That the overdraft would be granted subject to the Council writing to the Bank stating its intention to recommend to the Ratepayers at the next annual Meeting that the overdraft should be taken over and guaranteed by the Council, and subject to a personal guarantee jointly and severally by the Hospital Governors of the proposed overdraft.

The Governors understand that the Council has addressed the French Council inviting it to share in the responsibility for the annual Hospital Deficits, and that the Council postpones further action in the matters stated above until an answer has been received from the French Council.

I am, Sir,
Your obedient servant,
A. H. MANCELL,
*Secretary,*
*Shanghai General Hospital.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

Shanghai, December 7, 1918.

SIR,—Supplementary to my letter to you of November 30, I am directed to inform you that the Hospital Governors are not prepared to furnish any guarantee to the Bank for Hospital Bank Overdrafts other than the land and buildings security already in the Bank's possession, and also that the Governors are unable to do anything further in the matter than await its settlement by the Council dealing directly with the Bank.

*Translation of letter from the French Municipal Council dated December 27, 1918.*

SIR,—I have the honour to acknowledge the receipt of your letters of November 29 and December 21 on the subject of the financial position of the Shanghai General Hospital.

In reply I am directed to inform you that the French Council can only confirm the terms of its letter of October 16 on this subject addressed to the Secretary of the Hospital. It is of the opinion that to produce the result that the Governors of the Hospital have in view such a general reorganisation would be necessary, that the Municipal Administration of the French Settlement could not participate.

Under these circumstances the French Council regrets its inability to increase the total of its grant, holding the view, moreover, that this is amply sufficient for the services that the French Council derives from the Shanghai General Hospital.

Shanghai, January 27, 1919.

SIR,—I am directed to refer to your letter of July 1, 1918, in which the question of the ultimate responsibility for the deficit on the Hospital Working Account was treated at length and to state that after giving the matter its very careful consideration the Council has decided to recommend to the ratepayers that the responsibility on this account be assumed by the Community subject to the proviso that the newly formed Hospital Finance Committee shall consist of two members of Council and one other member and that the responsibility assumed in regard to future deficits shall extend only to such expenditure as shall be recommended by that Committee.

I shall be glad if you will kindly inform me whether the Governors of the Hospital accept these conditions so that the requisite provision for the deficit at the end of the past year and for the estimated deficit for this year may be included in the Budget to be presented at the forthcoming Meeting of Ratepayers.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

Shanghai, February 19, 1919.

SIR,—I am directed to acknowledge receipt of your letter of January 27 and to state that the Governors have noted with satisfaction the Council's decision to recommend to the ratepayers that the responsibility for the Hospital deficit be assumed by the Community.

The Governors accept the Council's proviso concerning the Hospital Finance Committee subject to the conditions stated being in accordance with the Hospital Trust Deed.

To give effect to this proviso the Governors have further amended the Hospital Rule 2, page 29, referring to the constitution of the House and Finance Committees so that the Finance Committee shall consist of three members *not necessarily Governors* who shall superintend all matters concerning Hospital expenditure including the monthly accounts of the Mother Superior and shall report quarterly on all matters dealt with in the interval.

You will have noted from my letter of November 27, 1918, that the amounts constituting the deficit are as recapitulated below:

For the year ending December 31, 1913, Tls. 3,743 02.
For the year ending December 31, 1914, Tls. 12,559.41.
For the year ending December 31, 1915, Tls. 18,276.66.
For the year ending December 3, 1916, Tls. 16,274.56.
For the year ending December 31, 1917, Tls. 8,722.00.

also that the estimated deficit for the year 1918 is Tls. 36,500.

For the purpose of inclusion in the budget, as mentioned in your letter, I am further directed to state that the deficit for 1919 is estimated at Tls. 37,000.

*Chekiang Road.*—The claim of Messrs. Atkinson & Dallas, Ld. has been accepted for improving the corner of this road ex Lot 563 at the assessed rate of Tls. 21,000 per mow, plus 10 per cent. for compulsory surrender, or Tls. 439 for Mow 0.019.

*Tongshan Road.*—This road was originally scheduled on the north bank of the Singkeipang and followed the very irregular course of the Creek. It is recognized, however, that the pronounced bends will tend to restrict the utility of the road in future years and in accordance with the policy of making provision, as and when possible, for straightening and improving the more important roads in the Settlement, the suggestion of the Engineer has been approved to arrange an increase in the width of the road to 50ft. and to modify the approach and the bends where practicable. The details of these proposed modifications appear on this year's issue of the official plans of road extensions and widenings.

The application of the owners of Lot 1165 has been approved to include within the lot that part of the old road land not required under the above arrangement and measuring Mow 0.088 upon payment of the assessed value thereof, Tls 484.

In like manner Messrs. Lester, Johnson & Morriss have been permitted to incorporate in Lot 1169 a strip of land measuring Mow 0.373, on condition that Mow 0.010 at the western corner of the lot is surrendered for the Dent Road and payment is made for the balance of area, a sum of Tls. 1,924.

## MUNICIPAL NOTIFICATION

**No. 2574.**

**REPATRIATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**

**WHEREAS** since the declaration of war by the Republic of China on the Empires of Germany and Austria-Hungary, the Subjects of the said former Empires (hereinafter called "Enemy Subjects") have been suffered to remain within the confines of the said Republic, under permits issued, within the limits of the Foreign Settlement of Shanghai, by the Municipal Council. **And Whereas** by Mandate issued on the twenty-eighth day of January, 1919, bearing the seal of the President of the said Republic the repatriation of Enemy Subjects is duly ordered. **And Whereas** by Proclamation issued on the eleventh day of February, 1919, bearing the seal of the Commissioner of Defence for Sungkiang and Shanghai certain regulations are prescribed for giving effect to the said Mandate. **And Whereas** the said Proclamation has been countersigned by the Senior Consul and by him transmitted to the Municipal Council with the request that the same be posted within the said Settlement. **And Whereas** the said request and a translation of the Proclamation are set forth at length in the Municipal Gazette published on the thirteenth day of February, 1919. **And Whereas** the Head Office for the Repatriation of Enemy Subjects referred to in the said Proclamation has been established at No. 121 Bubbling Well Road within the limits of the said Settlement with the assent of the Municipal Council as a measure of co-operation with the Chinese Government and for general convenience. **And Whereas** the said Proclamation has been countersigned and sealed by the Municipal Council and duly posted and for the peace and good order of the said Settlement certain instructions giving effect thereto have been duly communicated to Enemy Subjects resident within the limits of the said Settlement.

**Now therefore be it known** and let all such Enemy Subjects take note that the said instructions must be strictly obeyed. **Be it also known** and let all such Enemy Subjects who may fail for any reason to receive a copy of the said instructions or who may desire to make any enquiries in regard thereto or to claim exemption from repatriation under the provisions contained in the said Proclamation take note that they must make application forthwith at the Head Office for the Repatriation of Enemy Subjects above referred to. **Be it further known** and let all such Enemy Subjects take note and observe that failure to comply with the said instructions and with such further instructions and regulations as may be issued hereafter from time to time to give effect to the said Proclamation will render the delinquents liable to prosecution.

By order,

**Stray Dogs.**

Correspondence with the Shanghai Society for the Prevention of Cruelty to Animals on the subject of the provision of new kennels adjoining the Yangtszepoo Police Station and for improvement of the existing kennels at the Gordon Road Station:—

Shanghai, November 30 1918.

SIR,—I understand from the Captain Superintendent of Police that a request has been made to the Shanghai Municipal Council for

Digitized by Google Original from CORNELL UNIVERSITY

the provision, during 1919, of new kennels for the stray dogs at Gordon Road Police Station and that alternate schemes are provided for; the first, comprising entire rebuilding with a roof provided, the second, to provide six large kennels only.

My Committee desire me to submit for your consideration the following remarks and they trust that the Council will understand that such remarks are made in no spirit of criticism or of interference with Municipal matters, but they desire to put forward the claims of those dumb animals who cannot speak for themselves if such can be done without trespassing on the Council's prerogatives

My Committee feel strongly that the time has come when better provision should be made for the stray dogs and for that reason would respectfully urge the Council to adopt the major scheme, the reason being that in this climate of great extremes dogs are liable to suffer—through no fault of their own—unwarranted tortures in Summer owing to the presence of "ticks."

I am informed by the police officer in charge that in the hot months he has spent hours picking "ticks" out of one dog alone, which in 3 days' time is as bad as ever and nearly every dog is dead lame after being in the kennels for three days. As many of the dogs are kept in the kennels for a month and cannot walk about, it is unnecessary for me to further enlarge on what they must undergo.

The only way, I understand, to eliminate this is to have the kennels entirely enclosed and so prevent the access of "tick" flies as is done at Messrs. Keylock and Pratt's establishment, where I understand the trouble from "ticks" is reduced to a minimum.

Again, during the intense cold weather the only protection the dogs have at present is a canvas covering over the front of the cage, which for a dog treated as a pet at home is certainly a great hardship.

My Committee feel so strongly on the matter that they would be prepared, if the same met with the Council's approval, to make a contribution towards the cost, which I understand would be somewhere in the neighbourhood of Tls. 3,000.

I have the honour to be,
Sir,
Your obedient servant,
K. E. NEWMAN,

Council Room,
Shanghai, February 10, 1919.

SIR,—I am directed to refer to your letter of November 30, 1918, in regard to the need for improvement in the housing of stray dogs captured by the Police, and to inform you that the Council has decided to make provision in the Budget for this year for an estimated expenditure of Tls 7,000 for the construction of new kennels adjoining the Yangtszepoo Police Station and for improvement of the existing kennels at the Gordon Road Station.

The Council gladly accepts the offer of your Society to make a contribution towards the cost and as the Budget will shortly be printed for presentation to the Ratepayers, I am directed to request that you may kindly inform me of the amount which your Society intends to contribute.

Shanghai, February 27, 1919.

SIR,—In reply to your letter of the 10th instant I have to inform you that my Committee have directed me to say that they are prepared to contribute a sum of Tls. 1,000 towards the cost of the new kennels.

In order to avoid interfering with investments my Committee would be glad if the Council would accept payment in two instalments of Tls. 500 each; the first to be paid during the month of April, and the second when the kennels are completed.

My Committee in making this contribution feel sure that the Council will permit properly accredited members of the Society to make occasional visits to the kennels and trust the Council will give due consideration to any suggestions that may be made by the Society from time to time as to the administration of the kennels in question.

Council Room,
Shanghai March 7, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of February 27, containing a definite offer by your Society to contribute a sum of Tls. 1,000, in two instalments of Tls. 500 each, towards the cost of improved housing for stray dogs captured by the Police.

In reply, I am directed to convey to you the Council's appreciation of this generous offer, and to state that any suggestions regarding the administration of the kennels which the Society may submit from time to time will receive the Council's careful consideration: it should, however, be clearly understood by the members of the Society that no actual form of control can be shared by them in return for the contribution in question.

## Tramways.

*Railless Service.*—Further correspondence with Mr. G. E. Tucker in continuation of that published in the Gazette of January 16:—

Shanghai, February 13, 1919.

GENTLEMEN,—I beg to acknowledge receipt of your esteemed favour of January 10, replying to my letter of November 24, and my further letter of November 26, covering a petition signed by numerous ratepayers and myself, and to note that the Council finds itself unable to acquiesce in the protest against the further use of Peking Road for railless trams.

The concluding paragraph of your letter, however, to the purport that it is not the intention of the Council to grant any monopoly with regard to passenger transport in favour of the Shanghai Electric Construction Co., Ld., seems to cover the ground which was intended by the second portion of the protest, and while I am not authorized to speak for any other signer of the protest other than in the terms of the protest, it seems to me that the Council's statement in this respect may be regarded as satisfactory to those who are opposed to seeing the transportation facilities of this community given away, any further than at present, except after discussion by and sanction of the Ratepayers as provided by the Land Regulations.

I would call the Council's attention to the fact that in the same speech which is cited as authority for the present concession for railless trams the chairman used the following language:—

> "We confidently assume your assent to this and to such further reasonable development of the system, as a feature of the tramway concession, as the Council may think fit to approve from time to time."

The tramway concession, originally given to the Shanghai Electric Construction Co., does not in any way include railless trams and is essentially monopolistic, in its terms, and the above quoted speech if taken in connexion with the disavowal of monopolistic intent mentioned in your letter of January 10 to me would seem to make it desirable that the Council's attitude be more clearly stated.

I would ask, moreover, with reference to the second paragraph of your letter, whether it is the Council's considered contention that the mentioning of a project by the Chairman of the Council at a ratepayers' meeting which is not debated and which under the rules adapted under Resolution 3 at the ratepayers' meeting in 1916 apparently cannot be debated, is to be construed as giving effective consent to any proposition that may be set forth. This contention, if it can be sustained would seem to establish a dangerous precedent, and it would appear that a clear statement of the Council's attitude in this matter is desirable.

I have the honour to remain,
Yours faithfully,
G. E. TUCKER.
The SHANGHAI MUNICIPAL COUNCIL.

Council Room,
Shanghai, February 27, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of February 13 on the subject of the Railless Tram Service and in reply to re-affirm that in sanctioning the railless extension along the Peking Road or in sanctioning any other extension of the railless service the Council does not grant any monopoly in regard to passenger transport in favour of the Shanghai Electric Construction Co., Ld., nor has it any intention of doing so. In the Council's opinion no clearer statement could possibly be made in regard to the Council's attitude towards the question of extension of the railless tram service.

In reply to the question contained in the concluding paragraph of your letter, I am directed to point out that Resolution IV passed at the Annual Meeting of Ratepayers held in 1916 provided for the adoption of the Report for the year ended December 31, 1915, that the question of extension of the railless system was raised in such Report and that it is accordingly the Council's considered contention that it was competent to the Ratepayers assembled at that Meeting to discuss this question. Apart from this consideration, however, I am to point out that it would be quite impracticable that every intended action of the Council should be made the subject of a separate resolution at the Ratepayers' meetings though the Council adopts this course in preference to mere mention of its intentions when in its opinion the matter is such as to require a separate resolution.

In conclusion I am directed to inform you that in order to avoid any suggestion in the future, that the Ratepayers have not had a proper opportunity of expressing their views on extension of the railless tram system, the Council has decided to seek the specific directions of the Ratepayers, by separate resolution at the forthcoming Meeting, as to whether or not the matter of extensions shall be left to the Council's discretion or whether each proposed extension shall be submitted for the approval of the Ratepayers before definite consent thereto is accorded by the Council.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

## Fire Brigade Report for January.

The total number of calls to fires, or supposed fires, during the month was 18, as against 50 for the corresponding period last year. The damage on assessed property within the Settlement is estimated at Tls. 49,525 (Foreign Tls. 40,175, Chinese Tls. 9,350) as against Tls. 43,800 (Foreign Tls. 15,500, Chinese Tls. 28,300) during January 1918. The property at risk is estimated at Tls. 196,500 (Foreign Tls. 134,000, Chinese Tls. 62,500) as against Tls. 1,003,200 (Foreign Tls. 840,700, Chinese Tls. 162,500) for the corresponding period last year.

The calls were received as follows:—Police 7, Telephone 5, Watch Towers 3 and Street alarms 3.

The general alarm was given on 10 occasions, the remaining 8 being station calls.

These calls proved to be 1 large fire, 14 small fires, 2 false alarms and 1 fire outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Sparks from stove | 4 |
| Lamp upset | 2 |
| Arson | 3 |
| Lighted candle upset | 1 |
| Defective flue | 1 |

| Clothing in contact with foot warmer | 1 |
| Naked light in contact with gasolene vapour | 1 |
| Unknown | 3 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 4 |
| Chinese buildings | 32 |

Of these two houses were destroyed by fire and 32 others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 392,741 gallons.

The Brigade was occupied 15 hours and 45 minutes at fires, or supposed fires, and the Staff was employed a further 468 hours watching and damping down.

Unfortunately three lives were lost and six other persons injured at a fire which occurred at No. VV 383 Amoy Road on January 13 attended by the Brigade.

The fires of note during the month were:—

*15 B. Jessfield Road, January 7—11.58 p.m.*—No. 7 Company found an outbuilding occupied by Mr. Wen Tsung-yao full of smoke, and material alight between the ceiling of the ground floor and the wood floor above. When this floor was opened up a large quantity of oil soaked cotton was found, more particularly in the north-west corner. A box was discovered under the stairs, and in an opening in the lath and plaster lining of the under side of the staircase a further quantity of oil soaked cotton was found.

Apparently it was an attempt on Mr. Wen's life, some persons knowing that he would be upstairs, got over the wall, forced the iron bars from one of the windows, got inside, made these preparations, and after setting fire to the building made a hurried escape. Fortunately the premises were fairly airtight, and the fire was retarded sufficiently for the Brigade to make a good stop. The material damage was slight.

*VV383 Amoy Road, January 13—2.28 a.m.*—On arrival the Brigade found a small shop on the west side of Amoy Road well alight on the ground and first floors. Lines of hose were laid and the fire easily checked. A considerable time after the arrival of the Brigade it was reported that there had been loss of life, and it was discovered that 3 women, 2 men and 1 boy had been injured either by burns or by jumping from the first floor. Three of these were conveyed to Shantung Road Hospital by the Brigade. As soon as possible the building was searched, and the body of a girl was found in the front room on the first floor, and the bodies of a boy aged 10 years and a girl aged 6 years in the back room on the ground floor.

The fire was caused by a lamp being upset during a quarrel.

*W163-4 Kweichow Road, January 22—4.10 a.m.*—Two shops in Kweichow Road opposite the west side of the Town Hall were found to be well alight. Difficulty was experienced with some of the hydrants which were frozen. The flames swept across the road and ignited some of the window sashes of the Town Hall, cracked the glass, and set fire to one of the curtains inside. The sashes were dealt with by a jet outside. The Town Hall staff extinguished the curtain fire with buckets of water.

One house was gutted and 5 damaged.

*9 Kiaochow Road, Arts and Crafts Factory, January 25, 9.50 p.m.*—At 9.50 p.m. a call was received from the Police for a fire at No. 9 Kiaochow Road, and on arrival the Brigade found the west end of the Arts and Crafts Factory building in flames and already doomed.

Every endeavour was made to prevent the fire from crossing the yard, and to tackle the main building. The fire was successfully confined to this building, but some stacks of timber in the yard close to the building were more or less damaged.

The Brigade were handicapped by the water pressure, this did not improve for some considerable time, and between 3,000 and 4,000 feet of hose had to be used.

By 11 p.m. a stop was effected. Unfortunately the Brigade received a very late call. It is alleged that the Watchman on the premises was asleep, and the first intimation of the fire was received from a trooper who galloped to Bubbling Well Road Police Station. The factory building was practically destroyed.

*Armed Robberies.*—During the month four reports were made of armed robbery from houses in the Settlement. This is the lowest number of armed robberies reported during this particular month for the past five years. In connexion with these reports one man was arrested and is at present under remand awaiting trial

Two reports were received of unsuccessful attempts at armed robbery, one of which occurred in the West Hongkew and the other in the Sinza district.

One case of armed highway robbery and attempted murder was reported in the West Hongkew district. In this connexion three persons were arrested and are at present under remand.

One report was also received from the Wayside district of a highway robbery in which no arms were used.

During the month thirty-five persons were arrested in connexion with cases of armed robbery which occurred and were reported to the Police prior to February 1, 1919. All were dealt with by the Mixed Court. Twenty were remitted to the Court of the Military Governor of Sungkiang and Shanghai, four were sent to the Chinese City Authorities, five were sentenced to imprisonment at the Municipal Gaol, four were expelled from the Settlement whilst the charges against two were dismissed.

Of the ten persons referred to in last month's report as being under remand at the end of January, eight were convicted on charges of armed robbery and sent to the Court of the Military Governor, one was released on security whilst the charge against another was not proceeded with.

The twelve persons referred to as being under remand at the end of December 1918 on charges of armed robbery are still awaiting sentence.

*Murder.*—Two cases of murder have to be recorded during the month, one of the victims being an ex-Governor who was shot and fatally wounded by a pistol bullet fired at him by a bystander whilst riding in a ricsha along Shanhaikwan Road at about 9 a.m. on February 8. The other was that of a child who died as the result of injuries received from being thrown to the ground by its mother in a fit of insanity from the window of a house in Dalny Road.

A case of attempted double murder and suicide occurred on February 22 at a house in Yalu Road wherein an Annamite Constable, with a service revolver, fired at and inflicted bullet wounds on an American engineer and a Chinese female on the morning of February 22. The Annamite, who was in the employ of the Police of the French Settlement, had finished duty a short time previously and wore his Police uniform beneath a tweed overcoat. The would-be murderer committed suicide by firing a bullet which entered his mouth and came out at the back of his head.

*Executions.*—During the month seven men, who were found guilty of having committed armed robbery in the Settlement, were executed at Loongwha in the presence of a representative of the Municipal Police.

*Mikimoto Pearl Case.*—About $58,000 worth of property out of an estimated value of $63,000 stolen from the Mikimoto Pearl Shop on Nanking Road between the night of December 9 and the morning of December 10 has now been recovered by the Police. The two men, Jimbetsky and Zilberstein, who were arrested on a charge of breaking into the above-mentioned premises were, as already reported, remitted to the District Court of Vladivostock for trial on January 11. Nothing further was heard of the case until the early morning of March 3 when Zilberstein was detected in the Public Gardens carrying off the property which he had dug out of the ground in which it had been buried.

It may be well in this connexion to draw attention to the necessity of having something done to hedge restrictions around Siberian criminals who reach Shanghai by the Tientsin-Pukow and Shanghai-Nanking Railways.

*Reports of Property Stolen.*—During the month 346 reports of property stolen were made at the various Stations. Enquiries were made with successful results in 116 of these cases.

*Identification Office.*—During the month 326 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 105 were identified as having a previous conviction or convictions. In addition to the above 105 records were received from the French Police out of which number 51 were identified in the records of this office, making the total for the month:—

## Health Officer's Report for February.

The condition of the Public Health continued remarkably good until towards the end of the month when there were signs of a recrudescence of Influenza.

Recrudescences of Influenza are to be expected. The last great epidemic which broke out thirty years ago occurred at intervals from 1889 to 1894, with a maximum incidence in 1891. There seems to be no essential difference between the past and the present epidemics. Both originated in the east and spread over the world within a year travelling generally from east to west. Like Measles, Influenza is most infectious during the early stage and the importance of late carriers in spreading the disease is doubtful. The infection is of extreme communicability and nearly always from person to person, being rapidly destroyed outside the infected person. The rapidity of spread from one place to another is only limited by the means of transportation of persons. Specific vaccines against Influenza are so far without value but the outlook is hopeful against the secondary pneumonia which is the main factor of danger.

The only measures which have, so far, proved effective in controlling Influenza are limitation of crowding, education of the public in preventive measures, early isolation at home or in hospital and the wearing of masks.

The limitation of crowding requires perhaps some explanation. In big cities, and this would especially apply to Shanghai, it has been found that the closing of schools, churches, cinemas, etc., made little or no difference, as the majority of people readily found other ways of congregating in big cities. Theoretically, schools increase contact between children. But, if schools are closed and children are not kept strictly at home or under special supervision, they tend to loaf about and make more contacts than if at school. In a well ventilated and heated school, with teachers on the look out for pupils with colds, fever and aching limbs, whom they should immediately exclude from school for at least a week, there is no need for closing. In the case of schools with boarders it may become necessary to exclude day scholars. The condition in rural districts is different, for there the closing of schools may stop spread of disease. Should closing be considered advisable the closing of non-essential gatherings such as cinemas, theatres, churches and public funerals should first be dealt with.

The education of the public in preventive health measures is of first importance, as responsibility in the control of Influenza rests chiefly on the individual. People should remain at home on a suspicion of Influenza, even if only a cold, which may often be a mild case of Influenza. If each individual were to realize his personal responsibility more good would be accomplished than in any other way.

Early isolation is advisable, not necessarily in hospital but at home. It is the duty of every person as soon as he suspects that he is developing the disease to retire immediately to his home and all cases at home should be isolated so far as possible from the rest of the family. So far quarantine has not been effective in preventing the spread of the disease round the world.

It is recommended that face masks be worn by all persons who must of necessity come in contact with known cases of Influenza. This measure is particularly valuable for nurses and for the well members of the family in which cases of Influenza exist. These masks are conveniently and cheaply made of four thicknesses of soft cotton gauze or butter cloth folded large enough to cover the nose and mouth and reach well across the cheek towards the ears, behind which it is fixed by loops of tape. The ends of the mask should be slightly gathered together. The same side should be worn against the mouth. The use of a gauze and cotton wool pad mask closely applied to the face, which acted as a germ filter much in the same way as a wool plug in a culture tube, was found to effectually protect those in the hospital at Mukden from getting Pneumonic Plague during the Manchurian epidemic. The San Francisco mask is a much lighter form of respirator, which, if carefully used, should prove effectual. Under compulsory conditions recently in California the results have not been conclusive. They were used in the streets and in the open air, where possibility of infection was slight, to avoid a fine; and laid on one side when in close association with friends indoors, in private offices, and in the very places where danger of infection was greatest. There seems to be a great future as regards prevention of the very large group of respiratory infections in the use of some sort of pocket respirator to filter off infection under circumstances of special danger.

Here follow tables of Vital Statistics, Infectious diseases and Outdoor Sanitary Work including a special summary of Plague Prevention, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

### INFLUENZA.

**Spread by Droplets Sprayed from Nose and Throat.**

OWING to the prevalence of Influenza the following precautions are advised:—

Avoid crowds and gatherings of all kinds.

Especially avoid people who cough and sneeze without covering with a handkerchief.

Digitized by Google Original from CORNELL UNIVERSITY

Wear a mask to prevent infection (a pattern may be obtained at the Health Office) or tie a handkerchief round the mouth and nose or hold a handkerchief to the nose and mouth when there is danger.

If you get Influenza go to bed and stay there until the doctor permits getting up and so avoid the dangerous complication of Pneumonia. Do not allow anyone to come near unless wearing a mask or at least a handkerchief round the nose and mouth.

The above applies also to colds, bronchitis, pneumonia and tuberculosis.

The usual symptoms of Influenza are sudden chill, followed by muscular pain, headache, backache, unusual tiredness and fever.

**Mrs. Horace Hanbury Memorial.**

Interchange of letters with the Chairman of the Working Committee, British Flower Shop, on the subject of the donation by the Committee and the Staff of the British Flower Shop of a clock to the Victoria Nursing Home as a memorial to the late Mrs. Horace Hanbury:—

Shanghai, March 12, 1919.

DEAR SIR,—When in November 1918, the Committee of the British Flower Shop suffered irreparable loss in the death of Mrs. Horace Hanbury, it was desired to place in one of the hospitals of the Settlement, some permanent Memorial to one who, by her devotion to the various activities inaugurated as a result of the World War, had lost her life.

The Matron of the Victoria Nursing Home was therefore consulted as to what form this Memorial should take.

Digitized by Google Original from CORNELL UNIVERSITY

She reported that a clock which should be placed in the Ward, Victoria Nursing Home, reserved for the use of the men in His Majesty's Services, would be a comfort to the inmates and would be gratefully accepted

Such a clock, placed in a suitable case which bears an inscription on a silver plate, recording that it is the gift of the Committee and Staff of the British Flower Shop, has therefore been prepared and is now ready to be placed in the Ward.

My Committee will be grateful if the Shanghai Municipal Council will allow this donation to be placed in the said Ward, in acknowledgement of the services of one who, by her enthusiasm, energy, and determination was an inspiration to all with whom she worked

Believe me, Sir,

Faithfully yours

F. AYSCOUGH.

*Chairman, Working Committee, British Flower Shop.*

N. O. LIDDELL, Esq.,

Secretary, Municipal Council.

---

Council Room,
Shanghai, March 14, 1919.

MADAM,—I am directed to inform you that your letter of March 12 on behalf of the Working Committee of the British Flower Shop requesting the Council's acceptance of a clock donated by your Committee as a memorial to the late Mrs. Horace Hanbury, was submitted at the Council meeting on Wednesday last and in reply I am directed to convey to you an expression of the members' appreciation of this gift which will be gladly accepted, and to inform you that in accordance with the desires of your Committee the clock will be placed in position in the ward at the Victoria Nursing Home which is used by members of H.M. Services. If you will kindly arrange for delivery of the clock at the Victoria Nursing Home arrangements for it to be placed in position will be duly carried out.

**I am, Madam,**

**Your obedient servant,**

N. O. LIDDELL,

**Mixed Court Report for February.**

Mr. A. D. Blackburn assumed the duties of Assessor sitting in criminal cases on Saturday morning vice Mr. G. Ros who has gone on furlough.

The Court made orders that sentences should stand suspended during absence from China in 9 cases where enemy subjects were undergoing terms of imprisonment. These enemy subjects were all delivered on board the S.S. Atreus for repatriation.

Only one foreigner was before the Court during the month on a criminal charge, namely; E. Hermida charged at the instance of the Consul for Spain with having written a disrespectful letter to the Consul. A sentence of fifteen days imprisonment was imposed.

The usual lull in Chinese Civil litigation following the Chinese New Year was more pronounced this year. The number of Chinese Civil Cases awaiting a first hearing on the last day of the month was 84 a decrease of 47 compared with the previous month. Chinese civil cases are now being heard within a month of filing petitions Last year a period of six months on the average elapsed between the filing of petitions and the hearing of cases.

Here follow returns of Offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Acting Registrar.*

## Engineer's Report for February.

A fall of snow occurred early on the morning of Sunday, the 2nd February, and all available labour and plant was at work at daybreak on sweeping up, the main roads being in consequence practically all clear by 9 a.m. The fall was a comparatively slight one but by sweeping up the snow as early as possible, the unpleasantness resulting from it in the latter part of the day; when there was a tendency to thaw, was minimized. By reason of the fact that the fall occurred at the beginning of the Chinese New Year Holidays, there was a natural tendency for labour to be somewhat scarce. Altogether, however, about 2,500 coolies responded to the unexpected demand made on them and it was accordingly possible to carry out the work with due expedition.

*Roads.*—Yuyuen Road is being made up for its full width from Jessfield Road to Tifeng Road.

The ballasting and metalling of West Soochow Road east of Tonquin Road has been practically completed for one-half of its width.

The line of Great Western Road immediately east of Yates Road has been straightened and the making of the roadway to correspond is being proceeded with on the north side.

The making up of Tongshan Road for its full width from Dent Road to Kwenming Road is well in hand.

*Drainage.* — A 3-ft. diameter culvert is being laid in Bubbling Well Road east of Tifeng Road and the existing creek is being filled in.

*Central Offices.*—The stone balustrading above the main cornice, on the front elevation, is being constructed, and the internal joinery work is proceeding.

*Isolation Hospital.—Discharge Block.*—The brick walls have been carried up to their full height, and the roof is being fixed in position.

*Public School for Chinese.*—The minor alterations in fitting up the Annex as a laboratory, etc. are practically completed.

*No. 34 Boone Road* has been leased as an extension of No. 35 Boone Road, at present occupied by the private nursing service, and various minor alterations are in progress to fit up the premises for the purpose for which they are intended.

*Riverside Power Station.*—The raft of the Willans Turbines has been completed, and the erection of the supports is well in hand The foundations and platform of the lean-to adjoining the new Boiler House have been completed.

*Pingchiao Quarry.*—2,476.50 fong of material was despatched to the Public Works Department during the month.

|---|---|
| Coolies | 2,344 |
| Artisans | 353 |
| Foremen | 239 |
| Mafoos | 159 |

*Concreteware.*—The following has been produced during the month:—

| | |
|---|---|
| Hand made | 1,691 pieces |
| Machine made | 524 ,, |
| | 2,215 ,, |

*Work Shelters.*—There were 30 admissions during the month; 21 bundles of wood were chopped and also 88 cubic feet of stone broken.

## MUNICIPAL NOTIFICATION

**No. 2574.**

**REPATRIATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**

WHEREAS since the declaration of war by the Republic of China on the Empires of Germany and Austria-Hungary, the Subjects of the said former Empires (hereinafter called "Enemy Subjects") have been suffered to remain within the confines of the said Republic, under permits issued, within the limits of the Foreign Settlement of Shanghai, by the Municipal Council. **And Whereas** by Mandate issued on the twenty-eighth day of January, 1919, bearing the seal of the President of the said Republic the repatriation of Enemy Subjects is duly ordered. **And Whereas** by Proclamation issued on the eleventh day of February, 1919, bearing the seal of the Commissioner of Defence for Sungkiang and Shanghai certain regulations are prescribed for giving effect to the said Mandate. **And Whereas** the said Proclamation has been countersigned by the Senior Consul and by him transmitted to the Municipal Council with the request that the same be posted within the said Settlement. **And Whereas** the said request and a translation of the Proclamation are set forth at length in the Municipal Gazette published on the thirteenth day of February, 1919. **And Whereas** the Head Office for the Repatriation of Enemy Subjects referred to in the said Proclamation has been established at No. 121 Bubbling Well Road within the limits of the said Settlement with the assent of the Municipal Council as a measure of co-operation with the Chinese Government and for general convenience. **And Whereas** the said Proclamation has been countersigned and sealed by the Municipal Council and duly posted and for the peace and good order of the said Settlement certain instructions giving effect thereto have been duly communicated to Enemy Subjects resident within the limits of the said Settlement.

**Now therefore be it known** and let all such Enemy Subjects take note that the said instructions must be strictly obeyed. **Be it also known** and let all such Enemy Subjects who may fail for any reason to receive a copy of the said instructions or who may desire to make any enquiries in regard thereto or to claim exemption from repatriation under the provisions contained in the said Proclamation take note that they must make application forthwith at the Head Office for the Repatriation of Enemy Subjects above referred to. **Be it further known** and let all such Enemy Subjects take note and observe that failure to comply with the said instructions and with such further instructions and regulations as may be issued hereafter from time to time to give effect to the said Proclamation will render the delinquents liable to prosecution.

By order,
N. O. LIDDELL,
*Acting Secretary*

Council Room,
Shanghai, February 13, 1919.

### Volunteer Corps.

The appended revision of Article XX of the Corps Regulations respecting the allowances of small arms ammunition has been approved by the Council, and will be adopted with effect from May 1:—

ARTICLE XX.

"The allowances of small Arms Ammunition granted annually by the Council are as follows:—

FREE.

For Active members, for the Annual Course, Matches and competitions, to be drawn on the Range as required, and the quantity thus drawn to be computed in relation to the next Annual Efficiency Return:

For First Class Efficients who are marksmen, 200 rounds.

For First Class Efficients who are first class shots 170 rounds.

For First Class Efficients who are second class shots 140 rounds.

A third class shot can not be classed "First Class Efficient."

HALF-PRICE.

The same apportionment as for the "Free," may be drawn in bulk by Unit Commanders at half-price and retained at Headquarters to their order. The quantity thus drawn will be computed in relation to the last Annual Efficiency Return.

First Reservists, who attend six drills, 130 rounds free and 130 rounds at half-price.

Second Class Efficients are allowed free the rounds fired by them in the Annual Course only, and none at half price.

In addition to the above, 20 rounds are allowed free for each member of a Unit competing in his Annual Rifle Meeting.

The ammunition fired by Recruits in the Recruits Course, is allowed free.

The allowance of pistol ammunition is 100 rounds for each Officer or Non-Commissioned Officer armed with a revolver who fires the prescribed course.

All ammunition overdrawn will be paid for at full price, or returned, and any underdrawn will lapse."

### Daylight Saving.

Letter to the Secretary, British Chamber of Commerce:—

Council Room,
Shanghai, March 20, 1919.

SIR,—I am directed to inform you that the Council unanimously endorses the proposals of your Committee to make daylight saving practicable and universal in Shanghai by representations to the Commissioner of Customs that the Customs' clock be put forward. In the Council's opinion daylight saving on these lines should prove a great boon to the Community.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary*

The SECRETARY,
British Chamber of Commerce.

### Road Extensions and Widenings.

*Funing Road.*—The offer of the Yangtsze Land and Finance Co., Ld. has been accepted to make free surrender of that part of Lot 5078 measuring Mow 0.196 which is required for the extension of this road.

*Wayside Road.*—The offer of Mrs H. de Villard has been accepted to surrender without monetary compensation the scheduled area of Lot 5740, measuring Mow 0.367.

*East Yalu and Dent Roads and Surplus Land.*—With reference to the paragraph in the Gazette of February 7, 1918, on this subject, the Engineer reports that the Fangtan in respect of the piece of unregistered land at the corner of these roads has been found to cover a total area of surplus land of Mow 0.317, so that the compensation payable at the price agreed upon, Tls. 1,000 per mow, will be Tls. 317 in addition to the payment of Tls. 256 for Mow 0.256 of roadland.

*Bubbling Well Road.*—Correspondence and Award of the Land Commissioners, relative to the compulsory expropriation of Cadastral Lots 2584 and 2585 (Italian Consular Lot 172):—

September 25, 1916.

DEAR SIR,—I beg to hand you herewith a plan showing in red and yellow the area required from Cadastral Lots 2584, 2585 for road purposes. The area coloured red has been scheduled for acquisition since February 16, 1910, and as the application for your title deed was made on November 19, 1910, this area is subject to free surrender under Clause VI of the Land Regulations.

The portion coloured yellow is not subject to free surrender, and it is for this area and for the houses standing on the portion coloured red that I would be glad to receive your claim for compensation. As an alternative the Council would probably be prepared to consider a claim for the sale of the entire lot, including the portion enclosed in green.

Your faithfully,
CHAS. H. GODFREY,
*Engineer & Surveyor.*

W. BRANDT, Esq.

Shanghai, October 11, 1916.

DEAR SIR,—I beg to acknowledge receipt of your letter of the 25th ult, and in reply thereto I beg to inform you that the beneficial owner of Cadastral Lots 2584 and 2585 is also the owner of the unregistered land adjacent to Lot 2585 on the west which will be affected by the proposed extension of the Bubbling

Well Road. The said owner absolutely refuses to surrender the land required by the Council or as an alternative to submit a price for the sale of the entire lot as mentioned in your said letter. In my humble opinion, therefore, the only method of procuring the surrender would be for you to exercise your power granted under the Land Regulations which with my recommendation to accede to the Council's demand I believe the subject in question could be amicably settled to the advantage of the parties concerned.

Yours faithfully,
W. BRANDT

Shanghai, May 2, 1918.

SIR,—With reference to my letter of April 10 on the subject of Lots 2584 and 2585 please be so good as to return me the plans duly signed so soon as possible, since it is desirable that the hearing of this protracted matter shall proceed. The signature of the plan is not a necessary formality before the Land Commission, but is desirable as a joint indication that there is no dispute as to the measurements and areas upon which the award is customarily based.

SIR,—I am directed to inform you that a case of compulsory acquisition of land for purposes of a public road awaits settlement as follows:—

Case No. 113—Bubbling Well and Siccawei Roads, W. Brandt.

I am directed to request that you will be so good as to fix a date convenient to the members of the Commission for the hearing.

I enclose plan showing the piece of land in question, together with copies of the correspondence between the Council and the owners concerned for the information of the Commissioners.

LAND COMMISSION HEARING.

Cadastral Lots 2584 and 2585—Western District—Registered owner Mr. W. Brandt, heard in the Council Room on October 3, 1918.

The Council is represented by the Assistant Secretary, Mr. E. S. B. Rowe, the Deputy Engineer being in attendance, Mr. W. Brandt appears in person.

On behalf of the Council, the Assistant Secretary states that these properties are required for the extension of the Bubbling Well Road, the area coloured red on the plan is subject to free surrender whilst that coloured yellow is subject to assessment of compensation under the powers vested in the Commissioners. Since, however, it has never been the practice of the Council to insist upon the strict wording of the Regulations where the whole of one owner's property is concerned and since the whole of this property is concerned in this case, the Council is prepared to pay reasonable compensation for the whole of the land involved and applies to the Commissioners to determine the fair compensation to be paid for the whole of the land and the buildings thereon.

Mr. Brandt states that the beneficial owner absolutely refuses to surrender the land or to name a price for its sale and asks what steps have been taken in relation to acquiring the unregistered land adjacent to Lot 2585 under the same ownership, pointing out that he did not see why any move should be made in regard to Lots 2584 and 2585 until the Council had secured the unregistered property.

In reply the Assistant Secretary intimates that the Council naturally deals with the registered property first, as being that nearest to the end of the existing road, and that acquisition of the unregistered land in the rear will follow in due course, in accordance with the powers to that end vested in the Council.

Mr. Brandt in answer to the Commissioners, says he has not drawn up a statement showing the value of buildings on the properties Nos. 2584/5, or loss of rental, and his claim for compensation for the land surrendered.

The Commissioners therefore adjourn the hearing to enable Mr. Brandt within a reasonable period to submit his claim, whereafter, if it is not acceptable to the Council, the Commissioners will decide the question.

Shanghai, October 16, 1918.

DEAR SIR,—With reference to the Council's desire to acquire the entire lot of land known as Italian Consulate Lot No. 172 together with all the buildings thereon which was the subject of Case No. 113 heard by the Land Commission on the 3rd instant I beg to inform you that the beneficial owner is now willing to sell the property in question for the sum of $15,582. This figure is based upon the rentals derived from the said buildings as follows:—

| | | | | |
|---|---|---|---|---|
| House No. | 2 | Rent | $7.00 | per Moon |
| ,, | ,, 4 | ,, | 7.00 | ,, |
| ,, | ,, 5 | ,, | 3.00 | ,, |
| ,, | ,, 6 | ,, | 7.00 | ,, |
| ,, | ,, 7 | ,, | 9.00 | ,, |
| ,, | ,, 8 | ,, | 7.00 | ,, |
| ,, | ,, 9 | ,, | 17.00 | ,, |
| ,, | ,, 10 | ,, | 7.00 | ,, |
| ,, | ,, 12 | ,, | 8.50 | ,, |
| ,, | ,, 14 | ,, | 8.50 | ,, |
| 1 alleyway house and half of Reception Hall | | | 4.00 | ,, |
| | | | $85.00 | per Moon |

@ 12½ moons=yearly $1,062.
Less 20% for all expenses=
$850.00 Nett

| | |
|---|---|
| Capitalized @ 6%= | $14,166.00 |
| Plus 10% for Compulsory surrender | 1,416.00 |
| | $15,582.00 |

The Capitalization at 6 per cent. may appear slightly small for native houses, but I have taken into consideration that the rentals have not been advanced for many years and same could be reasonably increased by say 15 per cent. in comparison with rentals of other similar buildings in this locality.

I am, Dear Sir,
Yours faithfully,
W. BRANDT.

SIR,—I am directed to acknowledge the receipt of your letter of October 16 containing your claim for Lots 2584/5, Bubbling Well and Siccawei Roads, and in reply thereto to inform you that the Council is of opinion that the amount of the claim is excessive and it is considered that the following compensation would adequately meet the case of this surrender:—

| | |
|---|---|
| Mow 0.527 at the assessed value Tls. 2,700 per mow Tls | 1,423 |

LAND COMMISSION AWARD.

Cadastral Lots 2584 and 2585—Western District—Registered Owner Mr. W. Brandt, heard in the Council Room on October 25, 1918.

The Council is represented by the Assistant Secretary Mr. E. S. B. Rowe, the Municipal Engineer being in attendance. Mr. W. Brandt appears in person.

The Assistant Secretary states that since the adjournment Mr. Brandt had submitted his claim amounting to $15,582 which in the Council's opinion was excessive, and to this the Council had made a counter-offer of Tls. 3,323, which in turn was not acceptable to Mr. Brandt.

Mr. Brandt states that his claim is based on monthly returns and taking the houses in their present condition: that to the best of his knowledge the houses have been erected for 10 years and he estimates they will have a further life of 20 years, as he knows of instances where houses of similar construction have been standing for 30/35 years with little repair.

The Municipal Engineer considers the life of this class of house as from 20 to 25 years with repairs from time to time, after which period they are liable to collapse.

The Assistant Secretary points out that the Council would not permit of repairs being carried out to houses situated on land scheduled for road extension.

Mr. Brandt further states that houses in this locality can command a higher rental than those situated on the Bubbling Well Road within a distance of 50 yards, and that he had not considered the question of depreciation by virtue of the fact that the value of the land had appreciated. As to the Council's estimate of Tls. 100 per fong for houses of this description, he admitted that this figure was approximately correct.

He alludes to the extended frontage of the lots to which the Assistant Secretary replies that due cognisance of this is taken into consideration in assessment of the lots.

The Assistant Secretary states that the Council considers its offer to be fair but it would not object to an addition of 10 per cent. as is usual in cases of compulsory surrender.

The Municipal Engineer points out that had the land not been registered, the owner would be forced to accept the rate fixed under Chinese proclamation for roadland, i.e., Tls. 300 per mow.

Both parties having withdrawn, the Commissioners award as follows:—

That the amount to be paid to the registered owner be Tls. 4,098 composed of:—

| | Tls. |
|---|---|
| Mow 0.527 at the assessed value of Tls. 2,700 per mow = | 1,423 |
| Plus 10 per cent. for compulsory surrender | 142 |
| | 1,565 |
| 38 fong of Chinese houses at Tls. 100 per fong | |
| Less one-third for depreciation | 2,533 |
| Total Tls. | 4,098 |

Shanghai, January 9, 1919.

DEAR SIR,—I beg to acknowledge receipt of your letter dated 24th ult. re the award of the Land Commissioners in Case 113.

You ask me in your letter to let you have particulars of the purchase of the land for Tls. 6,500, and accordingly I enclose the following documents.

(1) Particulars of purchase, showing the several items of cost.

(2) Copy of Deed of Sale dated 7 May, 1914, and a translation thereof into English.

(3) Copy of Deed of Mortgage dated 23 February, 1914.

Yours truly,
N. C. HOME.

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

After full consideration of the circumstances of the case, the Council decided to refuse its support to any application to the Land Commissioners for a re-hearing, on the ground that no adequate reason for such re-hearing was disclosed. It was decided to apply to H. M. Supreme Court for enforcement of the Award and a writ was issued accordingly. The subsequent surrender by the registered owner of the title deed and acceptance of the amount payable under the Award, obviated the necessity for further proceedings.

**Building Regulations.**

Correspondence on the subject of the use of a building constructed for a private residence as a camphor factory in the Markham Road district. The Council expresses the hope that every care will be taken by the public to see that all hazardous trades are only conducted in buildings constructed for that special purpose:—

Council Room,
Shanghai, January 15, 1919.

GENTLEMEN,—I am directed to inform you that it has been reported to the Council that on December 24 an outbreak of fire took place at the foreign residence, No. 10 Markham Road. Upon investigation it was found that alterations had been made to the building, without notification to the Public Works Department, converting a foreign residence and a Chinese building into a camphor factory. As camphor is extremely inflammable, there was danger of a very serious fire, especially as a large matshed intended apparently to be used as a godown, had been erected in the compound also without a permit. Fortunately there was no wind at the time of the outbreak and so the fire was dealt with successfully.

The Alterations which have been carried out on this property constitute a serious breach of the Building Rules and I am directed to state that the Council desires that you will be so good as to afford an explanation of your action with regard to this matter and to request that you will take immediate steps for the restoration of the premises into a dwelling house as before and for the removal of the matshed.

Messrs. SUZUKI & Co.

---

Shanghai, January 20, 1919.

DEAR SIR,—We have been requested by Messrs. Suzuki & Co. to reply to your letter of the 15th instant on their behalf.

Messrs. Suzuki & Co., desire to tender their apologies for having overlooked the fact that a permit was required. This was due entirely to ignorance on their part as they thought in installing the machinery temporarily there simply as an experiment, that a permit was not required. It is intended to move the machinery to the factory on the Ward Road, for which a building permit has been applied for.

We enclose plan showing the position of the mat shed by which you will see it is not less than 30 feet from the nearest building, and shall be much obliged if you will kindly grant permission to Messrs. Suzuki & Co. to let the same remain up for a period not exceeding two months, provided the shed is only used for storage purposes and no refining of camphor is carried on in the adjoining building.

We are,
Yours faithfully,

Council Room,
Shanghai, February 25, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of January 20 on the subject of the use of a private residence in Markham Road as a camphor factory by Messrs. Suzuki & Company.

The Council notes your explanation of the circumstances under which this building was used temporarily as a factory due to ignorance of the concerned, and in the circumstances grants the permission desired for Messrs. Suzuki & Company to utilise the matshed for a period not exceeding two months from the date of your letter for storage purposes, provided that it is used for the storage of non-inflammable materials only and that the adjoining buildings are no longer used as a camphor factory.

## MUNICIPAL NOTIFICATION

**No. 2592.**

THE following Resolutions will be brought forward by the Council at the Annual Meeting of Ratepayers to be held in the Town Hall on April 9, 1919, at 2 o'clock p.m., and are published for general information:—

*Resolutions I, II and III.—Formal business and adoption of Rules of Procedure.*

*Resolution IV.*—That the Report and Accounts for the year ending December 31, 1918, be passed.

*Resolution V.*—That the estimated expenditure for 1919, contained in the Budget proposed by the retiring Council, together with the recommendations attached thereto, be approved and adopted, and that the Council be and it is hereby authorized to impose, collect and recover the rates, taxes, dues and fees recommended therein, and to raise, should it be considered expedient to do so, upon such terms and in such manner as the Council may in its discretion think fit, a sum not exceeding Tls. 3,400,000 or the equivalent of this sum, for the purposes defined in the estimate of Extraordinary Expenditure.

*Resolution VI.*—That the Council be and it is hereby authorized to approve and sanction any such extension or extensions of the railless tram system as it may from time to time consider desirable in the public interest and upon such terms and conditions as it may in its discretion think fit, provided that no right in regard to passenger or freight transport shall thereby be created in favour of any person, firm or company of such a character as will preclude this Community from availing itself of or from permitting the introduction of any other form of passenger or freight transport upon any route or routes traversed by the railless tram system.

*Resolution VII.—Election of Land Commissioner for the ensuing year.*

*Resolution VIII.—Election of four Governors of the General Hospital for the ensuing year.*

*Resolution IX.—Election of two members of the Permanent Education Committee.*

Ratepayers intending to ask questions in regard to the Accounts or other matters connected with the foregoing Resolutions, are requested to give notice of such intention before the Meeting, so that a full answer or other explanation may be given.

Ratepayers desirous of bringing forward additional motions, or of nominating duly qualified persons willing to serve under Resolutions VII, VIII and IX. are required to give notice thereof to the undersigned before 4 p.m. on April 2, for due publication.

By order,
N. O. LIDDELL,
*Secretary*

Council Room,

### Hongkew Disturbances.

Interchange of letters with the Japanese Consul-General in continuation of the correspondence published in the Gazette of February 13:—

Shanghai, February 13, 1919.

SIR,—I have the honour to acknowledge receipt of your letter of January 30, upon the Hongkew disturbances, and in reply thereto desire to express regret that the Council cannot subscribe to the views as expressed in my letter to the Council of January 11. Therefore, the question of compensation for the Japanese who suffered in the course of disturbances and the question of funeral expenses of the Japanese constable, will be placed before the Court of Consuls by the parties concerned.

Regarding the punishment of the constables referred to in my letter of January 11, I regret that I must again ask the Council to give this matter their reconsideration. I would draw the attention of the Council to the fact that I am informed the constables concerned in the disturbances are still maintained on the same beats. If such is the case, this appears to me to be an error of judgment on the part of the Council.

I have the honour to be,
Sir,
Your obedient servant,
A. ARIYOSHI,
*Consul-General for Japan.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council

---

Council Room,
Shanghai, March 13, 1919.

SIR,—To enable completion of the estimate of the amount of compensation which the Council intends to recommend for the Ratepayers approval at the forthcoming Annual Meeting in respect of loss of life or injuries or damage to property during the disturbances in the Hongkew District in July last. I have the honour to request that you may kindly ascertain on the Council's behalf the amount of medical expenses which have been incurred in respect of the treatment of the Japanese subject R. Fukuda, who is stated to have been shot in the eye during these disturbances: this man refused to undergo X-ray treatment in Shanghai, proceeding to Kobe where he is at present under treatment.

I have also the honour to request that you may kindly obtain for the Council's consideration a report in regard to the bullet which is stated to have been extracted as this may possibly assist the Police in their investigation.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

A. ARIYOSHI, Esq.,
Consul-General for Japan.

---

Shanghai, March 25, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th instant requesting me to ascertain on the Council's behalf the amount of medical expenses incurred in respect of the treatment of the Japanese subject R. Fukuda, and also to obtain a report as regards the bullet extracted from him.

In reply thereto I have the honour to inform you that I will have the pleasure to forward to you the report you require upon receipt of the same from the proper quarter in Japan where I have already written on the matter.

With regard to the medical expenses, however, I regret to state that I could not ascertain it from the above mentioned person who intends to bring the case before the Court of Consuls.

I have the honour to be,
Sir,
Your obedient servant,
A. ARIYOSHI,
*Consul-General for Japan.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

---

Council Room,
Shanghai, March 31, 1919.

SIR,—I have the honour to refer to your letter of February 13 further on the subject of the disturbances which occurred in the Hongkew District in July last, and in reply to the concluding paragraph to state that the information given to you that the Chinese constables concerned are still maintained on the same beats is quite incorrect, as none of them have performed duty in the affected area since July 19. Moreover, five armed Chinese point duty men on the Woosung and Boone Roads, who were used as a protection against armed robbers, were withdrawn immediately after the Disturbances and have not since been replaced.

In regard to the question of compensation, I have the honour to send you herein enclosed a statement of injuries to and cost of medical treatment of Japanese subjects, of damage to articles in the stores of F. Shibayama and K. Miyamato and of damage to Japanese properties and to inform you that compensation in the case of Chinese who have likewise suffered and one thousand dollars for the widow of the Japanese subject K. Harayama who lost his life in the course of the Disturbances, will be recommended for payment at the forthcoming Meeting of Ratepayers.

It may be noted that the statement above referred to makes no allowance for the medical treatment of the Japanese subject R. Fukuda, particulars of which were requested in my letter to you of March 13, but I have the honour to inform you that upon receipt of such particulars the Council is prepared to recommend reasonable compensation.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

A. ARIYOSHI, Esq.,
Consul-General for Japan.

## Moral Conditions in the Settlement.

Correspondence with the Shanghai Moral Welfare Committee in continuation of that published in the Gazette of December 12, 1918:—

Council Room,
Shanghai, February 6, 1919.

SIR,—Although the Council has no desire to discourage the efforts of your Committee to secure betterment in the moral conditions of the Settlement, I am directed to inform you that it unhesitatingly condemns as extremely ill-conceived, the publicity campaign which you have recently undertaken. The pamphlets issued in this connexion, more especially Pamphlet No. 1, cannot be said to deal with their subject matter in a suitable manner and their dissemination broadcast to those presumably, whose names appear in the Hong List, shows, in the Council's opinion, a deplorable lack of discrimination and of appreciation of the infinite harm that may thereby result. I am accordingly to request that you may desist from further publicity on these lines, and in doing so to reiterate that the Council is no less anxious than your Committee to secure improvement, but that it is of the opinion that improvement can only be obtained by tackling the problem of prostitution and its kindred evils from the practical as distinguished from the essentially religious and moral point of view.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

REV. A. J. WALKER,
Honorary Secretary,
Shanghai Moral Welfare Committee.

Shanghai, February 14, 1919.

SIR,—I have the honour to inform you that at a meeting of my Committee held on the 6th instant it was unanimously decided to again request the appointment of a Vice Commission.

It is felt that the Council have not fully realized the support and strength of the Organizations represented and that the efforts of this Committee have been somewhat misjudged.

It will be remembered that the formation of this Committee was the outcome of an appeal to the Council for such a Commission, and as it is felt that the data now in our possession, with that in the possession of the Police, Health and Revenue Departments would enable a comprehensive report to be drawn up; it is considered that the time has arrived for a Commission, with full powers to be named.

This Commission could deal with the following matters:—

(*a*) An estimate of the number of prostitutes in the Settlement: The means used to obtain them: The provision made for them in late life: The disciplinary measures employed by the Keepers of the Houses.

(*b*) The rent value and localities of brothel property, and a comparison of such rents with other properties.

(*c*) The form of Municipal license used in connection with certain brothels and the disciplinary measures used by the Police in this connection.

I have the honour to be,
Sir,
Your obedient servant,
P. M. B. LAKE,
*Associate Secretary,*
*Shanghai Moral Welfare Association.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

Shanghai, February 19, 1919.

SIR,—I have the honour to acknowledge receipt of your letter of the 6th instant and to inform you that my Committee is astounded at the peremptory tone and the request contained therein.

Digitized by Google Original from CORNELL UNIVERSITY

It will no doubt be remembered that the Council in their letter of August 16, were in agreement in a publicity campaign and this latest letter again asserts that "the Council is no less anxious than your Committee to secure improvement." We have waited in vain for signs of practical demonstration of this assertion, and are being regretfully driven to the conclusion that the Council's anxiety is to leave conditions as they are, to cover things up and preserve a prudery which ill-becomes the practical gentlemen who form the governing body of this Settlement.

My Committee cannot help feeling that the Council's letter points to a lack of knowledge of present day teaching in all the enlightened cities of the world and the request of the Council to desist from further publicity on the lines adopted can only be considered as an additional demonstration of lack of touch with the spirit of the times.

I am also to point out the conclusion arrived at, that the pamphlets referred to were disseminated "broadcast to those presumably whose names appear in the Hong List", is illfounded as great care was exercised in compiling the list of addresses who were all male adults.

I am directed to point out that my Committee cannot reconcile the Council's reiterated distinction between the practical and the moral, as it believes that in an "essentially religious and moral" atmosphere, the problem of prostitution and its kindred evils would find its most practical solution, and therefore justification is felt in approaching the problem from a moral standpoint.

In conclusion I would draw your attention to the fact that this Committee has on more than one occasion asked for the co-operation of the Council without, it is to be regretted, any response, and while the Council approved of the aims in points 1 and 2 of this Committee's letter of June 26 last, it refused to use the "Municipal Gazette", and made no use of any other medium to give the desired warning and advice. With regard to points 3 and 4 of the same letter, my Committee are not aware that the Council has given any practical attention to the suggestions contained therein.

I have the honour to be,
Sir,
Your obedient servant,
P. M. B. LAKE,
*Associate Secretary,*
*Shanghai Moral Welfare Association.*

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

---

Council Room,
Shanghai, March 20, 1919.

SIR,—I am directed to acknowledge the receipt of your letters of February 14 and 19 further in regard to the efforts of your Committee to promote the moral welfare of Shanghai, and to observe at the outset that the several views, comments and suggestions therein recorded are in the main so controversial in character that it is difficult, if not impossible, to avoid being equally controversial in reply.

Dealing first with your letter of February 19 and taking each of the paragraphs in order of sequence, I am directed to reply as follows:—

1.—The Council is not surprised that your Committee should have been astounded at the Council's request that it should desist from further publicity on the lines therein referred to, since it is apparent that your Committee did not and does not realise how great is the harm which is likely to result from so ill-conceived a publicity campaign, which, apart from protests, verbal and written, has provoked much resentment amongst a very large section of the Community.

In its letter to you of August 16 the Council stated and now repeats:—

"A *well-conceived* publicity campaign conducted through the right media and thus brought to the notice of those whom it is intended to reach may reasonably be expected to produce some good result. In the members' opinion no better medium suggests itself for bringing these matters to the notice of those whom it is your Committee's desire to reach, than the issue by your Committee of a pamphlet dealing *in a suitable manner*, etc., etc. On the other hand the members are unanimous in the view that the utilisation of the Municipal Gazette for this purpose might possibly, instead of assisting the objects of your Committee, have a contrary effect, and probably evoke considerable resentment on the part of a large number of readers to whom the warnings and advice given *could not of course apply*."

Unfortunately these views do not appear to have received that careful attention and consideration which, it is submitted they deserve, particularly having regard to the delicate nature of the problem which your Committee has set itself to solve. There are two very distinct ways of tackling every problem—the right and the wrong—and it is with deference that the Council submits that your Committee has chosen the latter.

2.—It is always an unpleasant and thankless task, in a discussion of such matters as those with which we are now concerned, to criticise proposals which are, it is recognized, put forward in all good faith: it puts one in a position of compromising with or apologizing for vice, or of attempting to minimise its dangers or of proclaiming the status quo as impossible of improvement. It is realized that such is the light in which the Council probably appears to your Committee, but in truth the Council's criticism of your Committee's proposals is due to its appreciation of their generally impractical nature, appreciation which results from daily practical contact with matters to which these proposals refer, and also to the conviction that any legislation which is designed to secure the abolition of prostitution, though in theory ideal, is nevertheless impractical. Legislation can, in the Council's opinion, only secure regulation and improvement and, to the limited extent to which legislation is possible in Shanghai, it should in the Council's opinion be directed to this end.

3.—The Council is not so out of touch with the spirit of the times as you mistakenly believe: on the contrary it is aware of the very divergent views in regard to prostitution and its kindred evils that trouble the authorities of almost every civilized country of the world, and it is moreover fully cognizant of the fact that a mass of authority can be quoted in support of or against each particular view. The different factors with which the government of this cosmopolitan community has to reckon are such as render the problem in Shanghai of far greater complexity and difficulty than is the case anywhere else in the world. What the nature of these difficulties and complexities are have from time to time been explained and re-explained to the many societies and individuals who have interested themselves in the matter, but it seems to the Council that your Committee in its zeal for reform has paid little or no attention thereto.

4.—The Council is relieved to know that its conclusion that the pamphlets issued by your Committee were disseminated broadcast, to those presumably whose names appeared in the hong list, was unfounded, but I am to point out that the great care exercised in compiling the list of addresses did not, from the Council's information, result in that discrimination which should, I am to suggest, have been shown in this connexion. The Council considers that the despatch of the pamphlets in question, apart from the objectionable character of pamphlet No. 1, to the male adult community shows a lamentable lack of discrimination and disregard of the views so clearly indicated in its letter of August 16, in regard to what might be considered a well-conceived publicity campaign.

5.—Since the stress laid by the Council on the importance of considering and discussing the matter from the practical as distinguished from the *essentially* religious and moral point of view has not apparently been understood by your Committee. I am directed to explain that religion and morality are not disregarded by the Council: on the contrary religion, morality, health and decency must form the basis for any reform, but the requirements of the first two are not always practicable and to this extent they must be adapted to that which is practicable.

In regard to the concluding paragraph of your letter and to the reference therein made to the points 1 to 4 contained in your Committee's letter of June 26, I am directed to refer you to the Council's letter of August 16, wherein the several points were dealt with at length.

In regard to "the additional and practical steps," to be taken by the Council "for the moral betterment of the Settlement" proposed by your Committee in its Pamphlet No. II and without traversing the many misleading statements that are contained in the argument leading up to these proposals and the mis-representations therein contained as to the Council's attitude on the whole question of improve-

ment in the moral conditions of the Settlement, I am directed to state:—

(1) That whenever indecent advertisements and placards in regard to quack remedies for venereal diseases are brought to the notice of the Police, they are dealt with. If therefore your Committee will assist in a practical manner in bringing such advertisements and placards to the attention of the Police, your Committee's efforts and those of the Council may obtain a greater measure of success than at present. Action on these lines, which is in accord with the recommendations of the Royal Commission on Venereal Disease 1916, has been taken by the Council for many years past, unfortunately there are many local difficulties which militate against the effectiveness of such action. So far as the Chinese press and advertisements are concerned the Council's powers in this connexion would have been considerably strengthened had the amended Bye-laws, which were first submitted to the Meeting of Ratepayers in 1916 and ultimately passed in 1917 after amendment, received the assent of the Consular and Diplomatic Bodies, since provision therein was made for the licensing of the press and of advertisements. It is cause for regret that these Bye-laws did not receive the support of the Consular Body, so that the Council's efforts and the efforts of the Community in this respect have been stultified.

(2) The publication and sale of indecent literature are made and have for many years past been made the subject of prosecution in the Mixed Court or in Consular courts whenever prosecution is possible. In this connexion your Society might well give practical help by bringing to the attention of the Police, such instances of the publication and sale of literature of this sort that may come to the knowledge of its members. The local difficulties in this case are to some extent similar to those referred to under No. 1 above.

(3) For some time past material has been collected for the preparation and publication in pamphlet and possibly also in poster form of a statement of the dangers of venereal disease and publication on these lines will be made in due course, though it may be here stated that neither pamphlet nor poster will be on the lines of that adopted by your Society in the pamphlets recently distributed by it.

(4) The Health Department does give advice and treatment to those afflicted with venereal diseases to the extent of its opportunities, but hitherto your Committee and others who have interested themselves in the subject, have done their utmost to put an end to this work.

In England the Local Government Board, in carrying out the recommendations of the Royal Commission on Venereal Disease 1916, has provided advice and treatment mainly through the medium of existing hospitals: rarely is treatment given by the Health Offices direct. In Shanghai foreign cases have facilities furnished for outpatients at the General Hospital, whilst Chinese cases are, it is believed, treated at all the recognized foreign style hospitals. The Health Officer advises that the Health Office could develop a venereal clinic in connexion with the Isolation Hospital, which would probably in time become an important factor in the prevention of venereal disease, but for the present, conditions are, it is considered, more conveniently served at the several hospitals, foreign and Chinese.

(5) It is doubtful whether any new factor in connexion with the prevalence of venereal disease would be discovered as the result of the appointment of yet another committee, as, except for the manifest result of the preponderance of male population both foreign and Chinese, there is nothing peculiar in the incidence of this disease in Shanghai. Moreover the proposal of your Committee in this respect would seem to involve confession of failure on its part, which is to the Council cause for regret, since the invitation, which was addressed in April, 1918 to the Shanghai Women's Christian Temperance Union to combine with all other interested parties in appointing their own representative committee was issued by the Council in the hope that thereby the efforts of all those who are interested in the moral welfare of the Settlement might be combined in such a representative committee as could deal with the question from every aspect and really assist with constructive suggestions. Is it suggested that such a further special committee as you recommend will be more competent in the matter than your Committee?

(6) The opening comment under No. 5 above applies *mutatis mutandis* to the suggestion that a group of volunteer women police should be organized and appointed for a year with a view to reporting on the problem of commercialized vice in the Settlement. Surely your Committee in tackling the task which it has undertaken has either obtained or can obtain all the materials that is necessary for a report on the problem referred to, without the assistance of volunteer women police whose functioning would be open to the gravest objection.

Dealing next with your letter of February 14 in which the opinion of your Committee is stated that the time has arrived for a Vice Commission to be named to deal with the several matters set out therein under paragraphs a, b and c, I am directed to re-affirm the Council's view that the appointment of any such commission, would not, it is reasonable to suppose, be productive of any better result than has been obtained by the appointment of your Committee, and in regard to paragraph c to correct the misapprehension under which your Committee apparently still labours, that Municipal licences are issued for the conduct of brothels.

Your obedient servant.

Council Room,
Shanghai, March 28, 1919.

MADAM,—I am directed to inform you that a suggestion has recently been made to the Council by a member of the Moral Welfare Committee that some measure of improvement, particularly in the lot of Chinese prostitutes might be effected if the Council were to follow the plan that has been adopted in certain European cities and employ two or three carefully selected women police who would devote themselves to getting into touch with these women, familiarising themselves with their conditions of life and reporting (for such action as may be considered desirable) cases of ill-treatment, forced detention, insanitary conditions and disease and generally doing what they can in an unostentatious and inoffensive manner to help in the betterment of existing conditions.

Whilst it appears to the Council that there might, and probably would, be serious objection to the employment of women police in the manner suggested, yet it recognizes that the object in view is undoubtedly a practical and commendable one. Under these circumstances and as the Council is aware that your Institution is conducting enthusiastic organized and practical work with these objects in view dealing, it is understood, with about a hundred women and girls annually mostly from brothels in Shanghai, I am directed to inquire whether you consider that an extension of this work would be beneficial and if so whether you would be prepared to extend such work if the Council afforded you a greater measure of financial support?

As regards sanitation and health, the Council considers that much might be effected through the medium of the health inspection work which is carried out by the Health Office.

I am, Madam,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

**General Hospital.**

*Finance.*—Letter to the Governors of the Hospital in continuation of the correspondence published in the Gazette of March 6 is subjoined:—

Council Room.
Shanghai, March 29, 1919.

SIR,—I am directed to refer to the correspondence published in the Municipal Gazette of March 6 in reference to the Council's decision to recommend to the Ratepayers at the forthcoming Meeting assumption of responsibility for the deficit on the Hospital working account, and to call your attention to the appropriation for a grant to the General Hospital of Tls. 59,000, made on page 102D of Part IV of the Annual Report just issued. This appropriation provides for the usual contribution of Tls. 3,500 towards the expenses of treating indigent patients, for the interest charges under the Council's guarantee in respect of the Hospital overdraft on building account, and for the deficit Tls. 33,000 on the Hospital working account for the year 1918.

As it is understood that the bank overdraft on working account was only Tls. 7,700 and as it is not the intention to provide a substantial credit balance on this account. I am directed to inform you that the Council's recommendation to the Ratepayers will be on the basis that the amount paid to the Governors each year in respect of the deficit on the working account for the preceding year, shall, after re-payment of the overdraft, be paid to the credit of and in reduction of the building account overdraft, and further that past deficits on the working account to the end of 1917, which have been transferred to building account overdraft, shall thus remain instead of being separated and retransferred to the working account. The Council's Budget for this year is prepared upon this basis.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

**Shantung Road Hospital.**

Further correspondence with the Hospital Committee is appended in continuation of that published in the Gazette of December 19, 1918:—

Shanghai, February 19, 1919.

SIR,—I have to thank you for your letter of November 29, 1918, in reference to my Memorandum of September 5, 1917, on the subject of the inadequacy of the Revenue of the Chinese Hospital to meet the ever increasing calls upon its services to the Chinese community.

My colleagues on the Committee are gratified to learn that the views of the Health Committee, which have been endorsed by the Council are generally so closely in accord with those expressed in my Memorandum and I now beg to comment on the matters referred to in your letter under reply:—

1.—It is noted with pleasure that the Council holds that every effort should be made to enable the Hospital to continue its most excellent work for the community.

2.—The Health Officer's suggestion that the Shantung Road Cemetery might be utilized under certain conditions as an exercising ground for convalescent patients of the Hospital has had the careful consideration of my committee, but they are of opinion that the number of patients who would be likely to avail themselves of the opportunity would be too small to justify the cost of laying out the grounds. the Chinese Members of the Committee not favouring the idea.

3.—It is not anticipated that the Rockefeller Foundation would accord to the Hospital any direct financial support, such as a contribution towards the erection of Buildings, as in their Report of 1914 the object they have in view is co-operation with, rather than development of, Hospitals in China. As I understand it the Rockefeller Foundation is first and foremost educational in its character and after medical students have graduated from the Colleges positions would have to be found for them in Chinese Hospitals, equipped and administered on up-to-date lines.

In return for this the Rockefeller Foundation, if satisfied generally that the Hospital was suitable, would be prepared to supplement its resources by assistance in matters of staff and equipment, should such assistance be necessary, and it is in this direction that my Committee feel they can look for support if suitable Buildings, etc., can be provided.

4.—My Committee have not gone at all closely into the question of plans for new Buildings and probably it would be advisable later on to appoint a Sub-Committee for that purpose.

As regards the piece of land still belonging to the London Mission, my Committee are still strongly of opinion that as this cuts into the centre of the compound its acquisition is essential in order to place the new Building in the most favourable position and secure a certain amount of open space to the south and sufficient detachment from the Chinese buildings to the north.

5.—The stipulation under which the Council is prepared to recommend to the Ratepayers a substantial increase in the existing grant-in-aid of Tls. 5,000 per annum, viz., the appointment to the Hospital staff of local medical Practitioners under suitable Regulations is agreeable to my Committee, being in accordance with recommendation 3 on page 3 of my Memorandum of September 5, 1917.

My Committee suggests that for the current year the grant-in-aid be increased by Tls. 15,000 to Tls. 20,000 which if approved, will enable them to meet some of the most pressing needs of the Hospital and for the guidance of the Council I beg to enclose Reports and Accounts for 1916 and 1917 and a short summary of the purposes to which the increased grant would be devoted. It will be noted that it includes a sum of Tls. 2,000 for the re-arrangement of the Out-patient Department which has been delayed in case rebuilding might have been found possible in the immediate future. This not being the case it is imperative that the work be undertaken as an alternative temporary expedient, but as the Capital value of the Buildings will not be increased when these alterations are completed the outlay comes under Revenue Expenditure.

As regards the larger question of the re-building of the Hospital to suit modern requirements, my Committee realize that the Council has large commitments in various directions at the present time and, therefore, may not be in a position at the moment to do more than agree in principle to a scheme of expansion of the Chinese Hospital.

My Committee's suggestion is that such agreement in principle take the form of a declaration by the Council that their attitude towards the Shanghai General Hospital will be followed in the case of the Chinese Hospital in Shantung Road and that it is their intention to give practical effect to this at the earliest possible moment.

In conclusion I beg to say that a representative or representatives of the Council will be welcomed on the Hospital Committee for the furtherance of any proposals for the extension and greater efficiency of the Hospital.

I am, Sir,
Your obedient servant,
LESLIE J. CUBITT,
*Trustee,*
*and Chairman of Committee.*

Shanghai, February 19, 1919.

Council Room.
Shanghai, March 28, 1919.

SIR,—Your letter of February 19 and the enclosures thereto have been the subject of careful consideration by the Health and Finance Committees and also by the Council, and I am directed to reply thereto as follows:—

As regards the working expenses of the Hospital, it is noted that the working account for 1917 showed a surplus of Tls. 5,154, and it is understood that a small surplus was also shown in the accounts for 1918. The Council fully appreciates that it was only possible to achieve this result by some restriction of the work of the Hospital and by rigid economy and that a greater measure of financial support is necessary to enable the Hospital to still further meet the demands made upon it. In the Council's opinion the obligation to provide this additional support rests on the wealthier Chinese, but, in recognition of the Hospital's services to the Community, the Council, whilst unable to comply with your request for a grant-in-aid of Tls. 20,000 has included provision in the Budget for 1919, which has just been issued, for a special grant of Tls. 5,000 in addition to the usual annual grant of the like amount.

As regards capital expenditure on the Hospital, the Council regrets that it is unable to pledge itself, in accordance with your suggestion, to the adoption of the same policy towards the Hospital as has been adopted towards the General Hospital.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

**Paulun Hospital.**

Letter from the Chinese Committee now in charge of the Hospital, with the Council's reply:—

*Translation of letter from Chinese Committee now in charge of the Paulun Hospital, dated March 12, 1919.*

GENTLEMEN,—We, the undersigned, have the honour to address you and to state that the Paulun Hospital was mutually established by Chinese and Germans, and it has been in existence for nearly 20 years. Most of the patients are poor. The deficit in the hospital-fund is covered by subscriptions of various parties, so that the hospital can carry on without any difficulty.

Now, as the superintendent of the said hospital, Dr. von Schab has returned to his native country, the Chinese Committee, greatly pitying the patients, has passed a resolution to take over the said hospital now full of sick Chinese and do their best to maintain the hospital in a state of efficiency.

We agree to advance the sum required for daily expenses. We have engaged experienced foreign-style educated Chinese doctors and educated Chinese graduates to fill all wants. We are much obliged by your yearly grants for helping to pay for medicine and we earnestly hope that you will henceforth help the hospital more than before and increase your yearly help to cover the shortage as the hospital is really very good for the public.

We have the honour to remain,
Gentlemen,
Yours faithfully,
CHU PAO-SAN,
PEI ZUNG-SUNG,
TSEU WEI-CHING,
CHOW CHUNG-LIANG.

The SHANGHAI MUNICIPAL COUNCIL.

Council Room,
Shanghai, March 27, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 12, applying for an increased grant-in-aid for the Paulun Hospital, and, in reply, to inform you that provision of the usual annual grant of Tls. 2,000 has been included in the Budget of Municipal Expenditure for the current year which will be submitted for the Ratepayers' approval at the forthcoming meeting to be held on April 9, next.

In this connexion I am directed to inform you that continuance of the Council's financial support in future years will depend upon the receipt of periodical reports by the Municipal Health Officer as to the satisfactory character of the work being performed at the Institution in question.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary*

Messrs. CHU PAO-SAN, AND OTHERS,
The Chinese Committee in Charge of The Paulun Hospital.

**Report of the Special Waterworks Committee.**

*Constitution of the Committee.*—The Committee was appointed by virtue of Resolution VII passed at the Annual Meeting of Ratepayers held on March 27, 1918:—

"Resolution VII.—That the Council be and it is hereby authorized and directed to appoint a Committee, consisting of three Members of Council and two Ratepayers with powers to fill vacancies, to consider and report whether it is desirable in the interests of this Community, that the business and undertaking and the lands, buildings, plant, machinery and effects of the Shanghai Waterworks Company, Limited, should be acquired in pursuance of the provisions contained in Clause 9 of the Agreement between the Company and the Council dated the first day of July 1905. The report of such Committee to be submitted to the Council, who shall lay the same before the Ratepayers in meeting assembled."

*Membership of the Committee.*—Messrs. E. C. Pearce, E. I. Ezra and A. S. P. White-Cooper were appointed as the Council's representatives on the Committee the membership of which was completed by the appointment of two Ratepayers Messrs. A. C. Clear and H. G. Simms. On January 8, 1919, Mr. J. Johnstone was appointed to fill the vacany in the membership of the Committee caused by Mr. White-Cooper's resignation from the Council in October, 1918.

*Work of the Committee.*—The differences that have arisen from time to time between the Council and the Waterworks Company in regard to certain questions touching the Community's water supply, the views which have been expressed at past Meetings of Ratepayers in regard to the desirability of supply by the Council rather than by a private undertaking and the views of Dr. Fowler on this point have been brought to the attention of the Committee in a memorandum prepared by the Secretary to the Council who has acted as Secretary to the Committee.

It was the Committee's intention to defer its deliberations until such time as the decisions reached as the result of discussions between representatives of the Company and the Works Committee of the Council on outstanding points of difference had been made public, since it seemed probable that such decisions would have an important bearing on the Committee's deliberations. In January 1919, however, the Committee was informed that in the course of these discussions certain proposals had been made as to the supply of water on a meter rate instead of on a percentage basis, and that on preliminary consideration the Council had reached the conclusion that further consideration of these proposals should be deferred until such time as the Committee had concluded its deliberations, since the proposals referred to were so far-reaching and of such importance that the Council could not venture any definite views thereon without exhaustive examination, of data and statistics as to the cost of production, consumption, waste, etc., which examination would be of little value should the Committee recommend and the Ratepayers approve purchase of the Company's undertaking.

Digitized by Google Original from CORNELL UNIVERSITY

Accordingly the Committee met on Friday, March 14, when present financial conditions in their bearing upon the question submitted for the Committee's consideration were the subject of discussion. It was pointed out that, when the Council moved Resolution VII already referred to, it fully realized that, if the purchase of the Waterworks undertaking were recommended, a very large sum would be involved and that the task of raising the necessary finance would not be an easy one unless the financial situation improved. In the Committee's opinion the financial situation cannot be said to be better than in March, 1918, even though the outlook may be brighter. Moreover the Committee is informed that the Council is pledged to a somewhat unexpected expenditure of a large amount in the next few years for additions to its electrical generating plant, and that it is probable that heavy expenditure will have to be met in the near future in providing a water sewage scheme. Under these circumstances, it appeared to the Committee that consideration of purchase of the Waterworks Undertaking should be deferred, since, should it upon a consideration of the advantages and disadvantages of such purchase make a recommendation that could not be acted upon, the activities of the Waterworks Company might, it is conceivable, be adversely affected which would not be in the best interests either of the Company or of the Community.

*Recommendation of the Committee.*—The Committee, therefore, recommends that consideration of the desirability of purchase of the Waterworks Undertaking be deferred until such time as financial conditions will permit of such purchase, should the Committee recommend accordingly. In making this recommendation the Committee wish to emphasize that it expresses no views either in favour of or against purchase.

## MUNICIPAL NOTIFICATION

### No. 2592.

THE following Resolutions will be brought forward by the Council at the Annual Meeting of Ratepayers to be held in the Town Hall on April 9, 1919, at 2 o'clock p.m., and are published for general information:—

*Resolutions I, II and III.—Formal business and adoption of Rules of Procedure.*

*Resolution IV.*—That the Report and Accounts for the year ending December 31, 1918, be passed.

*Resolution V.*—That the estimated expenditure for 1919, contained in the Budget proposed by the retiring Council, together with the recommendations attached thereto, be approved and adopted, and that the Council be and it is hereby authorized to impose, collect and recover the rates, taxes, dues and fees recommended therein, and to raise, should it be considered expedient to do so, upon such terms and in such manner as the Council may in its discretion think fit, a sum not exceeding Tls. 3,400,000 or the equivalent of this sum, for the purposes defined in the estimate of Extraordinary Expenditure.

*Resolution VI.*—That the Council be and it is hereby authorized to approve and sanction any such extension or extensions of the railless tram system as it may from time to time consider desirable in the public interest and upon such terms and conditions as it may in its discretion think fit, provided that no right in regard to passenger or freight transport shall thereby be created in favour of any person, firm or company of such a character as will preclude this Community from availing itself of or from permitting the introduction of any other form of passenger or freight transport upon any route or routes traversed by the railless tram system.

*Resolution VII.—Election of Land Commissioner for the ensuing year.*

*Resolution VIII.—Election of four Governors of the General Hospital for the ensuing year.*

*Resolution IX.—Election of two members of the Permanent Education Committee.*

Ratepayers intending to ask questions in regard to the Accounts or other matters connected with the foregoing Resolutions, are requested to give notice of such intention before the Meeting, so that a full answer or other explanation may be given.

Ratepayers desirous of bringing forward additional motions, or of nominating duly qualified persons willing to serve under Resolutions VII, VIII and IX, are required to give notice thereof to the undersigned before 4 p.m. on April 2, for due publication.

By order,
N. O. LIDDELL,

**Sequestration of Property of Enemy Subjects.**

Correspondence with the Senior Consul, assenting to the establishment by the Chinese Authorities, at No. 122 Bubbling Well Road, within the limits of the Settlement, of the office known as the "Branch Office for the Control of Funds and property of Enemy Subjects":—

Council Room,

Shanghai, February 19, 1919.

SIR,—I have the honour to transmit herein enclosed copy of a notice published in the "North-China Daily News" of February 14 under the heading "Sequestration of Property of Enemy Subjects" and to place on record the fact that as a further measure of co-operation with the Chinese Government and for general convenience, the Council assents to the establishment at No. 122 Bubbling Well Road, within the limits of the Foreign Settlement, of the office therein referred to as the "Branch Office for the Control of Funds and property of Enemy Subjects," and in doing so I have the honour to request that you may impress upon the Chinese Authorities that their desire to establish this office at the address stated and to issue the notice in question should first have been communicated to you for transmission to the Council for its formal assent, in accordance with the procedure customary in such matters and that in future this procedure, which presents no difficulty, should be strictly observed, since its non-observance can only, in view of their past attempts to function in the Settlement, create suspicion as to their motives, which, I need scarcely emphasise, is inimical to that spirit of co-operation and amicable understanding which it has ever been the Council's endeavour to promote.

In regard to the terms of the said notice, I have the honour to express the Council's view that the requirement that claims against enemy subjects should be lodged at the office at 122 Bubbling Well Road is without objection provided that it is clearly understood that the Council's assent to the establishment of this office does not extend to permit of its acting in any judicial capacity in respect of claims against enemy subjects resident in the Settlement, or against enemy property situate therein, which must in the event of dispute be referred for hearing and decision by the Mixed Court, which alone is the court of competent jurisdiction and must so remain. In this connexion I have the honour to suggest that the Chinese Authorities should be reminded of the fact that, before such properties can be administered, it will be necessary for the Director and Associate Director named in the said notice to apply to the Mixed Court for the requisite order vesting such properties in them, as also to submit to the jurisdiction of the Court so that thereby may be avoided any misgiving that may exist on the part of Settlement residents that the Chinese Authorities desire to remove claims present and future against enemy residents of the Settlement and against enemy properties therein situate, out of the jurisdiction of the Court.

Finally I have the honour to observe that such executive measures as may be requisite in the Settlement in connexion with the repatriation of Enemy Subjects therein resident or the sequestration of the properties of Enemy Subjects therein situate, must be carried out under the direction of the Municipal Police, though to facilitate the work of the Director and Associate Director in this connexion the Council will accord permits to such approved delegates as may be by them appointed for this purpose.

I have the honour to be,

Sir,

Your obedient servant,

E. C. PEARCE,

*Chairman*

D. SIFFERT, Esq.,

Consul-General for Belgium and Senior Consul.

*(Enclosure.)*

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated February 26, 1919.*

The Commissioner is in receipt of a note from the Branch Office for the Administration of Funds and Property of Enemy Subjects in Kiangsu saying that the funds and property of enemy subjects in the Settlement shall be taken over and administered by this office; they have wired to and obtained sanction from the Central Office on this subject. They wrote yesterday asking the Commissioner to take note and arrange with the Senior Consul, also publication of a notice in the Chinese and foreign newspapers. Now the officer of this (Branch) office and Mr. S. K. Chen, Secretary of the Commissioner's yamen, say that they have personally arranged with the Senior Consul that the receiving and handling of the funds and property of enemy subjects in the Settlement shall be on similar lines as was done in the seizure of arms and munitions from German and Austrian subjects at the time of severance of connexion between China and Germany. Under the arrangement the Branch Office will send a representative or representatives while the Senior Consul will ask the Municipal Council to detail police to assist or accompany them to proceed to take over (such property) and in case the work of receiving same is not finished a sealing slip will be posted thereon announcing that the same has been inspected by the Branch Office for the Administration of Funds and Property of Enemy Subjects in Kiangsu. The repatriation of enemy subjects is approaching; the Office should lose no time in the matter of taking over and administering the funds and property of enemy subjects and so they hasten to ask the Commissioner to address the Senior Consul to ask the Municipal Council to detail police to assist in this matter.

He is glad to note that Mr. S. K. Chen has arranged the matter personally with the Senior Consul and now he has to write and ask the Senior Consul to ask the Council to send police to assist and with many thanks. Awaiting the favour of a reply.

Council Room,
Shanghai, March 6, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of February 27 transmitting for the Council's consideration a copy and translation of a communication from the Commissioner for Foreign Affairs on the subject of the administration of the funds and property of enemy subjects resident in the Settlement.

In reply to the request made on behalf of the Branch Office for the Control of Funds and Property of Enemy Subjects, that the Council should arrange for the Municipal Police to accompany the delegates appointed by the said office to inspect enemy properties in the Settlement and that the Council should permit of the sealing of such properties with sealing slips issued by the said office, I have the honour to refer to the suggestion made in my letter of February 19 that the Chinese Authorities should be reminded of the fact that before such properties can be administered it will be necessary for the Director and Associate Director of the said office to apply to the Mixed Court for the requisite order vesting such properties in them as also to submit to the jurisdiction of that Court. In those cases, however, in which enemy subjects have consented to submit their properties to such inspection and sealing as aforesaid and their written consent thereto is delivered to the Council for authority and record, and due notice is given, arrangements can be made for the Police to accompany the delegates on their attending to inspect and seal the properties concerned: at the same time I have the honour to observe that the only sealing papers which can be recognised as of any validity or value as such in the Settlement are those which are issued by the Consular Courts or the Mixed Court and that the Council cannot therefore accept or recognise any responsibility or liability in regard to the affixing of so-called sealing papers issued by the said office above referred to.

I have the honour to add that should it be desired that any particular enemy properties be specially watched, the Council is willing to make the necessary arrangements therefor at the cost of the said office in accordance with the usual scale of charges for special watching services.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

**Road Extensions and Widenings.**

*Nanking Road.* — Compensation for the surrender of a portion of the scheduled area of Lot 31 has been agreed upon with Messrs. E. D. Sassoon & Co., Ld., on the basis of the assessed value plus 10 per cent. and less one-third deduction for betterment on an area of Mow 0.005 sufficient to widen the road to 40-ft. The amount payable therefore is Tls. 2,706 in respect of the area to be surrendered measuring Mow 0.029. Reinstatement will be carried out by the Public Works Department at an estimated cost of Tls. 50.

*Yuyuen Road and Surplus Land.* —Arrangements have been made for the purchase from Mr. C. Luthy for rectification of the line of this road of B.C. Lots 8613 and 8446. The whole of the first named lot will be merged in the road and approximately two-thirds of the latter, leaving a piece of surplus land measuring Mow 0.603 for use or resale hereafter as circumstances may require. The price paid, at the rate of Tls. 3,500 per Mow, is Tls. 6,968.

*New Roads.*—Correspondence with the Rev. Dr. J. R. Hykes:—

Shanghai, December 16, 1918

SIR,—In connexion with my letter of even date *re* the extension of water mains to the Ang Hwo Dairy, 53 Edinburgh Road, I would respectfully submit that in my opinion it is a wise policy to extend such conveniences as water and electricity to residences erected on the out-lying Municipal roads.

Some years ago, when I was a member of the Council I advocated the macadamizing of the Municipal roads outside of the Settlement and the policy of extending the water and electricity mains to houses, erected on them, which paid Municipal rates.

This was being done in what is now the French Settlement extension and the manner in which it has been built up as contrasted with the Western District proves the wisdom of the more liberal policy adopted at that time by the French Municipality.

Yours sincerely,
JOHN R. HYKES.

N. O. LIDDELL, Esq.,
Acting Secretary, Municipal Council.

Council Room,
Shanghai, January 31, 1919.

SIR,—In reply to your letter of December 16, on the subject of the macadamising of new roads and the policy of extending water mains to new houses erected on them, I am directed to inform you that the Council recognizes the desirability of the adoption of a broad minded and liberal policy in this respect, and is ready and willing at all times to act and does act thereon so far as is possible, having regard to public requirements and the financial situation.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

**Moral Conditions in the Settlement.**

Correspondence in continuation of that published in the Gazette of April 3:—

Council Room,
Shanghai, April 3, 1919.

SIR,—With reference to my letter of March 31, I am directed to send you herein enclosed copy of a letter from Mrs. A. G. Parrott, Honorary Secretary and Treasurer to the Door of Hope, which will be referred to the Council for further consideration.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

P. M. B. LAKE, Esq.,
Associate Honorary Secretary,
Shanghai Moral Welfare Committee.

---

Shanghai, April 2, 1919.

DEAR SIR,—With reference to the Council's suggestion and enquiry contained in your letter of March 28, I am directed by my Committee to say that, we shall be very glad to extend the work of our Institution along such lines as would result in the release of Chinese prostitutes who are forcibly detained in evil bondage, and give them the opportunity of changed lives. We consider that much good might be accomplished along the lines you suggest, if our representatives had the power to enter brothels and investigate cases which come to our knowledge, and also to do systematic visiting in this connexion. We are constantly hearing of cases of ill-treatment, forcible detention, and disease, and often we cannot get into touch with them.

Any aggressive work along the lines suggested would need much wisdom and care, and we feel it would be necessary for our Committee to have an interview with some representative of the Council, in order to discuss important points in connexion with this proposition.

I am, Sir,
Yours faithfully,
(MRS. A. G.) C. M. PARROTT,
*Hon. Sec. & Treas.,*
*Door of Hope.*

*Trailer Cars and Railless Passenger Cars.*—In terms of the following correspondence, the Council has sanctioned the construction of 15 additional trailer and 7 additional railless cars:—

Shanghai, March 22, 1919.

DEAR SIR,—I enclose two prints of each of the following drawings:

No. 326 for two-compartment Trailer Car with 9-ft. 6-in. wheel-base.

Digitized by Google Original from CORNELL UNIVERSITY

No. 323 for Railless Passenger Car with 1st Class compartment at front instead of rear as in the present cars.

It is proposed, with the approval of the Council, to instal 15 additional trailer cars and 7 additional railless cars in accordance with the above-mentioned drawings. The main dimensions of the bodies will be similar to those of the present cars.

Since the Company last made application to the Council for sanction to the installation of additional cars, the number of passengers has increased by nearly twenty millions per annum. There are now 90 motor tramcars and 70 trailers. It is proposed to employ most of the additional cars on Route No. 12 which now runs between Carter Road and Range Road, viâ Bubbling Well Road, Nanking Road, Bund, North Soochow Road and North Szechuen Road. It is contemplated to make this route a circular one by continuing it along Range Road, Boundary Road, North Chekiang Road and Sinza Road, so that there would be no turning of cars. Some of the proposed additional trailer cars would be available for supplementing the service on existing routes as may be required. The drawing shows a long wheel-base, viz., 9-ft. 6-in.; this is rendered possible by radial axles, a trailer equipped with which we have had running with complete satisfaction for over two years. The wheel-base of the other sixty-nine trailers is 6-ft. 6-in. and it is hoped, later, to convert these to the radial type, as the longer wheel-base ensures steadier running and tends to overcome the operating disadvantage of one end of the car (1st Class) being often empty or only sparsely occupied.

When the Company proposed the short extension of the railless system in Peking Road, west of Fokien Road, for the purpose of enabling a test to be made of alternative forms of paving, it was expected that the extension could have been carried out so as to admit of the test being obtained without much delay. A long time has elapsed, however, and the traffic on the railless route has developed to such an extent that the accommodation of the railless cars is taxed to a greater extent than that of the rail cars on any route.

The favour of an early reply is desired so that the work of construction may be put in hand.

Yours faithfully,

**Fire Brigade Report for February.**

The total number of calls to fires, or supposed fires, during the month was 12, as against 31 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 20,650 (Foreign, Tls. 20,050; Chinese, Tls. 600), as against Tls. 6,700 (Foreign, Tls. 100; Chinese, Tls. 6,600) during February 1918. The property at risk is estimated at Tls. 361,000 (Foreign, Tls. 325,000; Chinese, Tls. 36,000), as against Tls. 862,000 (Foreign, Tls. 780,000; Chinese, Tls. 82,000) for the corresponding period last year.

The calls were received as follows:—Telephones 9, Watch Tower 1, Police 1 and Street Alarm 1.

The general alarm was given on 2 occasions, the remaining 10 being station calls.

These calls proved to be 9 small fires, 1 chimney fire, 1 false alarm and 1 fire outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Lamp upset | 1 |
| Spontaneous combustion | 1 |
| Dirty chimney | 1 |
| Fusing of electric wiring | 1 |
| Ignition of film | 1 |
| Charcoal heater close to wood partition | 1 |
| Wood in contact with smelter | 1 |
| Arson | 1 |
| Unknown | 2 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 4 |
| Chinese buildings | 9 |

Of these one building was destroyed by fire and seven others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 68,540 gallons.

The Brigade was occupied 7½ hours, and the Staff was employed for a further 107¾ hours watching and damping down.

Unfortunately three lives were lost at fires attended by the Brigade during the month.

The fires of note during the month were:—

*161 Bubbling Well Road, February 15, at 5.02 a.m.*—At 5.02 a.m. a telephone message was received from a foreigner reporting smoke arising from a foreign residence near Seymour and Bubbling Well Roads. On arrival of the No. 7 Company, flames were belching from the windows of the ground floor rooms on the east. A report was immediately given that Mrs. E. S. Kadoorie was in the premises, but no definite information could be given as to her exact whereabouts. Ladders were raised to the verandah adjoining Mrs. Kadoorie's room, but she was not there and an attempt at rescue was made, but unfortunately the efforts of the Brigade proved unsuccessful. After a strenuous search made under extremely difficult conditions owing to the heat and smoke, Mrs. Kadoorie was found in a small store room which was immediately opposite her bedroom against the head of the staircase. She was carried to her room and artificial respiration was attempted without avail. The rest of the family had a very narrow escape, having to descend by ladders placed against the verandahs both staircases being cut off.

*XX 97 North Yunnan Road, February 15, at 9.40½ p.m.*—This outbreak was practically extinguished before the arrival of the Brigade. A lamp had been overturned setting fire to the bed upon which an amah and one child were lying. They were badly burnt, and removed to Hospital. Both subsequently succumbed to their injuries.

*H 327 Hoopeh Road, February 26, at 7.05 p.m.*—About 7.05 p.m. a portion of a film in the projecting box in the Cinema Hall on the fourth floor of the Entertainment building, known as "Flower World," at the junction of Hoopeh and Foochow Roads, caught on fire, and naturally created a good deal of smoke.

The firemen on duty quickly got a hydrant to work and dealt with the outbreak, which was by no means a small one owing to a quantity of loose film in the room.

Fortunately there were not many people in this part of the building at the time and only a small panic was caused.

M. W. Pett,
*Chief Officer*

Correspondence with the Senior Consul on the subject of the regulations of a Chinese Transportation, Storage and Hotel Association:—

Shanghai, March 5, 1919.

SIR, I enclose herewith for your consideration and reply copy of the Chinese text and a free translation of a letter from the Commissioner for Foreign Affairs in Shanghai concerning the regulations of the Hotel Guild.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Consul-General for Belgium, and Senior Consul.*

E C. PEARCE, Esq.,
Chairman, Municipal Council.

(*Enclosure No. 1.*)

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated February 7, 1919.*

The Commissioner is in receipt of a petition from Yang Ying-chia saying that he was appointed Director of the Transportation, Storage & Hotel Association last year. On December 25 last he forwarded a copy of the rules of the Association which have received the approval of the Defence Commissioner and the matter has been placed on record. He also forwarded a copy of the rules on December 4 to the Shanghai City Magistrate for transmission to the Taoyin and he has received instructions to the effect that under the provisions of Article I of the Regulations promulgated by the Board (of Trade) relating to the establishment of commercial guilds or association a copy of the regulations approved by their members shall be submitted to the local chief authorities for report and transmission to the High Authorities for consideration and sanction by the Board: this is on record. As they have received only one copy of the regulations of the Hotel Association they have been directed to submit two more copies of these regulations so that they may transmit them to the authorities concerned, which has been done. The Chairman and Vice-Chairman have also convened a meeting of the members of the Association, informing them of these circumstances and the members have expressed the opinion that as the Chinese authorities have given their approval the Association may be considered as having been properly established. However, as the Association is situated within the Settlement it seems desirable that the matter should also be reported to be placed on record by the Municipal Councils of the Foreign and French Settlements so that when they hold meetings hereafter, they may apply to them to detail an official to superintend matters and to accord them protection. Accordingly Yang Ying-chia has been requested to forward a copy of the rules of the Association to the Commissioner for transmission to the Municipalities for record. In reference to the above the Commissioner finds that the establishment of the Association is in the interests of traders and for the transportation of goods and he has, therefore, to write to ask the Senior Consul to communicate with the Municipal Council asking that this matter be put on record.

---

(*Enclosure No. 2.*)

*Regulations of the Hotel Association.*

1.—The Hotel Association is established in the interests of the travelling public, whether on steamers or trains, as well as to facilitate the transportation of goods and generally to co-operate with fellow-traders in various ports and to maintain an efficient service.

2.—Li Ting-yung has been elected, by the Association, Chairman: Chen Wei-ping Vice-Chairman, and Yang Ying-chia, Secretary-Director, as executive officer of the Association.

3.—Upon the arrival of steamers and trains in port the Association will detail men to the jetties and railway stations to welcome and accompany guests to their hotels, and generally to do all in their power for the convenience of travellers.

4.—The Association will only receive guests of good character, and officials passing through. In this respect this Association differs from ordinary lodging houses. In accordance with police regulations, they will put on record the names, native residences, occupation and destination of guests, for reference, but they will not admit any one of a suspicious character.

5.—If guests carrying valuable personal effects or other articles, such as silver or important documents do not deposit same at their accounts office they will not assume responsibility in case of thefts, but they will assume entire responsibility if such property, money or documents are deposited with them for safe-keeping.

6.—Any guest guilty of misconduct or falsely reporting a theft or refuses to pay for his lodging, the Association will send a representative to make inquiries and endeavour to settle all disputes. Should it become necessary to go to court the Association will report the facts, but in such cases only as concerns the hotel trade.

7.—Should it be found that hotel employes receiving guests from steamers or trains, conspire with the latter in smuggling or trafficking in contraband goods, such employes will be dealt with by the Customs (?); the hotel proprietors will not be responsible.

8.—When buying (passage) tickets for guests the hotel employes shall do so at the actual cost price, but should any employe be found receiving or borrowing money for freight charges from customers without reporting same to the accountant thereby prejudicing the general reputation of the hotel trade, steps will be taken to recover the money, the offender will be immediately dismissed and the matter reported to the Association, warning the other members against employing the offending employe.

9.—If any employe of the hotels, members of the Association, wilfully ill-treats any guest or creates trouble while under the influence of liquor or otherwise commits a breach of the hotel regulations he will be dealt with according to the preceding article.

10.—Members of the Association shall not entertain friends or invite them to gamble in the offices of the Association.

11.—When an employe desires to change his employment from A's hotel to B's, the latter shall make inquiries of the former to ascertain whether or not the man has any unsettled debts and he shall not be employed until an official reply is received from A's hotel certifying that he has settled all accounts. Otherwise A will hold B responsible for the amount owing by the man in question, together with an addition of 20 per cent. of the sum outstanding: at the same time the delinquent employe will be fined another 20 per cent. which will be devoted to the charity fund of the Association.

12.—Should an employe of any of the hotels, members of the Association, die penniless the Association will investigate the matter and give assistance, or defray the entire funeral expenses as the case may require.

13.—The Association is established at No. 4 Yung Hsin Li, Rue du Consulat, French Settlement.

14.—The membership of the Association at present consists of nine hotels. Any other hotel or hotels who endorse the objects of the Association and desire to become members may do so. The present membership is as follows:

Tai An, Chien An, Ta An, Chang Fah, Chang Chun, Ta Fong, Mien Li, Ching Ho and the Great Hotel.

---

Council Room,

Shanghai, March 15, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of March 3, forwarding a translation of a communication from the Commissioner for Foreign Affairs seeking the Council's approval of certain regulations of the Hotel Guild known as the Transportation, Storage and Hotel Association.

In reply I have the honour to point out that the Council's policy is opposed to the creation of monopolies, and to state that, as approval, if granted in this instance, would undoubtedly tend to constitute a monopoly in favour of this Association to the prejudice of other hotel owners, the Council cannot, it is regretted, accord the Association any official recognition.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

**Hydrophobia.**

The Health Officer reports that rabies in dogs is specially prevalent and that there is a marked increase in the number of persons bitten by rabid dogs coming in for Pasteur treatment. He points out that any laxity in carrying out the measures heretofore enforced in respect to dogs may lead to preventable deaths from hydrophobia.

Special instructions have, therefore, been given to the Police in regard to the prosecution of persons keeping dogs without licences or unmuzzled or imperfectly muzzled dogs and in regard to the destruction of unlicensed dogs.

Council Room,

Shanghai, February 17, 1919.

GENTLEMEN,—In reply to your letter of February 7, I am directed to state that the Council is willing to sell P.B.C. Lot 177 on North Szechuen Road, which measures Mow 3.235 at the rate of Tls. 2,000 per mow or a total sum of Tls. 6,470.

As a condition of this transaction it is stipulated that utilization should be granted of the land required for extending the road to give access to this lot measuring Mow 0.352 the surrender thereof to be made in the usual manner without compensation. These are the terms which have been applied to other similar properties abutting on the new Road.

As a further condition I am directed to state that the Council desires to reserve the right to construct and maintain a barrier at the southern end of the surrendered strip until such time as the owner of P.B.C. Lot 77 adjoining may see his way to execute surrender of the necessary land to continue the road through his property.

I am, Gentlemen,

Your obedient servant,

N. O. LIDDELL,

*Acting Secretary.*

Messrs. ATKINSON & DALLAS, LD.

Shanghai, February 21, 1919.

DEAR SIR,—We are instructed by the Nippon Yusen Kaisha to accept your offer of February 17 for the sale of this lot on the conditions stated in your letter and shall be obliged by your making the necessary arrangements for the transfer with H.B.M. Vice-Consul.

We are,

Yours faithfully,

ATKINSON & DALLAS, LD.

N. O. LIDDELL, Esq.,

Acting Secretary, Municipal Council.

*Substation Site—Medhurst Road.*—A proposal has been approved whereunder the Council's site Cadastral Lot 3101, purchased for an electricity substation, will be exchanged for Cadastral Lot 3107, near the corner of Medhurst and Sinza Roads, in the present ownership of Messrs. Macleod & Wilson, with a cash adjustment in favour of the Council of Tls. 2,500. The area of the new site is Mow 0.231.

**Road Extensions and Widenings.**

*Bubbling Well Carriage Terminus.*—With a view to facilitating the passage of traffic at this point, and as a result of the widening of the Yuyuen Road west of Jessfield Road, it has become necessary to rearrange this central space. To this end a short length at each end will be incorporated in the road thus making it easier to turn into Yuyuen Road and giving more clearance between the grass plot and the tramway line.

*Bubbling Well Road.*—The following correspondence, relating to an improvement of the Bubbling Well Road in the neighbourhood of the Bubbling Well Temple, is in continuation of that published in the Gazette of May 12, 1916:—

Shanghai, October 13, 1916

SIR,—The Committee learns that the Council will not issue a permit to repair those houses which now stand outside the Temple because they are on the line of the road widening.

As the Committee desired to let these houses sometime ago but owing to the above fact, they cannot do so, they now wish to know from you upon what grounds those houses shall be pulled down and the land given up for the purpose of road widening. We shall be glad if you will kindly inform us on the above questions and thanking you in advance.

Shanghai, October 16, 1916.

DEAR SIRS,—In reply to your letter of the 13th instant, I beg to say that there is no reason, so far as this office is concerned, why the one-storeyed buildings referred to should not be pulled down.

Your statement is correct that a permit to repair has been refused on the grounds that the land on which the buildings stand is required for widening the Bubbling Well Road.

Yours faithfully,

CHAS. H. GODFREY,

MR. ZEE YAO-HSIANG AND OTHERS,
Members of the Yuh Za Dong,
Committee.

Shanghai, October 25, 1916.

SIR,—We beg to thank you for your letter of October 16, reply (by Mr. Chas H. Godfrey) to ours of October 13 on the subject of those 5 houses outside the Temple, and stating that the said houses should be pulled down, and the land should be cleared for the purpose of the widening of the Bubbling Well Road.

In reply we beg to request you, in the first place, to furnish us with a plan showing the exact area for which the widening should be taken, as the Council had already taken about 6 funs in the eastside of the Yuyuen Road and further, the Committee wish to know the compensation of which the Council propose to pay for the land and the removal of those houses stated thereon.

Thanking you in anticipation.

Shanghai, October 27, 1916.

DEAR SIRS,—In accordance with your request of the 25th instant, I beg to hand you herewith a plan showing in red the area required from the Zing Ang Sze (Temple) property for the purpose of widening the Bubbling Well Road.

With regard to your inquiry as to what compensation the Council will pay for the land and houses, I beg to inform you that negotiations for a free surrender of the land have already been brought to a conclusion in July last.

As to the houses standing on the proposed widening they are in a dilapidated condition as your application for a permit to repair indicates. Compensation, if any, would, therefore, be nominal, but I should be glad to receive your claim for such sum as you may consider yourselves entitled to.

Yours faithfully,

C. HARPUR,

*Deputy Engineer & Surveyor.*

The YUH ZA DONG COMMITTEE.

Shanghai, November 25, 1916.

SIR,—We have to thank you for your letter of October 27, enclosing a plan showing the areas which the Council require for the purpose of road widening.

In reply we beg to state that the Committee is quite willing to surrender free the part on which there are 5 houses. The area shown on the plan is Mow 0.455 but the Committee would ask the Council to pay the loss of rental for those houses for 15 years at $20 per mensem, and $30 each for their removal.

Although the Council does not urge for their immediate removal, they already refused to grant any permit for repair and the Committeee noted that no tenant is allowed to go into those premises since last June.

With regard to the piece at the corner of Bubbling Well and Jessfield Roads the Committee gives their strong protest against surrender of any bit of land in that or any part of the Temple's property in future, and they wish the Council to put off that corner piece which shows on the plan.

Shanghai, December 31, 1918.

DEAR SIR,—With reference to the previous correspondence in connexion with the removal of the 5 bungalows on the South-east corner of the Temple grounds, I shall be glad if you will inform me when these will be removed.

Yours faithfully,
C. HARPUR,

The HEAD PRIEST,
Bubbling Well Temple.

---

Shanghai, January 6, 1919

DEAR SIR,—The Shanghai Municipal Council requires the demolition of the 5 bungalows on Bubbling Well Road, Nos. 1168 to 1172

The bungalows have not been pulled down as the Buddhist Association will not allow them to be removed.

But as there has been a dispute between the priests and the Association over another case, we are no longer under their rule, and we now agree to the removal of the bungalows.

If you will please send the permit and plan, we will have this done as soon as possible, and shall be grateful if you will help us in keeping the Temple property under the following conditions:—

1. Pay the cost of removal of the bungalows at a price a little higher than before offered
2. Please to look after our Temple properties.
3. Please give permit for removal of bungalows.
4. The liberty of our Temple grounds not to be infringed.
5. We will accordingly do all we can to assist the Council at any time.

LOH KUN,
SIEH KUN,
*Bubbling Well Temple Priests.*

CHAS. H. GODFREY, Esq.,
Municipal Engineer.

Shanghai, February 10, 1919.

DEAR SIR,—The head priest and the Committee of the Bubbling Well Temple instruct us to write in reply to your letter and say that they would be prepared to remove the five bungalows you refer to and that the following terms on which they would do so would be acceptable to the Council:—

1.—The Council would not remove the two big old trees now standing near the front door of the Temple.

2.—While the Council according to its plan is going to round off the south-western corner of the Temple, the Temple shall in all future times be entitled to repair or rebuild the present Temple premises as though that corner has not been rounded off, nor shall they be required, as a condition for obtaining the licence to repair or rebuild, to surrender any further ground on that corner.

3.—That the Council would at some convenient time appoint some staff to be present on the planting of boundary stones to mark off a strip of land on the west of the Temple that belongs to it from the Municipal road.

4.—That the Council would furnish the Temple with a plan showing the total area of the land taken by it from the Temple for making roads, and would pay a proportionate sum for Chinese Government Land Tax to become due hereafter.

5.—That the Council would use its good offices with Messrs. Brandt and Rodgers so that they would, upon the removal of the five bungalows permit the making of a drain by the Temple through a strip of land leased to them.

6.—That the Council would make a big drain somewhere on the Maloo in front of the Temple.

7.—That during the customary celebration of Budda's birthday which falls on the 8th day of the 4th Moon each year the Council would permit the setting up of stalls along the frontage of the Temple, the firing of crackers and the gathering of worshippers vehicles in its vicinity.

Yours faithfully,
HANSON, MCNEILL, JONES & WRIGHT

Council Room,
Shanghai, March 11, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of February 10, to the Municipal Engineer, and to accept the terms therein contained whereunder the Head Priest and the Committee of the Bubbling Well Temple will surrender for incorporation within the Bubbling Well Road the site of the 5 bungalows at present standing within the line of the said road.

In accordance therewith the Council will at an early date instruct a representative of the Public Works Department to mark off the strip of land at the west of the Temple as desired, will arrange to pay a proportionate sum of the Chinese Government Land Tax as requested and will arrange for the construction of a big drain on the maloo in front of the temple. The Council will also as requested use its good offices with Messrs. Brandt & Rodgers in regard to the construction of a drain through a strip of land leased to them.

Instructions will also be given to the Police that during the celebration of the Buddha's birthday on the 8th day of the 4th moon of each year, stalls may be set up along the frontage of the temple and the firing of crackers and the gathering of worshippers and their vehicles be permitted in the vicinity so long as reasonable space is left for through traffic to pass.

*Moulmein Road.* — Correspondence with Mr. D. M. David on the subject of the surrender of the corner of Lot 2216:—

Shanghai, February 8, 1917.

DEAR SIR,—I shall feel obliged if you will kindly inform me upon what terms you will be prepared to surrender, should the Council decide to acquire it, that portion of Cadastral Lot 2216 which is scheduled for acquisition on the official plan of Road Extensions and Widenings, measuring Mow 0.020 and coloured red on the accompanying plan.

I am, Dear Sir,

D. M. DAVID, Esq.

---

Shanghai, March 12, 1917.

DEAR SIR,—In reply to your letter of the 8th ulto., I beg to inform you that for various good reasons I am not prepared to negotiate for the surrender of the small piece of land ex Cadastral Lot 2216 Western and coloured pink on the plan sent me.

I am, Dear Sir,
Yours faithfully,

Council Room,
Shanghai, March 16, 1917.

SIR,—I am directed to acknowledge the receipt of your letter of March 12 to the Municipal Engineer on the subject of Lot 2216.

In reply I am directed to state that the Council requires the compulsory surrender from this lot of an area measuring Mow 0.02 which is scheduled for the Moulmein Road on the Official Plans of Road Extensions and Widenings. Since,

however, you state that you are unwilling to surrender this area, the Council is obliged in accordance with the Land Regulations, to give you notice that the question of the compensation, if any, payable for the strip of land in question will be referred for decision by the Land Commissioners, notice of whose sitting to consider the case will be duly conveyed to you.

I am, Sir,
Your obedient servant.

Surrender of the requisite area was, however, arranged subsequently with Messrs. Hanson, McNeill, Jones & Wright in terms of the following correspondence:—

Shanghai, February 24, 1919.

DEAR SIRS,—I have received your application dated February 21 for a permit to close the existing gate on Cadastral Lot 2216, Western District.

As the site of the proposed operations is affected by a scheduled road widening I beg to inform you that I am unable to submit it to the Council until I have communicated with you with reference to the land required for road purposes. A plan is being prepared to show the scheduled line as it affects the property and I will communicate with you at the earliest possible moment.

Shanghai, March 3, 1919.

DEAR SIR,—In reply to your letter of the 24th ult. the beneficial owner of B.C. Lot 3870 is willing to surrender to the Council the land required from this lot for road widening at the assessed value plus 10 per cent. for compulsory surrender.

Yours truly,
HANSON, MCNEILL, JONES & WRIGHT.

C. HARPUR, Esq.,
Municipal Engineer.

Council Room,
Shanghai, March 12, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 3, to the Acting Municipal Engineer, and to accept the claim therein contained for the surrender of the scheduled area of Lot 2216 required for the widening of the Moulmein Road, at the assessed value Tls. 5,500 per mow, plus 10 per cent., or a sum of Tls. 121 for Mow 0.020.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Messrs. HANSON, MCNEILL, JONES & WRIGHT.

*Siccawei Road.*—The claim of the Chinese owner has been accepted in respect of an area of Mow 0.088 of unregistered land south of Lot 2585 scheduled for the widening of this road, a sum of Tls. 472, inclusive of compensation for removal of 6 fong of one-storey Chinese houses.

### Public Roads.

*Asphaltum.*—The offer of the Standard Oil Company of New York has been accepted to supply asphaltum for surfacing roads during the current year at prices as per schedule. The quantity is estimated at between 150,000 and 200,000 gallons.

### Transport of Materials.

*Mechanical Haulage.*—In connexion with difficulties over the Wheeling Contract, which have culminated in the cancellation of two successive contracts, the Acting Municipal Engineer, dealing with the general question of such transport, expresses his views as follows:—

"I am strongly of the opinion that the time is ripe for the introduction, on a larger scale than heretofore, of mechanical haulage for the transportation of road and other materials in place of the present unsatisfactory method by Chinese wheelbarrows.

"The points in favour of the adoption of mechanical haulage are as follows:—

"1. It is more rapid and reliable. Rapidity of transport is very desirable under any condition. For some classes of work, e.g., that involving the use of hot bituminous mixtures, it is absolutely essential.

The unreliability of the wheelbarrow labour is much greater even than is indicated by the fact that already in the course of the year two contractors have completely failed in their responsibilities. It frequently occurs that orders are placed with the contractor for a certain number of wheelbarrows to be at hand and that only one-half, or even less than this number is actually supplied. It needs no argument to show that this means great inconvenience to the work involved, and sometimes complete disorganization of the other labour employed.

"2. The wear and tear on the roads is reduced if wheelbarrows are not employed.

"I have already called attention to the highly unsatisfactory features of the Chinese wheelbarrows in this respect, and I think that it would be well if the Department could lead the way in entirely doing away with wheelbarrow haulage.

"3. Some economy would be introduced in the actual cost of haulage.

"Whilst the figures obtained so far do not show any very outstanding feature as regards this point, a number of works have been carried out in which the cost of haulage has worked out at prices considerably lower than the contract wheeling rates and I have no doubt that with a number of motor lorries in regular operation, the haulage rate per fong mile can be reduced to a figure approximating to Tls. 0.70 per fong mile. The present wheeling contract rate is Tls. 0.76 and there seems no doubt that the figure will be increased in future to not less than Tls. 0.80, and possibly even higher, to enable the contractor to obtain a reasonable profit.

"There are at present four departmental lorries in use and provision is made in this year's Budget under "Stock and Stores" for an expenditure of Tls. 6,000 for motor wagons.

"It is estimated that each new wagon of a carrying capacity of 2 tons, at present prices, would cost about Tls. 4,000 and, taking into consideration the above points, and also the fact that the appropriation of Tls. 16,000 provided in the Estimates for Haulage under the sub-heading of "Motor Wagons, Wheelbarrows and Boats," the greater part of which is estimated on the cost of haulage by wheelbarrows, would be very greatly reduced, I recommend as follows:—

"1. That no further annual contract be entered into for wheeling.

"2. That I be authorized to inquire and report further on the possibility of obtaining without delay in the local market four motor wagons.

"3. That, pending the purchase of these Wagons, haulage that has heretofore been carried out under the annual wheeling contract, be carried out under special arrangements made from time to time with various wheeling contractors as required for the works in hand, at the best prices obtainable"

After close consideration of these recommendations, they have received the Council's final approval, and, accordingly, authority has been given for the purchase of three trucks as follows:

| | |
|---|---|
| Two 2-ton Garfords from the Central Garage Company at Tls. 3,950 each | Tls 7,900 |
| One 2-ton Brockway from R. Martens and Company, Ld., at Tls. 3,325 | ,, 3,325 |

*Armed Robberies.*—During the month four reports were made of armed robbery from houses in the Settlement. Three men were arrested in connexion with these reports and are at present awaiting trial.

One case of armed highway robbery from the person was reported.

One case of highway robbery in which no arms were used was also reported in the Louza District, the victim being a foreigner. Nine men have been apprehended in connexion with this case and also with five other cases of highway robbery of similar nature which were not reported to the Police. Eight of these men were sentenced to imprisonment at the Municipal Gaol and one is at present under remand.

During the month ten men were arrested in connexion with armed robberies from houses committed prior to March 1, 1919. They are at present under remand awaiting trial.

Five persons were arrested for being members of a gang of armed robbers and for being in possession of arms. Four of these were sentenced to imprisonment at the Municipal Gaol and the other is under remand.

Of the four persons awaiting trial at the end of February 1919, one was handed over to the Military Governor and three were sentenced to imprisonment at the Municipal Gaol.

The twelve persons referred to in previous reports as being under remand on charges of robbery at the end of December 1918, have been dealt with. The charge against one has been dismissed and the other eleven are awaiting sentence.

During the months of January, February and March last the number of robbers arrested was thirteen, thirty-nine and twenty-seven respectively, making a grand aggregate of seventynine, a quarterly figure which has been exceeded in the C. I. D. records only on one occasion.

## Health Officer's Report for March.

The recrudescence of Influenza, which was recorded towards the end of February, gathered momentum during March, causing the highest total mortality for the month of March on record, namely, 66 among foreign and 1,177 among Chinese residents. Of these deaths 23 among foreigners were attributable to Influenza, of which 14 were among Japanese; and 342 among Chinese. In addition to these, fatalities occurred from other causes which were probably hastened by a supervening attack of Influenza.

This is the third epidemic since the present pandemic reached Shanghai towards the end of May 1918. During the first epidemic the fatality among foreigners and Chinese respectively was 3 and 152; during the second in October 1918, 6 and 266. These and the figures now recorded show a progressive increase in virulence. It is probable that the present wave represents the maximum danger, but a further outbreak may be expected later in the year

and recurrences with diminishing virulence during three or four succeeding years.

As regards prevention, the intelligent use of a face mask or some convenient form of respirator when in danger of infection is considered to offer the best chance of protection. A useful interest was shown by the public in the simple face mask produced and furnished by the Health Office. The all-in cost of this mask was four cents inclusive of the envelope of instructions. Although not commonly used, it is known that in cases where actually and carefully used in proximity with cases of Influenza complete protection was conferred as happened during the Mukden plague epidemic. The experience in America, in places where the wearing of the mask was made compulsory, was that the mask was worn under the eye of the police but was discarded indoors and under conditions where the chance of infection was greatest. The proper use of the mask requires special hygienic intelligence on the part of the public, and this hygienic intelligence is not, perhaps, the same as ordinary intelligence; but requires an extension of education to hygienic methods, especially in the way disease is spread, which the future will surely supply when the effete survivals in the ordinary educational code are finally discarded and room made for teaching how to live. The amount of preventable wastage of child life is still colossal and continues through ignorance when the child becomes a man.

From the hygienic standpoint the greatest enemy of man is man himself, that is to say, in most cases infection spreads directly from man to man. It does not, however, follow that living like a hermit and avoiding contact with mankind is the only way to obtain freedom from infective disease. Protection may also be conferred by a process of roughing it or getting salted. For example, the infection of Tuberculosis is so universal that most people are at some period of their lives more or less tuberculous. Slight infection in childhood tends to protect against more extensive infection later on by a process of vaccination or salting. A child kept unspotted from the world without the usual diseases of childhood would probably have a bad time when finally exposed to human intercourse. It is probable that were all our food and drink taken free from microbes exposure to ordinary conditions would give rise to serious disturbance. Immunity consists to some extent in getting so accustomed to danger that the danger becomes innocuous. It is for the epidemiologist to state which health risks may be run and which to take special steps to guard against. The Public Health Notices and other special health notices issued from time to time is the way this special knowledge of local conditions is conveyed to the public.

Cases of Cerebro-spinal fever continued to occur locally in small number and along the Yangtse Valley.

Cholera is now epidemic in many ports in direct connection with Shanghai.

Over 3,000 free vaccinations among Chinese against Smallpox done by the Health Office during the month is a satisfactory example of being forearmed by intelligence in place of the usual rush for vaccination in the middle of an epidemic of Smallpox so easy to prevent by a little foresight.

Here follow tables of Vital Statistics, Infectious diseases and Outdoor Sanitary Work including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Engineer's Report for March.

A review of the Departmental weather records for the first quarter of the year, shows that Public Works have been very much handicapped on account of the unusual conditions that have prevailed. On 48 days out of a total of 90, work has been interfered with by either frost or rain, and, as may be inferred from this, progress has of necessity been comparatively slow. Towards the end of March, a marked general improvement took place. With the approach of the season of the year when bituminous work on roadways usually commences, weather conditions become of great importance as affecting this particular branch of the Department's outside work, warm, dry weather being essential for its successful accomplishment.

*Roads.*—The widenings of Bubbling Well Road on the north side from Hart Road to Hardoon Road and on the south side from Yates Road to Carter Road are both well in hand.

Kerb and channel is being laid and the footpaths are being made up to their standard widths in Weihaiwei Road from Yates Road to Mohawk Road, and in Mohawk Road from Weihaiwei Road to Bubbling Well Road.

Yochow Road is being raised east and west of Kungping Road, prior to the road being ballasted and metalled at this point for a width of 12 feet.

The raising of Chemulpo Road from north of Yangtszepoo Road to Rangoon Road has been completed.

Similar work is in progress in Wayside Road west of Lay Road.

The making up of West Soochow Road for its full width east of Tonquin Road is approaching completion.

Thorburn Road is being raised and formed north of Kwenming Road.

The ashing of Pingyang Road from Yangtszepoo Road to Pingliang Road has been completed.

*Bridges.*—Extensive repairs are being carried out to the piers, stringers and decking of Thibet Road Bridge.

*Bundings.*—Extensive repairs are being carried out to the timber bundings in Dixwell Road from East Hanbury Road to Sawgin Road, and in North Yangtsze Road from Fearon Road to Woochang Road.

*Drainage.*—The laying of the 4-ft. 6-in. diameter and 3-ft. by 2-ft. egg-shaped culverts in Funing Road west of Lay Road has been completed for about two-thirds of the total length.

The culverting of the creek in Bubbling Well Road east of Tifeng Road, by 3-ft. diameter tubes has been completed for a length of about 520 feet.

The existing 1-ft. 6-in by 1-ft. egg-shaped sewer in Yangtszepoo Road east of Whashing Road is being relaid.

*Central Offices.*—Further consignments of window casements, glass, and strong-room doors have arrived from England. The dressing of the granite work is proceeding steadily.

*Gaol Cell Blocks.*—A consignment of the special cell door locks has now arrived from England. As soon as these locks are fixed it will be possible to utilize some of the cells.

*Isolation Hospital — Discharge Block.*—The roof over the discharge block is completed, and the internal work is proceeding.

*No. 34 Boone Road.*—The alterations and fitting up of these premises for the Private Nursing service are practically completed.

*Riverside Power Station.*—The supports for the Willans Turbines have been completed.

Work has been commenced in the construction of a temporary shed, 25-ft. by 221-ft., replacing various outbuildings on the site.

*Fearon Road Power Station.*—The reinforced concrete work for the switch and transfermer cubicles is well in hand.

*Sawgin Road Depot.*—An office for the District Inspector is being erected by direct labour.

*Pingchiao Quarry.*—1,561 fong of material was despatched to the Public Works Department during the month.

*Cleansing and Watering. Total*

Road sweepings collected 5,303 cartloads
Used for raising land 730 „
Water used for street watering 2,583,000 gallons

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,906 |
| Foremen | 238 |
| Mafoos | 159 |
| Artisans | 429 |

*Concreteware.*—The following has been produced during the month:—

| | |
|---|---|
| Hand made | 8,421 pieces |
| Machine made | 2,275 „ |
| | 10,696 „ |

*Work Shelters.*—There were 14 admissions during the month and 30 bundles of wood chopped.

## MUNICIPAL NOTIFICATION

**No. 2598.**

**CHINESE WINE SHOP OFF-LICENCE.**

THE following licence conditions will be enforced with effect from April 1, 1919:—

1.—That the licence be not transferable.

2.—That the licence number plate be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced and that the licence be exhibited in a conspicuous place inside the premises.

3.—That free access be given to the Police on duty and to officers of the Health and Public Works Departments, the Revenue Office and the Fire Brigade, charged with the inspection of licensed premises.

4.—That no liquor sold be consumed on the premises.

5.—That samples of the liquor kept for sale be furnished when required for analysis by the Health Officer or his accredited representative; and that if such liquor be found on such analysis to be bad, impure, unwholesome, or unfit for consumption, the same shall be liable to be confiscated and dealt with in such manner as the Council may direct, without compensation.

6.—That no noise, disorderly conduct or gambling be permitted and that no persons of bad character be harboured on the premises.

7.—That no gratuities of any kind be paid any employe of the Council.

8.—That on a breach of any of its conditions, the licence be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 8, 1919.

## MUNICIPAL NOTIFICATION

**No. 2603.**

**DOGS.**

DOG owners who have not yet taken out licences for the current year, are requested to make application at the Revenue Office, *accompanied by the fee of $5 for each dog.*

Attention is directed to Condition No. 6 imposed in the licence, as follows:—

"That the dog when in the streets "or other place of public resort be "effectively muzzled, but in such a "manner as will admit of its "breathing and drinking."

Dogs found without muzzles, whether led or at large, within the limits of the Settlement or on outlying roads, will be seized by the Police and detained at the Kennels in the Gordon Road for a period of one week or longer as circumstances may direct; their owners, when identified, will be prosecuted. Dogs wearing ineffective muzzles will be regarded as unmuzzled.

Enquiries on the subject of lost or strayed dogs should be made at the Gordon Road Police Station (Telephone No. West 348).

By order,

**Fire Brigade.**

*Re-organization.* — Correspondence with the Senior Foreman:—

Council Room,
Shanghai, February 8, 1919.

SIR,—I am directed to address you on the subject of the re-organization of the Fire Brigade. You will recollect that this matter was informally discussed some few months ago when the Foremen of Nos. 1, 2 and 7 Companies and your 1st Assistant met the Chairman and Vice-Chairman of Council: it was then arranged that the suggestions of the volunteer members of the Brigade should be submitted for the Council's consideration, and as it is understood that the matter has since been considered by them, I am directed to state that the Council will be glad to receive their views as early as possible.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Acting Secretary.*

J. W. STAVERS, Esq.,
Senior Foreman,
Shanghai Fire Brigade.

---

Shanghai, February 24, 1919.

SIR,—I have been instructed by the members of the Volunteer Fire Brigade to protest strongly against statements contained in the Chief Officer's Report for 1918, and in particular against the last statement in the following sentence from Paragraph 1 on Page 12A, in which he refers to the decrease in the percentage of fire waste:—

"This must be accounted for "mainly by the motorisation of "the Brigade, and the increased "efficiency of the paid staff."

Inquiry into this question would demonstrate that the Volunteer Brigade is mainly responsible for the extinction of fires occurring in the Settlement.

The members regard the ignoring of their own services as a deliberate insult, and as an attempt to mislead the Council and Ratepayers.

I am, Sir,
Your obedient servant,
J. W. STAVERS,
*Senior Foreman.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Shanghai, February 26, 1919.

SIR,—I have the honour to acknowledge receipt of your favour of the 8th instant dealing with the re-organization of the Fire Brigade.

In reply thereto I am directed to inform you on behalf of the Volunteer Members of the Brigade that, as conditions are at present, we do not desire to make any suggestions to the Council for the permanent re-organization of the Brigade.

Moreover as appears from the Chief Officer's report for 1918, the services of the Volunteer Members are quite superfluous and totally unappreciated. Such being the case, we should be glad to be relieved of our duties at the Council's earliest convenience If this is not feasible, we shall be pleased to carry on until such time as the Council can make other adequate arrangements. In the latter case we would request the Council to hold an enquiry into our present status, with a view to making certain alterations which we consider essential to even a temporary *modus operandi* of the Brigade.

I should like to add that this reply has the unanimous approval of a full meeting of the Volunteer Brigade.

I am, Sir,
Your obedient servant,
J. W. STAVERS,
*Senior Foreman.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council, Room,
Shanghai, February 27, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of February 24 written on behalf of the volunteer members of the Fire Brigade protesting against certain statements contained in the Chief Officer's report for 1918 and characterising the ignoring of their services by the Chief Officer as a deliberate insult and as an attempt to mislead the Council and the Ratepayers.

In reply I am directed to inform you that the Council accepts responsibility for the fact that no tribute to the services of the volunteer members appears in the Chief Officer's report as published. As presented to the Council his report did make reference to their good work in a paragraph which dealt also with the question of the re-organization of the Brigade and in deleting this paragraph in the view that it was undesirable that any statement should be made at the present time which might prejudge the merits or demerits of the case for re-organization, this reference to the work of the volunteer members was also unintentionally excised.

I am to assure you that the Council does fully appreciate the value of the services rendered by the volunteer members to the Community and as a matter of fact in his speech which was drafted about three weeks ago in review of the work of the past year, a tribute to the volunteer members was inserted by the Chairman as follows:

"The volunteer strength of the Brigade has, I regret to say, fallen still lower: the work that they have performed in the public interest must therefore call all the more for the unstinted praise and thanks of the Community. That the total fire loss for the year shows a very substantial decrease, representing a percentage of only 5 per cent. on the property at risk, or a decrease of 3.78 per cent. on the percentage for 1917, is eloquent testimony of their good work as also of the general efficiency of the Brigade as a whole."

I am to express the Council's hope that the volunteer members will be satisfied that the omission of any reference to their services in the Annual Report was quite unwittingly due to its action in deleting the paragraph above referred to.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

J. W. STAVERS, Esq.,
Senior Foreman, Fire Brigade.

---

Council Room,
Shanghai, February 28, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of February 26 and to note that the volunteer members do not desire to make any suggestions to the Council in regard to any permanent re-organization of the Fire Brigade.

In regard to the wish of the volunteer members to be relieved of their duties at the Council's earliest convenience I am to express the Council's hope that the explanation given in my letter of yesterday's date as to how it was that tribute to their services was omitted from the Chief Officer's Report for 1918 may result in re-consideration of this wish. If this is not possible, I am to request that you may kindly furnish the Council with a statement of the alterations in the status of the Brigade which they consider essential to give effect to the expression that they will be pleased to carry on until such time as the Council can make other adequate arrangements.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

J. W. STAVERS, Esq.,
Senior Foreman,
Shanghai Fire Brigade.

---

Shanghai, March 12, 1919.

SIR,—I have to acknowledge receipt of your letter of February 28 and in reply I am directed to inform you that the incident of the Chief Officer's report and our omission therefrom is merely a side issue and does not in any way affect our request, that the Council should furnish us with a definite statement as to whether they are prepared to relieve us of our duties immediately, or whether they are desirous that we carry on, until such time as they can make other arrangements. Until we know that the Council wish us to carry on until other adequate arrangements are made, and also how long it will be before the Council can complete their arrangements, we do not feel called upon to make any suggestions for alterations in the status of the Brigade, which might be quite superfluous and merely serve as a subject for criticism.

I am, Sir,
Your obedient servant,
J. W. STAVERS,
*Senior Foreman.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, March 31, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of March 12 re-iterating the request of the volunteer members of the Fire Brigade that the Council should furnish them with a definite statement as to whether it is prepared to relieve them of their duties immediately or desires that they should carry on until such time as other arrangements can be made and

stating that until they know that the Council wishes them to carry on and how long it will be before such other arrangements can be completed, they do not feel called upon to make any suggestion for alterations in the status of the Brigade which might be quite superfluous and merely serve as a subject for criticism.

In reply I am directed to express the Council's regret that the volunteer members are apparently so unwilling to assist with their views upon the re-organization of the Brigade and that it has therefore been necessary for the Council to consider the matter and reach a decision without the aid of such views.

The Council has long realized, and it is understood that the volunteer members have likewise realized, that the rapid growth of the Settlement, the marked change in the type of buildings and the increased needs of present day requirements in regard to fire prevention, inspection and fire fighting are such as to require a Brigade composed very largely of professional firemen who can devote their whole time to fire matters. On the other hand the fine record of the Brigade of over fifty years as a Volunteer Brigade and the most excellent services which the volunteer members are still rendering to the Community are such that the Council has been loath to make a change that would alter its status. But in a matter of such importance as fire prevention, sentiment cannot it is realized be allowed to outweigh all other considerations and so the Council feels that an alteration in its status should no longer be postponed.

There is no desire on the Council's part, to dispense with the volunteer element entirely, indeed for several reasons, no small importance is attached to the retention of the volunteers and with this in view the Council has decided to re-organize the Brigade on the basis that a volunteer section shall be provided for and accommodated in the Hongkew Station which is considered the most suitable for the purpose, the other stations being manned by the professional section.

In informing you of this decision, I am directed to express the hope that the volunteer members will continue to render their services to the Community as at present until the end of April when the re-organization will take effect and that thereafter they may lend their support to the Council's proposals so that the retention of the volunteer element in the Brigade may still be possible.

Beyond stating that the volunteer section will conduct its own mess as is done under the existing company system, and that in regard to fire matters, distribution of gear, etc., it will be under the orders of the Chief Officer, it is impossible at the moment to define in detail the interrelation between the volunteer and professional sections, but the Council believes that this is a matter which can be settled on a satisfactory basis and one to which it will give close consideration on learning that it may expect support of its proposals by the existing volunteer members, to whom in conclusion I am to convey an expression of the Council's very appreciative and whole-hearted thanks for their past services to the Community.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

J. W. STAVERS, Esq.,
Senior Foreman,
Shanghai Fire Brigade.

---

Shanghai, April 5, 1919.

SIR,—With regard to the Council's decision contained in your letter of March 31, which decision reads

"The Council has decided to re-organize the Brigade on the basis that a volunteer section shall be provided for and accommodated in the Hongkew Station which is considered the most suitable for the purpose, the other stations being manned by the professional section."

We feel that the Council must have been aware of the effect that such a decision would produce, or it must have been badly misled, as even the most casual of enquiries would have elicited the fact that no Company of the Volunteer Brigade would for a moment entertain the idea of such a re-organization.

In view, therefore, of the above decision and in view also of the Council ignoring our request for an enquiry into the unpleasant conditions under which we have been working for some considerable time, we consider the Council to have virtually dismissed the Volunteer Members of the Fire Brigade: and accordingly we accept that dismissal with effect from April 30, 1919.

With regard to the paragraph in the above quoted letter, which paragraph reads:—

"I am directed to express the Council's regret that the volunteer members are apparently so unwilling to assist with their views upon the re-organization of the Brigade and that it has therefore been necessary for the Council to consider the matter and reach a decision without the aid of such views"

We would point out that before any correspondence was entered upon between the Council and ourselves, the Chairman of the Council verbally informed the Senior Foreman, that it was their idea to place all the Volunteer Companies in the Hongkew Station. In view of this statement we considered that as the Council had already made up their minds, we were not called upon to make any suggestion for alterations in the status of the Brigade which might be quite superfluous and merely serve as a subject for criticism.

We would call the Council's attention to the fact that the Volunteer Brigade is now in as high a state of efficiency as it has ever been. Doubtless the Council feels it has excellent reasons for accepting the *ex-parte* statements that have led it to dispense with the services of 43 foreign members of the Brigade, members with experience of local fire-fighting conditions extending over periods ranging from 1 to 9 years, but we would like to point out to the Council that we consider it extremely dangerous if they intend to entrust the safety of the Settlement to the type of coolie that has been hurriedly enrolled for the 'professional' Brigade during the past two years.

Our withdrawal from the Brigade is being forced, and we therefore take this opportunity of disclaiming all responsibility for the safety of the Settlement from fire after Wednesday, April 30, 1919.

After the service we have voluntarily given we feel the dismissal deeply, and, in order to give the community some idea of the position we have now been forced into, we would request the Council to publish this correspondence in the next issue of the Municipal Gazette.

I am, Sir,
Your obedient servant,
J. W. STAVERS.
*Senior Foreman.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Council Room,
Shanghai, April 23, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of April 5, on the subject of the Council's proposal to retain a Volunteer Section in the re-organized Fire Brigade.

In reply thereto, I am directed to state that the Council views with extreme regret the attitude which the Volunteer members of the Brigade have elected to adopt. It was fully nine months ago that proposals for the re-organization of the Brigade were discussed by the Chairman and Vice-Chairman of Council, the Foremen of Nos. 1, 2 and 7 Companies and your First Assistant, and all were agreed that a change in the status of the Brigade was necessary; what that change should be was not decided at once in order that the Volunteer members might submit suggestions for consideration. Nothing transpired for several months and a further inquiry, addressed to you on February 8, requesting the views of the Volunteer members, only met with the reply that they did not wish to make any suggestions for the permanent re-organization of the Brigade, but desired to be relieved of their duties as early as possible; they would, however, carry on temporarily provided certain alterations were made which they considered essential. On further inquiring what those alterations were, no suggestions were forthcoming, and the Council was obliged to proceed with the work of re-organization without assistance from the volunteer members, and the proposal set out in its letter of March 31 is the result. Your reply states that "Even the most casual of inquiries would have elicited the fact that no Company of the Volunteer Brigade would for a moment entertain the idea of such a re-organization" and alluding to a verbal suggestion by the Chairman of Council that it might be

Digitized by Google Original from CORNELL UNIVERSITY

possible to make some arrangement on these lines, you state that you considered the Council had already reached its decision on the subject, and any suggestions would be quite superfluous and would merely serve as a subject for criticism. Even if the Council had made its decision, which I am directed to state emphatically, it had not, it is considered regrettable that the volunteer members should not have made known their views on the subject or made alternative suggestions, instead of merely intimating that they consider themselves dismissed from the end of the month.

In summarising the present position of affairs therefore, I am directed to state that the Council, responsible for the efficiency of the fire fighting services of this Settlement, has during recent years recognized with considerable anxiety that the day had passed when the whole of the work of the Fire Brigade could with fairness be left entirely to the volunteer personnel. The Council had hoped that the members of the Brigade would cordially co-operate in the measures for re-organization necessitated alike from the increasing number, intricacy and value of modern fire fighting appliances, as from the fact that conflicting business and private duties, to an ever increasing degree, rendered attendance of the volunteer members in sufficient numbers at day fires a matter of great anxiety.

It is chiefly for the latter reason that the building up of the professionally trained portion of the Brigade has for many months been a matter of the greatest care, so as to bring it to the stage of development now reached, where the total absence upon occasion of the whole of the volunteer element, at even the largest fires, would not prejudically affect its efficiency. In taking these steps, however, the Council had and has no desire to dispense with the services of the Volunteer element, it has always viewed with the greatest appreciation the unselfish devotion to public duty of the members of the Brigade in that they gave of their best to the public service without expectation of merit or reward. It was therefore hoped that while, for the sake of efficiency, the Brigade must be administered and to a large extent manipulated by a professionally trained staff, it would be possible to retain, permanently, a section conducted by volunteer effort as heretofore. That the volunteer members should decline to co-operate in such a project is a great disappointment to the Council, and in accepting regretfully their decision, I am directed to repeat the Council's assurance of the grateful thanks of the Community for the services rendered in the past by the Volunteer members of the Brigade and to express its regret that those services should terminate.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

J. W. STAVERS, Esq.,
Senior Foreman,
Shanghai Fire Brigade.

The following interchange of letters with the Fire Insurance Association has ensued on this subject:—

Shanghai, April 8, 1919.

DEAR SIR,—It is reported that the Volunteer Members of the Shanghai Municipal Fire Brigade have tendered their resignation to the Shanghai Municipal Council as from the 30th instant, and in the event of this resignation being accepted and becoming effective, my Committee venture to ask the Council what steps it is proposed to take to meet the situation.

The matter appears one of extreme importance from a fire insurance point of view, and my Committee, at their Meeting held this day, decided to refer it to you without delay.

Your early reply will be greatly appreciated.

Council Room,
Shanghai, April 23, 1919.

SIR,—In reply to your letter of April 8, I am directed to send you herein enclosed an advance Gazette proof of the correspondence which has passed between the Council and the Senior Foreman on the subject of the re-organization of the Fire Brigade.

Beyond emphasizing how greatly the Council regrets that the volunteer members should have taken a stand that precludes the Council from proceeding with its original intention of making provision for a volunteer section in the Hongkew Station, there seems to be no matter dealt with in the correspondence that calls for particular comment or explanation, other than the ability of the Brigade to carry on the fire protection of the Settlement upon the withdrawal of the volunteer members at the end of this month.

I am directed to state that the Council is satisfied that the existing staff is quite competent to conduct the work of the Fire Brigade in an efficient manner, and that there is no ground for apprehension that the fire protection of the Settlement will in future be performed less effectively than heretofore. It should perhaps be here stated that the Department at present has at its disposal a total of 5 Europeans and 142 Chinese available for fire duties, while it is intended still further to augment the foreign strength of the Brigade by the immediate engagement of 6 additional firemen of experience.

The European staff consists of the Chief Officer with 14 years experience as Chief and a total of 22 years fire experience, the Departmental Assistant with 8 years experience in the Birmingham and Southampton Brigades and 4 years' local experience, the Departmental Engineer with experience in the Oakland Fire Department, U.S.A., and 12 months' local experience, the Clerical Assistant, who has completed a full volunteer training course with the London Fire Brigade in addition to two years' local experience, and Mr. R. O. Jackson who has proved himself a capable fireman.

The Chinese personnel consists of 142 men, of whom 67 have over two years service to their credit and most of the remainder have nearer two years service than one.

For some time past, more particularly in the day time, the brunt of the fire extinction service of the Settlement has been borne by these men and, in making this statement, no disparagement is intended of the excellent service given fully and freely by the volunteer firemen; but you are doubtless aware that the conditions of commercial life have to-day little in common with those of earlier days, and the heads of many firms which formerly provided numerous firemen are to-day obliged to refuse their employes permission to volunteer for this work.

There remains only to enclose herewith for your information, a copy of a memorandum by the Chief Officer, detailing the proportion of foreign supervision provided in Calcutta, Rangoon, Alexandria, and other places, which the Council believes will be of interest to you.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

Acting Secretary,

*Memorandum by the Chief Officer.*

With reference to my remarks re Fire Brigades in the Far East on a paid basis, and the proportion of foreign supervision, I would mention the following Brigades with such detail pertaining to each as I have been able to gather from the latest Annual Reports to hand:—

*Calcutta 1918.*—

Chief Officer.
Chief Engineer.
Inspector of Warehouses.
2 Station Officers.
6 Engineers.
1 European Driver.
7 European Firemen.

From April, 1917, to March, 1918, the Chief Officer was absent on War service in Mesopotamia, leaving the Senior Station Officer in Charge of the Brigade.

The Inspector of Warehouses is naturally a special service man. The 6 Engineers are for the steam Fire Engines, these are not necessary here, as we are an all motor Brigade: Calcutta is not. We have no need of a European driver. This leaves a strength of 10 Europeans for actual fire extinguishing work. The total strength is 220.

Calcutta is the largest City in the Far East under Foreign Administration. The Fire Brigade protects the City and suburbs, in addition it also protects Howrah, the Municipalities of Cossipore-Chitpore,

Maniktala and Garden Reach. It has a total area of over 113 sq. miles with a population of about 1½ millions. Shanghai has a total area inside Boundary limits of 8⅔ sq. miles with a population of about 620,000. It must be admitted that a large portion of the area of Calcutta is not built on, but their fire risk is more than ours.

*Rangoon 1916-1917.*—This city has an authorized strength of 3 officers and 10 petty officers. One officer and 6 petty officers joined the forces. It would appear that this Brigade is without a permanent second officer, leaving approximately 5 Europeans.

*Alexandria* has a total strength of 1 Chief Officer, 1 Supt., 1 Asst. Supt., 1 Chief Engineer. As far as I can see there are 5 Europeans with a total strength of 175 men, but it is difficult to judge, as they do not differentiate between natives and Europeans. Alexandria has naturally very large cotton risks. Unfortunately I cannot find reports for Bombay and Madras.

*Singapore 1917.*—There are 3 Europeans, one of whom was on leave.

*Penang* has one European Superintendent.

M. W. PETT,
*Chief Officer, Shanghai Fire Brigade.*

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated February 22, 1919.*

I have received a letter from the "Internal Peace Confederate Association" stating as follows:—

"Our association is composed of representatives of all the Provincial Assemblies, the Chambers of Commerce, Educational Associations and other organizations. The office of this association was situated in Peking, because it has been decided that the Peace Conference should take place in Shanghai, we have removed our association to Shanghai. The residence of the members of this association is at No. 15 Markham Road, the office of this association is at No. 20 Markham Road, and the meeting place is at the Cotton Spinning Guild. We wish to hang up a notice board on the door of the three above-mentioned places, please ask the Senior Consul to convey that wish to the Shanghai Municipal Council."

In receipt of the above I have the honour to inform you, Senior Consul, for your consideration and transmission to the Municipal Council.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated March 31, 1919.*

I have received a letter from the "Internal Peace Hoping Association" stating as follows:—

"Our Association is composed of representatives of all similar associations in every place outside Peking and the associations of the Chinese Sojourners. We are hoping for peace: we had a meeting on March 2 in Nanking. We elected Mr. Young Shi-ling as the Chairman, and Messrs. Liang She-yi and Chang I-ling as Vice-Chairmen. Now we have removed our office to Shanghai, to No. 81 Bubbling Well Road. Please ask the Senior Consul to convey to the Shanghai Municipal Council to let us hang up a notice board on the door of the office. Since we have requested the Chinese Authorities for registration, we have the honour to inform you, Commissioner for Foreign Affairs, for your consideration."

**Road Extensions and Widenings.**

*North Szechuen Road.*—The claim of Captain J. H. P. Parker, on behalf of Mrs. A. Parker, has been accepted for the surrender of the area required from B.C. Lot 60 Pao for widening this road to 60-ft., that the wall and surface drain be set back, that the small house at the corner be removed, that the road drain trap be cleaned and maintained, and that payment be made at the rate of Tls. 5,000 per mow for the land surrendered, or Tls. 860 for Mow 0.172.

*Haiphong Road.*—The following letters refer to an improvement to this road ex Lot 4370:—

Shanghai, February 25, 1919.

SIR,—On behalf of the Committee of the Doon Za Loh Nee Dong Charitable Institution I beg to inform you that the Committee desire to build a guild house on B. C. Lot 7178—Haiphong Road, they understand that a portion of land on the northern boundary of the lot will be required by the Council for the construction of the Haiphong Road. The Committee is quite willing to surrender the area required for road purposes, but they wish me to point out to you the following:—

1.—The Committee intends to build the house facing south, therefore they will not use the Haiphong Road as a frontage to the guild: they wish the Council to pay reasonable compensation for the area of whatever is required for the road.

Digitized by Google Original from CORNELL UNIVERSITY

2.—The Committee desire the house built with a southern exposure necessitating the making of the entrance way on the east of the lot, there is, however, hardly enough land on the east side. The Committee, therefore, begs that the Council will fill in the creek on this side and wish to know the cost to them of laying pipes and filling up the creek with mud.

I shall be glad if you will kindly let me know at your earliest convenience the amount of compensation the Council will be prepared to pay for the land required for the Haiphong Road and the cost of filling of the creek as the Committee wishes to start building operations as soon as possible.

Thanking you in advance.

Council Room,

Shanghai, March 6, 1919.

SIR,—In reply to your letter of February 25, on the subject of Lot 4370, Haiphong Road, I am directed to state that after careful consideration of the facts stated in your letter, the Council is willing to arrange compensation as follows:—

| | Tls. |
|---|---|
| Mow 0.174 at Tls. 600 per mow | 104 |
| Plus 10% | 10 |
| | 114 |
| Less one-third for betterment | 38 |
| | Tls. 76 |

The cost of laying a 12-in. pipe and filling the creek on the east of the lot between Haiphong and Markham Roads is Tls. 305, leaving a net amount of Tls. 229 payable by the Institution in the event of the Council undertaking the work.

**Educational Department.**

Report by Mr. F. M. H. Holman, B.A. (Cantab.) Lecturer in Education University of Hongkong upon his recent inspection of the foreign schools under the Council's control. All four schools have been recommended for approval by the Cambridge Local Syndicate:—

Hongkong, March 24, 1919.

SIR,—According to previous communications and arrangements between yourself, on behalf of the Municipal Council, and Sir Charles Eliot, the Vice-Chancellor of this University, Mr. F. M. Holman—our Lecturer on Education—was deputed to proceed to Shanghai to visit the various Municipal Schools and report thereon. Mr. Holman accordingly made an extended visit to the various schools and has now sent in his report from which you will see that he has gone into all questions arising out of the recognition of these schools by the Cambridge Syndicate in a most thorough, complete and business-like manner, and I am glad he has been able to recommend all four schools for recognition.

It gives me much pleasure in forwarding Mr. Holman's Report.

I have the honour to be,

Sir,

Your obedient servant,

Hongkong, January 20, 1919.

SIR,—I have recently visited Shanghai, at the request of the Shanghai Municipal Council, for the purpose of inspecting the Schools for foreign children maintained by the Council. It gives me much pleasure to send you my Report on these.

The Municipal Council at Shanghai, owing to the conditions which obtain in an International Settlement, has no compulsory powers in the matter of education; and it has been found impossible, I understand, to obtain public support, in sufficient strength, for any system of higher education within Shanghai than is provided for foreign boys and girls at the schools with which I am about to deal. The desire of parents seems to be only for such an education as will allow their children to reach a state of training which renders them acceptable in the business offices of the city. To supply such a training, it may be fairly stated, is the aim of the Council's schools.

The four schools visited by me were:

The Public School for Boys.
The Thomas Hanbury School for Boys.
The Public School for Girls.
The Thomas Hanbury School for Girls.

The following notes treat of each school in detail.

*The Public School for Boys.*

This institution originated in a Masonic School which was later taken over completely by the Municipal Council. Its material consists, almost entirely, of local boys who are likely to enter upon a business career in Shanghai, the average age at the time of leaving being sixteen or seventeen years. The School supplies the highest type of education provided by the Municipal Council, and the school authorities are aware that the courses which they provide are likely to be all the general education which will ever be received by the great majority of the pupils.

The buildings are modern and well designed, standing in a good, open situation. I consider them entirely satisfactory. They do not include, at present, either a gymnasium or a department for the teaching of hand-work; but I understand that these are likely to be added soon. The school possesses a large play-ground, an excellent assembly hall, well-fitted laboratories, a good art room, a clean and well managed kitchen and a bright dining room for boys who take meals on the premises. The buildings are designed for two hundred and fifty boys and the school is now only a very few below that number.

The organization appeared to me to be good and likely to yield excellent results. A very good feature is the great attention devoted to the physical side of the school life of the boys. The organization in this direction is on very sound and thoroughly modern lines. The curriculum appears to be satisfactory, on the whole; though shorthand is allowed as an alternative to history

Digitized by Google Original from CORNELL UNIVERSITY

in Forms V Lower, V Upper and VI. The amount of time given to each subject in the time-table must be governed by the experience of the school authorities in dealing with the type of boy most usual in the school; and here it must be pointed out that there are some Eurasian boys and many foreign boys in the school, the latter being particularly difficult to deal with since they enter the school at varying ages and with great differences in their knowledge of the English language, the word foreign here being used to indicate boys who are not of British parentage.

The subjects taught are English, modern languages: (French or German and Chinese); arithmetic, mathematics, natural science, history, geography, book keeping, shorthand, drawing, vocal music physical exercises and drill and organized field games also form part of the school life.

The demand for men in Europe arising out of the war has led to the inclusion in the school staff of some women teachers for duties which, under normal conditions, would be placed in the hands of men. The women teachers so engaged, however, are well qualified and are fully capable of meeting the needs of the school for the period of the war and the subsequent demobilization. It is well recognized that the present arrangements are purely temporary and that the needed assistant masters will be appointed as soon as possible. The staff, at present, consists of the Headmaster, with five Assistant Masters and five Assistant Mistresses. Of the latter, three, I understand, are temporary and for the period of the war only. The Headmaster, three Assistant Masters and two of the Assistant Mistresses are University graduates. Provided that the temporary Assistant Mistresses are replaced as soon as possible by Assistant Masters, I consider the staff well qualified to conduct the work of the school.

The classes were of a very convenient average size for the purposes of teaching. There is no overcrowding in the class-rooms and the staff appeared to have good opportunities of getting into the necessary personal touch with their pupils, a matter which is of great importance in a school of this type, where ordinary class subjects are taught in English, which is not the native tongue of a number of the pupils. The school is often asked to receive boys whose knowledge of the English language is very inferior to that of their fellows of about the same age who are already within the school. In view of this fact the standard of attainment in the various classes was, so far as I could judge in an inspection in which my time was necessarily limited, surprisingly uniform; a condition of things which must add greatly to the efficiency of the school since it enables the teaching staff to maintain a proper and fitting uniformity of presentation in their class-room methods.

The relations which existed between the boys and the members of the staff appeared to be very satisfactory. The Headmaster keeps in close touch with boys and parents, and, by a wise system of checks upon the disciplinary measures taken by members of the staff, secures a proper authority for his assistants while at the same time avoiding any possibility of injustice. Co-operation in games and scouting brings together the boys and the staff and the friendly atmosphere which existed was very pleasing.

I observed the working of the boys in their class-rooms and was present at the giving of lessons by all members of the staff. The teaching appeared to be in every way satisfactory.

On consulting past records on the school I found a steady growth in numbers and efficiency. I have already mentioned that the school is now dealing with almost as many boys as it was designed to accommodate.

My impression was that the school is efficient and very well-conducted. I suggest that it is fully worthy of recognition and approval by the Syndicate so far as I understand the requirements of that body.

*The Thomas Hanbury School for Boys.*

The school originated in a charitable institution set up by the late Sir Thomas Hanbury for the protection and education of poor Eurasian children. It was taken over, after experiencing considerable financial difficulties, by the Shanghai Municipal Council, by which body it is now maintained. The original School for Boys was placed in the same building as the School for Girls; but the present buildings for the School for Boys are new ones, erected for the purpose by the Shanghai Municipal Council. The School for Girls now occupies the whole of the old building.

The School for Boys provides an elementary education to prepare boys for business life in Shanghai. Its fees are lower than those of the Municipal Public School for Boys. I understand that the proportion of boys of British parentage is far less in the Thomas Hanbury School than in the Public School for Boys, the majority of the Thomas Hanbury boys being either Eurasians or of nationalities other than British. It follows from this that there are greater difficulties in teaching the boys at the Thomas Hanbury School because of the poor knowledge of the English language possessed by the majority of them at the time when they join the school, and the fact that many of them enter in this state when they are of quite advanced school age. Most of the pupils of the school are day-boys, but there are some boarders.

The buildings are modern, well-designed and kept in good order. There is no assembly hall, but I am told that one is likely to be erected in the near future. There is no art room and no hand work is at present done in the school. The class-rooms are bright, large and well lit. The dormitories are spacious and well ventilated. There is a large open play ground, but no covered play-ground at present.

The school is divided into an Upper School and a Lower School. Two special classes are provided for the teaching of the English language to boys of advanced school age who come to the school with such a poor knowledge of English that they cannot be graded with boys of their own age in the ordinary school work. The curriculum is arranged under the eight headings of English, mathematics, business subjects, geography, history, scripture, drawing and Chinese; the latter being treated as an extra subject unless the Headmaster considers it a necessary feature of the school course for any particular boy, in which case it is not charged for. This arrangement of subjects should provide an efficient preparation for business activities of the sort which the type of boy who attends the school is likely to undertake when he leaves. No experimental science is taught in the school but a series of science readers is used.

The time-table appeared to me to be quite satisfactory. A considerable amount of time is devoted to English subjects; and this, in view of the class of pupil with which the school has to deal, is very necessary.

The staff consists of the Headmaster, four Assistant Masters and five Assistant Mistresses. One of the Assistant Masters, I understand, is absent on war service. It is intended to increase the number of Assistant Masters as soon as possible, and to retain the service of Assistant Mistresses only in the lower parts of the school. Holding in view the abnormal circumstances, I consider the staff to be as efficient and adequate as it is reasonable to expect.

The classes appeared to be well graded and of a convenient size. The existence of the two classes for big boys who are backward in English enables the standard in the rest of the school to be maintained at a fairly uniform level. The class-rooms are sufficiently large to allow the boys to work under good conditions and the equipment of the rooms was, on the whole, modern and satisfactory. All the teachers seemed capable and well able to conduct the school work. The boys seemed ready and intelligent; and I found, on personal contact with them that they were willing to talk and possessed of ideas which they were perfectly willing to state. The impression left was distinctly good.

The previous reports on the school, which I examined, showed a steady and healthy growth and progress.

In this case, also, I suggest that the school be approved by the Syndicate.

*The Public School for Girls.*

This school was founded at the same time and in the same way as the Public School for Boys. When the new buildings for the Public School for Boys were completed the Public School for Girls entered into entire possession of the premises in which it is now lodged.

Digitized by Google Original from CORNELL UNIVERSITY

The buildings stand in the midst of a thickly populated district and are somewhat old-fashioned in design. They are a little dark and gloomy, and the corridors are draughty. I understand, however, that the Municipal Council intends to erect new buildings, the site having been chosen already. The present buildings are quite satisfactory from the point of view of air space in the class-rooms, heating, etc., but more modern buildings will certainly add to the total efficiency of the school work. The school stands in the midst of a large playground, in one part of which is situated a garden in which, at the favourable time of the year, some of the girls plant and tend flowers.

The school is divided into Kindergarten, Lower School and Upper School. The subjects taught are English, French, German, arithmetic, botany, physiology, history, geography, drawing, book-keeping, shorthand, vocal music, physical exercises, drill, organized games, cookery and needlework. Latin, Greek and higher mathematics are taught in certain special cases.

The time-table was quite satisfactory in its arrangement.

The Head-Mistress directs a staff of eighteen assistant mistresses and two student mistresses. Four of the assistant mistresses are University graduates, the Head-Mistress has passed through Whitelands Training College, and four of the assistant mistresses have also passed through training colleges. The staff appeared to me to be well qualified and efficient. The general policy in the working of the school I consider to be excellent.

I visited the class-rooms and found them perfectly satisfactory as regards space and equipment. The classes appeared to be well-graded and of a very convenient average size. Geography is a subject which, in my opinion, is particularly well taught in this school, and great attention is also devoted to the teaching of history. It is clear that the very great importance of these two subjects is well appreciated by the Head-Mistress. The class-room practice of the staff, so far as I was able to judge, was very good, and the relations existing between the teachers and their pupils appeared to be excellent. The working of the school seemed to be smooth and the scheme of discipline wise and moderate.

Part of the work of the school is conducted in a converted dwelling house some distance from the main School buildings. I understand that this arrangement is purely temporary. The premises have been adapted, as far as possible, by the Municipal architects, to school purposes, but there are still defects in the way of lighting and ventilation, and the premises are generally inconvenient.

I certainly think that the Syndicate could well approve this school, but would add the suggestion that the Council should be urged to undertake the construction of the new buildings as soon as possible.

*The Thomas Hanbury School for Girls.*

This school was founded at the same time, and with the same objects, as the Thomas Hanbury School for Boys. Most of the pupils take up work in business offices in Shanghai after leaving school.

Of the four schools inspected by me, the buildings in which this school is lodged are the least suited for the purposes to which they are put. The class-rooms are small, the stair-cases narrow and steep, the premises are draughty and the lighting in many of the class-rooms is poor. The dormitories in which the boarders sleep, however, are spacious and well lit, and the necessary lavatory accommodation is good. There is a pleasantly fitted little common room for the boarders, which has recently been introduced. Evidently an effort is being made to give the girls a sense of home-like surroundings and to abolish, as far as possible, the "institution" atmosphere. The school possesses a fairly large playground.

The school is divided into Kindergarten, Lower School and Upper School. Instruction is given in scripture, English, arithmetic, geography, history, literature, French, drawing, class singing, drill, needlework, and cooking for girls in the Fifth and Sixth Forms. Great importance is attached to handwriting, English Composition, grammar and arithmetic. The distribution of these subjects over the time-table appeared to me to be quite satisfactory.

The staff consists of the Head-Mistress, together with seven assistant mistresses and a music mistress. Those of the pupils who are boarders are in charge of three matrons. One of the assistant mistresses is a University graduate, and all are trained and experienced. They appeared to me to be keen and capable.

The class-rooms were, in some cases, small, and, in other cases, dark. The equipment was, on the whole, good. The classes were of an average size which would give the teacher opportunities for individual attention to the children, and the grading appeared to me to be as uniform as might be expected in view of the great variety of age, nationality and standard of attainment in English which was evident amongst the girls. The grading is made easier, as in the Thomas Hanbury School for Boys, by the existence of a special class for girls who join the school at a fairly advanced school age, but with very little knowledge of the English language. The teachers, I thought, handled their classes well, and were doing good work under conditions which were not so favourable as could be desired. The pupils appeared ready, polite and intelligent. A great deal of school efficiency is probably lost in the class-rooms every year through fatigue set up in the pupils by strain owing to defects in the school buildings.

The working and discipline of the school appeared to be quite satisfactory. I examined previous reports on the school, and from them it was evident that a great deal has been done to improve its efficiency and there is, undoubtedly, a good record of growth and progress since the institution has been taken over by the Municipal authorities. I think, therefore, that the school could be approved by the Syndicate.

I trust that I have been able to provide the Syndicate, in the above notes, with the information which it requires in forming its judgment with regard to these schools.

I am, Sir,
Your obedient servant.

Council Room,
Shanghai, April 11, 1919.

SIR,—I am directed to acknowledge the receipt of your letter to the Chairman of March 24, forwarding for the Council's information Mr. Holman's report upon his recent inspection of the four foreign schools under the Council's control, and to state that the members of the Foreign Educational Committee and the Council have noted with pleasure and satisfaction that all four schools have been recommended for approval by the Cambridge Local Syndicate.

In respect thereto, I am directed to inquire whether in accordance with the practice followed in such cases in England, as indicated in the Chairman's letter to Sir Charles Eliot of June 21, 1918, a copy of Mr. Holman's report has been forwarded to the Cambridge University Authorities and, if such is not the case, to request that a copy be forwarded at an early date.

In conclusion, I am directed to thank the Hongkong University Authorities for the valuable assistance they have so willingly rendered in this matter, and to request that you will kindly convey to Mr. Holman an expression of the members' deep appreciation of the work he has performed in connexion therewith.

I am, Sir,
Your obedient servant,

### Fire Brigade Report for March.

The total number of calls to fires, or supposed fires, during the month was 16, as against 29 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 1,075 (Foreign, Tls. Nil; Chinese, Tls. 1,075), as against Tls. 34,900 (Foreign, Tls. 26,050; Chinese, Tls. 8,850) during March 1918. The property at risk is estimated at Tls. 83,000 (Foreign, Tls. 7,000; Chinese, Tls. 76,000), as against Tls. 512,200 (Foreign, Tls. 435,200; Chinese, Tls. 77,000) for the corresponding period last year.

The calls were received as follows:—Telephones 10, Street Alarms 4 and Police 2.

The general alarm was given on 2 occasions, the remaining 14 being station calls.

These calls proved to be 10 small fires, 2 chimney fires, 3 false alarms (1 malicious) and 1 fire outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Defective flue | 2 |
| Child playing with matches | 1 |
| Dropped match or cigarette end | 1 |
| Lamp overfilled | 1 |
| Sparks from chimney | 1 |
| Sparks or ashes from stove | 1 |
| Tar overboiling | 1 |
| Lighted charcoal cracking an earthenware basin and falling on to the floor board | 1 |
| Unknown | 1 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 2 |
| Chinese buildings | 18 |

Of these eleven houses were more or less damaged by smoke, fire and water.

The water used at fires during the month was 26,480 gallons.

The Brigade was occupied 7 hours and 20 minutes at fires, or supposed fires, and the Staff was employed for a further 65 hours and 25 minutes watching and damping down.

It was an exceedingly quiet month, there being no fire of any importance.

M. W. PETT,
*Chief Officer.*

## Mixed Court Report for March.

A number of regular sessions of the Court were abandoned through Assessors being incapacitated by influenza and it was frequently necessary to postpone the hearing of cases at the eleventh hour owing to the parties or their counsel being unable to attend Court from the same cause.

Warrants were issued for three enemy subjects who evaded embarkation on the repatriation ships.

The following enemy subjects were before the Court during the month on criminal charges:—

| *Name* | *Nationality* | *Offence* | *Decision* |
|---|---|---|---|
| H. Kremla | Austrian | Entering Settlement without permit | To be detained in Police Station until put on board ship for repatriation. |
| H. F. O. Dettmar | German | do. | Sent to the Repatriation Camp on 25-3-19. |
| F. Bande | German | Changing address without notice | To be kept in Police custody until sailing of steamer. Visits from his wife to be allowed. |

On March 27, before Messrs. Grant Jones and Yui, Messrs. Lester, Johnson & Morriss, agents for the Shanghai Tug & Lighter Company, Ld., sued one Dau Kyung-pau (譚金寶) for $255 rent due in respect to No. 272 Yunnan Road. In answer to a question put by the Court, plaintiff's shroff stated that the premises were used as a first-class brothel and had been so used for the past two years; this fact was known to his employers. The Assessor said that the Court would give judgment for defendant, this being an immoral contract.

Here follow returns of Offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention and Chinese Civil Cases.

*Acting Registrar.*

**Volunteer Corps.**

*Light Horse.*—In consideration of long and valued service in the Corps, and upon the recommendation of the Commandant, retired rank of Captain, with the right to wear the prescribed uniform, has been conferred on Capt. P. Orighton upon his resignation from the Corps from May 1, accepted by the Council with regret.

*Shanghai Scottish.*—In consideration of long and valued service in the Corps, and upon the recommendation of the Commandant, retired rank of Captain, with the right to wear the prescribed uniform, has been conferred on Capt. C. H. Rutherford upon his resignation from the Corps from May 1, accepted by the Council with regret.

*"A" Company, British.*—The resignation of Capt. G. M. Billings has been forwarded by the Commandant and accepted by the Council with regret. Upon the recommendation of the Commandant his transfer to the Reserve of Officers has been approved.

**Lotteries.**

Correspondence with the British-American Tobacco Co., Ld. and with Messrs. Fleming, Davies & Bryan, on the subject of trade lotteries for the purpose of advertising certain brands of cigarettes:—

Shanghai, April 9, 1919.

SIR,—With a view to advertising the "Pirate" brand of cigarettes sold by this Company in China, the Company has adopted the following scheme:—

A number is placed upon each carton of "Pirate" cigarettes, and at the end of each month the Company offers to purchase back the empty cartons bearing certain numbers selected by the Company, paying for such empty cartons full cartons of "Pirate" cigarettes. The highest prize is 25 cartons of cigarettes of the total value of $62.50.

I shall be obliged if you will inform me whether you consider that this scheme is contrary to the Municipal Regulations as to lotteries, or whether you have any objection to the scheme for any other reason. The Company regards the scheme as a good advertisement, but would not desire to continue it if you consider it in any way objectionable.

I am, Sir,
Your obedient servant,
W. B. KENNETT.

K. J. McEUEN, Esq.,
Captain Superintendent of Police.

Council Room,
Shanghai, April 22, 1919.

SIR,—I am directed to acknowledge the receipt of your letter to the Captain Superintendent of Police of April 9, requesting the Council's approval of a scheme which your Company proposes to adopt for the purpose of advertising the "Pirate" cigarettes.

In reply, I am directed to inform you that the Council's policy is opposed to every form of advertisement which constitutes a lottery, and to state that, if approval were granted in this instance, it would undoubtedly lead to the submission of innumerable kindred applications by Chinese business-men which the Council would have difficulty in refusing. The members are, therefore, unwilling to comply with your request, and I have accordingly to inform you, with regret, that your application has been disapproved.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary*

W. B. KENNETT, Esq.,
British-American Tobacco Co., Ld.

---

Shanghai, April 14, 1919.

DEAR SIR,—I am instructed by Mr. J. Whey to inform the Council that he proposes to do the following, provided the Council has no objections:—

The Tabaqueria Filipina, of which Mr. Whey is the proprietor, is manufacturing a cigarette known as Dah Chi. In each package of cigarettes Mr. Whey proposes to put a coupon, a sample of which I enclose herewith. These coupons are valued at five cash big money and cigars or cigarettes may be purchased with them or if the holder desires he may obtain the actual cash.

I will be obliged to you if you will let me know if the Council has any objections to this proposed scheme.

Yours truly,
R. T. BRYAN, JR.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

*Translation of notice by The Chinese Hsin Nieh Tobacco Co.*

The Chinese Hsin Nieh Tobacco Co. issue a notice saying that every packet of Dah Chi Brand cigarettes will contain a picture-card which may win a prize of $1 in accordance with an announcement to be made at the end of each month as to what pictures are entitled to such a prize. In case no prize is won a cigarette will be given in return for each such card.

Shanghai, April 16, 1919.

DEAR SIR,—In supplement of the letter written to you on the 14th instant by our Mr. Bryan relative to the coupons which Mr. Whey wishes to put in the packages of Dah Chi cigarettes, we beg to state that Mr. Whey wishes to put ten prize coupons in each case of cigarettes. Each case contains five thousand packages. At regular intervals the names of the prize coupons are published in the Chinese papers and the holders thereof are entitled to receive one dollar in cash for every prize coupon that they hold. We enclose herewith further samples of the coupons, the pictures on which are supposed to represent Chinese Fables.

We will be obliged to you if you will inform us whether or not the Council will permit Mr. Whey to use the coupons in the manner described.

Yours very truly,
FLEMING, DAVIES, & BRYAN.

Council, Room,
Shanghai, April 28, 1919

SIR,—I am directed to acknowledge the receipt of your letter of April 14, requesting the Council's approval to a scheme which the Tabaqueria Filipina Company proposes to adopt for the purpose of advertising "Dah Chi" cigarettes.

In reply, I am directed to inform you that the Council's policy is opposed to every form of advertisement which constitutes a lottery, and to state that, if approval were granted in this instance, it would undoubtedly lead to the submission of innumerable kindred applications by Chinese business-men which the Council would have difficulty in refusing. I am accordingly directed to inform you, with regret, that your application has been disapproved.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

*Yangtszepoo Market.*—Correspondence with Messrs. Arnhold Brothers & Co., Ld., relative to a proposed exchange of this site for another piece of land in the neighbourhood:—

Shanghai, March 25, 1919.

DEAR SIR,—We would be obliged if your Department, in conjunction with the Health Office, would give your careful consideration to our suggestion of removing the Yangtszepoo Market on B. C. Lot No. 7222 to B. C. Lot No. 8388 situated on the corner of Batavia and Jansen Roads.

Our asking you to do this is the necessity of our building a row of quarters for the Foreign Staff at the Oriental Cotton Mill on B. C. Lot No. 8387, as near the Yangtszepoo Road as possible which would place them right in front of the Market and subject them to many inconveniences in the way of smells and flies during the Summer months.

In addition to the advantage which would occur to us would be several in our opinion favourable to the removal of the market. In its present condition, the market is small, very congested, and the stalls, hawkers and patrons overflow on to the Yangtszepoo Road, which, being subject to rapidly moving traffic, is of great danger to the patrons of the market all days of the week.

We are the owners of B. C. Lot No. 8388 and one of the conditions of the transfer could be that we would give you a larger area and place the market in a safer position for those using it. We would, therefore, suggest that the South-West corner of this lot would be suitable and agreeable for us to surrender for an improved market. The lot runs along a public road, is well situated to those resident

in the Chinese houses adjoining and should in every way be more suitable as a market.

Council Room,
Shanghai, April 11, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 25 relative to a proposal to remove the Yangtszepoo Market to an alternative site in the neighbourhood, i.e., from Cadastral Lot 2757 to Cadastral Lot 2731.

In reply I am directed to point out that it is essential that the Market should have proper access by a Municipal road, and that the Council cannot, therefore, consider its transfer to the South-Eastern corner of Lot 2731—the South-Western corner would be unsuitable—until the scheduled extension of the Jansen Road from Pingliang Road to Yangtszepoo Road has been surrendered for public use and made up. When this happens so far as can be foreseen there would be no objection to the transfer on payment to the Council of the difference in the assessed values of the present site and the proposed site plus the cost of removal and reconstruction provided that the immediate neighbourhood of the proposed site is not then under development as a foreign residential property.

I am to observe that your statement that the stalls, hawkers and patrons of the present Market overflow on to the Yangtszepoo Road is incorrect.

Your obedient servant,

### China's War Measures.

Report by the Captain Superintendent of Police on the subject of the repatriation of German and Austro-Hungarian Subjects, and letter from Admiral Tsai Ting-kan, Co-Director of the Head Office for the Repatriation of Enemy Subjects, expressing appreciation of the assistance rendered by the Police in this connexion:—

Shanghai, April 14, 1919.

SIR,—I forward herewith a confidential report by the Deputy Superintendent in which he brings to notice the good work performed by Inspector R. C. Aiers, Sub-Inspectors T. H. Steele and J. Sinclair, Sergeants T. Robertson and F. Mitchell and Messrs. T. M. Yau and C. L. Van, two Chinese clerks attached to Police Headquarters, in connexion with the recent repatriation of enemy subjects. I also forward a file giving full details of enemy subjects still remaining in Shanghai, who have been exempted either totally or temporarily. There are, therefore, still a number to be repatriated but the backbone of the work may be considered as finally broken.

It will be remembered that when the Chinese Government decided to repatriate enemy subjects a Bureau was formed to which Major Hilton-Johnson, Deputy Superintendent of Police, was attached. From the time ships were definitely allotted and work on the scheme was commenced in earnest, Major Hilton-Johnson was detached from all police work and gave his entire attention to perfecting details and arrangements and assisting Admiral Tsai Ting-kan in his difficult task. That everything passed off so satisfactorily and smoothly was due in a great measure to Major Hilton-Johnson's devotion to duty as well as that of all those concerned directly with him in the work. It is with much pleasure that I have to bring their names to the notice of the Watch Committee, and to add that the tact, patience and diligence displayed throughout an exceedingly trying period entitles those mentioned to the highest commendation and any recognition and rewards which it may be considered suitable to bestow. Admiral Tsai has been good enough to write to me his appreciation of what the Police have been able to do in assisting towards the proper carrying out of all arrangements for repatriation, and I attach copy of his letter which has already been published for the information of the Force.

K. J. MCEUEN.
*Captain-Superintendent of Police.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Shanghai, April 3, 1919.

SIR,—As Co-Director of the Enemy Subjects Repatriation Bureau, I desire to tender my sincere thanks for the ready and efficient co-operation and assistance which have at all times been extended to this office by the Shanghai Municipal Police. Notwithstanding many difficult and trying circumstances working has always been harmonious; and I feel that it is very largely owing to the tact, patience and energy displayed by the officers and men of both the Regular and Special Branches of your Force that the success of the repatriation measure has been due.

It is a pleasure to me to express to you personally, and through you to all ranks under your command, how greatly I appreciate what has been done by the Municipal Police to further a national measure I was appointed by my Government to see carried out.

With your permission I am writing a personal letter of thanks to Mr. Anderson in charge of the Special Constables, on whose shoulders, I understand, much of the hard work of embarkation fell. For his unfailing help and valiant support I shall also write to thank Major Hilton-Johnson.

Yours faithfully,

TSAI TING-KAN.

### Road Extensions and Widenings.

*Bubbling Well Road.* — Correspondence and Award by the Land Commissioners containing the terms upon which expropriation has been arranged of the scheduled area of Lot 2816:—

Shanghai, April 8, 1918

DEAR SIR,—I shall feel obliged if you will kindly inform me upon what terms you will be prepared to surrender, should the Council decide to acquire it, that portion of Cadastral Lot 2816 which is scheduled for acquisition on the official plan of Road Extensions and Widenings, measuring Mow 0.404 and coloured red on the accompanying plan.

I am, Dear Sir,
Yours faithfully,

CHAS. H. GODFREY,
*Engineer & Surveyor.*

M. CHAUMONT, Esq.

Shanghai, April 13, 1918.

DEAR SIR,—We have been requested by Mr. Chaumont to acknowledge receipt of your favour of the 8th instant inquiring upon what terms he will be prepared to surrender, should the Council decide to acquire it, that portion of Belgian Lot 18, Cadastral Lot 2816, of land which is scheduled for acquisition for the Bubbling Well Road widening measuring Mow 0 404, and coloured red on the plan accompanying your letter.

He has instructed us to reply and point out that the surrender of the strip in question, curtails the lawns of the two front houses standing upon the lot, to such an extent as to render them too small for lawn tennis.

Under these circumstances he bases his claim upon the estimated loss of rental of the houses by reason of the absence of a tennis lawn which we estimate at Tls. 15 each per house per month, or a total of Tls. 360 per annum. To reproduce this sum it will be necessary to invest at say 7 per cent. the sum of Tls. 5,142. He, therefore, claims this amount plus 10 per cent. for compulsory surrender.

It is, of course, understood that the cost of setting back the boundary wall and gate piers to the new scheduled line will be borne by the Council.

Yours faithfully,

ALGAR & CO., LD.

C. H. GODFREY, Esq.,

Council Room,

Shanghai, April 24, 1918.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of April 13 to the Municipal Engineer, on the subject of the widening of the Bubbling Well Road ex Lot 2816.

In reply thereto, I am directed to state that the Council is of opinion that a claim based on loss of rental at Tls. 15 per house per month is too high. It should be borne in mind that tennis is possible for only six months of the year and it is inconceivable that the tenants pay the unduly high price of Tls. 30 per mensem for such a privilege. The Council would not be indisposed to agree to pay compensation on the terms you suggest, as a special case provided that Tls. 15 per month is taken as the basis, the compensation payable would then be as follows:—

| | |
|---|---|
| Tls. 15 for 12 months Tls. 180 capitalized at 7 per cent. = | Tls. 2,571 |
| Plus 10 per cent. | 257 |
| | 2,828 |
| Plus cost of reinstating wall and piers | 220 |
| | Tls. 3,048 |

I am, Gentlemen,

Your obedient servant,

N. O. LIDDELL,

*Acting Secretary.*

Messrs. ALGAR & CO., LD.

---

Shanghai, May 1, 1918.

DEAR SIR,—We are in receipt of your favour of the 24th ultimo in connexion with the claim for compensation for the Bubbling Well Road Widening ex Belgian Lot 18, Cadastral Lot 2816 W.

We regret that the Council is of the opinion that a claim based on a loss of rental of Tls. 15 per house per month is too high.

We still maintain that the claim is not too high and may mention that we have consulted two or three other landlords who are of our opinion.

We admit that tennis is only possible for six months in the year, but it must be borne in mind that the loss of a tennis court is not the only inconvenience that a tenant is put to. It includes a reduced size of garden all the year round, the cutting down of trees and bushes of several years growth and the inconvenience while the boundary wall is being set back.

Under the circumstances we ask that the Council will again consider the claim as set forth in our letter dated April 13 addressed to the Municipal Engineer. We may mention that the owner would prefer that the Council undertake the reinstating of the boundary wall and piers.

In conclusion we would draw your attention to the fact that the lease of No. 185 Bubbling Well Road does not expire until December 14, 1919, and that of No. 186 until January 31, 1919. Should the Council wish to carry out the improvement before the expiry of the leases, arrangements must be made with the tenants.

Yours faithfully,

ALGAR & CO., LD.

Shanghai, May 27, 1918.

GENTLEMEN,—In reply to your letter of May 1, on the subject of the surrender from Lot 2816 of the area required for widening Bubbling Well Road, I am directed to state that the Council remains of opinion that your claim for loss of rental at the rate of Tls. 180 per house per annum capitalized at 7 per cent. is altogether too high.

I am directed, therefore, to inform you that the matter will be referred to the Land Commission for settlement.

LAND COMMISSION.

CASE No. 119.

*Bubbling Well Road.*

Cadastral Lot 2816—Western District. Registered Owner M. Michel H. Chaumont, heard in the Council Room on April 28, 1919.

PROCEEDINGS.

The Council is represented by the Assistant Secretary, Mr. E. S. B. Rowe, the Deputy Engineer being in attendance, Mr A. E. Algar of Messrs. Algar & Co., Ld., appears as agent for the Registered Owner.

The Assistant Secretary states that in this case the Council is prepared to pay full and fair compensation for the land to be surrendered, but this case was noteworthy in that it was sought to recover special compensation on the grounds that surrender of the scheduled area precluded use of the remaining portion of the garden for tennis. The case might, therefore, become one of considerable importance as a precedent in future similar cases. The registered owner put forward a claim based on the loss of two tennis courts, which worked out at approximately 4 times the value of the strip of land. The Council had offered, as a special case, to pay on the basis of Tls. 15 per month, seeing that tennis was only playable for half the year.

Mr. Algar enquires how the Council arrived at the figure of Tls. 15 per month, to which Mr. Rowe replies that it was based on no principle at all but was made with a view to effecting a settlement by compromise. The Council indeed recognized that computation on the lines adopted was intrinsically unsound, tennis might be played for five, six, or seven months, and the capitalized claim might vary in each case, also it assumes perpetual occupancy, and use of the courts, whereas, as a matter of fact, one of the gardens is not used as a tennis court at all and for some years past, has not been, yet the rent is the same as for the other property. He submits that a property laid out as a tennis court, could not, *ipso facto*, be entitled to be rated at four times the value of one without such an appurtenance.

In the circumstances, he concluded, the Council is regretfully obliged to withdraw the counteroffer contained in its letter of April 24, 1918, and to submit that the assessed value, with 10 per cent. added for compulsory surrender, is the proper amount of compensation

Digitized by Google Original from CORNELL UNIVERSITY

Mr. Algar admits that tennis is only possible for half the year, but contends that the cutting off of 21 feet, necessitated a smaller garden all the year round and tenants, able to pay the rental required, expect a garden large enough to play tennis.

The Deputy Engineer draws attention to the fact that the width of the strip varies from 15 feet to 21 feet owing to the curve in the road.

Mr. Algar then deals with the basis upon which his claim is framed, and cites letters received from Messrs. J. Ambrose and G. W. Davies, the former estimating that Tls. 15 per house per month is a fair claim to make and the latter that the reduced earning power in his opinion would be fairly represented by Tls. 10 for each property. Mr. Algar then remarks that the sum offered for reinstatement, Tls. 220, is grossly insufficient for the work involved; in reply to which Mr. Rowe, on behalf of the Council, undertakes to pay the full cost of reinstatement, whatever it may be.

The Assistant Secretary then enquires of Mr. Algar what, in his opinion, is a fair sum to pay for hiring a tennis court, and in reply Mr. Algar cites numerous instances which have come within his experience, ranging from $80 for 4 months for one court, to a larger area of 12 courts which worked out at Tls. 9 each per season. Mr. Rowe then submits that, in his claim Mr. Algar was in fact asking for the full rental value of the whole area of the tennis courts, whereas the Council required only about one-eighth of it for road purposes, and the balance of 7/8ths was still available for a garden. He asks if Mr. Algar suggested that the owner should receive compensation for the full area and yet retain 7/8ths of it? In reply Mr. Algar remarks that as tennis could not be played on what remained, he was entitled to ask full value for it, but, in any case, his claim also included compensation for the worsement to the property occasioned by the reduced size of the garden all the year round, the cutting down of trees of several years growth and inconvenience while the boundary wall is being set back. In reply Mr. Rowe observes that the first named loss is comprised in offering compensation for the land at its value, while the second and third items are transient in nature and to receive a monthly payment for them in perpetuity, which is what the claim amounts to, would be grossly excessive compensation.

The Deputy Engineer states that it must be borne in mind that as the area of the land is curtailed, the land tax is reduced, as is the Municipal house tax and also the water rate. It is conceded that when a tennis court is provided it probably makes the house available for relet-ting to a larger community.

Both parties then withdraw.

AWARD.

The Commissioners after carefully considering the arguments of the parties, find no cause to depart in this case from their usual method of fixing compensation, namely, on the basis of the assessed value of the land taken, with due allowance for betterment or detriment. They award as follows:—

| | Tls. |
|---|---|
| Mow 0.404 at Tls. 3,300 per mow | 1,333.20 |
| plus 10 per cent for compulsory surrender | 133.32 |
| plus allowance for detriment | 1,000.00 |
| Tls. | 2,466.52 |

The Council shall bear the cost of rebuilding the walls and piers to the new roadline, and of such other reinstatement work as may be involved by the surrender.

## Educational Facilities.

Arrangements have been made with the Shanghai Electric Construction Co., Ld., for the provision of a special tram car service for the convenience of children residing in outlying districts attending schools, closely approximating the Council's requirements contained in its letter of December 2, 1918, as set out in the Gazette of December 31, 1918. The Company, however, expresses its inability to provide a service of special tram-cars reserved for the exclusive use of school-children and equipped with safety devices.

Two applications in regard to Tavern Licences which have lapsed were submitted and considered by the Committee at its Annual Licensing Meeting held on April 11, as follows:—

1. J. J. Birnbaum, 14 Astor Road.
2. E. Bruno, Point Hotel, 93 Yangtszepoo Road.

Application No. 1 which was the subject of a written protest by the Shanghai Hotels, Ld. and of a verbal protest to the Police by the Hanbury Institute, was received on March 21, four days after the due date notified in Municipal Notification No. 2573, and application No. 2 on April 2, more than a fortnight after the due date. Under these circumstances the Committee decided not to recommend their favourable consideration by the Council.

On April 16, a letter from the Shanghai Land Investment Company, owners of the premises at No. 14 Astor Road was submitted requesting reconsideration of Application No. 1, and upon consideration of the reasons advanced in support of this request, Messrs. White and Brooke Smith were satisfied that the explanation as to the lateness in lodging the application was such as to justify reversal of the decision reached on April 11 and a recommendation that the application be granted: as a director of the Land Investment Company and thus an interested party, Mr. Macray abstained from expressing any views on this request.

As it seemed probable that the circumstances in the case of Application No. 2 might be somewhat similar, directions were given for inquiry of the applicant as to whether he had any explanation to offer in regard to the lateness of his application. In the absence of any reply and as the Committee is informed that the applicant has taken employment at No. 14 Astor Road, it is assumed that he does not desire to proceed with his application.

The Committee recommends that Application No. 1 be approved and that, in future, the usual annual Licensing Notification should emphasize that applications that are not received on or before the date therein specified will not receive consideration.

Shanghai, March 4, 1919.

DEAR SIR,—Your letter of the 1st instant, enquiring as to the widening of the Chapoo Road, is intended I presume to refer to the Tsepoo Road, and has reference to the Council's letter of January 31.

With regard to other properties on the Tsepoo Road between North Honan and Shanse Roads, I can give no definite information as to when the widening will be completed, as it is the practice to proceed with such widenings only as demolition of the affected houses or redevelopment of the property takes place.

Yours faithfully,
C. HARPUR,

Council Room,
Shanghai, March 10, 1919.

GENTLEMEN,—I shall be much obliged if you will be so kind as to favour me with a reply to the Council's letter to yourselves of January 31, on the subject of the North Honan, Tsepoo and Tongdongkaloong Roads.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*
Messrs. PLATT, MACLEOD & WILSON.

---

Shanghai, March 10, 1919.

DEAR SIR,—We thank you for your letter of the 4th instant. Our letter of the 1st instant was intended to refer to the widening of the Tsepoo Road and had reference to the Council's letter of January 31.

Regarding the surrender of land along Tongdongkaloong the lease of the buildings thereon has yet 6 years to run and it, therefore, seems to us premature to discuss any terms concerning the surrender.

As to the surrender along the Tsepoo Road, there is no betterment to the reserved property since the Council has no definite knowledge as to when the widening of the road will be completed. Moreover, the surrender means loss of rentals of at least 3 shop buildings along the North Honan Road. Therefore we cannot consent to the deduction mentioned in your letter of January 31, and have to claim full compensation for the surrender.

We shall be much obliged if you will send us the deeds of surrender for our approval at your early convenience.

Yours faithfully,
PLATT, MACLEOD & WILSON.
C. HARPUR, Esq.,
Acting Engineer and Surveyor.

Council Room,
Shanghai, March 21, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 10, on the subject of the surrender of the scheduled area of Lots 342 and 343 N.

In reply thereto I am directed to state that as regards the 2nd paragraph of your letter relating to land in the Tongdongkaloong, upon which it is noted there is a lease which has yet six years to run, the Council is quite willing to defer the negotiations for surrender until such time as rebuilding takes place or the public need for the widening should become urgent. The reason why this area is dealt with at all at the present time is due to the fact that it was included in your claim dated December 13, 1918.

As regards Tsepoo Road, which prior to the present building operations varied from a width of 11-ft. 9-in. to 18-ft. 11-in., there can be no doubt that the widening has benefitted your property and I am, therefore, directed to inform you that the Council can make no concession in the matter of its claim for a deduction for betterment.

As to the North Honan Road frontage of your property, and the statement in your letter that "the surrender means loss of rentals of at least three shop buildings", I am directed to point out that you have apparently overlooked the fact that the Council has accepted your claim in full for this area without any deduction for betterment.

The only revision, therefore, which appears called for in the Council's offer of January 31, is in regard to the Tongdongkaloong, and the revised offer will, therefore, read as follows:—

*North Honan Road.*

| | | Tls. | Tls. |
|---|---|---|---|
| Cad. Lot 342. | | | |
| 0.448 mow at Tls. 16,000 per mow | 7,808 | | |
| Plus 10% | 781 | | |
| | | | 8,589 |
| *Tsepoo Road.* | | | |
| Cad. Lot 342. | | | |
| 0.125 mow at Tls. 16,000 per mow | 2,000 | | |
| Plus 10% | 200 | | |
| | 2,200 | | |
| *Less* 1/3rd for betterment | 733 | | |
| | | 1,467 | |
| Cad. Lot 343. | | | |
| 0.058 mow at Tls. 8,000 per mow | 464 | | |
| Plus 10% | 46 | | |
| | 510 | | |
| *Less* 1/3rd for betterment | 170 | | |
| | | 340 | |
| | | | 1,807 |

Shanghai, April 15, 1919.

DEAR SIR,—We have to acknowledge receipt of your letter of March 21 and are now instructed by our clients, the beneficial owner of the property, to accept the revised offer of the Council contained in your letter.

We shall be glad to have the deeds of surrender sent to us for our signature together with a cheque for Tls. 10,396 in due course.

*Armed Robberies.* — During the month five reports were made of armed robbery from houses in the Settlement. Two of these were reported in Hongkew, one in Louza, one in Sinza and one in West Hongkew district. Two men were arrested in connexion with these reports, tried at the Mixed Court and handed over to the Court of the Military Governor.

Two cases of armed highway robbery from the person were reported, one from the Central and one from Hongkew district.

One case of attempted highway robbery from the person in which no arms were used was reported in the West Hongkew district. One person was arrested in connexion with this case and sentenced to imprisonment at the Municipal Gaol.

One man was arrested on a charge of armed robbery committed prior to April 1, 1919, and he is at present under remand. Another, who was arrested in the Settlement at the instance of the Chinese Authorities on a charge of armed robbery committed outside the Settlement, was handed over to the City Authorities.

Two persons were also arrested during the month for highway robbery from the person committed prior to April 1, 1919. They were charged and sentenced to imprisonment at the Municipal Gaol. One prisoner undergoing a sentence at the Municipal Gaol for robbery was again brought up and tried with them, but no further sentence was imposed.

Of the thirteen persons referred to as being under remand at the end of March on charges of armed robbery from houses during that month and on dates prior thereto, three were remitted to the Court of the Military Governor, three were sentenced to imprisonment at the Municipal Gaol, four expelled from the Settlement whilst the charges preferred against three were dismissed.

One man who was referred to as being under remand at the end of March 1919 charged with highway robbery from the person has been sentenced to imprisonment at the Municipal Gaol, and another who was referred to on the same date as under remand on a charge of being a member of a robber band has been released.

The eleven persons referred to in previous reports as being under remand on charges of robbery at the end of December, 1918, are still awaiting sentence.

*Bombs.*—On April 28 a bomb explosion took place on the roof garden of a certain establishment on the Nanking Road. No persons were injured and damage done was very slight.

Two unexploded bombs were removed by the Police from two other places in which they had been planted in the same district, one on April 11 and another on April 22.

*Executions.*—During the month eight persons who were found guilty of having committed armed robbery in the Settlement were executed at Loongwha in the presence of a representative of the Municipal Police.

*Reports of Property Stolen.*—During the month 348 reports of property stolen were made at the various stations. Enquiries were made with successful results in 162 of these cases.

*Murder Outside Limits.*—On February 8, 1919, a man named Woo Tsz-hyien, whilst on the s.s. Tuck Wo at Tungchow was thrown overboard by a man named Tsz Ah-foh. The latter was arrested in Shanghai on February 11, 1919, and was charged at the Mixed Court on March 7. A *prima facie* case was made out against him and he was remitted to the Authorities at Tungchow who found him guilty and executed him on April 17 last.

*Execution at Peking.*—The execution at Peking on April 5 of Hung Shih-tsoo, who was arrested here in connexion with the murder of Sung Chiao-jen at the Shanghai-Nanking Railway Station over six years ago and who was recently remitted to the Chinese Authorities by the Mixed Court, closes another chapter in the history of the tragedy which agitated Shanghai so much in the closing days of March 1913, inaugurated a rebellion and an unsuccessful punitive expedition to Peking.

***Identification Office.***— During the month 499 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 151 were identified as having a previous conviction or convictions. In addition to the above 152 records were received from the French Police out of which number 78 were identified in the records of this office, making the total for the month:—

## Engineer's Report for April.

Plans have been completed and work has been commenced on a number of the more important works provided for in this year's Budget. Efforts are being made to proceed as rapidly as possible with various drainage works, the completion of which is desirable before the hot weather sets in.

A commencement has been made with the laying of asphaltic concrete and, the weather having been on the whole fairly favourable, good progress has been made. This class of work will be proceeded with throughout the summer and it is hoped that it will be possible to complete during this year a fairly extensive mileage along the more important thoroughfares.

*Roads.*—The making up of the widened portion of Bubbling Well Road between Hart Road and Hardoon Road has been completed, with the exception of a narrow strip of the carriageway and the footpath on the south side.

The making up of the footpaths to their standard width and the laying of kerb and channel is approaching completion in Weihaiwei Road from Yates Road to Mohawk Road.

The making up of West Soochow Road for its full width east of Tonquin Road is completed.

The ballasting and metalling of East Yalu Road for a width of 12 feet from Chaoufoong Road to Dent Road has been completed.

The ballasting and metalling of Pingliang Road for a width of 12 feet westwards from Thorburn Road to join up with the existing metalling has been completed.

The ballasting and metalling of Tongshan Road has been completed on the south side from Dent Road to Kwenming Road.

The raising and ashing of Thorburn Road north of Kwenming Road has been completed.

Liping Road has been widened at its junction with the recently constructed ash road running along the River Front to Woosung.

Asphaltic concrete has been laid in Fokien Road from Nanking Road to Avenue Edward VII, to form a wearing surface on the existing cement concrete.

The following roads are being surface treated:—

With Asphaltum:—

Mohawk Road from Weihaiwei Road to Avenue Edward VII.

North Soochow Road from North Szechuen Road to North Honan Road.

Yates Road from Great Western Road to Bubbling Well Road.

Connaught Road from Hart Road to Jessfield Road.

With desiccated tar:—

Pingliang Road from Whashing Road to Lay Road.

Kwangse Road from Chefoo Road to Tientsin Road.

Newchwang Road form Lloyd Road to Chekiang Road.

Ningpo Road from Lloyd Road to Chekiang Road.

Tientsin Road from Kweichow Road to Chekiang Road.

Yunnan Road from Chefoo Road to Ningpo Road.

*Jetties.* — Extensive repairs are being carried out to the Chaoufoong Road and Kungping Road Jetties.

*Drainage.*—The culverting of the Bubbling Well Road Creek from Hart Road to Siccawei Road by 4-ft. 6-in. diameter tubes is in progress.

The culverting of the Singkeipang from Dent Road to Singkeipang Road by 4-ft. 6-in. diameter tubes has been commenced.

The laying of a 1-ft. 6-in. by 1-ft. egg-shaped sewer in Pingliang Road from east of Dalny Road to Thorburn Road has been commenced.

The construction of the Screening Chamber at the outfall end of the Ewo Road main sewer has been completed.

The laying of the 4-ft. 6-in. diameter and 3-ft. by 2-ft. egg-shaped culverts in Funing Road west of Lay Road is approaching completion.

The reconstruction of the defective sewer in Peking Road from Fokien Road to Thibet Road by 1-ft. 6-in. by 1-ft. egg-shaped sewer is well in hand.

*Central Offices.*—Practically the whole of the scaffolding has now been taken down, and the fixing of the ground floor window casements has been commenced.

*Goal—New Cell Blocks.*—The compound paving has been completed, and an extra doorway constructed from the Cookhouse in connexion with the new blocks. A second consignment of cell door locks has arrived from England.

*Isolation Hospital - Discharge Block.*—The internal work and fitting up is proceeding, and the electrical work has been commenced.

Painting has been proceeding at the Public Swimming Bath.

*Riverside Power Station.*—Excavation has been started for the foundations for the new Turbine House. This building will be 60 feet wide by 152 feet long.

The brickwork for the temporary shed started last month is now finished, and most of the carpenter work is completed.

*Fearon Road Power Station.*—The reinforced concrete work for the switch and transformer cubicles is completed.

*Sawgin Road Depôt.*—The construction of the office and store shed is well in hand towards completion.

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, MAY 24, 1919. No. 632

## MUNICIPAL NOTIFICATION

**No. 2617.**

*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, May 19, 1919.

**Volunteer Corps.**

*Medical Staff.*—Eight months' leave is granted to Capt. C. N. Davis from May 31.

Upon the recommendation of the Commandant the following promotions are authorized:—

*Light Horse.*—Lieut. H. S. Lindsay to be Captain, Commanding the Light Horse.

*"A" Company British.*—Lieut. W. J. Monk to be Captain, Commanding "A" Company British.

*Shanghai Scottish.*—Lieut. G. L. Campbell to be Captain, Commanding the Shanghai Scottish.

**Central Offices.**

The recommendation of the Acting Engineer set out in the following extract has been adopted, whereunder an additional floor area of 3,360 sq. ft. will be obtained in the new building by eliminating the verandahs on the third floor, at a nett additional estimated cost of Tls. 10,347, without involving extra delay in completion of the building:—

"The recent decision regarding the housing of the Electricity Department in the Central Offices, and the general deletion of residential quarters, resulting in the feasibility of a continuous central corridor throughout the building suggests a further improvement which I am anxious to have placed before the Council. It may be seen that the treatment of the top story on the Foochow Road frontage is different from that facing Kiangse and Hankow Roads, on the latter the front wall of the 3rd story is set back some 8-ft., and is to be screened by a continuous balustrade (not yet erected). On the Foochow Road front this balustrade is omitted and the front wall is continuous up from the ground, being pierced by semi-circular windows on the 3rd floor. This was so designed to allow the greater depth in connexion with the Volunteer Club rooms, etc. The appearance of this treatment seems to me sufficiently satisfactory to justify its continuation along the Kiangse-Hankow Roads.

I beg to suggest, therefore, that the balustrade be omitted from these frontages and that the 3rd floor facade wall be continued up to correspond with the design on the Foochow Road. By so doing an additional floor area of 3,360 sq. ft. is gained on the top floor, at a cost of Tls. 3 per foot, exactly *half* the average cost of the remaining floor space throughout the block. The additional floor area will be most valuable on the northern frontage (cadastral offices), now that a central corridor takes a corresponding floor area from the depth of these offices. The proposed alteration is a very simple one, no granite work being interfered with in any way: and as the work could proceed simultaneously with the interior of the building I do not anticipate any extra delay caused thereby. The Contractor's estimate for this work is Tls. 12,530. A saving of Tls. 2,183 will be made by the resulting omission of interior fall-pipes, hence the real extra cost would only be Tls. 10,347."

**Road Extensions and Widenings.**

*Nanking Road.*—The claim of Mr. J. Ambrose, on behalf of Mr. E. A. Probst, has been accepted for surrender of the area required for widening Nanking Road ex Lot 30, at the assessed value, Tls. 47,000 per mow, plus 10 per cent. for compulsory surrender and less one-sixth for betterment, or Tls. 3,834 for Mow 0.089 plus reinstatement of wall and gateway.

*Linching Road.*—The offer of Messrs. Dowdall & Read has been accepted, to surrender without compensation the area required for this road from Lots 6827 and 6835, a total area of Mow 2.152, upon condition that when houses are erected on these properties, the Council will construct free of charge a cement concrete footpath over a frontage of 740 ft., the approximate length of frontage from which surrender will be effected.

*Bubbling Well Road.*—The claim of the Oriental Land Co., Ld., has been accepted, for the surrender of the scheduled area of Lot 1265, at the assessed value Tls. 10,000 per mow plus 10 per cent., or Tls. 13,585 for Mow 1.235 plus cost of reinstatement.

*Yuyuen Road.*—The offer of Mr. R. H. Parker has been accepted, to make free surrender of the area required from U. S. Lot 2377 to widen this road to 50ft.

## Mixed Court Report for April.

On April 14 a houseboy in foreign employ was sentenced to four months' imprisonment on the charge of improperly driving a motor car, knocking down and injuring a policeman on point duty. Evidence was given to the effect that the accused obtained the key of the garage and took his master's motor car out after disguising the number by pasting black paper over the first numeral on the license plate. In addition to knocking down the constable he collided with and damaged two ricshas.

In reference to a summons issued by the Mixed Court on the application of the Municipal Police against the Proprietor of Nos. 4 and 5 North Chekiang Road for exposing for sale lottery tickets, contrary to Article 279 of the Chinese Provisional Criminal Code, the Police stated to the Court that this shop is situated on North Chekiang Road on the boundary

line of the Settlement. The shop is actually outside the Settlement but persons purchasing the lottery tickets have to stand inside the Settlement when making purchases. The co-operation of the Chapei Police had been sought to effect service of the summons issued by the Mixed Court. The Chapei Police had referred the matter to the City Court which ruled that no assistance could be given as the lotteries were sanctioned by the Peking Government. After hearing the above statement the Court ordered that the summons be cancelled.

The following enemy subjects and persons of foreign nationality not recognised by any consulate in Shanghai were before the Court during the month on criminal charges:—

| *Name* | *Nationality claimed* | *Offence* | *Sentence* |
|---|---|---|---|
| B. Johnson | British | Vagrancy | To be imprisoned for 3 months or such earlier date as opportunity can be found to ship him to Jamaica |
| J. B. Jesselsen | German | Visiting Settlement without a permit | Handed over to Chinese Authorities to be dealt with |
| A. Nadler | Roumanian | Larceny | One month's imprisonment |

The Court has been notified that the Mixed Court Rules of Procedure drawn up in 1915 and at that time adopted by some Assessors have now been adopted by the American Assessors and may be quoted in all cases coming before them.

At the end of the month 61 Chinese Civil Cases awaited a first hearing, being the smallest number since December 1912.

Of 14 Foreign Civil Cases set for hearing only 4 came up for hearing. Postponements in the case of the remainder were necessary owing to illness of the parties or their counsel.

Here follow returns of Offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Acting Registrar.*

Countersigned,
K. J. MCEUEN,
Captain-Superintendent of Police.

**Health Officer's Report for April.**

Influenza rapidly subsided in April but added 3 foreign and 111 Chinese deaths from this cause, making the total fatality during this third and largest wave of infection 26 foreigners and 1,288 Chinese. It is anticipated that there may be further recurrence of progressively decreasing virulence.

Cerebrospinal fever continues to smoulder in a disconcerting way and its presence has been reported in many widely separated parts of China.

Apart from Influenza and Cerebrospinal fever the Public Health has been unusually good. Even without the stimulus of cases of Smallpox, over 3,000 free vaccinations were done at the Branch Health Offices during the month.

In view of the present strawberry season it may be noted that strawberries can be safely eaten fresh if dipped for a few seconds in boiling sugar syrup as recommended in the Public Health Notice obtainable from the Health Officer. This sterilises the fruit sufficiently to make it absolutely safe and in no way spoils the flavour. Otherwise strawberries are apt to be the cause of Dysentery and other serious troubles, watered as they so often are with nightsoil and passing through so many coolies' dirty hands. Washing in water is not enough. Although people may eat unsterilised strawberries many times and not be caught, the time inevitably comes when they will become a prey to serious intestinal trouble, and this can be so easily avoided with a little supervision by the housekeeper.

It is well now to direct special attention to the prevention of summer diseases due to infected food. Cholera is already epidemic in ports in communication with Shanghai. The house-fly has again made its appearance and is the omen of evil. The house-fly is one of the most dangerous enemies of man. It breeds in horse manure and other excrement, decaying vegetables, kitchen refuse and dead animal matter of all kinds. The conditions required for fly propagation are filth, warmth, moisture and food. The food of man is also the food of flies, but the fly also feeds on filth and brings the filth of latrines, etc., if permitted by careless housekeepers, and tramples it into our food. In this way flies cause diarrhoea, intestinal worms, dysentery, typhoid fever and cholera.

Shanghai is fortunate in having a daily removal of house refuse. Such frequency is quite unusual in other parts of the world. Stable refuse is also generally removed before it has had time to breed flies. Moreover, the Health Office has provided thousands of fly-proof refuse receptacles in Chinese property. These are fly-proof if properly used, which is, however, by no means always the case. The human factor intervenes and often defeats the best laid plans. The fool-proof refuse bin has not yet been invented, that is to say, having a lid which cannot be propped open or tied open, and which can pick up refuse thrown outside it. Neither precept nor example can reach a vast number of thoughtless souls who will not take the trouble to lift the lid and place the refuse inside the bin; neither does it appear to be within the capacity of the Police to enforce this sanitary habit. But what is done diminishes the number of dangerous flies enormously, and so diminishes the diseases they carry.

It is the careful housekeeper's duty first to see that the servants' latrine is properly screened against flies and has a spring slam door. Then to see that no refuse is kept anywhere except inside the properly covered refuse bin. Next to see that flies cannot get into the kitchen and especially the serving pantry by having spring slam doors and unopenable windows screened by perforated zinc. In addition there should be a commodious fly-proof safe or cupboard in the serving pantry. In the dining room fruit, jam, butter, sugar, etc., should be carefully covered from flies. Flies won't touch hot food.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## MUNICIPAL NOTIFICATION

**No. 2617.**

*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

(*Enclosure No. 1.*)

Hongkong, May 15, 1919.

SIR,—I have the honour to forward an Inspection Report on the Shanghai Volunteer Corps by Colonel J. R. Young, Chief Engineer, whom I deputed at the request of the Chairman, Shanghai Municipal Council, to make this Inspection which has not been carried out since the War.

2. With reference to paragraph 10 of the Report I have already referred for your consideration the question of a supply of arms and equipment—see my letter 7902 "A" of April 5, 1912.

3. The personnel of this Corps seem to be in a very efficient condition.

4. I am enquiring further into the possibility of finding an Artillery Range.

I have the honour to be.

Sir,

Your obedient servant,

F. VENTRIS,

*Major-General,*

*Commanding the China Command.*

The SECRETARY,

War Office, London, S.W. 1.

(*Enclosure No. 2.*)

Hongkong, May 5, 1919.

SIR,—I have the honour to forward herewith a report on my inspection of the Shanghai Volunteer Corps last month, with the undermentioned annexures:—

State of the Corps on December 31, 1918.

Parade State, April 26, 1919.

Mobilization Manual 1917.

Mobilization Scheme, Chinese Company.

Barnes Cup Competition Rules, etc.

The Corps has a very energetic and able Commandant and is an invaluable little force well adapted to its purpose except as regards its equiment as mentioned in para. 10 of the report, to which I beg leave to draw your special attention.

I have the honour to be,

Sir,

Your obedient servant,

J. R. YOUNG,

*Colonel,*

*Chief Engineer, Forces in China.*

Major-General F. Ventris,

Commanding the Forces in China.

**Report of Inspection 1919.**

On the day of arriving at Shanghai, April 24, 1919, I inspected the offices and stores, etc., at the Town Hall. Offices far better than any I have seen for a regular British unit. Records apparently complete. Sergt.-Major and Q. M. Sergt. both efficient, especially the former (Wise). The fittings of the armoury are of a home-made character, but quite efficient: spare rifles in good order. Spare equipment well kept.

2. Miniature range good in itself, but more and better landscape targets are needed. The best now there are hand-paintings of the neighbouring country: I think printed targets of the flatter parts of Belgium or England should be supplied.

3. The Town Hall, formerly used as a drill hall, is a fine room with wood floor, but the new drill shed at the new Municipal Buildings is much larger, with hard mud floor.

4. Machine guns and guns are stored at headquarters, but the horses are stabled half-a-mile away, near the Race Club. It is proposed to provide new stables near the new drill shed, and certainly the guns and horses should be close together.

5. From 6 to 7 p.m. (summer time) I saw various companies at their ordinary drill, though doubtless in larger numbers than usual in view of the approaching inspection parade. Officers and N.C.O.'s appeared to be efficient, and the men keen and attentive.

6. On April 25 I saw other units at drill in the same way. All units use their own national drill and words of command (except the Chinese, who follow the British drill book) and this renders it impossible to do any battalion drill.

7. At 9.15 p.m. the Commandant telephoned to headquarters the order to mobilize and afterwards I went round the different posts with him, beginning with the artillery stables. I append a copy of the mobilization manual 1917 as revised after the disbandment of the German and Austro-Hungarian Companies, from which it will be seen that each unit has quite clear orders as to place of assembly and what to do: and I attach also the detailed scheme of one of the companies, showing how complete the arrangements are. I found a ring of sentries and patrols round the whole perimeter of the central parts of the Settlement, the Commander of every group of 3 or 4 sentry posts (whether a small company or part of a larger one) having a definite headquarters with telephone, definite boundaries and definite duties. In addition there is a general reserve consisting of the Reserve Companies, the Engineers and most of the guns, machine guns and cavalry.

8. On April 26 the usual formal inspection took place at 3.30 p.m.: and both in line and in the march past the appearance of all ranks was smart and soldierlike. The march past was admirable, including the quicker movements by the mounted units.

9. Early on April 27 I was present at the musketry range when two of the companies carried out their tests in the Barnes Cup Competition. This consists in marching rather more than 4 miles and then attacking up the range, firing at surprise targets. Marks are given both for rapid marching and for good shooting, and the method of making up teams is such that each team comprises practically the second-best quarter of the company. The march was done in perfect order at about 5 miles per hour, but this pace did not affect the steadiness of the men on the range.

10. The Artillery have no range where they can practice with service ammunition. The only other feature which seriously mars the efficiency of this Corps is the obsolete nature of its weapons. Its four guns are 15 pounders, and should be replaced by newer pieces, preferably howitzers. As the draught animals are only ponies, fairly light pieces should be selected, for although the country is quite flat and the roads in the Settlement are good the guns might have to accompany the rest of the Corps in a short advance into Chinese territory, where there are no roads. Wagons are not needed, as ammunition (beyond what is carried in the limbers) can be brought up by motor cars. The machine guns are of very old patterns; those of the Maritime Company are 3-barrel Nordenfelts, further supplies of ammunition for which are apparently unobtainable. Carriages have been made locally for attaching one gun as a trailer to a motor car, and another as a side car to a motor bicycle, but these are not so efficient as modern armoured machine gun cars. One or two of the latter would be extremely useful, but the main thing to aim at is the replacement of all the existing guns by maxims.

The rifles are Lee-Metfords, and there are no Lewis guns: nor is there any web equipment.

The Engineer Company has a tool cart (man-handled) and can make trestle and other bridges: but in this country abounding with small streams it would be a good thing if they had at least two Weldon trestles with the standard patterns of baulks, chesses, etc. A pontoon and wagon might be useful too, but I am not sure that the Company could be increased sufficiently to handle it.

11. The Foreign Settlement of Shanghai is Cosmopolitan territory but its interests are predominantly British, and three-quarters of the officers and half the men of the Volunteer Corps are British, and it is therefore eminently desirable that all its equipment should be of the patterns in use in the British Army.

*Colonel,*

*Chief Engineer, Forces in China.*

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, JUNE 7, 1919. No. 634

## MUNICIPAL NOTIFICATION
**No. 2617.**
*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, May 19, 1919.

## MUNICIPAL NOTIFICATION
**No. 2622.**
*(Translation.)*

ON May 19, the Council issued a Proclamation notifying the Residents of this Settlement that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, would on detection be arrested and punished as a lawbreaker. It is, therefore, a matter for regret that in contravention of this proclamation, certain persons have recently distributed handbills of an inflammatory character in connexion with the Boycott of Japanese goods, and have also exhibited flags bearing characters which furnish a direct incitement to disorder.

The distribution of such handbills and the exhibition of such flags cannot be tolerated, and the Public is hereby warned that any contravention of this Proclamation will be punished without the least leniency. The peace and good order of the Settlement must be maintained, and the Public should, therefore, take note and observe that handbills and flags must be of such a character as do not tend to cause unrest. Warning is duly given. Let all obey.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, June 5, 1919.

## MUNICIPAL NOTIFICATION

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

| | |
|---|---|
| after 3 performances | 20% |
| „ 8 „ | 40% |

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

The European musicians are allowed to give private music lessons, with the Conductor's permission obtained in each case.

Applications for engagements and cancellations should be addressed to the Assistant Secretary of Council, Municipal Offices, not less than 24 hours notice should be given in each case. Inquiries concerning details as to performances, music required, etc., may be made of the Conductor direct (Telephone North 175).

**Fire Brigade Report for April.**

The total number of calls to fires, or supposed fires, during the month was 31, as against 26 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 26,675 (Foreign, Tls. 100; Chinese, Tls. 26,575), as against Tls. 16,600 (Foreign, Tls. 6,200; Chinese, Tls. 10,400) during April 1918. The property at risk is estimated at Tls. 1,147,200 (Foreign, Tls. 1,000,000; Chinese, Tls. 147,200), as against Tls. 1,010,000 (Foreign, Tls. 735,000; Chinese, Tls. 275,000) for the corresponding period last year.

The calls were received as follows:—Watch Towers 14, Telephones 12, Street Alarms 3, Police 1, Messenger 1 and a Member of the Brigade 1.

The general alarm was given on 9 occasions, the remaining 22 being station calls.

These calls proved to be 1 medium, 19 small fires, 8 false alarms and 4 fires outside the Settlement.

Digitized by Google Original from CORNELL UNIVERSITY

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Dropped match or cigarette end | 4 |
| Lamp upset | 3 |
| Sparks from chimney | 2 |
| Embers from stove | 2 |
| Defective flue | 1 |
| Ghee overboiling | 1 |
| Child playing with matches | 1 |
| Spontaneous combustion | 1 |
| Unknown | 4 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 1 |
| Chinese buildings | 35 |

Of these five houses were destroyed by fire, and twenty-four others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 210,210 gallons.

The Brigade was occupied 19 hours and 35 minutes at fires, or supposed fires, and the Staff was employed for a further 142 hours watching and damping down.

The fires of note during the month were:—

*O 395 off Kiukiang Road, April 9, at 8.09 p.m.*—A call was received to Kiukiang and Shanse Roads, and on arrival a large silk hong was found to be well alight on the upper floor. Nos. 1 and 4 Companies got a number of jets to work from hydrants on Kiukiang and Hankow Roads respectively. The fire was in a very congested block and at one time it looked as if the building to the west would be involved, however No. 2 Company got extra jets to work, and after about half-an-hour's work the fire was stopped in every direction. No. O 395 was very badly damaged and two other houses were slightly damaged.

*Chapei, April 20, at 5.40 p.m.*—Sinza Watch Tower reported a fire in the direction of Chengtu Road and Soochow Creek. It was found to be in Chapei west of Markham Road, where a large contractor's yard was in flames on the east side, and burning furiously before a very stiff south-easterly wind. The Chapei Brigade were at work, but as the conflagration was spreading rapidly the Chief Officer decided to render assistance. A line of hose was laid to the fire (over 1,000 feet) and a pump got to work from the creek and the blaze tackled in the centre of the yard. Another long line of hose was laid to a large block of buildings to the north, two or three of which were already well alight. At a critical time the water in the creek had receded to such an extent that the pumps became choked with mud, one of which was quickly taken round to Tatung Road and two lines of hose laid across the creek to supply the other pump. The fire was a very severe one to deal with, especially due to the smoke. After nearly five hours' work the Brigade was able to make up leaving the Chapei Brigade still at work. Nearly 7,000 feet of hose was laid at this fire. About one-third of the yard, nine houses and a number of huts were destroyed.

Vol. XII. SHANGHAI, SATURDAY, JUNE 14, 1919. No. 635

## MUNICIPAL NOTIFICATION

**No. 2617.**

(*Translation.*)

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, May 19, 1919.

## MUNICIPAL NOTIFICATION

**No. 2622.**

(*Translation.*)

ON May 19, the Council issued a Proclamation notifying the Residents of this Settlement that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, would on detection be arrested and punished as a lawbreaker. It is, therefore, a matter for regret that in contravention of this proclamation, certain persons have recently distributed handbills of an inflammatory character in connexion with the Boycott of Japanese goods, and have also exhibited flags bearing characters which furnish a direct incitement to disorder.

The distribution of such handbills and the exhibition of such flags cannot be tolerated, and the Public is hereby warned that any contravention of this Proclamation will be punished without the least leniency. The peace and good order of the Settlement must be maintained, and the Public should, therefore, take note and observe that handbills and flags must be of such a character as do not tend to cause unrest. Warning is duly given. Let all obey.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, June 5, 1919.

## MUNICIPAL NOTIFICATION

**No. 2624.**

(*Translation.*)

TAKING advantage of the campaign to secure the Boycott of Japanese goods, agitators and disorderly persons, who have no concern for the welfare of China, or of the residents of this Settlement, are endeavouring to foment trouble to suit their own ends preying upon peaceful merchants and residents.

It has therefore become necessary for the Council to take drastic action to preserve the peace and good order of the Settlement and to protect peaceful residents and merchants from the violence of such disorderly persons.

Warning is accordingly given:

1.—That the distribution of handbills of an inflammatory character and the exhibition of flags bearing characters which furnish a direct incitement to disorder, are prohibited. Contravention of this prohibition will be punished without the least leniency.

2.—That no credence should be given to rumours which are designed to stir up animosity and foment trouble. Several such rumours have been brought to the notice of the Council and upon investigation, have been found to be utterly baseless. The authors of, and those spreading such rumours will, upon detection, be punished without the least leniency.

3.—That the assembling of crowds in the streets of the Settlement will not be permitted. Those who have no legitimate business to attend to should not loiter on the streets or mix with the agitators and loafers who are bent on provoking trouble. During the evenings all peaceful residents should remain at Home. The Council will not be responsible for any injury or damage that may be sustained by any person contravening this order and advice.

Shopkeepers and merchants are advised to re-open to public business and in case of any intimidation to enforce the closing of their shops or places of business to report the same immediately to the nearest Police Station with a statement of the circumstances in detail, whereupon their assailants will be arrested and brought before the Court and severely punished without the least leniency.

Warning is duly given. Let all obey.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, June 6, 1919.

## MUNICIPAL NOTIFICATION

**No. 2625**

(*Translation.*)

FOR the better preservation of the peace and good order of the Settlement and for the protection of all peaceful residents, Warning is hereby issued by the Council as follows:—

1.—No person unless a Consular Officer or a member of the naval or military forces of any Treaty Power or unless duly authorised by the Council shall, under any pretence whatsoever, appear in the streets or in any public place, in uniform or wearing any distinctive dress or badge or headgear signifying membership of any particular organization, association or body.

2.—No person shall, under any pretence whatsoever, carry any flag or banner or wear any sash or other device in the streets or in any public place, bearing any inscription in Chinese or in any Foreign language.

Any person contravening any of the terms of this warning or interfering with the Police or other duly authorized officers of the Council, engaged in the maintenance of peace and good order or usurping the authority vested in them or otherwise guilty of any action whatsoever prejudicial to peace and good order, will be arrested forthwith and taken before the proper authorities for punishment without the least leniency.

This warning will take effect from 4 p.m. Monday, June 9, whereafter compliance with its terms will be enforced with the utmost rigour.

Warning is duly given. Let all obey.

By order,

Mrs. L. Kershaw, Assistant Mistress in the Public School for Chinese, is permitted to terminate her service on July 31.

**Engineer's Report for May.**

The shortage of labour necessary for the expeditious carrying out of Public Works is being felt somewhat more than usual this year. The procedure with the bulk of the Departmental Outdoor Works is, of necessity, delayed until the Budget has been duly passed and this means that their commencement in April synchronizes with an exodus to the country of a fair proportion of the labour. A number of works are now being delayed, the additional number of coolies that the Department could employ daily being about 700 over and above that available.

The method of haulage by means of motor lorries in place of the old-fashioned Chinese wheelbarrows, and which was adopted by the Department *in extenso* some two months ago has proved very successful. It is an improvement on the old method from the points of view of cost, rapidity, wear and tear on roads, and reliability. Under the old arrangement, the haulage by wheelbarrows was carried out under contract and it had been found that for some time past, the contract supply could not meet the demand. Two contracts were cancelled in the early part of the year on this account and it was then decided to adopt in general the new system, the experience gained as regards this justifying the change.

*Roads.*—Asphaltic concrete has been laid on the south side of Broadway East from Hwakee Road to Chaoufoong Road, adjoining the recently widened section of this road.

Asphaltic concrete is being laid in Jinkee Road from The Bund to Szechuen Road and the footpaths have been raised and relaid.

The making up of Lay Road from Yangtszepoo Road to the River Front has been completed.

The making up of Tongshan Road for its full width from Dent Road to Kungping Road has been completed.

The ballasting and metalling of a 12 feet wide strip of Yochow Road from the end of the existing metalling east of Chaoufoong Road to east of Kungping Road has been completed.

The following roads are being surface treated:—

With Asphaltum:—

Quinsan Road from North Szechuen Road to Woosung Road.

North Szechuen Road from North Soochow Road to Railway Crossing.

Avenue Edward VII from Rue Vouillemont to Rue Wagner.

Great Western Road from Chungking Road to Yates Road, and from Seymour Road to Hardoon Road.

Hardoon Road from Great Western Road to Bubbling Well Road.

Yangtszepoo Road from Lay Road to Liping Road.

Siccawei Road from Edinburgh Road to Avenue Joffre.

Gordon Road from Connaught Road to Ichang Road.

Edinburgh Road from Siccawei Road to Brenan Road.

Chaoufoong Road from Broadway East to East Yuhang Road.

East Yuhang Road from Chaoufoong Road to Singkeipang Road.

Tungchow Road from East Yuhang Road to East Yalu Road.

Urga Road from East Yalu Road to Sawgin Road.

Mohawk Road from Bubbling Well Road to Weihaiwei Road.

Kiaochow Road from Connaught Road to Robison Road.

Connaught Road from Hart Road to Gordon Road.

With desiccated tar:—

Pingliang Road from Lay Road to Liping Road.

*Bridges.*—Extensive repairs are being carried out on Szechuen Road, Fokien Road and Yalu Road Bridges.

*Bundings.*—A concrete bunding is being constructed by direct labour at Wenchow Road to replace the existing decayed timber one

A concrete bunding is being constructed under contract in Dixwell Road between Broadway East and East Seward Road.

*Jetties.*—Extensive repairs are being carried out on Chinwangtao Road, Fearon Road and Keecheong Road Jetties.

*Drainage.*—The culverting of the Bubbling Well Road Creek from Hart Road to Siccawei Road is approaching completion.

The reconstruction of the defective sewer in Peking Road has been completed from Fokien Road to Chekiang Road and work is now proceeding west of Chekiang Road.

*Central Offices.*—The steel casements have been fixed to all openings of the back elevation, and also to the ground floor windows on the main facades, and glazing of these casements is proceeding.

The stonework in connexion with the extensions on the third floor is well in hand.

*Gaol Cell Blocks.*—The cell door locks which arrived recently are being fixed.

*Isolation Hospital — Discharge Block.*—The finishing off generally is proceeding, and the electrical work is completed.

*East Block.*—The various alterations are completed, and cupboards, etc. are being fixed. Electric radiators have been installed in bath-rooms and duty rooms.

## MUNICIPAL NOTIFICATION
**No. 2617.**
*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, May 19, 1919.

## MUNICIPAL NOTIFICATION
**No. 2627.**
*(Translation.)*

FALSE and malicious rumours regarding the poisoning of water and food stuffs have been set afloat with the view of inciting national hatred. As a result several innocent persons including a number of Chinese have been assaulted and in one instance a Chinese citizen was murdered.

Warning is hereby issued that no credence must be given to these stories which have been investigated and which have been proved to be slanderous and without foundation.

Any person found spreading such rumours will be arrested and severely punished.

By order,
N. O. LIDDELL,
*Secretary*

Council Room,
Shanghai, June 12, 1919.

**HONGKEW RECREATION GROUND.**

OWING to the public demand for the use of the space available for the playing of games, it has been decided, in lieu of the "First come first served" practice, to call for applications by those desiring playing space, whereafter allocation will be made and notification will be issued as to what arrangements are feasible.

All persons desiring such playing space should form themselves into groups or associations of whom one person shall be considered to be the representative.

Each application should contain the following information:—

1.—Name of group, club or association.
2.—Name of Chairman or President.
3.—Name and address of Secretary.
4.—Number of members.
5.—Space applied for.
6.—Number of months and days per month and approximately the hours during which it is desired to make use of the space applied for.
7.—Whether willing to share with another club or group, to play alternately, in case applications are found to exceed the space available.

Applications in writing should be made to Mr. R. Ross, c/o Shanghai Public School, on or before Saturday, June 21, 1919, after which date playing spaces will be allotted for the current season.

### Local Unrest.

Letters to the Captain-Superintendent of Police and the Commandant of Volunteers conveying the Council's appreciation of the services rendered by the members of the Force and Corps respectively, during the period of unrest attending the recent strike of Chinese Students:—

Council Room,
Shanghai, June 18, 1919.

SIR,—I am directed to inform you that the members of the Watch Committee and of the Council have recorded their appreciation and commendation of the effective manner in which the Police handled the unrest attending the recent strike of Chinese Students, which ultimately extended to the commercial and labouring classes of the Chinese Community.

The tact, restraint, courage and resource displayed by all ranks throughout this trying period have evoked the most favourable comment and, in the members' opinion, they reflect the greatest credit on the organisation and discipline of the Force as a whole. That the period of unrest passed off with so few casualties is due, in a large measure, to the exhibition of these admirable qualities whilst the protection of numerous residents and the maintenance inviolate of law and order in the Settlement were being enforced.

I am, accordingly, directed to request that you will accept and convey to all ranks and to all branches, including the "Specials" whose assistance was invaluable, an expression of the members' deep appreciation of the services rendered throughout the period in question.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

K. J. McEuen, Esq.,
Captain Superintendent of Police.

Council Room,
Shanghai, June 18, 1919.

SIR,—I am directed to inform you that the services rendered by the Corps during the period of unrest which attended the recent strike of Chinese Students has been the subject of expressions of unreserved appreciation and commendation, by the members of the Watch Committee and Council. In members' opinion the prompt and effective manner in which all Units carried out the various duties assigned to them under the most trying circumstances, reflects the highest credit on them.

I am, accordingly, to request that you will accept and convey to all ranks under your command the members' sincere appreciation of the services rendered throughout the period in question.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary*

Major T. E. TRUEMAN,
Commandant of Volunteers.

### Police Force.

Correspondence with the United Services Association (Shanghai) on the subject of the formation of a Defence Company of returned British officers and men:—

Shanghai, June 11, 1919.

SIR,—I have the honour to inform you that at a meeting of the Committee of the United Services Association held this evening, the question of forming a Defence Company of returned British officers and men was discussed.

The feeling of the meeting was strongly in favour of the formation of a Company or similar organization to act under the orders of the Captain Superintendent of Police in time of emergency. It was understood that the Volunteer strength had in recent months been very considerably decreased, and I am requested to inquire whether the Council would be willing to equip a unit of the above character in order to assist in the protection of foreign interests in Shanghai

I have the honour to be,
Sir,
Your obedient servant,
A. HILTON JOHNSON,
*Chairman,*
*The United Services Association.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

Council Room,
Shanghai, June 12, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of June 11, enquiring whether the Council would be willing to equip an emergency unit of returned British officers and men to act under the orders of the Captain Superintendent of Police in assisting in the protection of foreign interests in Shanghai, and in reply to inform you that the Council will gladly equip a unit of this character, and that it much appreciates the public spirit of your Association in thus offering its services to the Community.

I am to suggest that the details of organization and equipment should be the subject of discussion between your Committee and the Captain Superintendent of Police, so that the latter may report fully for the Council's consideration and final approval.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman*

Major A. HILTON JOHNSON,
Chairman,
The United Services Association.

### Ricsha Shelters.

Correspondence with Mr. G. Matheson on the subject of the provision of shelters for ricsha coolies:—

Shanghai, May 28, 1919.

SIR,—I venture to approach you in reference to the railed ricsha stands in the Settlement, more especially those on the Bund between the Shanghai Club and the Palace Hotel and North Soochow Road. Said stands are undoubtedly advantageous in preventing indiscriminate wandering by the coolies, and besides the advantage to the public of knowing when ricshas are always to be found, but being when not running confined to his stand, the ricsha puller is unable to avail himself of any shelter from weather conditions, which otherwise he might obtain, so must often suffer severely from lack of shelter. Therefore, Sir, I venture to suggest that it would be a beneficial and kindly act on the part of the Council to roof the various ricsha stands in a similar manner to those of the Tramcars, adding if space permitted as I think it would, a narrow shelf bench along the rail on which the coolie might rest in preference to sitting on his ricsha shafts. Also with the permission of the Council, the Ricsha Mission would be pleased to set up tea kongs at each stand, during the hot weather.

Trusting this appeal may have your favourable consideration.

I am, Sir,
Yours faithfully,
GEORGE MATHESON,
*Founder & Hon-Director.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

---

Council Room,
Shanghai, June 10, 1919

SIR,—I am directed to acknowledge the receipt of your letter of May 28, and, in reply, to inform you that the Council has approved the suggested provision of shelters for ricsha coolies by the erection of roofs at the various stands in the Settlement, with the addition of narrow shelf benches along the rails to serve as rests for the coolies.

Digitized by Google Original from CORNELL UNIVERSITY

I am also to state that these structures will be erected as soon as possible except in the case of the stands on The Bund and Bubbling Well Road, the erection of which will be deferred until certain road improvements to be effected in the near future have been completed.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

Shanghai, June 12, 1919.

SIR,—I have to acknowledge receipt of your letter of the 10th instant, in reply to my application of May 28, to the Council requesting that the various ricsha stands in the Settlement be roofed, and supplied with seats in the shape of narrow shelf benches, for the benefit of the coolies.

I note with pleasure, and sincere thanks to the Council, that the Council has approved the suggested provision of shelters for ricsha coolies by the erection of roofs at the various stands in the Settlement, with the addition of narrow shelf benches along the rails to serve as rests for the coolies, and that said erections will be proceeded with as soon as possible.

Yours faithfully,
GEORGE MATHESON.

| Fri. | „ 27 | 5.30 | „ Hongkew Recreation Ground |
| Sat. | „ 28 | 5.30 | „ Public Recreation Ground |

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

*Armed Robberies.*—During the month three reports were made of armed robbery from houses in the Settlement. Two of these were reported in West Hongkew and one in the Sinza district. Four persons were arrested in connexion with these reports and brought before the Mixed Court. Three were handed over to the Court of the Military Governor and the case against one was dismissed.

One case of highway robbery from the person was reported in the Sinza district.

Digitized by Google Original from CORNELL UNIVERSITY

One man was arrested on a charge of armed robbery committed prior to May 1, 1919, tried at the Mixed Court and sentenced to imprisonment at the Municipal Gaol.

The man referred to as being under remand at the end of April 1919 in connexion with an armed robbery committed prior to April 1, 1919, was sentenced to imprisonment at the Municipal Gaol.

Of the eleven men referred to in previous reports as being under remand on charges of armed robbery at the end of December 1918, six have been handed to the Court of the Military Governor, one was sentenced to imprisonment at the Municipal Gaol, three were sent to Shantung by the Provincial Guild and the charge against one was not proceeded with.

*Bomb Explosion.*—On May 5 a bomb explosion took place at a house in the Bing Vong Ka. No persons were injured and the damage done was very slight.

*Threatening Letters.*—On May 9 three persons were arrested in connexion with the sending of threatening letters and the demanding of money by menaces from a Chinese chemist. One of the persons apprehended had just been released from Gaol on remission of sentence. Two were charged at the Mixed Court and sentenced to imprisonment at the Municipal Gaol whilst the other was cautioned and released.

*Anti-Japanese Boycott.*—Eight arrests were made during the month for riotous behaviour in connexion with this movement. Four of these were Tramway employes (two motormen, one conductor and one coolie), two students, one school teacher and one shop assistant. Four were arrested in West Hongkew, two in Hongkew and two in the Sinza district. Four were fined and four were sentenced to imprisonment in the Municipal Gaol.

*Fingerprint Work.*—Fingerprint investigations were successfully made in a case of larceny in the Bubbling Well district on May 19. The occupants reported to the Police that their premises had been entered during the night by breaking a glass window and a bundle of bank notes to the value of $840 had been stolen from a drawer in the office. Certain fingerprints on the inside of the broken glass window suggested that the theft had been committed by one of the inmates, and on comparison the fingerprints of one of the servants were found to correspond with those upon the broken glass. The man eventually admitted his guilt and was sentenced to 18 months' imprisonment on May 21.

*Reports of Property Stolen.*—During the month 282 reports of property stolen were made at the different stations. Enquiries were made with successful results in 116 of these cases.

*Executions.*—The execution of an armed robber, who was handed over by the Mixed Court, took place at Loongwha on May 26 in the presence of a representative of the Municipal Police.

Three persons, who were handed over to the Court of the Military Governor on a charge of armed robbery committed in the Settlement on January 29, 1919, were subsequently transferred to the Haimung Authorities and were executed at that place on May 14, 1919.

*Identification Office.*—During the month 406 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 124 were identified as having a previous conviction or convictions. In addition to the above 212 records were received from the French Police out of which number 110 were identified in the records of this office, making the total for the month:—

## Health Officer's Report for May.

May is usually characterised by a low incidence of disease and the month under review has been no exception to the rule. Now is the time to prepare for the troubles of the summer. The most obvious of these is the presence of mosquitoes. It would greatly assist the Health Office if residents within Settlement limits would report the presence of mosquitoes on their premises to the Health Officer. Not only is it often possible to remove this nuisance but such information is a valuable check on and assistance to the work of the Sanitary Staff.

The inevitable occurrence of Dysentery and the probability of choleraic troubles render it necessary at this season to call particular attention to the need for care with food on common-sense lines in accordance with the Public Health Notice obtainable from the Health Officer. The mere posting of this notice in the kitchen is of little use. Careful foreign supervision of the servants is absolutely necessary to see that these simple recommendations are properly carried out—but the trouble taken will be amply repaid by the resulting health and comfort. The child-like trust that so many women out East place in their Chinese servants results in neglect of very important domestic functions which submits the whole household to extreme danger, not only of preventable illness but of permanent invalidism and death.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

*Health Officer.*

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow or Berkefeld filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling

point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow or Berkefeld filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on arrival in Shanghai and afterwards every three years.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, JUNE 28, 1919. No. 637

## MUNICIPAL NOTIFICATION

**No. 2617.**

*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, May 19, 1919.

## MUNICIPAL NOTIFICATION

**No. 2627.**

*(Translation.)*

FALSE and malicious rumours regarding the poisoning of water and food stuffs have been set afloat with the view of inciting national hatred. As a result several innocent persons including a number of Chinese have been assaulted and in one instance a Chinese citizen was murdered.

Warning is hereby issued that no credence must be given to these stories which have been investigated and which have been proved to be slanderous and without foundation.

Any person found spreading such rumours will be arrested and severely punished.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, June 12, 1919.

**HONGKEW RECREATION GROUND.**

OWING to the public demand for the use of the space available for the playing of games, it has been decided, in lieu of the "First come first served" practice, to call for applications by those desiring playing space, whereafter allocation will be made and notification will be issued as to what arrangements are feasible.

All persons desiring such playing space should form themselves into groups or associations of whom one person shall be considered to be the representative.

Each application should contain the following information:—

1.—Name of group, club or association.
2.—Name of Chairman or President.
3.—Name and address of Secretary.
4.—Number of members.
5.—Space applied for.
6.—Number of months and days per month and approximately the hours during which it is desired to make use of the space applied for.
7.—Whether willing to share with another club or group, to play alternately, in case applications are found to exceed the space available.

Applications in writing should be made to Mr. R. Ross, c/o Shanghai Public School, on or before Saturday, June 21, 1919, after which date playing spaces will be allotted for the current season.

By order,
N. O. LIDDELL,

Correspondence with the Senior Consul in continuation of that published in the Municipal Gazette of March 21, 1918, on the subject of the New Byelaws passed at the adjourned Special Meeting of Ratepayers held on March 21, 1917.

---

Council Room,
Shanghai, March 12, 1919.

SIR,—I have the honour to refer to my letter of March 20, 1918, in reply to your letter of March 2, informing the Council of the Consular Body's non-approval of the Byelaws passed at the adjourned Special Meeting of Ratepayers held on March 21, 1917, and inviting the Council's consideration of the text of such Byelaws as revised by the Consular Body, and in reference thereto to enquire whether consideration has been given to the hope expressed by the Council that its observations on the Consular Body's text might commend themselves to that Body and that the amendments suggested might receive approval so that the Council might be able to submit the Consular Body's text thus amended at a Special Meeting of Ratepayers to be convened for that purpose with the recommendation that they be adopted.

In making this enquiry I have the honour to emphasise that the period which has elapsed since the Byelaws were passed by the Ratepayers in March 1917 has more than ever demonstrated how very necessary the improvement sought to be effected is required in the interests of the Community.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

---

Shanghai, June 12, 1919.

SIR,—I have the honour to acknowledge receipt of your letter dated March 12 and in reply to enclose herewith the amended Byelaws which are now proposed by the Consular Body.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Senior Consul.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

XXXIII.

BUILDING OPERATIONS.

No person shall undertake any building operations whether temporary or permanent; or undertake any structural alterations or repairs to any building or structure or any work involving the placing of ladders in any Municipal road or alley; or erect any straw or matting shed, bamboo or other buildings of a like nature; or undertake any bunding on any creek; or remove mud from any creek or foreshore; or open up any Municipal road or alley; or erect any fences, hoardings, signboards or other structures, abutting on any Municipal road or alley; or erect any matsheds, sunshades, lamps or other structures in such a manner as to overhang any Municipal road or alley or undertake the landing of any building materials at any Municipal pontoon, jetty or road in each or any of the above cases within such limits without a permit first obtained therefor from the Municipal Council.

Any person offending against or infringing any provision of this Bye-law or any condition appearing in any such permit as aforesaid shall be liable for every offence to a fine not exceeding one hundred dollars ($100) or in default of payment to imprisonment for a period not exceeding one month or to any such other penalty as shall be prescribed by the law to which such person is amenable.

XXXIV.

LICENSED OCCUPATIONS.

No person shall keep a fair, market, Chinese club, lodging house, music hall, theatre, circus, cinematograph, eating house or other place of refreshment or public entertainment, hotel, tavern, billiard, bowling or dancing saloon, brothel, pawnshop, Chinese money exchange or cash shop, Chinese gold-smith's or silver-smith's shop, dairy, laundry, bakery, slaughterhouse, livery stable, public garage, pen for cattle, pigs, sheep or goats; or sell or keep a shop, store, stall or place for the sale of clothing, wines, spirits, beer or other alcoholic beverages, or any noxious drugs and poisons, proprietary or patent medicines, butcher's meat, poultry, game, fish, fruit, ice, vegetables or other foodstuffs, tobacco, lottery tickets or chances in lotteries, or hawk any goods; or keep for private or public use, or let ply or use for hire any launch, sampan, ferry or other boat, any horse, pony, mule or donkey, any motor car, motor bicycle, or other motor vehicle, or any carriage, cart, handcart, ricsha, sedan-chair, wheelbarrow or other vehicle or drive any tramcar, motor vehicle or horse drawn vehicle; or pull any ricsha or keep or have in his possession any dog, within such limits without a licence first obtained from the Council and in the case of foreigners countersigned by the Consul of the nationality to which such person belongs. In respect of such licences the Council may impose such conditions and exact such security as the nature of the particular case may require and charge such fees in respect therefor as may be authorized at the Annual General Meeting of Ratepayers. And any person offending against or infringing any provision of this Bye-law shall be liable for every offence to a fine not exceeding one hundred dollars and a further fine for every twenty-four hours' continuance of such offending or infringing not exceeding twenty-five dollars or to any such other penalty as shall be prescribed by the law to which such person is amenable.

XXXV.

DANGEROUS MATERIALS.

No person shall keep, store, sell or manufacture any firearms other than those used solely for sporting, volunteer or police purposes, or any dangerous or inflammable materials namely those which on account of fire or explosion may endanger life or property, such as gunpowder and similar nitrate mixtures, dynamite, blasting gelatine, celluloid, carbonite, nitro-cotton, smokeless powder, cordite, picric acid and similar nitro-compounds, chlorate mixtures, fulminates, fuses or ballistics of any description used in association with explosives, ammunition, fire-works, benzene, and other very volatile or inflammable coal tar products, petrol, gasolene and other very volatile or inflammable petroleum products, acetylene, calcium carbide, yellow phosphorus, saltpetre, sulphur, or any material containing any of these as an ingredient so as to form a dangerous material, or other dangerous or inflammable materials to a greater quantity than may from time to time be set out in a Munipal Notification; or carry on any dangerous or hazardous trade within such limits without a licence first obtained therefor from the Municipal Council and in the case of a foreigner countersigned by his consular authority.

Digitized by Google Original from CORNELL UNIVERSITY

Any person offending against or infringing any provision of this Bye-law or any condition appearing in any such licence as aforesaid shall be liable to a fine not exceeding three hundred dollars ($300) or to imprisonment for a period not exceeding three months, or to both fine and imprisonment to the above extent or to any such other penalty as shall be prescribed by the law to which such person is amenable.

XXXVI.

TRAFFIC REGULATIONS.

Any person who shall wilfully disobey any reasonable regulation which shall have been authorized by the Municipal Council for the governance control direction or facilitation of traffic within such limits or on any Municipal road or alleyway outside such limits, shall be liable to a penalty or fine not exceeding $25; and any person in charge of any vehicle or animal who shall drive or move such vehicle or drive or ride such animal recklessly or negligently or at a speed or in a manner dangerous to the public, and any person who shall causelessly create any noise or disturbance, or wilfully cause any obstruction to traffic, or commit any act which may legitimately come within the meaning of the term nuisance, shall be liable to a penalty or fine not exceeding $100 or in default of payment to imprisonment for a period not exceeding one month or to any such other penalty as shall be prescribed by the law to which such person is amenable.

XXXVII.

CARRYING ARMS.

No person, except naval or military officers of any Treaty Power, Diplomatic and Consular Officers, Officers of the Council duly authorized, and members of the Volunteer Corps when in uniform or on duty, shall under any pretext carry or convey within such limits any firearms other than those used solely for sporting purposes, other offensive or defensive weapons, ammunition or explosives, without a licence or permit first obtained from the Municipal Council.

Any person offending against or infringing any provision of this Bye-law shall be liable to a fine not exceeding three hundred dollars or to imprisonment for a period not exceeding three months, and in every case the firearms, offensive or defensive arms ammunition or explosives so carried or conveyed may be forfeited to the use of the Council or to any such other penalty as shall be prescribed by the law to which such person is amenable.

---

Since the text now submitted by the Consular Body is drawn up on the lines of, and embodies the more important of the provisions contained in the text submitted by the Council to the Ratepayers at the Annual Meeting held on March 21, 1916, with the exception of the provision made in the latter for tramway regulations and for the licensing of the Press etc., it is proposed to submit the same for the Ratepayers' approval at a special meeting to be convened for an early date.

The omission to provide for the licensing of the Press and of printing establishments etc. must be considered serious. That the Council should be vested with every power necessary to the preservation of peace and good order within the Settlement was amply demonstrated in the recent student unrest, which ultimately extended to the merchant and labouring classes of the Chinese Community. In particular, it is essential that the Council should have full power of immediate action, without recourse to any other Authority, to prevent the publication of any printed matter of a character calculated to incite to a breach of the peace. Accordingly the Council will submit the Consular Body's text of Byelaws for the Ratepayers' approval, with the following words inserted in Byelaw XXXIV between the words "goats" and "or sell" viz.—"or carry on the business of a printer lithographer or engraver or print or publish any newspaper or periodical."

**Local Unrest.**

Letter to Rev. C. W. Rankin:—

Council Room,
Shanghai, June 21, 1919.

SIR,—In its report of the inauguration meeting of the Chinese Students National Federation held at the Great Eastern Hotel on June 16, the following statement is attributed to you by the "Shanghai Times":—

"I went to see the Secretary of the Shanghai Municipal Council the other day." Mr. Rankin continued, "I told him I represented nobody. I asked him what he thought about the students going round town securing signatures to a petition asking the President to convene a National Assembly. The Secretary replied that he thought it would be a good thing if it was done quietly and without disorder. Therefore, I suggest to you that a campaign should be started to get these signatures first in Shanghai and make it operate in the interior as well. Secure a million-two million-signatures to the petition asking the President to convene a National Assembly. If you do it quietly and without any disorder as the Secretary said, you will be only exercising a legal right, for the right of petition is recognized as a right of the people the world over. If an official is not doing his duty, as you think he ought to do it, the people have the right to petition him. And when you have secured the signatures, do not send it to Peking, but take it there yourself and hand it to the President."

If allowed to pass without challenge, this statement must inevitably lead to some misunderstanding of the Council's attitude *vis-à-vis* the recent Students Strike and agitation in the Settlement, and I, therefore, hasten to correct it.

At the interview to which the statement has reference, and in reply to your inquiry as to my views on the suggestion that the students' movement should be diverted to the preparation of a petition to the President in Peking, to convene a National Assembly, I stated in most definite and unmistakable terms that the Council could not and would not permit of the Settlement being used as a centre for political agitation or interference in Chinese politics, that the students must therefore abstain from any action in the Settlement that was contrary to this policy of political neutrality, and that what they did outside the Settlement was no direct concern of the Council, but that for what it was worth, it was my own personal opinion that if the students took action on the lines you suggested, such action would at least be far more constitutional than strike methods and methods of intimidation.

I am addressing a copy of this letter to the Press.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Rev. C. W. RANKIN.

---

**Special Vice Committee.**

In accordance with Resolution X passed at the Annual Meeting of Ratepayers on April 9, the membership of this Committee has been completed by the appointments of Mrs. D. Henman and Messrs. S. C. Lin and W. D McCallum. Mr. P. Campbell has been appointed Secretary to the Committee.

**Public Lighting.**

*Yangtszepoo Road.*—The recommendation of the Acting Municipal Engineer has been adopted, to improve the lighting in Yangtszepoo Road from Lay Road to the tram terminus, by erection of 15 additional 60 c.p. lamps, at an additional cost of Tls. 438 per annum.

**Hongkew Recreation Ground.**

*Playing of Golf.*—In view of the much increased use by the public of the Hongkew Recreation Ground, it is already apparent that the playing of golf will have to be prohibited altogether in the near future. In the meantime it has become necessary to alter Rule 13 of the Ground Regulations to provide that the playing of this game shall not be permitted after 1 p.m. This restriction applies not only to organised games of golf, but to practice with golf club and ball.

The revised regulations are as follows:—

1.—The Ground is reserved exclusively for the Foreign Community.

2.—The Ground is open to the Public between the hours of 5 a.m. and midnight from May 1 to October 5, and 6 a.m. and 7 p.m. from October 6 to April 30.

3.—No persons are admitted unless respectably dressed.

4.—Horses, ponies, vehicles and bicycles are not admitted.

5.—Dogs are not admitted unless properly muzzled and led on leash.

6.—Perambulators must be confined to the paths.

7.—Birdnesting, plucking flowers or otherwise damaging the shrubs, plants or grass is strictly prohibited; visitors and other persons in charge of children are requested to aid in preventing such mischief.

8.—Cricket, golf, lawn tennis, bowls, baseball, football and hockey are permitted only upon those portions of the Ground specially set apart for these games. The season for football and hockey begins, approximately, on October 15 and ends on March 15; that for cricket, lawn tennis, bowls and baseball on May 1, and ends on October 15.

9.—Grounds may be reserved for matches upon written application being made to the Honorary Secretary.

10.—No play is permitted when, in the opinion of the Parkkeeper, the grounds are not in a fit condition. A notice to that effect will then be exhibited at the entrance.

11.—Cricket, football, hockey and baseball, are not permitted on Sundays until 1 p.m.

12.—The positions of lawn tennis courts are arranged by the Superintendent. Persons using the courts are required to wear indiarubber soled boots or shoes.

13.—The playing of golf is not permitted after 1 p.m. This restriction applies also to practice with golf club and ball.

14.—Shooting, boating, boat sailing, lighting fires and bathing are strictly prohibited.

The Police have instructions to enforce these Regulations.

By order,

N. O. LIDDELL,
*Secretary.*

Shanghai, June 26, 1919.

## Public Band.

*Evening Performances.*—Arrangements have been concluded with the stewards of the Race Club where under, during the coming summer season, two public performances per month will be given in the grounds of the Race Club, which at such time will be thrown open to the public. The actual date and time of each performance with details of programme will be notified later in the usual manner.

## Electricity Department.

REPORT ON THE QUARTER ENDING MARCH 31.

The removal of restrictions against additional lighting consumers has added the equivalent of 28,892—30 watt lamps to the mains and 619 house service connexions.

The motor horse-power has risen from 24,869 to 28,788 or 3,819 horse-power.

The units sold and accounted for have increased 14.7 per cent over the corresponding quarter of last year.

Units sold for lighting increased by 7.66 per cent.

Units sold for power (excluding traction) increased by 16.5 per cent.

The coal per unit generated and sold shows a slight increase. This is entirely due to the quality of the coal supplied—both in the last consignments of last year's contract which was being used in January, and in the month of March. The figures shown are arrived at after making allowance for the deduction claimed under the terms of the coal contract. These allowances, however, do not sufficiently protect the Department; they do not make up for the saving which would have resulted if the coal had been up to contract quality. This is the first occasion upon which the present coal contractors have failed to deliver coal up to standard quality, and the effect is seen in the increased coal consumption. During a series of contracts over a number of years with the coal contractors the contract quality of the coal has been uniformally maintained. The clauses in the contract amply provided for coal variations such as might be expected, but they do not adequately cover against such wide variations as are found under this year's contract. To afford more adequate protection future contracts will need to be more binding and drawn up in such a way as to take care of variations however wide they may be.

T. H. U. ALDRIDGE,
*Engineer-in-Chief and Manager*

## Mixed Court Report for May.

Yih Tsoo-tsang (葉楚傖), editor of the Ming Kuo Pao, was before the Court on various dates in April and May charged with publishing an article in the above paper inciting to murder and inciting certain persons to commit a breach of the peace. The decision of the Court given on May 17 was:—

"Cautioned. The publication of the article in question should be stopped and the accused should be more careful not to use any threatening or imprudent articles in his newspaper in the future."

Wang Mang-tseu (汪孟鄒), shopkeeper, Dzau Mai-koong (趙宮南), Manager and Dzung Yih-kaung alias Dzung Kwai-hai (鄭亦剛), unemployed, were before the Court in connection with the publication and sale of a book entitled "Liberty" containing certain matter detrimental to the Republic of China and tending to confuse the form of government and to endanger the peace and good order of the country. On May 31, fines of $150, $300, and six months' imprisonment and expulsion were inflicted respectively and an order made for the confiscation of the publication.

On May 28, Tsau Yoong-ling (周永聯), broker, was charged with causing certain labels and wrappers to be forged purporting to be the genuine labels and wrappers of Borden's Condensed Milk Company. A fine of $500 was inflicted.

Six out of 12 persons charged in December 1918 with being concerned in armed robberies at 518 Myburgh Road and 31 Tamsui Road were ordered to be sent to the Arsenal Authorities for further trial, another being sentenced to 5 years' imprisonment in the Municipal Gaol.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

### Mosquito Notice.

NO STAGNANT WATER—NO MOSQUITOES.

Mosquitoes carry MALARIA and other diseases.

Mosquitoes cannot multiply except in STAGNANT WATER. Where stagnant water cannot be ABOLISHED kerosine sprinkled on the surface to form a film will kill mosquito 'wrigglers,' as it prevents breathing when they come to the surface.

Old tins and bottles, broken crockery and unconsidered ARTICLES OF THIS KIND CAPABLE OF HOLDING RAIN WATER should be carefully COLLECTED from the garden and backyard and placed with the refuse for removal.

Tubs, kongs, water plants, flowerpot saucers or other VESSELS OF WATER, which cannot be dispensed with should be EMPTIED OR SPRINKLED WITH KEROSINE ONCE A WEEK.

GARDENERS' KONGS, DUG-OUTS, WELLS AND WATER BARRELS should be done away with, water for the garden, etc., being derived directly from the tap or, if that be impossible, the kongs, etc., should be oiled once a week or kept securely covered so that mosquitoes cannot get to the water to lay their eggs.

Have the water from kennels, chicken coops, etc., regularly emptied out.

Keep drains and rain-water roof channels clean and clear and in good repair. GULLY TRAPS that are not frequently flushed should be oiled weekly.

Shallow RAIN WATER POOLS AND SLUSHY PLACES can generally be obliterated by a SCRATCH DRAIN or LEVELLED with house ashes, PONDS AND DITCHES by FILLING-IN and drainage.

ORNAMENTAL PONDS may be kept free from mosquitoes by FISH but, if mosquito 'wrigglers' be found, the water should be OILED WEEKLY preparatory to FILLING-IN.

A WEEKLY INSPECTION of house and surroundings should be made. It may be remembered that a small unheeded pot of water will suffice to breed enough mosquitoes to irritate a whole neighbourhood.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2617.**

*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, May 19, 1919.

## MUNICIPAL NOTIFICATION

**No. 2627.**

*(Translation.)*

FALSE and malicious rumours regarding the poisoning of water and food stuffs have been set afloat with the view of inciting national hatred. As a result several innocent persons including a number of Chinese have been assaulted and in one instance a Chinese citizen was murdered.

Warning is hereby issued that no credence must be given to these stories which have been investigated and which have been proved to be slanderous and without foundation.

Any person found spreading such rumours will be arrested and severely punished.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, June 12, 1919.

## MUNICIPAL NOTIFICATION

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 12, 1919.

**Bye-Laws and Licensing of the Press, etc.**

Correspondence with the Senior Consul and the Consul-General for France in continuation of that published in the Municipal Gazette of June 26:—

Council Room,
Shanghai, June 25, 1919.

SIR,—In connexion with the recent unrest attending the Students' Strike which ultimately affected the merchants and labouring classes of the Chinese Community, I have the honour to emphasize the very serious disadvantages under which peace and order were maintained, in consequence of the absence of any express authority vested in the Council to enter and search premises upon which it is suspected that handbills or other matter calculated to incite to disorder are being printed. The procedure usual in normal times whereunder application is made to the Court concerned, for a search warrant, involves delay that, under abnormal conditions such as those which the Settlement has recently experienced, is likely to result in very serious consequences. Under these circumstances and to enable the Council properly and efficiently to carry out the duty of preserving peace and good order, with which it is charged as the representatives of the Community as a whole, I have the honour to request that the Consular Body may accord approval to such entry and search by the Council in times of unrest without warrant.

In making this request, I have the honour to emphasize that unless approval is accorded, the Council will in effect be charged with a duty, which it cannot properly perform, and further that refusal of approval may, upon a future occasion, be followed by results which can only be contemplated with grave concern.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

---

Council Room,
Shanghai, June 26, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of June 12 forwarding the text of the amended Bye-laws which are now proposed by the Consular Body.

These Bye-laws appear to be modelled on the lines of and to embody the more important of the provisions contained in the Bye-laws submitted by the Council at the Annual Meeting of Ratepayers held on March 21, 1916, with the exception of the specific provision made in the latter for tramway regulations and for the licensing of the Press, etc., and in the view that they will form a valuable addition to the existing code of Municipal Bye-laws, it is the Council's intention to submit the same to the Ratepayers at a special meeting to be convened for this purpose at an early date, with the recommendation that they be adopted.

The omission to make any provision for the licensing of the Press and of printing establishments, etc., must, in the opinion of my colleagues, be regarded as serious, for although the Council has no desire to muzzle the Press—and indeed it is inconceivable that the Ratepayers would sanction such action on its part—it is nevertheless essential that it should be vested with every power necessary to the preservation of peace and good order in the Settlement, as was clearly established in the recent unrest, which attended the Students' Strike and ultimately effected the merchant and labouring classes of the Community. Granted that this is so, I have the honour to submit that no power is more essential than the power of immediate action by the Council, without recourse to any other Authority, to prevent the publication of any printed matter of a character that is calculated to incite to a breach of the peace and to express the view of my colleagues that this power can best be secured by the licensing of the Press and of printing establishments, etc.

Accordingly I have the honour to inform you of the Council's intention, when submitting the Consular Body's text of Bye-laws for the Ratepayers approval, to recommend that they be approved with the following provision inserted in Bye-law XXXIII between the word "goats" and "or sell," viz., "or carry on the business of a printer lithographer or engraver or print or publish any newspaper or periodical." Finally I have the honour to express the hope that, upon a reconsideration of the needs of the Settlement in the light of recent events, the Consular Body will give its unanimous support to the suggested provision and thus strengthen the hands of the Council in the matter of preventing the printing and publication of seditious, scurrilous and inciting printed matter.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

*Translation of letter from the French Consul-General to the Chairman of Council, dated June 18, 1919.*

SIR AND DEAR COLLEAGUE,—On June 15, you very kindly sent me several copies of the newspaper "Kiou-wang-ji-pao," in which was published certain articles of a character which is calculated to disturb public order (reports of alleged poisoning by the Japanese).

I hasten to inform you that the French Mixed Court pronounced sentence yesterday against the editor of this publication to the maximum provided by Chinese law. A penalty of $100 against the editor and the definite closing down of the paper.

At the moment I am drawing up a Consular Ordinance regulating the publication in our Concession, of Chinese newspapers, periodicals and printed matter, this Ordinance provides for prior authorization and for a security deposit at this Consulate General, I shall be obliged if you on your part will let me know of the measures that you think it is necessary to take in the matter.

A. WILDEN,
*Consul-General for France.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

---

Council Room,
Shanghai, June 28, 1919.

SIR,—I have the honour to acknowledge and thank you for your letter of June 18, and to express the Council's satisfaction upon learning of the decision of the French Mixed Court in the action taken against the Editor of the "Kiou-wang-ji-pao."

In regard to the contemplated promulgation of a Consular Ordinance regulating certain publications in the French Settlement, and in reply to your enquiry for the Council's views, I have the honour to refer you to pages 84B of the Municipal Report for 1918 and to transmit the following enclosures which bear upon this question, viz.:—

Copy of letter of June 25 to the Senior Consul.

Minute extracted from the Municipal Gazette of June 26.

Copy letter of June 26 to the Senior Consul.

Reference to the Municipal Report for 1918 and perusal of the enclosures above enumerated, will, I feel sure, indicate very clearly that the Council considers it to be of the utmost importance that it should be vested with such powers as will enable immediate action on its part, in times of unrest, to secure the suppression of seditious, scurrilous and inciting printed matter.

You will observe—and I have the honour to emphasize this point—that the Council has no desire to muzzle the Press: indeed such action on its part would be contrary to the accepted principle of the freedom of the Press and could not be tolerated. The Council's only desire is to secure that measure of control which will enable effectual and immediate action when such is considered essential to the maintenance of peace and good order within the Settlement

In conclusion I have the honour to express the earnest hope that you may kindly lend your support to the Council's proposals to be made in this connexion at the forthcoming Special Meeting of the Ratepayers of this Settlement.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

A. WILDEN, Esq.,
Consul-General for France.

*Translation of letter from the French Consul-General dated June 26, 1919.*

SIR,—I have the honour to transmit herein enclosed, a copy of an Ordinance which I have just issued in regard to newspapers in Chinese edited in the French Settlement.

The abuses committed by the Chinese Press revealed by the recent unrest have led me to take these measures, which are equally applicable to Chinese newspapers registered in the name of French subjects and published in the International Settlement: these newspapers have at my request recognized the jurisdiction of the French Mixed Court.

Should any misdemeanour be committed by newspapers in this last category, I shall be obliged if you will kindly advise the Captain Superintendent of Police in the International Settlement so that the delinquent be brought before the French Mixed Court.

I am, etc.,

A. WILDEN,

*Consul-General for France.*

E. C. PEARCE, Esq.,

Chairman, Municipal Council.

*Translation of French Consular Ordinance No. 5.*

We, Auguste Wilden, Consul in Charge of the Consulate-General of France at Shanghai, Chevalier of the Legion of Honour, pursuant to Article 13 of the Regulations for the French Consulate, dated April 14, 1868, have ordered and order as follows:—

Article 1.—No establishment for the publication of magazines, pamphlets, tracts and Chinese newspapers shall open in the French Settlement without the authority of the Consul-General for France.

Article 2.—The request for the authorization provided for by the preceding Article, must clearly state the name of the responsible editor and the object in view. The deposit of the Articles of Association of the publishing company, if there is need, should also be made at the same time as the request.

Article 3.—If the request is approved, no printed matter tract, magazine or newspaper, shall be put into circulation without the previous lodgment of a copy with the French Police and the French Consul-General

Article 4.—If the Police discover that any publications edited are against public peace or against morality, the responsible editor and author as well as, if need be, the printers, will be prosecuted in the Mixed Court and punished according to law

Article 5.—Any establishment opened in contravention of the provisions of Article 1, will be closed at any time by the Police who will moreover prosecute the offenders in the Mixed Court.

Article 6.—This Ordinance will have effect from the date of its publication.

Article 7.—The Chief of Police is charged with the carrying out of this Ordinance.

Issued at the Consulate-General of France, June 20, 1919.

(Signed) A. WILDEN.

**Parks Report for April and May.**

From January 1 till the last week in March, the rainfall rendered ground operations impossible. During the first week in April the laying out of another section of Jessfield Park was commenced. As the ground had to be raised 2 feet whilst in addition, undulations averaging from 3 feet to 6 feet had to be raised, progress depended upon the contractor supplying the soil, and his rate of progress was somewhat slow. Early in the month the temperature rose to 85 Fahrenheit, resulting in the opening of the leaf buds; consequently, the work had to be accelerated, and this was accomplished by means of additional labour, planting on mounds in advance of their proper completion, working overtime, and conveying large trees culled from various points, after midnight. By the end of April, all planting was effected and the major portion of the grading, whilst a commencement had been made with the turfing.

The laying out of this new area of 60 mow was completed by the second week in May. On the East side of the section laid out last year, a lake was excavated corresponding with the one made last year. The soil excavated is so sterile that it has been thrown into high mounds and is being fertilized. It is proposed to plant in the autumn, on the summit of these mounds, such Pine and Fir trees as cannot be grown on the ordinary level. Between these mounds and the main entrance numbers of oaks of various kinds, including the so-called "English Oak," were planted. On the mound at the northeast corner many dwarf conifers and azaleas were planted.

A portion of the 60 mow section is laid out in the form of a curved vista, having on either side "bays" forming distinct gardens, as the maple, bamboo and semi-tropical gardens, each being characterized by the majority of the plants planted therein. To give immediate effect other kinds of trees are introduced temporarily. To view this section the best way is to follow a path, beginning at the garden containing stone figures. This path leads to the refreshment house, one branch passing in front and the other on the rear of this house,—a circular gateway has been made in the rear wall of this house, giving access from both sides—and it then turns in a northerly direction through what will soon be a woodland path, across the creek and terminating at the Rose Garden.

Planting in this section includes 50 distinct species of maples, 20 species of bamboos, 30 species of Japanese azaleas and 2,000 plants of mixed kinds of azaleas from Mokanshan, 3,000 Lily bulbs in 25 distinct species and varieties, 14 species of Magnolias. In all 130 species new to the Parks, exclusive of lilies.

The floral display in this park, especially of Roses, could compare favourably with the best in Public Parks anywhere.

*Experimental Section.*—Experiments in vegetable culture, to which this section is devoted, were on the whole satisfactory; towards the end of May the effects of the rising temperature was perceptible.

*Crossing Peas.*—Last year the Chinese purple flowered pea which has small pods and dark coloured seeds was crossed. (*a*) Foreign pea pollen and Chinese pea pod bearer gave this year Shanghai No. 1—a pea resembling the Chinese female parent with slightly paler flowers, and seeds nearly green when cooked. (*b*) Shanghai No. 2—the reverse cross gave plants almost akin to the female parent (foreign) flowers slightly tinted, yield earlier and plants equally as robust as the foreign pea. Nos. 1 and 2 were crossed again with the pick of the early foreign varieties. The object of these experiments is to produce green peas with large pods, good flavour together with the hardiness and earliness of the Chinese peas. From "Mendel's Law" applied to eugenics and worked out with peas, his experience shows that it will take six generations to fix a type.

*Yuyuen Road Children's Playground.*—A small area of land at the junction of Yuyuen and Tifeng Roads was turfed and planted with shade trees and shrubs. A matshed with seats and a sand pit in the centre was erected and a see-saw, giant strides and swings were placed in position. In two or three years this playground will be well shaded so that children can utilize it for the greater part of the day.

*Hongkew Recreation Ground—Children's Playground.*

This was found to be inadequate and further, many children accompanied by incompetent amahs were entering the recreation ground and scampering over the lawns in hourly danger of being hit by hard balls which players cannot always control. In the interest of the children, parents who send their children accompanied only by amahs are advised to instruct the amahs to take the children to the playground.

This playground is laid out in a series of bays, well shaded and is large enough for years to come. It is separated from the road by a double fence over which are planted climbing roses, rendering it almost impenetrable. It occupies the land, formerly employed for tennis, between the Public School for Boys and the Junior Golf Club Pavilions. In laying out this playground advantage was taken of the alterations to add to the adjoining public roadway—which may be termed the "Park Avenue"—a lawn 25 ft. wide interspersed by groups of shrubs and an additional line of trees now being included. The average width of this avenue is now about 110 ft.

*Wayside Park.*—Two public Lawn Bowls Greens were constructed and except for the surrounding banks are completed. In their construction subsoil drainage was carried out and a solid foundation was laid. Already they give every promise of being a success. Water was laid on in a section of the park and this should prove of benefit.

*Hungjao Road Nursery.*—Always low and wet, this land was becoming a quagmire—in which young plants did not thrive—by reason of the annual removal of plants with soil attached to their roots. To ameliorate this condition to a certain extent a ditch 15-ft. wide by 8-ft. deep was dug the entire length of the ground, this serving to drain the whole area. The soil dug out was employed for raising, but it will take some years before it can be raised to the required height. Whilst the ditch was being excavated a cart-way 15-ft. was made along the side of it, to facilitate the loading of carts with plants. At the same time lawns each 35-ft. wide, planted with an assortment of small trees and shrubs were laid down on either side of the Hungjao Road, the entire length of the Nursery, giving a total width to the avenue here of 105 feet. This avenue in a few years, especially when the Nurseries are better arranged will form an excellent example of what can be done to improve the appearance of this type of roadway.

*Roads.*—In addition to the planting of trees, their removal for road widenings and other reasons, the appearance of a section of Bubbling Well Road near Hart Road is improved by the turfing of spaces left around the trees to encourage their

growth. A small triangular section on Yuyuen Road was turfed and the section of Yuyuen Road in front of the Children's Playground is ready for turfing.

**Public Health Notice.**

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow or Berkefeld filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Ice-cream unless made of boiled materials.

Digitized by Google Original from CORNELL UNIVERSITY

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow or Berkefeld filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on arrival in Shanghai and afterwards every three years.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2617.**

*(Translation.)*

IT has been brought to the Council's attention, that recently certain handbills and pamphlets have been printed and distributed by certain persons with a view to bringing unlawful pressure upon Chinese merchants and residents in the Settlement, to refrain from purchasing, selling or dealing in Japanese goods, thus tending to cause unrest and threatening the peace and good order of the Settlement.

The Public should take note that all acts of intimidation are unlawful, and that anyone attempting by force or threat or other form of compulsion to interfere with any resident or merchant in the pursuit of his lawful business, or by force or threat or other form of compulsion to induce anyone to refrain from the exercise of his right to make use of, purchase, sell or deal in any goods, will on detection be arrested and punished as a law breaker.

If anyone attempts to intimidate any resident or merchant, immediate information should be given by the concerned to the nearest Police Station, with a statement of the circumstances in detail, whereupon his assailant will forthwith be arrested and the case brought before the Mixed Court, or the Court of the party concerned for investigation and severe punishment without the least leniency. Warning is duly given. Let all obey.

Letter from the American Chamber of Commerce of China:—

Shanghai, July 8, 1919.

DEAR SIR,—At a joint meeting of the Executive Committees of the American Chamber of Commerce of China and the American Association of China, representing the major American interest and population in China, the following resolution was unanimously adopted:—

"Resolved that this meeting is in favor of some form of justifiable legal control over seditious publications, but cannot support the Amendment to the Municipal

Bye-laws in its present form because it is against American principles and because it will not accomplish the object for which it is proposed."

It was further moved and unanimously adopted that the Municipal Council be requested to publish this letter in the Municipal Gazette and also that a copy of same be supplied to the Shanghai press.

Thanking you for your attention and with best wishes, we are

Very truly yours,

American Chamber of Commerce of China,

J. B. POWELL,

*Secretary.*

THE CHAIRMAN,

**Fire Brigade.**

Correspondence with the Shanghai Fire Insurance Association on the subject of the presentation to the Council of the Volunteer Fire Brigade Challenge Shield:—

Shanghai, June 4, 1919.

DEAR SIR,—A Challenge Shield was, as you are aware, presented by the Shanghai Fire Insurance Agents and Representatives, to the Fire Brigade to be competed for annually between the various Volunteer Companies.

The Volunteer Section of the Brigade having resigned, the object for which the Shield was presented ceases to exist, and my Committee desire to ask the Council's acceptance of it to be kept as a memento of the Volunteer Section of the Brigade, and to be placed wherever the Council may think most desirable with such purpose in view.

The Shield will be handed to the Council on receipt of an intimation that they are willing to accept it.

I am, Dear Sir,

Yours faithfully,

G. J. W. MORGAN,

*Acting Secretary.*

N. O. LIDDELL, Esq.,

Secretary, Municipal Council.

---

Council Room,

Shanghai, June 12, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of June 4, requesting the Council's acceptance of the Challenge Shield which was originally presented by your Association for competition annually by the various Volunteer Companies of the Fire Brigade.

In reply, I am directed to convey to you an expression of the Council's cordial appreciation of the gift which the members have great pleasure in accepting, and to state that the Shield will be placed in the Council Room in the new Central Offices.

I am, Sir,

Your obedient servant,

N. O. LIDDELL,

*Secretary.*

G. J. W. MORGAN, Esq.,

Acting Secretary,

Shanghai Fire Insurance Association.

---

Shanghai, June 24, 1919.

DEAR SIR,—I beg to acknowledge receipt of your letter of the 12th instant and now send you the Volunteer Fire Brigade Challenge Shield, noting with thanks the Council's proposal for its disposal.

I am, Dear Sir,

Yours faithfully,

G. J. W. MORGAN,

*Acting Secretary.*

N. O. LIDDELL, Esq.,

Secretary, Municipal Council.

| Medhurst Road— | |
| Mow 0.160 | Free |
| Wuting Road— | |
| Mow 0.707 at the assessed value, Tls. 4,500 per mow, plus 10 per cent. | Tls. 3,500 |

**Thomas Hanbury School for Boys.**

*Bursary.*—The offer of Mr. H. O. White has been accepted to donate a sum sufficient to yield about $100 per annum to be given as a special prize to the best pupil in the above school. The thanks of the Foreign Educational Committee and the Council are recorded in the subjoined letter:—

Council Room,

Shanghai, June 17, 1919.

SIR,—I am directed to convey to you an expression of the thanks of the Foreign Educational Committee and of the Council for your generous offer, which is cordially accepted, to donate a sum sufficient to yield about $100 per annum, to be given as a special prize to the best pupil at the Thomas Hanbury School for Boys during each year. The Committee and the Council deeply appreciate the assistance which you are rendering by this very generous and practical gift in the education of the Foreign children of the Settlement.

I am, Sir,

Your obedient servant,

N. O. LIDDELL.

**Fire Brigade Report for May.**

The total number of calls to fires, or supposed fires, during the month was 32, as against 28 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 71,075 (Foreign, Tls. 65,025; Chinese, Tls. 6,050), as against Tls. 88,250 (Foreign, Tls. 75,750; Chinese, Tls. 12,500) during May 1918. The property at risk is estimated at Tls. 593,000 (Foreign, Tls. 425,000; Chinese, Tls. 168,000), as against Tls. 725,000 (Foreign, Tls. 663,500; Chinese, Tls. 61,500) for the corresponding period last year.

The calls were received as follows:—Telephones 17, Watch Towers 7, Police 4, Street Alarms 3 and Staff 1.

The district call was given on 7 occasions, the remaining 25 being station calls.

These calls proved to be 23 small fires, 3 chimney fires, 3 false alarms (2 malicious) and 3 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Lamp upset | 5 |
| Dropped match or cigarette end | 3 |
| Ashes or embers from stove | 3 |
| Sparks from chimney | 2 |
| Explosion of spirits of wine | 1 |
| Clothing fell on to stove | 1 |
| Tar boiling over | 1 |
| Burning joss paper | 1 |
| Joss candle in contact with paper | 1 |
| Fusing of electric wire | 1 |
| Unknown | 4 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 3 |
| Chinese buildings | 36 |

Of these, 1 building was destroyed by fire and 22 others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 243,140 gallons.

The Brigade was occupied 365 hours at fires, or supposed fires.

Unfortunately two lives were lost and four persons were injured at fires attended by the Brigade during the month.

The fires of note during the month were:—

*F524 off Woochang Road, May 1, at 10.23 p.m.*—When the Hongkew Division arrived the outbreak was found to have been extinguished by the inmates, but owing to the careless handling of spirits of wine Mr. Chang Sen Kai, ex-Governor of Kiangsu Province, Miss Chang Ching Loo and two female servants were burnt, Miss Chang and a servant very severely, first aid was rendered by the Police and Fire Brigade and the two latter were removed to the St. Luke's Hospital, but unfortunately they both succumbed to their injuries a few hours later.

Mr. Chang was pouring spirits of wine from a tin into some bottles, some of which was spilled on the floor, whilst he was sealing the bottles, some lighted wax ignited the fumes a fire occurred, and the partially emptied tin exploded.

*LC58 off Se Zang Ling, May 25, at 9.34 p.m.*—This outbreak occurred in a very congested locality and owing to the stiff breeze blowing at the time, it would have been a very serious one, had not a prompt stop been effected. As it was only the house in which it originated was destroyed.

*A 1 Gas Street, May 26, at 12.13 a.m.*—This was a very difficult fire to deal with owing to the number of openings in the fire walls and also to the fact that the premises were bounded on the east by a wide creek. The fire was however held and confined to the back portion of the premises.

*China Import & Export Lumber Co., Yangtszepoo Road, May 26, at 6.33½ p.m.*—This was one of the most severe fires the Brigade has had to deal with for many years. The large drying shed situated at the riverside end of the block of sheds, which are in the centre of the yard, not a great distance from the mill, was well alight. At the time there was half a gale blowing from the river, and the nearest Municipal hydrants are on Tengyueh Road some considerable distance away. The Hongkew Division with a section of Central, afterwards supported by the Fire Float and Fire King had a very difficult task. It was seen from the beginning that it was impossible to save the drying sheds, and the only way to save the total destruction of the yard was to cut the fire off in a line with the so-called fire wall next to the office. The conditions were severe, and had it not been for the fact that the men who were at work with jets on the first floor, remained at their posts, when portions of this wall collapsed, the fire would undoubtedly have swept right through the whole yard and eventually the mill would have been involved. To make matters worse the burning sawdust from the lining of the drying sheds for some time formed continuous sheets of sparks and the whole area from the mill to the Yangtszepoo Road had to be carefully watched for incipient fires. A number of stacks were levelled and removed by the mill staff to form fire breaks and after approximately 3½ hours the fire was held in every direction. The drying sheds were destroyed and a quantity of timber stored in close proximity. The mill, a large quantity of new machinery stored in a shed nearby, the remaining sheds, and the main portion of the timber in the yard, were saved intact.

## Mosquito Notice.

NO STAGNANT WATER—NO MOSQUITOES.

Mosquitoes carry MALARIA and other diseases.

Mosquitoes cannot multiply except in STAGNANT WATER. Where stagnant water cannot be ABOLISHED kerosine sprinkled on the surface to form a film will kill mosquito 'wrigglers,' as it prevents breathing when they come to the surface.

Old tins and bottles, broken crockery and unconsidered ARTICLES OF THIS KIND CAPABLE OF HOLDING RAIN WATER should be carefully COLLECTED from the garden and backyard and placed with the refuse for removal.

Tubs, kongs, water plants, flowerpot saucers or other VESSELS OF WATER, which cannot be dispensed with should be EMPTIED OR SPRINKLED WITH KEROSINE ONCE A WEEK.

GARDENERS' KONGS, DUG-OUTS, WELLS AND WATER BARRELS should be done away with, water for the garden, etc., being derived directly from the tap or, if that be impossible, the kongs, etc., should be oiled once a week or kept securely covered so that mosquitoes cannot get to the water to lay their eggs.

Have the water from kennels, chicken coops, etc., regularly emptied out.

Keep drains and rain-water roof channels clean and clear and in good repair. GULLY TRAPS that are not frequently flushed should be oiled weekly.

Shallow RAIN WATER POOLS AND SLUSHY PLACES can generally be obliterated by a SCRATCH DRAIN or LEVELLED with house ashes, PONDS AND DITCHES by FILLING-IN and drainage.

ORNAMENTAL PONDS may be kept free from mosquitoes by FISH but, if mosquito 'wrigglers' be found, the water should be OILED WEEKLY preparatory to FILLING-IN.

A WEEKLY INSPECTION of house and surroundings should be made. It may be remembered that a small unheeded pot of water will suffice to breed enough mosquitoes to irritate a whole neighbourhood.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2632.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 12, 1919.

## MUNICIPAL NOTIFICATION

**No. 2631.**

**Traffic—"One Way Roads"**

NOTICE is hereby given that with effect from Monday, July 7, the provisions of Notifications Nos. 2604 and 2611 will be withdrawn, except as regards wheelbarrow and handcart traffic.

The Szechuen Road between the Nanking and Hongkong Roads will remain closed to all vehicular traffic, except traffic proceeding North to South, until the completion of the road repairs which are now being carried out.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 5, 1919.

## MUNICIPAL NOTIFICATION

**No. 2634.**

**FOREIGN BUILDINGS.**

ACTING under the provisions of Article XXX of the Land Regulations, the Council has made, and hereby gives notice of, the following amendment to Foreign Building Rule No. 14 (b):—

"No building shall be erected so that any point on the road frontage (other than reasonable architectural ornament) shall be at a greater height than one and one-half times the distance measured horizontally from such point to a perpendicular above the Municipal Council road line on the opposite side of the road.

"Where the road is scheduled for widening, such perpendicular shall be taken above the scheduled line on the opposite side of the road."

This addition has been duly submitted for the opinion of the Land Commissioners, and has received their approval.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 17, 1919.

## MUNICIPAL NOTIFICATION

**No. 2635.**

THE public is reminded that licence fees on private vehicles for the September Quarter are now due.

Residents owning Motor Cars, Carriages, Ricshas, Ponies, etc., are therefore requested to take out the necessary licences without delay, for which purpose application must be made at the Revenue Office, accompanied in every instance by the amount of the licence fee. The owners of any vehicles, etc., found to be unlicensed are liable to prosecution under Land Regulations XIII and XIV.

Mafoos or coolies in charge of vehicles, etc., are required to produce the licence card when called upon to do so by the Police.

Dog owners who have not yet taken out licences for the current year are requested to make application for the same at the Revenue Office.

All Dogs must be licensed and muzzled.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 17, 1919.

### Court of Foreign Consuls.

The Senior Consul notifies the Council that, upon the departure from Shanghai of Sir Everard Fraser, K.C.M.G., Mr. J. W. Jamieson, C.M.G., H.M. Consul-General officiating, has been elected a Member of the Court.

### Volunteer Corps.

*"B" Company British.*—Leave is granted to Lieut. F. J. W. Melville from August 8, 1919 to March 30, 1920.

### Recess.

The annual recess has been arranged to have effect between August 6 and September 17.

### Municipal Properties.

*Wayside Market.*—The existing Wayside Market on Lot 1970 is part of the Gaol site and is now required for inclusion therein. Arrangements have accordingly been concluded with Mr. C. Luthy for the purchase of an approximately equivalent area, measuring 2 mow, of Lot 1974 on the opposite side of the Chusan Road. The purchase price is Tls. 8,000.

*Public Works Department Workshops.*—A report by the Municipal Engineer has been submitted on the subject of the departmental workshops which are urgently needed and for which a Budget appropriation of Tls. 20,000 was voted at the Rateyapers' meeting early this year. He points out that extension is essential for the efficient administration of the Public Works Department and that insufficient land is available for the sorely needed motor waggon sheds, iron and timber store, offices, etc., and suggests utilization of the site purchased in 1907 for a police depôt in the Eastern District. The Captain Superintendent of Police concurs in the desirability of transfer, it being noted that the depôt site is not at present required for Police purposes, although the area thus transferred will need to be made good hereafter, as and when development should occur. The transfer of this site to the Public Works Department has accordingly been approved.

### Road Extensions and Widenings.

*Yuyuen Road.*—The claim of Dr. R. J. Marshall has been accepted for the area required from B. C Lot 7195 to widen this road to 50-ft., a sum of Tls. 400 for Mow 0.211.

### Rules With Respect to New Foreign Buildings.

Interchange of correspondence with the Land Commissioners:—

Council Room,
Shanghai, April 23, 1919.

SIR,—I am directed to hand you, herein enclosed, an amendment of Rule No. 14, Clause B, with respect to new Foreign Buildings. From experience it has been found that the wording of the clause which relates to the height of buildings permitted under the new Rules is unsatisfactory. This amendment is designed in the public interest, and, in accordance with the provisions of Article XXX of the Land Regulations, the Council submits it to the Land Commissioners for their opinion.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

L. G. WESTCOTT, Esq.,
Secretary, Land Commission.

Council Room,
Shanghai, July 7, 1919.

SIR,—I beg to refer to my letter of April 23 to your predecessor, on the subject of an amendment of Rule No. 14, Clause B, with respect to new foreign buildings, and to request that you will be so good as to favour me with the reply of the Land Commissioners thereto.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

R. W. SKINNER, Esq.,
Secretary, Land Commission.

---

Shanghai, July 10, 1919.

SIR,—I am directed to advise you that the Land Commissioners have noted with approval the amendment of Rule No. 14, Clause B, with respect to new Foreign Buildings, as requested in your letter of July 7.

I am, Sir,
Your obedient servant,
R. W. SKINNER,
*Secretary.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

### Labour Supply.

In his monthly Report for May, published in the Gazette of June 12, the Engineer alludes to the difficulties brought about by shortage of labour in the summer months, when, after the passing of the Budget, the Council has the greatest volume of work on hand. It is recalled that some years ago the same difficulty was dealt with by giving authority to the Engineer, to proceed with certain public works in advance of the passing of the Budget, thus enabling utilization of the great surplus of labour available in the Settlement in the winter months, but which with the arrival of spring becomes engaged in agricultural occupation. It is decided to continue this practice and the Engineer will accordingly make special recommendation, in each case, of works which he proposes to carry out in the winter months in advance of formal budget provision therefor.

### Defence Creek.

Arrangements have been concluded, whereunder the remainder of the Defence Creek between the Peking Road Bridge and the Soochow Creek will be culverted at an estimated cost of Tls. 23,400 in return for contributions by the adjacent land owners of Tls. 8,432.

### Health Officer's Report for June.

As a direct result of the disorganization of the food supply from June 5 to 10, when markets and food shops were arbitrarily closed by the organizers of the 'boycott', food being sold higgledy-piggledy off the streets and pavements in alleyway corners and out of the back doors, instead of in the clean markets, a number of cases of diarrhoea due to soiled food arose, a few of which were fatal. These cases of diarrhoea with vomiting and loss of appetite were common among foreigners as well as Chinese. It is probable that the rumours of poisoned food were originally derived from this source. Those foods were most suspected which are naturally prone to become soiled with disease germs, namely, vegetables and fruits, particularly those sold by street hawkers; these dealers suffering considerably from loss of trade owing to the alarm of the public.

These rumours of poisoned food were widely spread not only in Shanghai but in other places, and lasted for some days after the shops reopened.

Several samples of suspected food were tested in the Municipal Laboratory but no poison was found in any of them, nor was there any evidence obtained of attempts at poisoning, although many cases were investigated on the spot by the Health Inspectors. In the Branch Health Offices and tea-houses the imaginary character of these rumours was explained to the people and handbills were distributed dealing with the matter. Thereafter the rumours subsided as rapidly as they began.

But by the end of the month it seemed as if there was the probability of an epidemic of choleraic diarrhoea having been nursed into existence by the unusual circumstances.

It is, therefore, imperative that everyone should take the greatest care as to what they eat and drink.

The Public Health Notice is the best guide in this matter. But for the happy-go-lucky majority the best advice I can give is to eat and drink nothing which has not been recently boiled, or cooked or otherwise sterilised.

The Health Officer and the Health Inspectors will be only too glad to give advice, if asked for it, on these very important preventive health precautions.

Here follow tables of Vital Statistics, Infectious Diseases and Out door Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

ARTHUR STANLEY,
*Health Officer.*

## Engineer's Report for June.

Outside work has been seriously interfered with during the month, on account of the large amount of rain that has fallen. Work has been totally or partially suspended on no less than 15 days on this account.

The first half of this year has been somewhat unusual in this respect, rain having fallen on 60 days, this being about 30 per cent. more than the average for the past few years.

The strike that commenced towards the end of the first week in the month did not affect the Departmental labour to any appreciable extent, all of the ordinary coolie labour continuing to work as usual. Some of the artisan classes went on strike from the 9th to the 12th of the month, but, with this exception, all labour remained normal.

*Roads.*—Asphaltic concrete has been laid in Jinkee Road from The Bund to Szechuen Road and in Yuenmingyuen Road from Jinkee Road to Peking Road.

Similar work is in progress in Szechuen Road from Nanking Road to Soochow Road.

The making up of Tongshan Road has now been completed from Dent Road to Kwenming Road.

Wayside Road is being raised west of Lay Road.

The widening of Bubbling Well Road is being carried out on the north side east of Hardoon Road and east of Love Lane.

The following roads are being surface treated:—

With Asphaltum:—

Park Road from Bubbling Well Road to Burkill Road.
Bubbling Well Road from Hart Road to Hardoon Road.
Chungking Road from Avenue Edward VII to Weihaiwei Road.
Yuyuen Road from Hart Road to Jessfield Road.
Range Road from Woosung Road to North Szechuen Road.
East Yuhang Road from Singkeipang Road to Tungchow Road.
Urga Road from Sawgin Road to Dixwell Road.
Hungjao Road from Siccawei Road to the Tung Wen College.

*Bridges.*—A commencement has been made on the reconstruction of the bridge in Brenan Road across the Fahwah Creek. The steelwork from some of the Yangkingpang bridges will be used in the new structure, this being designed for a width of 30-ft., with plain concrete abutments.

*Bundings.*—The construction of the coffer-dam for the new concrete bunding at Wenchow Road is in hand.

*Drainage.*—The culverting of the Bubbling Well Road Creek from Hart Road to Siccawei Road is completed.

Work has been commenced on the culverting of Defence Creek, with 4-ft. 6-in. diameter tubes, from Peking Road to the Soochow Creek.

The culverting of the existing side ditch in Gordon Road from Sinza Road to Connaught Road with 3-ft. diameter tubes has been commenced.

A 1-ft. 6-in. by 1-ft. egg-shaped sewer is being laid in Pingliang Road from Thorburn Road to Dalny Road and west of Whashing Road.

The same sized sewer is also being laid in Whashing Road north of Pingliang Road.

The construction of the 4-ft. 6-in. diameter culvert in Funing Road west of Lay Road has been completed.

*Central Offices.*—The fixing of casements and glazing of the back elevation, and ground and first floors of the main facades has been completed. The extension of the third floor has progressed steadily, though somewhat impeded by the rainy weather.

*Gaol.*—The vermin proofing of the Deport Block is proceeding.

*Isolation Hospital—Discharge Block.*—The Custodian's quarters on the first floor are practically completed, and the fitting up of the discharge rooms is proceeding.

*East Block.*—The replacement of the present first floor wooden verandah by one constructed in reinforced concrete has been commenced.

Painting is proceeding at the Victoria Nursing Home and Isolation Hospital, and also at most of the schools.

*Riverside Power Station.*—All of the piles for the foundations of the New Turbine House have been driven and one-half of the raft has been completed.

*Sawgin Road Depôt.*—The construction of the new office and store-shed is completed.

*Pingchiao Quarry.*—1,051.50 fong of material was despatched to the Public Works Department during the month.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings collected cartloads | 4,464 |
| Used for raising land | 430 |
| Water used for street watering | 6,005,200 gallons. |

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,857 |
| Artisans | 427 |
| Foremen | 241 |
| Mafoos | 159 |

### Mixed Court Report for June.

Mr. G. Ros having returned from furlough resumed his duties as Assessor sitting in Police Cases on Saturday, June 28.

The following foreigners who are not recognized by any Consulate in Shanghai were before the Court during the month on Criminal Charges:—

E. Gammeter, Swiss, Assault, Case withdrawn.

C. T. L. de Savine, Russian, Impersonation, The Court orders:—

"The accused to give an undertaking in writing not to wear the uniform of a Russian Officer or any part of it without the permission of the authorities concerned, to apologise for the letter written on 21-6-19 and to leave Shanghai as soon as the other charges, if any, against him have been dealt with. Shanghai, 26-6-19."

Seventy-three persons were before the Court during the month on Criminal Charges connected with the Boycott and Strike.

Despatch summonses and warrants connected with foreign civil cases filed in the Mixed Court against defendants outside Settlement limits are still being held up by the City authorities.

The Civil Courts' Summer vacation will extend from July 16 to September 15.

The Foreign Civil Hearing List was almost bare of outstanding cases at the end of the month.

On June 20, judgment was reserved in the Chinese Civil Case "The Tuchun and Civil Governor of the Kiangsu Province *v.* Waung Kwung-yui (汪坤瑜), Dzung Tsang-ming (陳章敏等) and others in which the plaintiffs seek to recover $300,000 damages for breach of contract in respect to $1,000,000 worth of scrap metal. This case has occupied the attention of the Court on 15 dates extending over a period of four months.

The number of cases on the Chinese Civil Case Hearing List has been considerably reduced. At no time since 1912 has the Hearing List been of such small dimensions.

During the illness of Mr. Nieh Yoong-ching (聶榕卿), Mr. Li Ngauh-sien (李鄂仙), Assistant Magistrate, has been performing the duties of Magistrate at the French Mixed Court.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Acting Registrar.*

Countersigned,
K. J. MCEUEN,
Captain-Superintendent of Police.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow or Berkefeld filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow or Berkefeld filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on arrival in Shanghai and afterwards every three years.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2602.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 12, 1919.

## MUNICIPAL NOTIFICATION

**No. 2631.**

**Traffic—"One Way Roads"**

NOTICE is hereby given that with effect from Monday, July 7, the provisions of Notifications Nos. 2604 and 2611 will be withdrawn, except as regards wheelbarrow and handcart traffic.

The Szechuen Road between the Nanking and Hongkong Roads will remain closed to all vehicular traffic, except traffic proceeding North to South, until the completion of the road repairs which are now being carried out.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 5, 1919.

## MUNICIPAL NOTIFICATION

**No. 2634.**

**FOREIGN BUILDINGS.**

ACTING under the provisions of Article XXX of the Land Regulations, the Council has made, and hereby gives notice of, the following amendment to Foreign Building Rule No. 14 (b):—

"No building shall be erected so that any point on the road frontage (other than reasonable architectural ornament) shall be at a greater height than one and one-half times the distance measured horizontally from such point to a perpendicular above the Municipal Council road line on the opposite side of the road.

"Where the road is scheduled for widening, such perpendicular shall be taken above the scheduled line on the opposite side of the road."

This addition has been duly submitted for the opinion of the Land Commissioners, and has received their approval.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 17, 1919.

## MUNICIPAL NOTIFICATION

**No. 2635.**

THE public is reminded that licence fees on private vehicles for the September Quarter are now due.

Residents owning Motor Cars, Carriages, Ricshas, Ponies, etc., are therefore requested to take out the necessary licences without delay, for which purpose application must be made at the Revenue Office, accompanied in every instance by the amount of the licence fee. The owners of any vehicles, etc., found to be unlicensed are liable to prosecution under Land Regulations XIII and XIV.

Mafoos or coolies in charge of vehicles, etc., are required to produce the licence card when called upon to do so by the Police.

Dog owners who have not yet taken out licences for the current year are requested to make application for the same at the Revenue Office.

All Dogs must be licensed and muzzled.

By order,
N. O. LIDDELL,
*Secretary.*

*Sinza and Chengtu Roads.*—The claim of Messrs. Platt, Macleod and Wilson has been accepted for the surrender of the scheduled area of Lot 581 required for improvement of the corner of these roads at the assessed value, Tls. 8,500 per mow, plus 10 per cent. for compulsory surrender, or Tls. 102.80 for Mow 0.011

**Hongkew Creek Dredging.**

Correspondence with the Pork Dealers' Guild, with departmental comment relative to the need for dredging the Hongkew Creek.

There is no special appropriation in the Budget for this work, but in the view that it has become a matter of urgent public necessity, the Council has authorized dredging operations forthwith at a cost of Tls. 3,500.

*Rough translation of note from the Pork Dealers' Guild to the Secretary, Municipal Council, dated June 2, 1919.*

The writers state that the pork-dealers formerly brought their hogs from outports, and that they were usually brought in by boats to the Kashing Road Bridge from which they were landed and taken to their abbatoir. On about 6 days in the month the tides are very low which makes it impossible to bring the boats up to the Kashing Road Bridge and they have had to unload them at the Hanbury Road Bridge and then bring the hogs through the Dixwell Road: In so doing they have met with interference from the Police. So they submit a petition jointly chopped, requesting the Council to instruct the Police to let them pass according to the arrangements recorded in the correspondence of July 3, 1915. Should you kindly favour them with a reply please post it to the Lao Ching Fung Porkshop, near the corner of Woosung and Morrison Roads. The petition reads as follows:—

The Ching Fung and five others, porkshops situated in the Tiendong and Woosung Roads, used to import hogs which are generally brought in by boats into the Hongkew Creek and landed at the Kashing Road Bridge and then driven to their abbatoir viâ the Kashing Road Bridge and Dixwell Road. This practice has gone on without interruption in the past and in the Council's reply of July 3, 1915, to Mr. Holborow, their representative, the Council agreed to this arrangement and the Police directed not to interfere with them: this is on record. It is therefore evident that hogs may be driven along both Dixwell and Mukden Roads. Latterly the Hongkew Creek has gradually become blocked up and so about three days during the early and latter parts of every month the tide is so low and the water so shallow that boats cannot come further than the Hanbury Road Bridge and under these circumstances they have to land their hogs at the side of the Hanbury Road Bridge from where the animals are driven along the bank to the slaughter house. But on these six days of the month (when the tides are low) they have to take a circuitous route; at other times they make arrangements to follow the usual route or to unload their boats at the Kashing Road Bridge. But the Police have interferred, not allowing them to land hogs at the Hanbury Road Bridge during the time of low tides. It is evident that they do not know the conditions of the tide and creek during the six days of a month (low tide) when it is impossible for them to bring their boats up to the Kashing Road. Such Police interference affects their trade. The Police have perhaps forgotten your instructions of July 3, 1915, granting passage along the roads. The petitioners therefore ask the Council to direct the Hongkew Police to allow them to land hogs at the Hanbury Road Bridge and to drive them as far as, or through the Dixwell Road, without interference, during the six days when the tides are low. At other times, when the tides are high, they will arrange to use the usual route.

*Rough translation of petition from pork shops, Ching Fung and others, in the Tiendong and Woosung Roads, to the Municipal Council, dated June 28, 1919.*

The writers state that their hogs are brought in from Nantao by boats through the Hongkew Creek up to the Kashing Road Bridge, thence to their abbatoirs. As the creek has not been dredged for a long time, it is blocked up, so that at low tide they cannot bring their boats up to the Kashing Road Bridge, also there has been interference by the Police. They have, therefore, written asking the Council to consider the matter and to direct the Police to allow them to pass. Accordingly the Inspectors of the Hongkew and Kashing Road Police Stations have kindly made an inspection, in company with the pork dealers and it is agreed that the boats had best be unloaded inside the Kashing Road Bridge, which seems to be the nearest route to the slaughter house and a place little used by the public. But they have to point out that the Hongkew Creek is practically choked and needs dredging very badly. That portion of the creek adjoining native territory is being cleared but the part in the Settlement leading to the Whangpoo River which is under the control of the Council needs dredging very much, as it is an important waterway, much used by native boat people. If the Council will be so kind as to have it thoroughly dredged all concerned will be very greatly obliged. The writers are willing to contribute a few hundred dollars towards the cost of dredging. An official of the Health Office made inquiries of the writers a few days ago, and is aware that the trouble is due to the bad condition of the creek which obstructs boat traffic at low tides, which retards the development of the place. The labourers at the abbatoir experience difficulty in getting hogs to the pens during the time of low tides If you will kindly dredge the creek their boats can then be brought in at any time. They, therefore, have to ask the Council kindly to take steps to dredge the waterway as the permission to pass through the public streets is only a temporary expedient. Your compliance with their request will be greatly appreciated.

*Extract from Comment by the Health Officer.*

Of the pigs referred to 50-80 daily are killed at 7 Kashing Road: 100-120 daily at junction of Dixwell and Urga Roads. The former slaughterhouse is inside the Settlement and well arranged; the latter is outside limits, badly constructed and dirty.

The pigs are brought by boat from the pig hongs at Nantao arriving about 4 p.m. each day at Kashing Road bridge on the West side. The pigs are thrown into the water and driven up the sloping bank, being urged along *more sinico*, by bamboos and boat hooks.

When the water is low the boat can get no higher than the mouth of the Singkeipang near Hanbury Road Bridge. Then they have to be driven along the Dixwell Road to the slaughterhouses.

The remedy is dredging the Hongkew Creek, which is badly wanted. From the Settlement Boundary the Chinese have recently dredged the creek as far as Kiangwan. Pigs for foreign consumption only are killed at the S.M.C. Slaughterhouse. Pigs are also killed in large numbers at the Sinza Road Slaughterhouses on the Soochow Creek and to a much smaller extent at the French Municipal Slaughterhouse.

---

*Extract from Comment by the Captain - Superintendent of Police.*

I have to endorse the suggestion of the Health Officer that the solution of the difficulty of the Hongkew Creek is to have it dredged, and to recommend that this be carried out as soon as possible

---

*Extract from Report by the Municipal Engineer.*

The Hongkew Creek is at present in need of dredging, more particularly from the Yuhang Road Bridge to the Kashing Road Bridge, an average depth of about 2 feet of mud requiring to be dredged in this section. The estimated cost of the work is Tls. 3,500, and I recommend that this be undertaken.

Council Room,
Shanghai, July 11, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letters of June 2 and 28, on the subject of transport difficulties on the Hongkew Creek, and, in reply, to inform you that after careful consideration of all the circumstances the Council has decided to dredge the creek, particularly that section of it from the Yuhang Road bridge to the Kashing Road bridge, with a view to rendering it navigable at all states of the tide. In this manner the Council is confident that the difficulties complained of will be quickly eliminated, and, in the meantime, directions will be given to the Police to permit the landing of pigs at the Hanbury Road Bridge and their passage along the Dixwell Road.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

**Public Lighting.**

*Nanking Road.*—The project for the relighting of the Nanking Road which was tentatively approved in 1916, but which was not carried out

owing to constructional difficulties, has now been replaced by an alternative scheme which has received the Council's approval, under which the lighting will consist of 600 c.p electric lamps borne on 6 ft. arms attached to the tramway standards. The additional cost will amount to Tls. 1,168 per annum.

*Ward Road.*—The Engineer has reported that this thoroughfare is at present unlighted between the Ningkuo Road and the village of Yinghsiangkong, and his recommendation is approved to erect six 60 c. p. metallic filament lamps at a cost of Tls. 198 per annum.

### Mokanshan Sanatorium.

Accommodation has been provided by the lease from Dr. Main of the house known as "Drumtochty" for Tls. 400 for the season.

### Traffic.

Peking Road will be closed, during its reconstruction in asphaltic concrete, in sections from Fokien Road to Thibet Road for a period of about 6 weeks commencing on Saturday, July 26. The first section to be closed will be that between Fokien Road and Chekiang Road.

The Thorne Road Bridge will be closed to traffic, during repairs from Saturday, July 26, to Sunday, August 10, inclusive.

### Landing Accommodation.

Correspondence with Mr J. Ambrose on the subject of the provision of a public jetty and shelter at the end of the Tongting Road.

Shanghai, June 11, 1919.

DEAR SIR,—Referring to the construction of the public road and jetty on the East of and adjoining the Power Station on the Yangtsezepoo Road the name of which I do not know, I this a.m. received a call from an old native friend of mine who is a resident of and largely interested in Pootung, who requested me to be good enough to approach you on the matter of the provision of a shed at the river end of the above road.

From what he says there is a largely used public jetty at the end of what was or is the Samarang Road and at or near the river end of that road was a shed to afford protection from the weather to the public using that ferry.

I am not quite sure, but I think I understood him to say the shed had been removed, but in any case, a new concrete landing stage and road is in course of construction on the west of and adjoining the Vacuum Oil Company's premises at Pootung in place of one which existed east of and adjoining the Standard Oil Company's premises there; and there being a large and increasing traffic across the river, and as the road adjoining the Power Station will be nearest to the new landing stage at Pootung, my native friend in the interests of the general public respectfully requests that a shed be erected at or over the river end of the aforesaid Municipal road adjoining the Power Station, so that those using the ferry may have some protection from the weather whilst waiting for the boat; similar protection having been arranged for on the Pootung side of the river.

As this seems to me to be a most reasonable and inexpensive request I trust you will see your way to providing the accommodation asked for, and so confer a favour on the public and

Yours faithfully,
J. AMBROSE.

C. HARPUR, Esq.,
Acting Engineer and Surveyor.

Council Room,
Shanghai, June 28, 1919.

SIR,—In reply to your letter of June 11 to the Municipal Engineer, I am directed to inform you that in accordance with your request the Council will proceed with the erection of a jetty and shelter at Tongting Road, as desired, during next year, and that provision for the cost will be made in the budget for that year.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

*Reports of Property Stolen.*—During the month the Police received 189 reports of stolen property. Included in the above were 12 cases of burglary, 3 cases of house-breaking and 5 cases of office breaking. In 67 cases investigation was made with successful results. This return is the lowest in any month during the past six years. It shows a decrease of 93 on the figures for the previous month and of 104 on the figures for the corresponding month of last year.

*Armed Robberies.*—During the month there was one case of armed robbery and one of highway robbery. Two persons were arrested in connexion with these cases.

*Executions.*—During the month ten persons guilty of murder and armed robbery in the Settlement were executed at Loongwha in the presence of a representative of the Municipal Police. The total number so executed during the half-year ending June 30 was twenty-six.

*Murders.*—Two murders occurred in the Settlement, both as a direct result of the food and water poisoning rumours which were so assiduously circulated with the help of the local Chinese press. In one case a Chinese ex-official was attacked by a mob in the country off Kiaochow Road on June 10. He was found in a dying condition by the Police and sent to hospital where he succumbed to his injuries Of seven men arrested in connexion with this crime, three were found guilty of inflicting grievous bodily harm and were sentenced to five, three and two years' imprisonment respectively.

The second case occurred on June 14 when a Chinese was assaulted by a mob on the East Yuhang Road and died from his injuries two days later in hospital.

*Anti-Japanese Boycott and Local Unrest.*—Although rumours of impending trouble were current for a couple of days beforehand, the anti-Japanese agitation may be said to have begun in Shanghai on May 7. On that date a mass meeting attended by about 7,000 people, of whom the majority were students, was held in the Public Recreation Ground near the West Gate of the City. Speakers demanded the return of Tsingtao and the release of students who had been imprisoned in Peking. After the speeches the assembly decided to go in a body to see the Northern and Southern Peace Delegates who were sitting at the German Club. Their plans were upset however by the French Police who would not allow them to enter the French Settlement; and so they sent a deputation to interview the Southern Peace Delegates who promised to request the Central Government to release the imprisoned students.

On the following day thirty delegates representing as many educational institutions met at the Fuh Tan College and formed a Students' Union. This organization has since directed the boycott campaign. It was also the main force behind the strike which followed, and of which it tried unsuccessfully to assume complete control. Up to June 9 the Union had its Headquarters in the World's Chinese Students' Federation, No. 51 Bubbling Well Road: after that date it was located in the French Settlement.

Having formed a Union and started the boycott, the students set about strengthening the determination of the people by means of personal appeals, the distribution of handbills and so on. Their campaign soon began to have its effect. Merchants held meetings and expressed their loyal adherence to the boycott. Orders given in Japan for goods were cancelled and cargo was no longer sent by Japanese ships. Persons selling Japanese articles were denounced as "tortoises" but no violence was used until about May 18 when students and loafers began to snatch and mutilate "Japanese made" straw hats from the heads of otherwise unoffending citizens. As a matter of fact many of the hats so destroyed were not of Japanese manufacture at all.

A few prosecutions had a steadying effect on the enthusiasts and offences of this nature ceased about ten days later.

At the end of May it was apparent that the boycott had taken a firm hold on the people, but there was every hope that it would be conducted in an orderly manner despite the efforts of a few extremists among the students who advocated the formation of a volunteer corps and a general strike. But on June 4 the local Students' Union received news from their Tientsin Branch that 400 students had been arrested for demonstrating in Peking. On receipt of this report 300 students held a meeting in front of the theatre at Chu Meu Dien in the Shanghai City. Later they formed themselves into parties and made direct appeals to the shopkeepers in the City to strike This pressure proved effective. The City shops did not open on the morning of June 5 and those in the Settlement put up their shutters during the forenoon of the same day. With the exception of some of the larger establishments the shuttered shops continued, nevertheless, to do business.

Apart from the holiday aspect presented by the shuttered shops things remained normal during the day. But late in the afternoon it became evident that this state of affairs would not continue. Japanese were attacked in various parts of the Settlement and about 9 p.m. large crowds containing disorderly elements began to assemble in Nanking Road. During the evening several policemen were struck with stones and bricks, and towards midnight it became necessary to disperse these crowds by force.

On June 6 the City Tramways did not run, their employes having joined the strike. Efforts were made the same day to intimidate the employes of the French town Tramways, but with only partial success. Some of the markets shut down and the supplies of food offered for sale in others were restricted. The slaughterers and the employes of a large foreign store also joined the strike. The shops remained closed, their fronts plastered with handbills and nearly all of them displaying boycott flags. These flags and handbills seemed to have the effect of intensifying the anti-Japanese feeling, which was being further increased by reports of Japanese poisoning water and food, and a warning to shopkeepers and others was accordingly issued by the Municipal Council.

Owing to the very heavy duties which by this time were falling on the Police the Volunteers were called out in the afternoon. With their help many of the offensive handbills and flags were removed from the shop fronts in the Louza and Central Districts. Later in the afternoon a motor truck manned by a party of police proceeded along the principal streets for the purpose of removing flags whose owners refused to comply with the Council's instructions on the matter. This work went on without incident until the truck reached the corner of Hupeh and Foochow Roads. There it was surrounded and its driver severely handled by the mob despite the efforts of the police in charge.

Soon after this incident a District Inspector of the Public Works Department was attacked while examining a water main in the vicinity and was with difficulty rescued from the mob. Several members of the Light Horse, S.V.C. were also attacked by mobs in Foochow Road and had narrow escapes. Crowds which collected in consequence of these incidents were dispersed by police and volunteers.

A handbill headed "Attention," assuring foreigners of the strikers' good-will was posted outside several shops on this day. These handbills became quite general during succeeding days and copies were sent to many foreigners by post.

On June 7 a rumour was current that the action against the strikers on the previous day had been taken as a result of a bribe of $150,000 paid by the Japanese to the Municipal Council, and handbills were distributed containing statements to that effect. This allegation seems to have disturbed the printers employed by Kelly and Walsh who struck work ostensibly as a protest against the action of their employers in printing proclamations for the Municipal Council. The printers of the Commercial Press and Chun Wha Book Co. joined the strike on the same day without any special reason save a desire to show their sympathy with the movement.

Representatives of various trades, schools and associations held a

Digitized by Google Original from CORNELL UNIVERSITY

meeting which was attended by General Lu and others in the Nantao Chamber of Commerce at 10 a.m. on June 7. After considerable discussion General Lu said that he would telegraph to the Central Government stating that it was the desire of the people in Shanghai to have any student demonstrators in custody at Peking released, and the three politicians known as the "national traitors" punished. This was promised on condition that the shops were opened and the boycott agitation abandoned. Those present approved of the course suggested by General Lu and said that a meeting would be held in the Chinese Chamber of Commerce on North Honan Road in the afternoon so that uniform action could be taken in the Settlement and Chinese territory.

The meeting in the Chamber of Commerce took place at 4.30 p.m. It was attended by about 300 merchants and students (including 25 girls), Mr. Shen Pao-chang, the City Magistrate, and Colonel Ma Hung-lih, Chief Staff Officer of General Lu. The chair was taken by Tong Tsih-tsi, a prominent member of the Commercial Federation, No. 364 Honan Road. Some members of the Chamber of Commerce explained what had occurred at Nantao and recommended those present to agree to General Lu's suggestion.

A long and heated discussion then followed. The older members of the Chamber of Commerce favoured the proposal of General Lu, but they were strenuously opposed by the students and the members of the Commercial Federation present. The meeting broke up at 6.15 p.m. without having come to any definite decision.

The conciliatory spirit shown by the merchants at the two meetings held on June 7 appeared to have the effect of spurring the students on to greater efforts. Several new handbills were put into circulation during the evening urging the people to persevere in the strike until the Central Government agreed to the following demands:—

1.—The punishment of the "national traitors."

2.—The cancellation of secret agreements.

3.—The release of the students.

4.—The return of Tsingtao.

On the evening of June 8 the increasingly serious nature of the strike was apparent. Thousands of industrial workers were then walking the streets idle. Chauffeurs in garages had given notice that they would not work the following day and preparations were under way to bring out the employes of public service undertakings. Handbills were also in circulation trying to undermine the loyalty of the Chinese members of the S. M. Police, and attempts were made to distribute leaflets having a similar purpose among the soldiers and police in Chinese territory.

Before daylight on June 9 Municipal proclamations were posted all over the Settlement warning persons wearing any kind of uniform, distinctive dress, sash, badge, etc., except those of the constituted authorities, to keep off the streets. A letter was sent by the Secretary of the Municipal Council on the same morning to the Chinese Students' Union saying that the premises at 51 Bubbling Well Road would be sealed up the following day at 10 a.m. unless its activities in connexion with the strike agitation ceased in the meantime. On receipt of this notice the students left the premises in Bubbling Well Road of their own accord and took up new quarters in the French Settlement.

The same day the local Military and Civil Authorities realized the seriousness of the situation and martial law was proclaimed in Chinese territory at 9 p.m.

The Chinese Chamber of Commerce also appeared to realize that the time had come for them to take action and accordingly had handbills distributed requesting the people to open their shops. A counter circular, purporting to emanate from the Public Citizens' Association and the Commercial Confederate Association, exhorting the people to keep the shops closed was circulated soon afterwards. This counter proclamation seems to have neutralized the effect of the notice issued by the Chamber of Commerce. The shops remained closed on the 10th instant, and the general strike assumed more serious proportions than on any day previously.

Apart from the students, merchants, shopkeepers and shop assistants who had been idle for several days, some 24,000 industrial and other workers had by this time joined the strike. These men included chauffeurs, carpenters, fitters, machinists, shipwrights, stone masons, telephone operators, mill hands, printers, mafoos, washermen, brass-smiths and engineers. There were also large numbers of workers on strike outside the Settlement, among them being the employes of a tobacco factory in Pootung, a large printing works in Chapei, the firemen and sailors of ships in port, the drivers and conductors of the City Tramway Co. and the employes of an engineering works at Nantao.

The proportions which the strike reached on June 10 were due to the momentum it had gained before the counter measures of the previous afternoon. It was noticeable, however, that these measures had already begun to tell, and threatened strikes among the workers of various public utilities did not occur.

The strike continued on June 11 and showed but slight signs of abating until the afternoon of that day when news reached Shanghai that the three so-called "national traitors" had been dismissed by the President. Telegrams received during the evening confirmed this news.

Next day, June 12, the shops in the Settlement opened up during the morning and strikers of all classes began to resume work. By June 16 things had become normal.

When the above news was received from Peking, certain of the shopkeepers, students and labourers who had taken part in the movement celebrated what they termed the victory of the people. These celebrations, which were held in Chinese territory despite the orders of the Authorities, took the form of meetings and processions. One of the processions entered French Concession where it was broken up by the French Police. Part of it, however, succeeded in entering the Settlement about 9 p.m. on June 12 and was stopped by the Police on Shantung Road. A fracas ensued during which the processionists and their sympathizers attacked the Police. The latter had to resort to the use of firearms and several shots were fired which resulted in the death of one Chinese and the wounding of several others. There were few if any students in this procession which was composed chiefly of members of the Commercial, Citizens' and other similar federations and was accompanied by large numbers of bad characters from the City.

No incidents connected with the strike reflect more discreditably on those concerned than the assaults on people suspected of poisoning water and food. These attacks occurred daily during the strike and continued for some time afterwards. They were directed chiefly against Japanese and Koreans, but many Chinese suffered also. In two of the latter cases the victims died from their wounds. The first was in the country off Kiaochow Road on June 10 and the second in East Hanbury Road on June 14. Many of these poisoning rumours were investigated most carefully by the Police, but in no single instance could any evidence of their truth be discovered. Forty-nine arrests were made during the month on charges of riotous conduct and intimidation of Chinese and Japanese residents of the Settlement. Twenty-four persons were sentenced to imprisonment, nine were fined, fourteen were released with a caution or on security and the cases against the other two were dismissed.

Another most discreditable phase of the unrest was the attitude of certain organs of the Chinese press. Oblivious of their duty towards the public, these papers continued daily to publish reports of imaginary poisoning cases which led Chinese residents to believe that they were true. It was only after prosecutions had been instituted that the Chinese editors awoke to the seriousness of their action and withdrew the false reports. These retractions in the press and the Municipal proclamations denouncing the reports as unfounded gradually caused the public to discredit the rumours, and no assaults which could be traced to them occurred after June 18. During the strike period the number of Chinese newspapers dealt with daily by the translation office at Police headquarters increased from 24 to 40.

In connexion with the press also, a further point may be mentioned. It is fully realized that the police handling of any situation in which force is used is liable to be taken exception to by certain sections of

Digitized by Google Original from CORNELL UNIVERSITY

the community. This must necessarily be so in Shanghai, where national temperaments and national viewpoints are so many and so diverse. It becomes important, therefore, for foreign newspapers to discuss and criticize such matters from the community's standpoint rather than from that of any particular party concerned. It need hardly be said that honest criticism is welcomed by the Police and in times past the benefits derived from such criticism have been freely acknowledged. But criticism to be honest must be based on facts: and it is, therefore, to be regretted that so much that was written by one organ of the foreign press was clearly founded on fiction. This paper claims to represent and presumably, therefore, to guide the formation of a large section of public opinion. If this really be the case, then the erroneous nature of the matter referred to is all the more unfortunate. Whether a thing is done rightly or wrongly in any given circumstances is largely a matter of opinion. Now such opinions should at least be based upon facts, for unless they are so based they are valueless and misleading. And because they are misleading they are liable to do considerable harm for the reason that many people have implicit belief in what they read in the editorial columns of newspapers It would, therefore, appear to be an elementary precaution, when setting out to instruct public opinion to verify the published "facts" on which presumably that opinion is to be based.

The strike period was remarkable for the profusion of literature issued in connexion with the movement. Handbills and cartoons of all descriptions were circulated and no less than 500 different kinds came into the hands of the police. Some of these were issued by schools while others were the work of individual patriots. Many also were anonymous. Several newspapers, notably the Salvation Daily News and the Students' Union Daily made their appearance to support the boycott and strike; and flags with all sorts of inscriptions calculated to rouse enthusiasm were displayed by shops.

One of the immediate results of the strike has been a movement among traders and employes to form themselves into unions. The most important organization of this nature which has been started so far is "The Commoners' Chamber of Commerce," an affiliation of the Unions formed by the residents of the various streets.

In regard to the less obvious causes underlying the recent unrest in the Settlement, it would be premature at present to make any definite pronouncement. The records of the Police Intelligence Office during the past twelve months record many similar instances among the labouring and artisan classes which had their outward manifestation in strikes. While this unrest could partly be accounted for by the increased cost of living it was plain to anyone closely following its development that some sort of political propaganda among the workers was a contributing factor. Reports reaching the Police from time to time seemed to show that Kuomintang malcontents were responsible, but in May of this year a case occurred which disclosed the existence of a scheme to spread Bolshevist ideas in China. There was nothing to show that any organized campaign had been carried on among the working classes, but it was discovered that Bolshevist propaganda was being spread among the student classes and that agents for the sale of Bolshevist literature had been appointed in various schools.

These facts came to light with the seizure by the Municipal Police on May 16 of certain books and other documents at the Ta Tung Book Store, No. 119B Foochow Road, and the Oriental Book Co., No. 84 Canton Road. Some of these merely advocated socialism, but others were of pronounced anarchical tendencies and favoured the subversion of all Government and law The proprietors of the shops were subsequently fined and a Cantonese who acted as the wholesale agent in Shanghai was sent to prison for six months.

Advertisements in the books seized showed that agents had been appointed for their sale at schools as far apart as Peking University —this is where the recent agitation started—and Lo Ying College near Swatow. There was no conclusive evidence that any of the prominent political parties were behind the propaganda, but in a signed statement made by the Shanghai wholesale agent, he declared that his principal was employed by a prominent official of the Southern Party.

One of the most inflammatory of the books seized was called "The People's Bell," and the fact that the Students' Union of Peking and Tientsin gave this name to a paper which they started on June 8 is not without significance.

More recently Bolshevist literature emanating from this port has been seized in the cities of Tientsin and Peking and at places in the provinces of Hupeh, Anhui and Kwangtung. From intercepted correspondence it has been ascertained that literature of the above description had been despatched at different times during the last six months to Chinese in England, France and America. These communications have been acknowledged by the recipients who in most cases made a request for the despatch of further consignments. A number of letters from Nanking and from towns and cities in Kiangsi, Honan and Szechuan containing demands for pamphlets and papers of which the writers had apparently heard for the first time, have also been intercepted by the Authorities.

It must be stated, however, that while the foregoing facts may possibly have a bearing on the general political situation in China, there is nothing definite to connect Bolshevism with the recent unrest in Shanghai. Under other names Bolshevism has been known for many years in this country, in common with most others, and it would be premature as yet to connect it definitely with any known form of domestic political agitation. The connexion between certain notorious professional politicians and the students' movement is, of course, well known to the Authorities by whom the matter is kept under close and careful observation.

So far as the students personally were concerned on this occasion few of them gave any trouble on the streets. For the first day or two there was no attempt made to interfere with their make-belief assistance in keeping the crowds in order, but it was soon found that their presence merely caused larger crowds to collect. They were accordingly warned not to appear and they obeyed these instructions implicitly for some days. Later they formed processions carrying banners in motor cars and many had to be turned back. No students were arrested by the Police though a number who were found distributing handbills on the streets were taken to the police stations and warned to desist. On the whole they were amenably inclined and with few exceptions seemed anxious that order should be kept. No cases of intimidation or of incitement by them to disorder came directly under police notice within Settlement limits.

When they started their boycott campaign they did not intend the movement to reach the lengths it eventually did. Nor did they anticipate losing control as they did. But by June 8, the conduct of affairs had admittedly passed out of their hands and the attitude of their leaders on that day at their headquarters at 51 Bubbling Well Road was one almost of plaintive apology to the Police that things had gone so far. They then stated that they were no longer responsible for what might happen, giving as one reason that there had been schism in their ranks and that they had no authority over students who did not belong to their Union. Whether they then knew that their patriotism was being exploited and their organization used as a pawn in a clever political game is doubtful; that they were fully aware of this later on can hardly be questioned. In fact, in view of subsequent developments, it is surely impossible that they should still remain ignorant of their true position in the matter.

If this is correct it is surprising that they still consent to occupy that position. One cannot doubt the earnest patriotism of most of them, but one must question their common sense and their self-respect. Among them are many young men of intelligence and education and through these qualities they have immense influence with the masses of their countrymen in large centres of population. They are even now a power with which the Government must reckon. Used in the right way this power may regenerate their country: used wrongly it may easily bring it to ruin. As the pawns and tools of political filibusters the students must see that they put themselves on a level

with the toughs and adventurers whose presence is common to all political revolutions.

That, it seems, is the condition to which their present associates and their present methods must bring them. To accomplish their professed aim of 'saving' their country both their associates and their methods must be changed

## Mosquito Notice.

NO STAGNANT WATER—NO MOSQUITOES.

Mosquitoes carry MALARIA and other diseases.

Mosquitoes cannot multiply except in STAGNANT WATER. Where stagnant water cannot be ABOLISHED kerosine sprinkled on the surface to form a film will kill mosquito 'wrigglers,' as it prevents breathing when they come to the surface.

Old tins and bottles, broken crockery and unconsidered ARTICLES OF THIS KIND CAPABLE OF HOLDING RAIN WATER should be carefully COLLECTED from the garden and backyard and placed with the refuse for removal.

Tubs, kongs, water plants, flower-pot saucers or other VESSELS OF WATER, which cannot be dispensed with should be EMPTIED OR SPRINKLED WITH KEROSINE ONCE A WEEK.

GARDENERS' KONGS, DUG-OUTS, WELLS AND WATER BARRELS should be done away with, water for the garden, etc., being derived directly from the tap or, if that be impossible, the kongs, etc., should be oiled once a week or kept securely covered so that mosquitoes cannot get to the water to lay their eggs.

Have the water from kennels, chicken coops, etc., regularly emptied out.

Keep drains and rain-water roof channels clean and clear and in good repair. GULLY TRAPS that are not frequently flushed should be oiled weekly.

Shallow RAIN WATER POOLS AND SLUSHY PLACES can generally be obliterated by a SCRATCH DRAIN or LEVELLED with house ashes, PONDS AND DITCHES by FILLING-IN and drainage.

ORNAMENTAL PONDS may be kept free from mosquitoes by FISH but, if mosquito 'wrigglers' be found, the water should be OILED WEEKLY preparatory to FILLING-IN.

A WEEKLY INSPECTION of house and surroundings should be made. It may be remembered that a small unheeded pot of water will suffice to breed enough mosquitoes to irritate a whole neighbourhood.

ARTHUR STANLEY,
*Health Officer.*

*Wayside Market.*—In amplification of the brief reference contained in the Gazette of July 17, the following correspondence is included herein for general information. The whole of the lot is assessed at Tls. 3,200 per mow, and the portion purchased by the Council is the corner site at the junction of the Ward and Chusan Roads.

Shanghai, February 10, 1919.

DEAR SIR,—Cadastral Lot 1974 E. D. is about to be sold and I am writing to inquire if the Council is interested in the whole or part of this lot.

The selling price is Tls. 4,000 per mow for the whole lot.

Yours faithfully,
C. LUTHY.

C. HARPUR, Esq.,
Acting Engineer & Surveyor.

Council Room,
Shanghai, March 7, 1919.

SIR,—I am directed to acknowledge the receipt of your letter of February 10 to the Municipal Engineer and to inform you that the Council is willing to purchase an area of approximately two Mow of Lot 1974 with frontage to Ward and Chusan Roads at the price you mention, Tls. 4,000 per mow.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

C. LUTHY, Esq.

Shanghai, April 17, 1919.

SIR,—I thank you for your letter of March 7 re Cadastral Lot 1974. Owing to the owner's absence from Shanghai I regret not having been able to reply earlier. The enclosed plan shows in red the area, measuring approximately 3 Mow, which the owner is prepared to sell to the Council at the rate of Tls. 4,000 per mow. The remaining part is being sold to another concern.

Yours faithfully,
C. LUTHY.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, May 21, 1919.

SIR,—In reply to your letter of April 17, forwarding me a plan showing an area measuring approximately 3 Mow which it is proposed to sell to the Council, I note that the size and shape of the lot are different to that originally proposed.

The Council, after having given due consideration to your letter, has decided that no more than 2 Mow is required, as originally suggested, and I am directed, therefore, to request that you will be so good as to arrange accordingly.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

C. LUTHY, Esq.

Shanghai, July 3, 1919.

DEAR SIR,—We have just been instructed by the beneficial owner of B.C. Lot 3427 to transfer an area of Mow 2.000 to the Municipal Council, and write to inform you that we are prepared to do so upon your making the necessary Consular appointment and inform us of the date and time.

Please note that Mr. A. P. Nazer will attend the transfer and sign as Attorney for Mr. A. E. Algar, in whose name the lot is registered.

Yours faithfully,
ALGAR & CO., LD.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

*Public School for Girls—Fire Station, etc. (Western District).*—A piece of land measuring Mow 1.871 has been acquired from the Chinese owner for this site for the sum of Tls. 4,000 being at the rate of Tls. 2,138 per mow.

### Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow or Berkefeld filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow or Berkefeld filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of

Digitized by Google Original from CORNELL UNIVERSITY

the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on arrival in Shanghai and afterwards every three years.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Fire Brigade Report for June.

The total number of calls to fires, or supposed fires, during the month was 27, as against 18 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls 31,825 (Foreign, Tls. 25,000; Chinese, Tls. 6,825), as against Tls. 6,800 (Foreign, Tls 300; Chinese, Tls. 6,500) during June 1918. The property at risk is estimated at Tls. 719,000 (Foreign, Tls. 640,000; Chinese, Tls. 79,000), as against Tls. 597,000 (Foreign, Tls 480,000; Chinese, Tls. 117,000) for the corresponding period last year.

The calls were received as follows:—Telephone 11, Watch Towers 8, Police 4, Street Alarms 3 and Staff 1.

The district call was given on 3 occasions, the remaining 24 being station calls.

These calls proved to be 13 small fires, 4 chimney fires, 7 false alarms, 1 fire outside the Settlement and 2 not traced.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Dropped match or cigarette end | 3 |
| Fire crackers | 3 |
| Lamp upset | 1 |
| Charcoal stove overturned | 1 |
| Ashes or embers from stove | 1 |
| Unknown | 4 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 5 |
| Chinese buildings | 15 |

Of these five houses were more or less damaged by smoke, fire and water.

The water used at fires during the month was 95,170 gallons.

The Brigade was occupied 165 hours and 10 minutes at fires, or supposed fires.

It is interesting to note that for the half-year ending June 30, 1919, the number of calls to fires, or supposed fires was 136, as against 182 for the corresponding period last year. The estimated damage to property and contents was Tls. 200,825 (Foreign, Tls. 150,350; Chinese, Tls. 50,475), as against Tls. 197,050 (Foreign, Tls. 123,900; Chinese, Tls. 73,150) at fires on assessed property within the Settlement limits during the same period last year, whilst the estimated risk was Tls. 3,099,700 (Foreign, Tls. 2,531,000; Chinese, Tls. 568,700, as against Tls. 4,709,400 (Foreign, Tls. 3,934,400; Chinese, Tls. 775,000) up to June 30, 1918.

The fires of note during the month were:—

*B 1591-2 Sinza Road, June 5, at 8.30 a.m.*—A late telephone message was received to a fire in Sinza Road. Sinza Division responded and found Nos. B 1591-2 Sinza Road well alight on the first floor, and the flames had already worked down the stairs to the corner shop. The firemen were for some time prevented from getting close to the building owing to several severe explosions, caused by a large quantity of fireworks in the building. In about fifteen minutes the fire was held in every direction but it took some little time to finally extinguish it. The corner shop was very badly damaged and a firewood shop next door was damaged on the first floor.

*C 531 Honan Road, June 20, at 10.02 p.m.*—A call was received at 10.02 p.m. to a fire at Honan and Canton Roads. The Central Division responded and found a large sleeping loft above the first floor of No. C 531 Honan Road, a large General Provision Store, well alight. As there was a large quantity of inflammable materials stored in the adjoining lofts the flames were rapidly spreading over the whole upper part of the premises. Jets were promptly got to work from the main entrance and from the alleyway to cut the fire off at the back, and worked right up to the underside of the roof by means of ladders from the entrance. In the early stages of the fire the men were impeded for a short time by a loft containing a large quantity of paper. The fire was practically extinguished in 20 minutes. Naturally water worked down to the floor below, in which there was a large quantity of provisions. Simultaneously with the work of extinguishing, these goods were sheeted over by the Brigade in time to practically save nearly all the goods in the shop from water damage. The actual fire was confined to the lofts, the majority of goods on the first floor were damaged by water, although some at the front and back were untouched and a very good save was effected.

*46 Yangtszepoo Road, June 25, 6.16 a.m.*—At 6.16 a.m. a telephone message was received from the Ewo Cotton Spinning and Weaving Co. Hongkew Division and one machine from Central responded. On arrival dense smoke was found issuing from the first floor—No. 2 Compartment, H. Godown. A motor pump was taken in the yard to the nearest mill hydrant, but unfortunately it was found the couplings were of a different size and it was necessary to lay on a line of hose from a Municipal hydrant some distance along Jansen Road. The smoke was so dense that the fire could not be localized Jets were taken in as far as possible and after a difficult task the seat of the fire was reached in about 10 minutes, where it was found that the end of the large centre stack, which was practically up to the ceiling in places, was well alight. This end of the stack was composed of bales of press-packed Indian cotton. The fire had obtained a good hold and was just working round the whole of the compartment, it was checked as far as possible and a quantity of cotton shifted outside. After about two hours steady work no burning cotton remained in the compartment and the fire was practically confined to the end of the centre stack.

Unfortunately the godown was not provided with scuppers at the floor level and naturally with a fire of this description a good deal of water is bound to collect on the floor and it was not until the ventilators at the bottom were knocked out by the firemen and a number of men set to work with brooms that the floor could be relieved of this extra strain. Attention was paid to the top floor, which in places was exceedingly hot, and a line of hose was taken up in readiness should the fire by any chance get through.

On the afternoon of June 12, no less than 4 calls were received. In each case a section of the Brigade, which was specially standing by turned out in less than 10 seconds.

## MUNICIPAL NOTIFICATION

**No. 2602.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 12, 1919.

## MUNICIPAL NOTIFICATION

**No. 2636.**

**Passenger Pontoons.**

WITH a view to minimizing the danger which results from overcrowding on the public passenger pontoons opposite the Custom House, upon the arrival or departure of tenders conveying passengers from or to large mail steamers, and pending decision in regard to the permanent improvement of the present passenger landing facilities at this point, the following provisional arrangements will have effect from date, viz.:—

Half an hour before the arrival or departure of a tender conveying passengers from or to large mail steamers, the passenger pontoons opposite the Custom House will be cleared by the Police and thereafter and until such time as the tender has left, admission to the pontoons will only be permitted to passengers arriving or departing by the tender and to such other persons as may hold passes issued by the Steamship Company concerned.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 25, 1919.

## MUNICIPAL NOTIFICATION

**No. 2637.**

**Debenture Certificates.**

NOTICE is hereby given that Debentures in the 7 per cent. Municipal Loan of 1919 are issued subject to the following conditions which appear endorsed upon the Debenture Certificates:—

1.—A Register of the Debentures will be kept at the Finance Department of the Council at Shanghai wherein there will be entered the names, addresses and descriptions of the registered holders and particulars of the debentures held by them respectively.

2.—The registered holder will be regarded as exclusively entitled to the benefit of this debenture, and all persons may act accordingly, and the Council shall not be bound to enter in the Register notice of any trust or to recognize any right in any other person save as herein provided.

3.—Every transfer of this debenture must be in writing under the hand of the registered holder or his legal personal representative. The transfer must be delivered at the Finance Department of the Council with such evidence of identity or title as the Council may reasonably require, and thereupon the transfer will be registered.

4. In the case of joint registered holders the principal moneys and interest hereby secured shall be deemed to be owing to them upon a joint account.

5.—No transfer will be registered during a period not exceeding twenty days immediately preceding each of the days by this debenture fixed for payment of interest.

6.—The principal moneys and interest hereby secured will be paid without regard to any equities between the Council and the original or any intermediate holder hereof and the receipt of the registered holder for such principal moneys and interest shall be a good discharge to the Council.

7.—The principal moneys and interest hereby secured will be paid at the Shanghai Office of the Council's Bankers or at the Finance Department of the Council.

8.—A notice may be served by the Council upon the holder of this debenture by sending it through the post in a prepaid letter addressed to such person at his registered address: any change in such address must be notified in writing to the Finance Department of the Council.

9.—Any notice served by post shall be deemed to have been served at the expiration of twenty-four hours after it is posted and in proving such service it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the Post Office.

Notice is hereby also given that on and after August 1 transfers of debentures in any Municipal Loan issue must be effected by means of the transfer forms which may be obtained on application to the Municipal Treasurer, Finance Department, 24B Kiangse Road. Transfers will be registered free of cost.

By order,

N. O. LIDDELL,
*Secretary.*

## MUNICIPAL NOTIFICATION

**No. 2640.**

**GENERAL MUNICIPAL RATE.**

*(Translation from the Chinese)*

AT the Annual Meeting of Ratepayers held on April 9, a Resolution was passed authorizing an increase in the General Municipal Rate as from July 1, from 12 per cent. to 14 per cent. per annum.

This Resolution was passed upon the Council's recommendation, which was only made with the greatest reluctance, and because it was found that the expenditure required to provide for the proper administration of the Settlement in 1919 would greatly exceed the Settlement's revenue, if the General Municipal Rate were calculated upon the old basis of 12 per cent. per annum. Obviously the Council could not present a Budget to the Ratepayers which showed a deficit, so it became necessary to consider by what means the Settlement's revenue could be increased. It was found possible to increase the estimated receipts from wharf-

age dues and to reduce expenditure to some extent, but there still remained a substantial deficit. How was this deficit to be converted into a surplus was the problem that presented itself. Wharfage dues had already been increased as far as was possible, licence fees admitted of no increase and expenditure under all heads had been reduced already as much as possible. Under these circumstances and as the sources of Municipal revenue for which provision is made under the Land Regulations are so very limited, the Council had to look to Land Tax and General Municipal Rate to raise the extra revenue required.

Upon very careful consideration it appeared to the Council that the additional burden should fairly be borne by owners of land and occupiers of houses proportionately and that accordingly the levy should be increased in the case of Land Tax to 7/10 of 1 per cent. and in the case of General Municipal Rate to 14 per cent., with effect from July 1. With these increases, it was possible for the Council to submit to the Ratepayers at their meeting in April a Budget that showed a surplus of Tls. 98,000 which, it may be remarked, is far below that margin of safety which has in the past been considered necessary to the preservation of the credit of the Settlement at a high level. The Council's explanations as to the need for increasing the General Municipal Rate to 14 per cent. from the half year beginning July 1 were fully appreciated and unanimously approved by the Ratepayers and accordingly General Municipal Rate at 14 per cent. has now become due and payable.

Although the proceedings at the meeting of Ratepayers were published in full in the Chinese Press, Sin Wan Pao, Shun Pao, Hsin Shun Pao, etc., of April 10/11 it seems that the majority of Chinese ratepayers did not at the time pay any particular attention thereto, so that the reasons for the increase were not, it is regretted, understood or appreciated by them and from investigations made by the Council it appears that a good deal of misunderstanding exists and that it is, therefore, desirable that a detailed explanation should be published. That this is so has, moreover, been emphasized by the many petitions that have been forwarded to the Council by Street Associations, Shopkeepers' Associations and others, protesting against the increases above referred to and against the special levy of General Municipal Rate at 1 per cent. which the Council was also directed by the Ratepayers to collect for the purposes explained hereunder.

The Council accordingly requests the close attention of Chinese Ratepayers to the following explanations:—

1.—Rates are raised to provide for the cost of the proper administration of the Settlement.

2.—Rates are payable on exactly the same basis by foreigners and Chinese, viz., 12 per cent. until June 30, and thereafter at 14 per cent.

3.—The special levy of 1 per cent. which it should be emphasized is a levy for this year only and is payable by a single payment is likewise payable by foreigners and Chinese.

4.—It is a remarkable fact that the General Municipal Rate has stood unchanged at 12 per cent. since 1908 until July of this year, whilst taxation in all other countries of the world has increased enormously. The petitioners very rightly state that the cost of living has gone up very considerably of recent years, but they seem to have overlooked the fact that all the expenses of the Council, costs of labour, materials, etc., have, likewise, gone up very considerably, and the fact that the rate has not been changed is due to two chief considerations:—

(1) The increased rental value of property in the Settlement, and

(2) The fact that during the War, until December 31, 1918, the Council saved no less than Tls. 880,000 because it did not pay the salaries of those Municipal employees who went on war service. The Municipal administration did not, however, suffer because those employees who remained behind, did the work of those who had gone on war service.

5.—Against this saving of Tls 880,000, the Ratepayers at the last Annual Meeting on April 9 (the proceedings of which were fully reported in the Chinese papers) directed that the Council should pay to those who have been on War Service one-half their pay, *i.e.*, Tls. 440.000, but they specifically directed that no employee should receive more than Tls. 8,000 and that anything already paid to him by the Council should be taken into consideration, so that from Tls. 440,000, which is one-half the amount saved, the actual amount to be paid to such employees under the Resolution was reduced to an amount of approximately Tls. 320,000 of which the Ratepayers are now called upon to provide only Tls. 222,300 by means of the special levy on land and houses, the balance being covered by the estimated surplus on the Council's Ordinary Budget for this year.

It should be clearly understood that the payment of this Tls. 320,000 is not for War Services, which have already been paid for by the Allied Governments, but on account of the pay which would ordinarily have been drawn by such employees for their service to the Municipal Council.

It may be noted also that of the Tls. 222,300, the Chinese who pay the General Municipal Rate are only called upon to pay say Tls. 85,000.

It may also be noted that since January 1 of this year, there has been a further saving because a large number of Municipal employees have not yet returned from war service.

6.—If Municipal employees had not gone on war service the increase in the General Municipal Rate from 12 to 14 per cent. must inevitably have taken place at least two years, probably 2½ years, ago and the Ratepayers, foreign and Chinese, would have had to pay at least, say, Tls. 650,000 more than they are in fact now being called upon to pay by the special levy—this because under normal conditions and except for the Council's desire to keep taxation as low as possible—no part of the surplus on the Ordinary Budget would be devoted to this purpose. Of the Tls. 880 000 the Chinese Ratepayers of the General Municipal Rate would have had to pay a total of, say, Tls. 340,000 as compared with Tls. 85,000 which they are now called upon to pay, so that they are actually saving rates to the extent of Tls. 253,000.

7.—The special levy of 1 per cent. is payable *once* only and when the full one per cent. has been paid the levy ceases for ever.

The Council hopes that the above explanations will remove any misunderstanding that may exist and that the Chinese Ratepayers will realize that the increased rate of 14 per cent. and the special levy of 1 per cent. must be paid. In regard to the latter, the Chairman and Acting Chairman and the Secretary of the Council have had several conversations with the foreign lawyer, Mr. Master, and with Messrs. Chang Nyeh-yung (張籌雲), Chu Lai-fong (祝蘭舫), Shen Tun-ho (沈敦和) and Sung Han-chang (宋漢章), who have interested themselves in the matter on behalf of certain of the petitioners above referred to. These gentlemen pointed out that the collection of the special levy of 1 per cent. in a single payment was indeed likely to cause some hardship to the poorer Chinese Ratepayers and they suggested that the Council should remove this hardship by spreading the payment over a period, so that it should be collected in installments. Ever ready and willing, so far as it can, to alleviate or remove hardship, the Council readily concurred with this suggestion, and accordingly Chinese Ratepayers are notified that the 1 per cent. special levy will be collected in 3 equal quarterly payments, commencing with the October collection of rates. One-third of the 1 per cent. will be collected in October, one-third in January 1920, and the last one-third in April 1920, thus payment of this special levy will be made easy for all. The occupier of a house at a rental of $10 per month will pay $0.40 each quarter for three quarters only or at the rate of less than $0.14 per month.

Having granted this indulgence and having offered such explanations as must surely appeal to every reasonable minded person, the Council does not expect to hear any further talk on the part of Chinese Ratepayers in regard to refusing to pay Municipal Rates, for the Rates must be paid and the Council must deal with any refusal according to law.

ARTHUR STANLEY,

### Health Officer's Report for July.

The prognostication made in last month's report that an epidemic of choleraic diarrhœa was coming has been fulfilled. The incidence at first was mainly outside the Settlement, especially in Pootung where some 2,000 cases were reported to have occurred with a heavy mortality.

Earlier in the year when there seemed to be a possibility of the Red Cross Summer Diseases Hospital in Tientsin Road closing down this year, the opinion expressed by this office of the probability of an outbreak this year owing to a succession of years of comparative immunity, and the severe infection of neighbouring countries during the immediately preceding years, and the infection of Indian ports during the present year, seems to have been particularly fortunate in view of the sudden great incidence in Pootung. This hospital has a wide popularity among the Chinese owing to the success following the saline transfusion treatment of severe cases. The following data were furnished our Health Inspectors when they were rendering sanitary assistance at the Hospital. The first case was admitted July 5, from which date until the end of July 3,500 cases were admitted, of these 2,139 came from Pootung and districts outside the Settlement and 1,361 from within the Settlement. The population furnishing this number of cases may be taken at well over a million. Of these cases 221 were fatal, a case fatality of a little over 6 per cent., a rate which is remarkably low for any form of Cholera.

At the Municipal Isolation Hospital 18 foreign cases, including 13 Japanese were received, as well as 98 Chinese cases, the saline transfusion treatment being given where necessary.

The number of deaths from choleraic diarrhœa among the Chinese population in the Settlement for the weeks ending July 6, 13, 20 and 27 was 0, 13, 33 and 95 respectively.

That Swatow was declared cholera-infected on June 4 by the Maritime Customs led to the surmise that the origin of the Pootung outbreak was from the southern port. It is, however, believed that Cholera, or a form of Cholera which may be called choleraic diarrhœa, is endemic in Shanghai and elsewhere in China, occurring every year to some extent, but liable to exacerbations. The last severe outbreak in Shanghai was in 1912, since when there has until the present summer been an unusual immunity. Like certain other infective diseases such as Smallpox, Scarlet fever and Influenza it tends to come in big tidal waves which are usually followed by years of comparative absence, probably determined by mass immunity. The present is evidently a year of high tide, as shown by its prevalence in India and the Orient.

So far as Shanghai is concerned the bacteriology of the disease is characterized by precisely similar results as obtained in previous outbreaks, that is to say, difficulty in giving a laboratory diagnosis of Asiatic Cholera. Specimens of the bowel discharges from about 150 cases have been examined microscopically in the Municipal Laboratory and in only eight of these has the appearance resembled that of true Asiatic Cholera. These specimens were more closely investigated, the vibrios being separated in pure culture. On the application of confirmatory tests, with the exception of one foreign case, these cultures failed to react like true Cholera. They failed to produce a veil on the surface of peptone salt medium and produced no Indol, while the gelatine stab culture was not characteristic, neither did the organism agglutinate with a specific serum. In the case of the foreigner referred to above a specific agglutination was obtained in 1 in 1000 dilution, and this, combined with the typical growth in nutrient gelatine, was considered sufficient to establish a diagnosis of true Cholera. That the atypical appearance of some of the other specimens may have been due to rapidly dividing organisms showing coccal or short bacillus

Digitized by Google Original from CORNELL UNIVERSITY

forms instead of the typical comma-shaped vibrio is a possibility which is being further investigated. Previous experience in India and Egypt commonly showed typical comma-shaped vibrios in specimens taken direct from the stool, which enabled a pathological diagnosis to be easily and rapidly made. But such is not the usual finding in the Shanghai cases.

Clinically the disease is Cholera although the case fatality seems very low even allowing for the saline transfusion treatment. Whether the disease is pathologically a variety of true Cholera or a separate pathological entity is not at present determined.

The prevention and treatment of the disease is, however, the same as for true Cholera.

General cleaning up and measures against flies are all very well in their way and should be practised ordinarily during every summer season. But to meet the present emergency the utmost care is needed regarding food and drink. The Public Health Notice is the best sanitary guide.

The following precautions extracted from the Public Health Notice give the main necessities for preventing Cholera or choleraic diarrhœa:—

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

Milk or cream which has not been boiled or sterilised.

Ice-cream unless made of boiled materials.

Water which has not been boiled or filtered through a germ-proof filter.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brown low filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water, or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and fly proof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer*

# TENDERS FOR PUBLIC WORKS AND OTHER REQUIREMENTS

CONDITIONS GOVERNING MUNICIPAL TENDERS.

1. The Council reserves to itself the right to accept the whole or part of any tender.
2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.
3. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.
4. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.
5. A fee may be charged for specifications, to be returned upon receipt of a *bonâ fide* tender.
6. Tenders, sealed and labelled on the outside as to their contents, should be forwarded, preferably by chit book or registered letter, to "The Secretary, Municipal Council, 24 Kiangse Road" not later than noon on the day fixed for their receipt.

**Debenture Certificates.**

NOTICE is hereby given that Debentures in the 7 per cent. Municipal Loan of 1919 are issued subject to the following conditions which appear endorsed upon the Debenture Certificates:—

1.—A Register of the Debentures will be kept at the Finance Department of the Council at Shanghai wherein there will be entered the names, addresses and descriptions of the registered holders and particulars of the debentures held by them respectively.

2.—The registered holder will be regarded as exclusively entitled to the benefit of this debenture, and all persons may act accordingly, and the Council shall not be bound to enter in the Register notice of any trust or to recognize any right in any other person save as herein provided.

3.—Every transfer of this debenture must be in writing under the hand of the registered holder or his legal personal representative. The transfer must be delivered at the Finance Department of the Council with such evidence of identity or title as the Council may reasonably require, and thereupon the transfer will be registered.

4. In the case of joint registered holders the principal moneys and interest hereby secured shall be deemed to be owing to them upon a joint account.

5.—No transfer will be registered during a period not exceeding twenty days immediately preceding each of the days by this debenture fixed for payment of interest.

6.—The principal moneys and interest hereby secured will be paid without regard to any equities between the Council and the original or any intermediate holder hereof and the receipt of the registered holder for such principal moneys and interest shall be a good discharge to the Council.

7.—The principal moneys and interest hereby secured will be paid at the Shanghai Office of the Council's Bankers or at the Finance Department of the Council.

8.—A notice may be served by the Council upon the holder of this debenture by sending it through the post in a prepaid letter addressed to such person at his registered address: any change in such address must be notified in writing to the Finance Department of the Council.

9.—Any notice served by post shall be deemed to have been served at the expiration of twenty-four hours after it is posted and in proving such service it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the Post Office.

Notice is hereby also given that on and after August 1 transfers of debentures in any Municipal Loan issue must be effected by means of the transfer forms which may be obtained on application to the Municipal Treasurer, Finance Department, 24B Kiangse Road. ## MUNICIPAL NOTIFICATION

**No. 2640.**

**GENERAL MUNICIPAL RATE.**

*(Translation from the Chinese)*

AT the Annual Meeting of Rate payers held on April 9, a Resolution was passed authorizing an increase in the General Municipal Rate as from July 1, from 12 per cent. to 14 per cent. per annum.

This Resolution was passed upon the Council's recommendation, which was only made with the greatest reluctance, and because it was found that the expenditure required to provide for the proper administration of the Settlement in 1919 would greatly exceed the Settlement's revenue, if the General Municipal Rate were calculated upon the old basis of 12 per cent. per annum. Obviously the Council could not present a Budget to the Ratepayers which showed a deficit, so it became necessary to consider by what means the Settlement's revenue could be increased. It was found possible to increase the estimated receipts from wharfage dues and to reduce expenditure to some extent, but there still remained a substantial deficit. How was this deficit to be converted into a surplus was the problem that presented itself. Wharfage dues had already been increased as far as was possible, licence fees admitted of no increase and expenditure under all heads had been reduced already as much as possible. Under these circumstances and as the sources of Municipal revenue for which provision is made under the Land Regulations are so very limited, the Council had to look to Land Tax and General Municipal Rate to raise the extra revenue required.

Upon very careful consideration it appeared to the Council that the additional burden should fairly be borne by owners of land and occupiers of houses proportionately, and that accordingly the levy should be increased in the case of Land Tax to 7/10 of 1 per cent. and in the case of General Municipal Rate to 14 per cent., with effect from July 1. With these increases, it was possible for the Council to submit to the Ratepayers at their meeting in April a Budget that showed a surplus of Tls. 98,000 which, it may be remarked, is far below that margin of safety which has in the past been considered necessary to the preservation of the credit of the Settlement at a high level. The Council's explanations as to the need for increasing the General Municipal Rate to 14 per cent. from the half year beginning July 1 were fully appreciated and unanimously approved by the Ratepayers and accordingly General Municipal Rate at 14 per cent. has now become due and payable.

Although the proceedings at the meeting of Ratepayers were published in full in the Chinese Press, Sin Wan Pao, Shun Pao, Hsin Shun Pao, etc., of April 10/11 it seems that the majority of Chinese ratepayers did not at the time pay any particular attention thereto, so that the reasons for the increase were not, it is regretted, understood or appreciated by them and from investigations made by the Council it appears that a good deal of misunderstanding exists and that it is, therefore, desirable that a detailed explanation should be published. That this is so has, moreover, been emphasized by the many petitions that have been forwarded to the Council by Street Associations, Shopkeepers' Associations and others, protesting against the increases above referred to and against the special levy of General Municipal Rate at 1 per cent. which the Council was also directed by the Ratepayers to collect for the purposes explained hereunder.

The Council accordingly requests the close attention of Chinese Ratepayers to the following explanations:—

1.—Rates are raised to provide for the cost of the proper administration of the Settlement.

2.—Rates are payable on exactly the same basis by foreigners and Chinese, viz., 12 per cent. until June 30, and thereafter at 14 per cent.

3.—The special levy of 1 per cent. which it should be emphasized is a levy for this year only and is payable by a single payment is likewise payable by foreigners and Chinese.

4.—It is a remarkable fact that the General Municipal Rate has stood unchanged at 12 per cent. since 1908 until July of this year, whilst taxation in all other countries of the world has increased enormously. The petitioners very rightly state that the cost of living has gone up very considerably of recent years, but they seem to have overlooked the fact that all the expenses of the Council, costs of labour, materials, etc., have, likewise, gone up very considerably, and the fact that the rate has not been changed is due to two chief considerations:—

(1) The increased rental value of property in the Settlement, and

(2) The fact that during the War, until December 31, 1918, the Council saved no less than Tls. 880,000 because it did not pay the salaries of those Municipal employees who went on war service. The Municipal administration did not, however, suffer because those employees who remained behind, did the work of those who had gone on war service.

5.—Against this saving of Tls. 880,000, the Ratepayers at the last Annual Meeting on April 9 (the proceedings of which were fully reported in the Chinese papers) directed that the Council should pay to those who have been on War Service one-half their pay, *i.e.*, Tls. 440,000, but they specifically directed that no employee should receive more than Tls. 8,000 and that anything already paid to him by the Council should be taken into consideration, so that from Tls. 440,000, which is one-half the amount saved, the actual amount to be paid to such employees under the Resolution was reduced to an amount of approximately Tls. 320,000 of which the Ratepayers are now called upon to provide only Tls. 222,300 by means of the special levy on land and houses, the balance being covered by the estimated surplus on the Council's Ordinary Budget for this year.

It should be clearly understood that the payment of this Tls. 320,000 is not for War Services, which have already been paid for by the Allied Governments, but on account of the pay which would ordinarily have been drawn by such employees for their service to the Municipal Council.

It may be noted also that of the Tls. 222,300, the Chinese who pay the General Municipal Rate are only called upon to pay say Tls. 85,000.

It may also be noted that since January 1 of this year, there has been a further saving because a large number of Municipal employees have not yet returned from war service.

6.—If Municipal employees had not gone on war service the increase in the General Municipal Rate from 12 to 14 per cent. must inevitably have taken place at least two years, probably 2½ years, ago and the Ratepayers, foreign and Chinese, would have had to pay at least, say, Tls. 650,000 more than they are in fact now being called upon to pay by the special levy—this because under normal conditions and except for the Council's desire to keep taxation as low as possible—no part of the surplus on the Ordinary Budget would be devoted to this purpose. Of the Tls. 880,000 the Chinese Ratepayers of the General Municipal Rate would have had to pay a total of, say, Tls. 340,000 as compared with Tls. 85,000 which they are now called upon to pay, so that they are actually saving rates to the extent of Tls. 253,000.

7.—The special levy of 1 per cent. is payable *once* only and when the full one per cent. has been paid the levy ceases for ever.

The Council hopes that the above explanations will remove any misunderstanding that may exist and that the Chinese Ratepayers will realize that the increased rate of 14 per cent. and the special levy of 1 per cent. must be paid. In regard to the latter, the Chairman and Acting Chairman and the Secretary of the Council have had several conversations with the foreign lawyer, Mr. Master, and with Messrs. Chang Nyeh-yung (張籌雲), Chu Lai-fong (祝蘭舫), Shen Tun-ho (沈敦和) and Sung Han-chang (宋漢章), who have interested themselves in the matter on behalf of certain of the petitioners above referred to. These gentlemen pointed out that the collection of the special levy of 1 per cent. in a single payment was indeed likely to cause some hardship to the poorer Chinese Ratepayers and they suggested that the Council should remove this hardship by spreading the payment over a period, so that it should be collected in installments. Ever ready and willing, so far as it can, to alleviate or remove hardship, the Council readily concurred with this suggestion, and accordingly Chinese Ratepayers are notified that the

1 per cent. special levy will be collected in 3 equal quarterly payments, commencing with the October collection of rates. One-third of the 1 per cent. will be collected in October, one-third in January 1920, and the last one-third in April 1920, thus payment of this special levy will be made easy for all. The occupier of a house at a rental of $10 per month will pay $0.40 each quarter for three quarters only or at the rate of less than $0.14 per month.

Having granted this indulgence and having offered such explanations as must surely appeal to every reasonable minded person, the Council does not expect to hear any further talk on the part of Chinese Ratepayers in regard to refusing to pay Municipal Rates, for the Rates must be paid and the Council must deal with any refusal according to law.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water, or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and fly proof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

**Engineer's Report for July.**

Progress with outside works generally is still being very much delayed on account of the shortage of coolie labour. It has been impossible on this account to make a commencement on several important works and a number of those in hand can only be carried out comparatively slowly.

The average daily shortage of this class of Department labour is about 800.

Good progress has been made with the construction of asphaltic concrete roads during the month and the results so far are very satisfactory.

Some difficulty has been experienced during the month in obtaining an adequate supply of Soochow sand for road maintenance work. The water in the creeks had risen to such an abnormal extent, that the boats conveying the sand to Shanghai were unable to pass under some of the bridges up country. This caused delay in effecting those repairs to waterbound macadam roads that had become so necessary after the copious and almost continuous rain that had fallen.

*Roads.*—Asphaltic concrete has been laid in Szechuen Road from Nanking Road to Hongkong Road and in Ningpo Road from Szechuen Road to Kiangse Road.

Ewo Road is being ballasted and metalled where it adjoins the Wayside Public Wharf.

The ballasting and metalling of Yochow Road for a width of 12 feet is being extended for a distance of 200 feet east of Kungping Road.

The following roads are being surface treated:—

With asphaltum:—

- North Soochow Road from Garden Bridge to North Szechuen Road.
- Burkill Road from Thibet Road to Park Road.
- Szechuen Road from Hongkong Road to Soochow Road.
- Chengtu Road from Avenue Road to Burkill Road.
- Myburgh Road from Bubbling Well Road to Avenue Road.
- North Chekiang Road from Boundary Road to Haining Road.

*Bridges.*—The coffer-dam for the west abutment of the new Brenan Road Bridge has been completed and that for the east abutment is in course of construction.

Extensive repairs have been carried out on the Thorne Road Bridge, the Chapoo Road Bridge and on the bridges along the Rubicon System of Roads.

*Bundings.*—The coffer-dam for the bunding at Wenchow Road has been completed.

The coffer-dam has also been completed for the bunding in Dixwell Road between Broadway East and East Seward Road.

A dwarf timber bunding is being constructed in Brenan Road for a length of about 400 feet adjoining the Soochow Creek. The banks subsided to such an extent after the recent rains as to render this work of urgent necessity.

*Landing Accommodation.*—An additional concrete jetty is being constructed in North Soochow Road east of North Fokien Road.

*Drainage.*—The culverting of Bubbling Well Road Creek has been completed for about 100 feet west of Siccawei Road.

The culverting of the Gordon Road creek between Connaught Road and Sinza Road has been completed for a length of about 200 feet south of Connaught Road.

The laying of the 3-ft. by 2-ft. egg-shaped sewer in Funing Road from Lay Road to Chemulpo Road is approaching completion.

A 12-in. diameter sewer has been laid in Moulmein Road south of Weihaiwei Road.

*Central Offices.*—The extension of the third floor has progressed steadily, and most of the stone facade in this connexion has been completed.

*Gaol—Deport Block.*—The vermin proofing of the cells is progressing, and plans have been prepared for the conversion of the top floor into cells.

*Isolation Hospital—Discharge Block.*—The custodian's quarters are now occupied, and the discharge rooms are practically finished.

*East Block.*—Apart from the replacement of the floor verandah by one constructed of reinforced concrete, the alterations to this block are completed, and painting is progressing.

*Riverside Power Station.*—Both rafts for the two turbines have now been completed, and the concrete arch for the support of the south turbine is well in hand. The centering for the support of the north turbine has been commenced.

The new store shed has been completed.

*Whashing Road Transformer Station.*—The excavation has been completed, and the foundations for the exterior walls put in.

*Park Road Transformer Station.*—Excavation for the foundation has been completed.

*Fearon Road Power Station.*—The foundations for the new synchronous condenser have been completed.

*Pingchiao Quarry.*—1,180 fong of materials was despatched to the Public Works Department during the month.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings collected cartloads | 4,640 |
| Used for raising land | 551 |
| Water used for street watering | 7,898,000 gallons. |

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,663 |
| Artisans | 503 |
| Foremen | 240 |
| Mafoos | 159 |

*Concreteware.*—The following has been produced during the month:—

Hand made 15,912 pieces

*Work Shelters.*—There were 117 admissions during the month and 306 bundles of wood chopped.

### General Municipal Rate.

Correspondence with Mr. Chu Lai-fong and the Chinese General Chamber of Commerce:—

Council Room.

Shanghai, August 13, 1919.

DEAR MR. CHU,—With reference to our conversation of yesterday, on the subject of the refusal of certain Chinese to pay the General Municipal Rate, I would repeat what was pointed out to you then, that the Council as a Council have no authority to concede to the demand of certain recalcitrant ratepayers, that, prior to payment, they insist on Chinese representation on the Council, this being a matter entirely for the Government of China and the Treaty Powers concerned. I am, however, after consultation with my colleagues, authorized to say that, when in future the Finance Committee of the Council has under consideration proposals to increase the Rate, it will welcome the advice of and consult with a representative Chinese Committee.

I had an occasion this morning to talk this matter over with the Commissioner for Foreign Affairs, Mr. Yang Cheng, and he expressed his appreciation of the spirit in which the Council was approaching this question

Yours sincerely,

ED. WHITE,
*Acting Chairman.*

CHU LAI-FONG, Esq.,

---

Shanghai, August 16, 1919.

DEAR SIR,—With reference to the refusal of certain Chinese to pay the General Municipal Rate, we have read your letter to Mr. Chu on the 13th instant, in which you state that you are, after consultation with your colleagues, authorized to say that, when in future, the Finance Committee of the Council has under consideration proposals to increase the Rate, it will welcome the advice of and consult with a representative Chinese Committee.

The letter was communicated at once to various representatives of Chinese merchants, who, visiting the Chamber, declared that they are not satisfied with the reply, since the fact is that they are not refusing to pay the General Municipal Rate, but they request that the Council should observe the privileges enjoyed by the merchants of various foreign countries at Shanghai after fulfilling their duty, but not enjoyed by our Chinese. This is the cause that the Chinese cannot but propose to request the Council to entitle them the privilege of election of Councillors.

We as the Chinese General Chamber of Commerce beg to address to you that we will appoint four members of our Committee to call upon you in next week to consult with you a justified arrangement, which will result the satisfaction on both sides. When and where the appointed Committee can meet with you we hope you will inform us.

Again hearing that the Council will collect the Rate on next Tuesday, the 19th instant, we beg to inform you that the representatives have not approved to pay. We hope that you will postpone the date of collecting for two weeks, within which the Chamber can consult and arrange the matter with you.

Yours faithfully,
CHU PAO-SAN,
*Chairman.*
L. F. SHEN,
*Vice-Chairman.*

ED. WHITE, Esq.,
Acting Chairman, Municipal Council.

Council Room,
Shanghai, August 19, 1919.

GENTLEMEN,—I have the honour to acknowledge the receipt of your letter of August 16 on the subject of the refusal of certain Chinese to pay the General Municipal Rate and in reference to the question of Chinese representation on the Council.

In reply, I have the honour to state that I have nothing to add to my letter to Mr. Chu Lai-fong of August 13, with the exception of an expression of regret on the Council's part that the Chamber should have thought fit to range itself against the Council in supporting the refusal to pay Rates. The policy of the Chamber in this matter must inevitably tend to alienate foreign sympathy with the aspirations of the Chinese Community to a voice in the affairs of the Settlement and it leaves the Council with no alternative but to take immediate action to enforce payment of the rates in all cases where refusal of payment is made upon demand.

I am, Gentlemen,
Your obedient servant,
ED. WHITE,
*Acting Chairman.*

THE CHAIRMAN & VICE-CHAIRMAN,
Chinese General Chamber of Commerce.

Vol. XII. SHANGHAI, SATURDAY, AUGUST 30, 1919. No. 649

## MUNICIPAL NOTIFICATION

**No. 2645.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice**

**95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no application for a less amount than Tls. 500 nominal will be entertained.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, August 27, 1919.

## MUNICIPAL NOTIFICATION

**No. 2646.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai. August 27, 1919.

## Mixed Court Report for July.

A new and revised edition of "Rules of Procedure" has been printed and is now obtainable at the Registrar's office, price $3.00 per copy. The original edition was published in the English language only, whilst this new edition is in English and Chinese. In the process of revision, the rules of procedure governing appeals have been left out altogether. Provision is now made for filing notices of motion for rehearing in criminal cases.

Eight persons were before the Court during July on charges connected with the publishing and circulating of boycott and strike literature as against twenty-three persons charged in June.

Twenty-seven persons were charged during the month with keeping unlicensed dogs.

The following foreigners who are not recognized by any Consulate in Shanghai were before the Court during the month on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Bertha Veinstein | Russian | Assault | Dismissed. |
| G. Frykin | Finn | Drunk | Fined $5 & to pay $15 compensation. |
| Miss Rosa | Russian | Unlicensed dog | Fined $1 |
| Leon Quist | Turkish | Insanity | To mental ward |
| c. de T. L. Savine | Russian | Insulting Consul | 6 weeks' impt. |
| Miss Betty | American | Unlicensed dog | Fined $2 |

In consequence of the Civil Courts being in vacation since July 16, the number of Foreign and Chinese Civil Cases awaiting hearing has increased but nothing like to the extent experienced in past years.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Acting Registrar.*

Countersigned,
K. J. McEUEN,
Commissioner of Police

## Fire Brigade Report for July.

The total number of calls to fires, or supposed fires, during the month was 8, as against 22 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 200 (Foreign, Nil; Chinese, Tls. 200) as against Tls. 16,100 (Foreign Nil; Chinese, Tls. 16,100) during July, 1918. The property at risk is estimated at Tls. 30,000 (Foreign, Nil; Chinese, Tls. 30,000), as against Tls. 260,500 (Foreign, Tls. 120,000; Chinese, Tls. 140,500) for the corresponding period last year.

The calls were received as follows:—Watch Towers 3, Police 2, Street Alarms 2 and Telephone 1.

No district call was given, all 8 being station calls.

These calls proved to be 3 small fires, 4 false alarms and 1 fire outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Dropped match or cigarette end | 1 |
| Sparks from chimney | 1 |
| Oil overboiling | 1 |

The premises affected were 3 Chinese Buildings.

Of these 2 buildings were slightly damaged by smoke, fire and water.

The water used at fires during the month was 3,465 gallons.

The Brigade was occupied 17 hours and 55 minutes at fires or supposed fires.

There were no fires of note during the month.

*Chief Officer.*

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better

sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water, or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and fly proof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, SEPTEMBER 6, 1919. No. 650

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,

*Assistant Secretary.*

Council Room,

Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2649.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear day's notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

E. S. B. ROWE,

*Assistant Secretary.*

Council Room,

Shanghai, September 2, 1919.

*Avenue Edward VII.*—Correspondence containing the terms of compensation arranged for the scheduled area of Lot 186:—

Shanghai, May 23, 1919.

DEAR SIR,—Messrs. David Sassoon & Co., Ld. have instructed us to reply to your letter dated April 17, 1919 in which you ask to be informed upon what terms they will be prepared to surrender, should the Council decide to acquire it, that portion of B.C. Lot 175, Cadastral Lot 186, Avenue Edward VII, which is scheduled for acquisition on the official plan of Road Extensions and Widenings, measuring Mow 0.037, and coloured red on the plan accompanying your letter.

Messrs. David Sassoon & Co., Ld. are prepared to surrender the aforesaid piece of land at the assessed rate per mow, namely Tls. 37,000, with an additional ten per cent. for compulsory surrender, and do not admit any betterment to their property.

The claim would be as follows:—

| | Tls. |
|---|---|
| Mow 0.037 at Tls. 37,000 per mow | 1,369.00 |
| Add ten per cent. for compulsory surrender | 136.90 |
| Total amount of claim would be | 1,505.90 |

Yours faithfully,
MOORHEAD AND HALSE.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Council Room,
Shanghai, June 6, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of May 23 on the subject of the surrender from Lot 186 of the area required to widen Avenue Edward VII.

In reply thereto I am directed to inform you that the Council has given consideration to your claim, but considers that the compensation applicable to this surrender should be on the same basis as arranged for Cadastral Lot 120, *vide* Municipal Gazette of August 29, 1918, as follows:—

| | |
|---|---|
| Mow 0.037 at Tls. 37,000 per mow | Tls. 1,369 |
| Less one-third for betterment | 456 |
| | 913 |
| Plus 10 per cent. | 91 |
| | Tls. 1,004 |

I am to express the hope that you will be so good as to signify acceptance of these terms, whereafter deeds of surrender will be forwarded to you for signature.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary*

Messrs. MOORHEAD AND HALSE.

Shanghai, July 11, 1919.

DEAR SIR,—We have for acknowledgement your letter of 6th ultimo in connexion with the surrender from B.C. Lot 175 of the area required to widen the Avenue Edward VII.

In our letter of May 23 we claimed compensation at the assessment rate per mow, plus 10 per cent. for compulsory surrender, and made no allowance for betterment.

In your letter the Council offer compensation on the same basis less one-third for betterment.

It must be remembered that the Avenue Edward VII is some 70 or 75 feet wide at the place where this lot is situate.

If you can show wherein the lot will benefit by the addition of about 3 feet to the width of the road the beneficial owner is agreeable to accept compensation on the basis suggested in your letter.

Yours faithfully,

MOORHEAD AND HALSE.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, July 21, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of July 11, with reference to the surrender of the scheduled area of Cadastral Lot 186 required for the Avenue Edward VII.

In reply thereto I am directed to refer you to the Council's letter to yourselves dated August 10, 1918 relative to Lot 61 which reads in part as follows:—

"When consideration is given to the fact that the widening from this property forms a part of the scheme for the Avenue Edward VII improvement, and when the present conditions are compared with those which obtained when the old Sungkiang Road and the insanitary Yangkingpang still remained in existence the contrast is so obvious that, in the members' opinion, it obviates the necessity of advancing further arguments in support of the view that vast improvement therein has since been effected."

It is of course, admitted that the terms of compensation in one case do not necessarily govern the terms payable in another, but as regards the conversion of the former Yangkingpang into a broad commodious thoroughfare, the same principle as to betterment applies whether the area to be surrendered is large or small. In the latter case of course while the value of the betterment may not be so obvious as in the former, the contribution to the improvement represented by the deduction for betterment, bears a similar ratio to the cost of the improvement.

I am directed, therefore, to reaffirm the terms set out in my letter of June 6, and to request that you will be so good as to indicate acceptance thereof.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,

*North Fokien and Tsepoo Roads.*—The offer of the Chinese owner has been accepted, to surrender without compensation an area of Mow 0.102 required for improving the southwest corner of the North Fokien and Tsepoo Roads. The plan of the road and relative deed of surrender have been forwarded as usual through the Senior Consul to the Joint Measurement Office for record.

*East Seward Road.*—The claim of Messrs. Platt, Macleod and Wilson has been accepted for the surrender of the scheduled area of Lot 1165, at the assessed value of Tls. 5,500 per mow, plus 10 per cent. for compulsory surrender, or Tls. 1,857 for Mow 0.307.

*Liping and Liangchow Roads.*—The claim of the East Kiangse Mission has been accepted for the surrender of the scheduled area of Lot 6070, at the rate of Tls. 500 per mow.

The land required for Liping Road measures Mow 2.709, and that for Liangchow Road measures Mow 0.674, and the compensation to be paid totals Tls. 1,691.

*Bubbling Well Road.*—The offer of the Chinese owner has been accepted to surrender a piece of unregistered land East of Lot 2588, at the rate of Tls. 2,700 per Mow, plus 10 per cent. with Tls. 611 added for re-instatement, a total sum of Tls. 1,605, in respect of mow 0.335.

*Stonebridge Road.*—Arrangements have been concluded for the free surrender of Mow 0.155 of unregistered land required for this road. The plan of the road and relative deed of surrender have been forwarded as usual through the Senior Consul to the Joint Measurement Office for record.

*Tatung Road.*—The claim of Messrs. Drummond and Holborow has been accepted for the surrender from Lot 1000 of the area required to widen this road to 30 ft. at the assessed value Tls. 7,000 per mow, plus 10 per cent. for compulsory surrender and less one-third for betterment, or a sum of Tls. 1,037 for Mow 0.202.

*Yuyuen Road.*—The claim of Messrs. Seth, Mancell & Company, General Managers of the West End Estates, Ld, has been accepted for the surrender from Lot 2755 of a strip of land required to improve the roadline, measuring Mow 0.054, at the assessed value Tls. 3,000 per mow plus 10 per cent, or a sum of Tls. 178, plus cost of reinstatement of the boundary fences.

**Asphaltum.**

The offer of Messrs. Gibb, Livingston & Co., has been accepted for the supply of 50 tons of asphaltum at Tls. 56 per ton.

**Bundings.**

*Soochow and Yangtszepoo Creeks.*—The Engineer reports that the heavy rains of this summer have caused the bank of the Soochow Creek where it adjoins the Brennan Road to fall away for a length of about 400 ft., and it has become a matter of urgent necessity to construct a dwarf timber bunding to protect the roadway.

The cost of this work is estimated at Tls. 1,500, no provision therefor is contained in the current Budget, but in the circumstances and as a matter of urgency, the work is approved. Similar arrangements are necessary in the case of the Yangtszepoo Creek, where a dwarf timber bunding will be constructed for a length of 300 ft. at an estimated cost of Tls. 900.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water, or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and fly proof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Parks and Open Spaces.

*Report for June and July.*

During the greater part of June and the first 16 days of July, rain fell almost daily. For three weeks on end, mowing was impossible; consequently, the lawns presented a neglected appearance, whilst playing of games was impossible; planting flower beds had to be discontinued and numbers of seedling plants, and newly planted trees and shrubs in low lying spots were asphyxiated; agricultural crops—cotton in particular—suffered considerably so that good returns can scarcely be anticipated.

Digitized by Google Original from CORNELL UNIVERSITY

On the other hand, road-side trees benefited immensely and have made exceptionally good growth, and the lawns are in excellent condition; especially those on the Bund, which for the past ten years, have been annually trodden bare in places, but which this year are nearly perfect.

Two new Lawn Bowl Greens in Wayside Park were opened on July 26 by Mr. and Mrs. White. The opening ceremony was attended by 450 people and the general appearance of the greens met with approval. The interest taken in those greens not only emphasizes the growing popularity of this game, but, moreover, the wisdom of providing greens within a reasonable distance of the residences of players.

The fact that during the Summer months, 96 persons can daily obtain recreation on two greens each 125 feet by 125 feet, indicates that the cost of land for this purpose is small in comparison with the pleasure derived therefrom; further, these greens form ideal small breathing spaces in residential districts. From the Park census taken on July 27, it is apparent that they contribute largely to the pleasures of the life of the foreign community.

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,

## MUNICIPAL NOTIFICATION

**No. 2649.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(c) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

### Arbitration Proceedings.

*Case of Suye Harayama.*—Petition in the Court of Consuls and Answer with subsequent proceedings in Arbitration and Arbitration Award:—

Shanghai, April 2, 1919.

SIR,—I beg to forward copy of a petition which has been filed in the above Court against your Council by Messrs. Fleming and Davies, Solicitors for the Plaintiff in the above suit.

An answer should be filed in this Court within 14 days from this date.

I am, Sir,
Your obedient servant,
A. D. BLACKBURN,
*Acting Secretary, Court of Consuls.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

PETITION.

The petition of **Suye Harayama**, plaintiff herein, respectfully represents to this Honourable Court as follows:—

1.—That plaintiff is a Japanese subject residing within the International Foreign Settlement at Shanghai, China, and is the widow of the late Takashi Harayama, who was killed on July 19, 1918, at said Shanghai at the place and in the manner hereinafter set forth.

2.—That said Takashi Harayama was, prior to his death, the proprietor of a drapery store situated at No. 166 Woosung Road, Shanghai, China, and at said time resided with his wife, the plaintiff herein, and an adopted son of the said Takashi Harayama and the plaintiff, one Fukutaro Harayama, aged 15 years, in the second story of the premises situated at No. 166 Woosung Road as aforesaid.

3.—That the police force functioning within the International Foreign Settlement at Shanghai is appointed and controlled by the Shanghai Municipal Council, and is under the immediate supervision and control of a Captain Superintendent and certain assistants; that the International Foreign Settlement at Shanghai is divided for police purposes into certain districts and that one of said districts is known as the Hongkew District; that each district is under the direct charge of an Inspector of Police, assisted by one or more Sub-Inspectors and Police Sergeants; that the said force is divided into different branches known as the "Foreign", "Chinese", "Sikh" and "Japanese": and that at the time of the incidents hereinafter mentioned sections of all of said branches of the police force were assigned for duty in the said District of Hongkew.

4.—That on the 19th day of July, 1918, certain Chinese Police Constables, 40 or more in number, who had been on duty on the public roads of the International Settlement of Shanghai in the Municipal Police District of Hongkew in said International Settlement, under the orders and control of Captain Superintendent of Police of said Settlement and his assistants and the Inspector, Sub-Inspectors and other superior officers of said Police District, and while in uniform and many of them armed with rifles, batons and other weapons, wrongfully left their posts of duty in various parts of said District and in breach of their duty as such Police Constables assembled at or near the intersection of Woosung and Boone Roads in said District at a place known as the Hongkew Market; that the said Chinese Police Constables so assembled were at or about the hour of 11.45 on said 19th day of July, 1918, joined by about 70 more Chinese Police Constables of the Municipal Police force of said Settlement and who were assigned for duty in the said District and attached to the said Station; that said last mentioned Chinese Police Constables were in the uniform of the Municipal Police of said Settlement carrying batons but without the usual fire arms supplied to the said Chinese Police Constables and said last mentioned Chinese Police Constables had wrongfully left the said Station in breach of their duty as Police Constables of said Settlement: that said first mentioned and said last mentioned Police Constables formed themselves into a mob at said Hongkew Market and armed as aforesaid engaged in a riot with the common evil and malicious intent and design of terrifying, injuring and killing peaceful Japanese residents of said District and of injuring and destroying their property.

5.—That thereafter the said Police Constables without lawful excuse and pursuant to said conspiracy and in furtherance of said unlawful, evil and malicious intent and design and as a mob and while engaged in such riot rushed through the public roads of said Police District attacking, striking, beating, shooting and attempting to injure and kill peaceful Japanese residents of said District and destroying and attempting to destroy their property.

6.—That at the time when said mob was formed and said riot commenced by said Police Constables the said Takashi Harayama was asleep at his place of abode as aforesaid and was awakened by the noise created by said mob proceeding from the said market place along Woosung Road in said District in a northerly direction; that the said Takashi Harayama left his bed and with the plaintiff herein went out upon the veranda of the second story of said building in order to ascertain what was creating the disturbance in the said road; that while upon his said premises and so engaged he received two mortal wounds from bullets discharged from a rifle or rifles in the hands of one or more of said Police Constables, said Police Constables being at the time a part of the mob as aforesaid and engaged in a riot as aforesaid and pursuant to the unlawful and evil intent and design hereinbefore alleged: that from said wounds received as aforesaid the said Takashi Harayama did soon thereafter die.

7.—Plaintiff alleges that the acts and conduct of the said Police Constables resulting in the death of the said Takashi Harayama as aforesaid were wrongful and unlawful and without justification, extenuation or excuse.

8.—Plaintiff further alleges that for several days previous to the time when said Chinese Police Constables formed said mob and engaged in said riot unrest among the Chinese Police Constables in said District was known to the Captain Superintendent of Police, his assistants, the Inspector, Sub-Inspectors and other superior officers in charge of the division of the Police forces of the said Settlement stationed in the Hongkew District; and plaintiff further alleges that the said Shanghai Municipal Council through its duly appointed agents and representatives, the said Captain Superintendent of Police, his assistants, the Inspector, Sub-Inspectors and other superior officers in charge of the division of the Police forces of the said Settlement stationed in the said District, were negligent in the performance of their duties as police officers of the Municipal Government of the International Settlement of Shanghai in not taking proper measures to safeguard the persons and property of Japanese and other residents within the said Police District; that if said proper measures had been taken in time the said Takashi Harayama would not have been killed through the forming of said mob of Police Constables and the resulting riot as aforesaid.

9.—As a result of the death of said Takashi Harayama in the

manner and under the circumstances aforesaid the plaintiff has been damaged in the sum of Tls. 15,000, Shanghai Sycee.

*Wherefore plaintiff prays:—*

That said defendant be required to answer this petition, and upon a hearing and determination of plaintiff's claim she may have judgment against the said Shanghai Municipal Council for the said sum of Tls. 15,000 Shanghai Sycee, together with costs, and for such other, further or different relief as to this Honourable Court may seem meet.

FLEMING & DAVIES,
T. KIKUCHI,
T. MURAKAMI,
N. C. HOME,
*Counsels for Plaintiff.*

Dated:
Shanghai, China March 31, 1919.

ANSWER.

The Answer of the Defendants to the Petition of the Plaintiffs shows as follows:—

1.—The Defendants admit that one Harayama a Japanese subject was killed on the 19th July, 1918, at Shanghai, but not that he was killed as alleged in the Plaintiff's Petition.

2.—The Defendants admit that at all times material to this Action a dry goods business was carried on at No. 166 Woosung Road in the name of Harayama. Otherwise they have no knowledge of and do not admit the matters alleged in paragraph 2 of the Petition.

3.—The Defendants admit paragraph 3 of the Petition.

4.—With regard to Paragraph 8 of the Petition the Defendants deny that any of the Police Officers referred to in the said paragraph was negligent as therein alleged in the performance of his duties or that such alleged negligence caused or contributed to the death of the said Harayama, or gave rise to any liability on the part of the Defendants. And with regard to the other matters alleged in the Petition including the matters admitted above the Defendants say that such matters in so far as they are relevant to the said allegation of negligence or to the consequences thereof or to the liability of the Defendants consist of statements of the evidence proposed to be adduced by the Plaintiff and are not to be answered by the Defendants at the present time and otherwise are irrelevant inasmuch as they neither disclose nor support any cause of action against the Defendants.

Dated the 15th day of April, 1919.

HANSON MCNEILL, JONES & WRIGHT,
*Counsel for the Defendants.*

Shanghai, June 27, 1919.

GENTLEMEN,—In consequence of the departure on home leave of Sir Everard Fraser, one of the Judges of the Court of Consuls, it becomes necessary to consider what course is to be pursued with regard to the above case, which at present stands adjourned *sine die.*

The possible alternatives are the following:—

(1) to discontinue the case until Sir Everard Fraser's return to China, which will probably be about the end of this year,

(2) to await the election of a new judge and recommence *de novo.*

(3) to await the election of a new judge, who will sit with the two remaining judges, the hearing being continued from the point now reached, and the record of the evidence taken by the Secretary to the Court being accepted as authentic for the guidance of the newly elected judge.

(4) to continue the case in the nature of an arbitration before the remaining two judges.

It is recognized that the adoption of certain of these proposals would necessitate the consent previously obtained of the parties, and I am therefore directed by the Court to bring these alternatives to your notice and to call a meeting in Chambers of Counsel and the two Judges to consider and choose between the above alternatives.

I will communicate with you later regarding the date and time of the meeting.

I am,
Gentlemen,
Your obedient servant,
A. D. BLACKBURN,
*Secretary to the Court.*

Messrs. HANSON, MCNEILL, JONES & WRIGHT.

In giving careful consideration to this matter, the Council decided to request the Legal Adviser to place before the Court their view that if the petitioner would agree to continue the case before the two remaining members of the Court, sitting as Arbitrators merely to assess the amount of compensation which in their opinion was reasonable, having due regard to the Council's offer made without prejudice, and without admission of any question as to liability or of the principles involved, the Council would abide by their decision. Should the petitioner not accept this proposal, the Council would urge a hearing *de novo*, before a reconstituted Court, since in their opinion, the principles involved were so important and far reaching, that were the case continued from the point where the hearing was adjourned, any new Judge who had not been present at the earlier part of the proceedings would in their opinion be placed in an unfair position in arriving at what might or might not have been in the mind of his predecessor.

The subsequent arbitration agreement and award follow:—

ARBITRATION AGREEMENT.

Whereas on the 31st day of March 1919, an action was instituted in the Court of Consuls against the Shanghai Municipal Council by Suye Harayama claiming Tls. 15,000 damages for the alleged killing of her late husband Takahashi Harayama by a member or members of the Police Force employed by the said Council. And Whereas after the said action was part heard Sir Everard Fraser, K.C.M.G., Consul-General for Great Britain, one of the Judges of the said Court was obliged to resign his office owing to his departure from China whereby great difficulties have arisen in proceeding with the case And Whereas it has been agreed that the said claim should be referred to arbitration in manner and subject as hereinafter mentioned.

Now it is hereby agreed as follows:—

1.—It shall be referred to D. Siffert, Esquire, Consul-General for Belgium, and T. Raaschou, Esquire, Consul-General for Denmark, to determine and award what sum is to be paid by the Shanghai Municipal Council to the said Suye Harayama in respect of the death of Takahashi Harayama.

2.—For the purpose of disposing of the case and the arbitration hereby superimposed thereon but not otherwise the S.M.C. admits that Takahashi Harayama was killed and without any admission of liability on its part agrees to pay forthwith and the said Suye Harayama agrees to accept in full settlement of the said claim such sum as the Arbitrators may award to the aforesaid Suye Harayama as if the Shanghai Municipal Council had in fact accepted responsibility for the death of the said Takahashi Harayama.

3.—The parties agree to be bound by such order as to costs as the Arbitrators may make.

4.—The Arbitrators shall hear Counsel for both parties as to the amount to be awarded under paragraph 2 hereof.

Dated at Shanghai the 11th day of August, 1919.

(Signed by) SUYE HARAYAMA.

The Common Seal of the Shanghai Municipal Council was hereunto affixed in the presence of:—

N. O. LIDDELL,
*Secretary.*

ARBITRATION AWARD.

The defendants to pay to the plaintiff four thousand six hundred and eighty Mex. dollars for damages nine hundred dollars for costs and Two hundred and Ninety one dollars for Court fees.

*Translation of letter from Mr. Fee King-shan to the Municipal Engineer dated May 27, 1919.*

In reference to your letter re Fearon Road Hospital at Yalu Road, I beg to inform you that my land measures Mow 1.089. On this land there are 12 houses. These houses cost me over Tls. 6,000 to build, and if pulled down cannot be rebuilt as there is no further ground. I therefore ask Tls. 16,000 for the land and houses and will pay the title deed fees.

As I live on the rental of this property I shall be grateful for your kindly help in this matter.

I hear that for Mrs. Yang's land 7 fun and houses in Woosung Road and Mrs. Kaman's land 5 fun and houses, both received Tls. 14,000 a few years ago, in surrendering to the Council, so please treat my case equally.

Council Room,
Shanghai, August 30, 1919.

SIR,—With reference to your letter of May 27 to the Municipal Engineer on the subject of your piece of land measuring Mow 1.089, I am directed to state that the Council is unable to increase the offer conveyed to you by the Acting Engineer of Tls. 9,126 in full settlement of your claim, and to inform you that it will be requisite, if you are not willing to accept this offer, for this claim to be referred for settlement by the Land Commissioners.

I am directed, therefore, to inform you that application will be made forthwith to the Land Commissioners to fix a date and hour for the hearing of this case, with a view to a decision on the subject in the near future.

*Tszepang.*—Letter from Messrs. Sung Tai-chi and others with reply as directed, for general information:—

Shanghai, July 23, 1919.

SIR,—The undersigned taxpayers, residents of Burkill Road and Tatung Road, residing in the neighbourhood of the creek crossing Burkill Road and running through Tatung Road, respectfully suggest that, as this creek serves no useful purpose as regards navigation for small boats and is little more than an open drain which has become a serious public nuisance and a menace to the health of the district through which the creek passes, it is advisable that the creek should be culverted as soon as possible.

We respectfully beg to suggest that an investigation be made by the Municipal Council in connexion with this matter, the result of which we feel sure will be to confirm our opinion as to the desirability of culverting the creek in question.

### Health Officer's Report for August.

The severe outbreak of choleraic diarrhœa reached its apex during the last week of July and the first week of August, after which it has rapidly declined. During the weeks ending August 3, 10, 17, 24 and 31 the number of Chinese deaths from choleraic diarrhœa were 150, 102, 27, 24 and 19; while among the resident foreign community there were 7 fatal cases among Japanese and 3 among Europeans.

The disease has been reported in so many parts of China that it may be considered to be general. Efforts were made to ascertain whether progression from place to place was such as would point to conveyance of infection from one place to another after a primary introduction from outside the country. The difficulty in obtaining reliable health data in China is extreme. Even statements that a particular city has remained free must be accepted

Digitized by Google Original from CORNELL UNIVERSITY

with caution. So far no definite spread as of a disease introduced from without seems discoverable. It is more probable that the disease is endemic in Shanghai and many other parts of China, that cases occur every summer, and that when certain conditions synchronise the disease becomes epidemic.

There can be no doubt that the disease presents symptoms like those of Cholera Asiatica, that it is infective in a similar way and calls for much the same preventive measures. In Shanghai, the Cholera vibrio, the cause of Cholera Asiatica, is not generally found; while the case fatality and incidence seems to be considerably less severe than that of Cholera Asiatica. This, however, may be due to the infection not being in Shanghai usually waterborne, a mode of infection which is often much more disastrous than when carried by fruit and other uncooked foods, that is to say, is not likely to infect so many people simultaneously.

There seems no doubt that the incidence within the Settlement has been markedly less severe than in Pootung and the insanitary areas outside the Settlement, where, although the population is relatively small, the number of cases has been reported in thousands. It is only to be expected that the sanitary routine of the Settlement, which has been built up during the last twenty years, should impose such a barrier against infection as would reduce the thousands of cases outside to hundreds within the Settlement.

Compared with the dangerous respiratory group of infections such as Influenza, Pneumonia, Tuberculosis, Scarlet fever and Diphtheria, the prevention of the Choleraic group is easy. The taking of all food, including drink, hot or sterile is practically an absolute preventive. The possible presence of carriers is not considered of paramount importance from a practical point of view; while specific vaccination is not very effective against the Cholera vibrio only, and tends to obscure the importance of the simple food precautions, which are effective not only against Cholera but also against the ever present Dysentery and the Typhoid infections. If these simple food precautions are taken all the time life in the East loses most of its dangers.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water, or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and fly proof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer*

## Engineer's Report for August.

The shortage of labour has been less acutely felt during the month, and it has been possible to carry out Public Works with considerably more expedition.

Special gangs of coolies, paid at a weekly rate, are now being employed, and these, totalling altogether about 500, will form the nucleus for this class of labour in future.

The reclaiming of the Bund Foreshore from Peking Road to Avenue Edward VII is in hand, the work having been commenced at the former end.

The existing roadway is much too narrow for the present day traffic and the new thoroughfare will be sufficiently wide to overcome this drawback. An additional 30 feet wide carriageway will be constructed on the river side of the existing roadway. The new thoroughfare will be 115 feet wide overall, the existing one being only 85 feet, and the areas of the grass plots will remain unaltered.

The same type of stone pitching will be used along the river front as exists at present.

*Roads.*—Asphaltic concrete is being laid in Peking Road from Honan Road to Fokien Road on the existing concrete. A concrete foundation 4-in. in thickness is being laid from Fokien Road to the Koo Ka Loong, and a spall foundation will be laid from the Koo Ka Loong to Thibet Road. Asphaltic concreting will be carried out from Fokien Road to Thibet Road as soon as the construction of the foundations has been completed.

The widening of Bubbling Well Road immediately east of Hardoon Road is approaching completion.

The following roads are being surface treated with asphaltum:—

Quinsan Gardens.
Hanbury Road from Woosung Road to Fearon Road.
Yangtszepoo Road from the Tram Terminus to the Point.

*Bridges.*—The cofferdam for the east abutment of Brenan Road Bridge is completed, and the sheet piles and foundation piles for the west abutment have been driven.

*Bundings.*—The concrete for the Wenchow Road bunding has been completed for about two-thirds of the height.

The construction of the dwarf bunding in Brenan Road fronting the Soochow Creek is practically completed.

A dwarf bunding is being constructed in Lay Road fronting the Yangtszepoo Creek south of the Lay Road Depôt.

*Landing Accommodation.*—Extensive repairs are being carried out on the Tsingpoo Road and Astor Road Jetties.

*Drainage.*—The culverting of the Bubbling Well Road Creek west of Siccawei Road is approaching completion.

The culverting of the Gordon Road creek between Connaught Road and Sinza Road is completed for about one-third of its length.

The culverting of the Singkeipang from Singkeipang Road to Dent Road with 4-ft. 6-in. diameter tube is in hand.

Digitized by Google Original from CORNELL UNIVERSITY

*Central Offices.*—The extension of the third floor is approaching completion.

A consignment of the heating apparatus, and also a further portion of the window casements, have arrived during August.

*Gaol—Deport Block.*—The conversion of the top floor into cells is proceeding, the vermin-proofing of the cells on the lower floors is practically completed.

*Isolation Hospital.*—The premises formerly occupied by the 2nd Assistant Health Officer are being converted into quarters for nurses.

*Thomas Hanbury School for Girls.*—A watchman's house is being erected at the entrance to this school.

*Lay Road Depot.*—An Inspector's office and store shed is being constructed by direct labour.

*Riverside Power Station.*—The foundations for the 1919 Turbine House have been completed, also the support for the south turbine. The concrete work for the north turbine is about half completed.

*Whashing Road Substation.*—Construction has been completed to the level of the first floor and the centering is in place for most of the second story

*Park Road Substation.*—Concrete work for the ground floor has been completed, and the brick walls for the first story have been built.

*Fearon Road Substation.*—The erection of steel trusses for the roof over entrance court has been commenced.

*Pingchiao Quarry.*—975 fong of material was despatched to the Public Works Department during the month.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings collected cartloads | 4,607 |
| Used for raising land | 571 |
| Water used for street watering | 9,548,600 gallons. |

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,669 |
| Artisans | 418 |
| Foremen | 258 |
| Mafoos | 159 |

*Concreteware.*—The following has been produced during the month:—

| | |
|---|---|
| Hand made | 19,335 pieces |
| Machine made | 240 ,, |
| | 19,575 pieces |

*Work Shelters.*—There were 22 admissions during the month and 54 bundles of wood chopped.

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, SEPTEMBER 20, 1919. No. 652

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,

*Assistant Secretary.*

Council Room,

Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2649.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(c) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

### Case of Illegal Detention.

Correspondence with Mr. M. L. Heen and the Senior Consul relative to the illegal detention of a resident of the Settlement:—

Shanghai, August 12, 1919.

DEAR SIR,—I have been instructed to secure the assistance of the Council on behalf of my client Yu Tshung-ling a resident of the International Settlement who was arrested on July 31 and has since been and is still under detention in the Shun Pan Ting (審判廳) in the Chinese city.

My client was the managing partner of a Chinese firm called Yuen Dar Cotton Yarn Hong (元大花紗號), which commenced to operate in the 9th moon of last year at No. 234 Fokien Road but which subsequently failed and went into voluntary dissolution in the 3rd moon, this year. Subsequently in

Digitized by Google Original from CORNELL UNIVERSITY

the month of May, 1919, a criminal charge of false pretences was entered in the Mixed Court against my client who was forthwith arrested on the charge. For want of appearance on the part of the complainants at the time set for trial, my client was discharged.

At about the same time the complainants in the above mentioned criminal case filed two civil petitions against my client and his Hong, each for a claim of Tls. 387.50 and of Tls. 587.50, respectively. These petitions were brought on for hearing before British Assessor Grant Jones and Magistrate Kuan and were dismissed on their merits.

My client resided with his family on the premises of the Yuen Dar Cotton Yarn Hong at No. 234 Fokien Road until the Hong ceased to do business in the 3rd moon of this year as aforesaid, after which he went to live, at 56 Tsepoo Road (七浦路). The institution of proceedings both civil and criminal, in the Mixed Court is evidence that my client was recognized as a resident of the International Settlement and amenable to the jurisdiction of the Mixed Court.

Recently the disappointed plaintiffs renewed their claims of Tls. 387.50 and Tls. 587.50 by petitioning the Chinese City Magistrate who proceeded at once to effect the arrest of my client. The arrest was made on July 31, 1919 at the home of Mr Chen Sho-tso (陳旭初) in the Chinese city, whom my client was visiting at the time. On appearing before the Magistrate my client objected to the jurisdiction of the Magistrate, pointed out that he was a resident of the International Settlement, and protested that the matters for which he was arrested had already been passed upon and adjudicated by the Mixed Court, but the Magistrate passed judgment against him for half of the amount claimed and ordered him into detention pending payment of the judgment. My client is still in custody.

The action and proceedings in the Magistrate's Yamên are clearly in contempt of the Mixed Court, and constitute an invasion of the principle that no Chinese resident shall be removed from the Settlement without a *primâ facie* hearing in the Mixed Court

Under the circumstances, I am directed to request that you will inform the Consular Body of this case with the view to bringing the necessary legal pressure on the City Magistrate in order to secure the immediate release and rendition of my client.

Yours faithfully,

M. L. HEEN.

The SECRETARY,

Municipal Council.

Shanghai, August 25, 1919.

DEAR SIR,—Referring to my letter of August 12, 1919, requesting the Council's assistance with the view to securing the release of my client Yu Tshung-ling (尤春霖) who is under detention in the Shun Pan Ting in the Chinese City, I beg to inquire if there is any development in connexion with this matter.

Yours faithfully,

M. L. HEEN

Council Room,

Shanghai, August 29, 1919.

SIR,—I have the honour to transmit for the information of the Consular Body the enclosed letter and Police report, as to the circumstances of the irregular detention by the Chinese Authorities of a resident of this Settlement named Yu Tshung ling (尤春霖).

From the facts of the case as presented by Mr Heen and confirmed by Police investigation and inquiry, it is apparent that the Chinese Authorities in this instance are unwilling to recognize the jurisdiction of the Mixed Court. The cessation of irregularities of this nature for some months had given ground for the hope that the established principle "that no Chinese resident shall be removed from this Settlement without a *primâ facie* hearing in the Mixed Court" was being observed in good faith by the Chinese Authorities. It is therefore a matter of concern to my colleagues to note this tendency to revert to the illegal methods formerly practised by Chinese officials, and I have accordingly the honour to request that representations be made to the Chinese City Magistrate insisting upon the immediate release and rendition of this resident to the Settlement.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated January 7, 1919.*

I have the honour to inform you that concerning the case of a public road, which is coterminal between the Pu Soon and Fa Hui, has been surrounded by a fence of the Municipal Council, the City Magistrate of Shanghai has requested me to address you with a copy of plan sent to you on February 15, 1918, to ask you to convey the Municipal Council to return the road. It is on file. Now the Magistrate writes to me a further dispatch received from Messrs. Sung Pao-yin, Notable of Pu Soon, and Li Hoon-hu, notable of the Fa-Hui, in which they say that they waited for a reply about this matter for several months, since the area of the road is about 3 fen it is a boundary line of these two villages, therefore it is very important and must not be stopped They think that the Municipal Council is very just and upright, and should not encroach on this land. Both sides of the road are the properties of the Chaoufoong Co. They ask me to request you Senior Consul, to request the Municipal Council to return the road in order to clear the boundary line of those two villages. This has been retarded for nearly one year, and the road has never been returned, please communicate to the Municipal Council and ask them to return the road as soon as possible, awaiting your reply.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated February 15, 1918.*

I have the honour to inform you that I have received a letter from the Shanghai City Magistrate as follows:—

"Mr. Yang Hoong-chun, the notable of Fa-Hui village, and Mr. Song Pao-ying, the notable of Pu Soon, reported that there is a public road situated at the mouth of Jessfield Road and is a coterminal point between the Pu Soon and the Fa-Hui. It is an important point. now it is surrounded by fence of

the International Municipal Council, so the communication of the road has been shut off by that council. Please write to them to return the land.

"I find that this public road is an important road, the east of it, is the 28th Pao 8th, 9th Tu which belongs to the Fa-Hui, and the west of it, is the 28th Pao 4th Tu which belongs to Pu Soon, so this road is a coterminal point. The lands of both sides belong to the Chaoufoong garden.

"I sent representative to look into this matter, after the representative came back and said to me that on January 27 he has examined together with Mr. Yang Hoong-chun, and found that the public road is 300 feet long, north by the Jessfield Road, that is, at the bank of the Soochow river, there was a jetty for ferry. Now the road is surrounded by the fence of the Municipal Council, at both sides of the said road there are boundary-stones about 6 feet apart. According to Mr. Yang the said road was registered at the deed of the Chaoufoong, that there are 6 feet remain for public road, now the property was sold to the Council.

"After the Council has made the fence round the land, they have sent their representative to this village to say that this land will be built a garden, so the said public road also may be used, therefore the Council wish to give the value of the road to us.

"I find that this place, after the Council built road the value of lands are high, but the said road is a conterminal point of the Pu Soon and the Fa-Hui villages, and communicate to the ferry. The Council has not waited the agreement and used at once. Please write to them to return the land."

On receiving the above I have the honour to inform you, Consul-General and Senior Consul, please order the Council to restore the land, and herewith I forward you a plan for your communication and reply.

Council Room,
Shanghai, February 8, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of January 13 transmitting for consideration and reply two letters from the Commissioner for Foreign Affairs on the subject of the former native path in Jessfield Park.

In reply I have the honour to observe that the information given to the Commissioner for Foreign Affairs that the land on both sides of the path is the property of the Chaoufoong Company is quite incorrect, since the path lies entirely within the Council's Park property.

I have the honour further to point out how really trivial and unreasonable is the present complaint, since the Council has gone to the expense of providing a broad and commodious public road on the south connecting with the railway road on the west, and affording far better traffic facilities than were ever provided by the path in question.

Shanghai, July 11, 1919.

SIR,—I enclose herewith for your consideration and reply the copy of the Chinese text and a free translation of a letter from the Commissioner for Foreign Affairs in Shanghai concerning the former native path in the place between Fa-Hui and Pu-Soon.

I have the honour to be,
Sir,
Your obedient servant,

*(Enclosure.)*

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated June 23, 1919.*

With reference to the letter of the Shanghai City Magistrate on the subject of the former native path in the place between Fa Hui and Pu Soon which has been surrounded by the fence of the Shanghai Municipal Council, I have received your letter of February 13 with a copy of letter from the Shanghai Municipal Council which I then transmitted to the Magistrate.

Now the Magistrate brings me the further report of Messrs. Sung Pao-yin, Notable of Pu Soon, and Li Hoon-chu, Notable of the Fa-Hui, in which they say that the land on both sides of the said native path has been sold to the Shanghai Municipal Council by Chen Wen-che (陳文記), but the path was not included. Since the title deed of the Municipal Council made by the Land Office has no path measured within (there is a plan in the Land Office which can be examined). The answer of the Shanghai Municipal Council mentions that the native path lies entirely within the Council's Park property, this is quite incorrect. Because the path is coterminal between the Pu Soon and Fa Hui, in former time there were the boundary stones which lie on the side of it. but after the fence of the Council has been surrounded, we cannot know if the stones are there or not. It makes the boundaries of both villages not clear. Since the native path was not sold by any one, it also is not included within the title deed of the Council, why then did the Council use their encroaching policy to surround the public property? This ought to be returned for clearing the boundary and preserving the power.

In receipt of the above I find the contents of their letter is quite right, while the Council's reply has no proof, I have the honour to ask you, Senior Consul, bring it to the notice of the Municipal Council to ask them to restore the path, much obliged to you.

---

Council Room,
Shanghai, August 30, 1919

SIR,—In reply to your letter of July 11 forwarding Chinese text and free translation of a letter received from the Commissioner for Foreign Affairs in Shanghai concerning the former path traversing the Jessfield Park, I have the honour to allude to my letter of February 8, 1919, concerning this subject, and to deal further with the statement made by the petitioners Sung Pao yin and Lai Hung-chu as to the question of the relative boundaries of their respective parishes.

I have the honour to suggest that if the Commissioner should so desire, the Council would be quite prepared to erect boundary stones in place of the path, and to permit those interested to inspect them at any time.

As a means of communication between villages, however, the path had no practical utility, and has long since ceased to exist; in point of fact it merely proceeded from one village to another, by a narrow and tortuous route, whereas there is now a broad commodious road a little to the west which has been in regular use by the villagers since its construction.

In conclusion I may add that while the above suggestion cannot but be considered a reasonable one, the Council has little doubt that it will not prove satisfactory to the petitioners, since it is not the closing of the small path that they are anxious about, but the sum to be paid therefor; the Tipao of the district sometime ago agreed to relinquish all claim to the path provided that a sum of money was paid to him, which, however, was exorbitant and was not entertained.

I have the honour to be,
Sir,
Your obedient servant,
W. L. MERRIMAN,
*Acting Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

*Armed Robberies.*—During the month two reports were received of armed robberies from dwelling houses. One occurred in Sinza and one in the Louza district.

One case of attempted armed robbery from a shop was reported in the Wayside district.

Four cases of armed highway robbery from the person were reported. Two occurred in Hongkew, one in Sinza, and one in the West Hongkew district. One person has been arrested in connexion with these reports and is at present under remand awaiting trial.

In five of the cases of armed and attempted armed robbery pistol or revolver shots were fired by the robbers, resulting in one person being killed and four others being wounded.

Two persons were also arrested during the month in connexion with robberies committed prior to August 1, 1919, and are at present under remand.

One person was also apprehended during the month on a charge of being a member of a gang of robbers and is also under remand.

Digitized by Google Original from CORNELL UNIVERSITY

Another person was arrested in connexion with an armed robbery committed in the French Concession and handed over to the French Police.

*Murder.*—Two cases of murder have to be recorded during the month, one being a case in which a Chinese named Zung Tuh-we was attacked on August 17 by a gang of men on Yangtszepoo Road. East, and died from the result of wounds which he received; the other victim being the eighteen-year old son of a Chinese woman who was shot and killed by armed robbers on August 26 while sitting outside his house at 2664 East Seward Road. Arrests have been made in both cases.

*Executions.*—During the month four persons who were convicted of having committed armed robberies in the Settlement, were executed at Loonghwa in the presence of a representative of the Municipal Police.

*Mysterious Death.*—Mr. F. E. Weiss, the agent in Shanghai of the Passenger Department of the Canadian Pacific Ocean Services, Ld., disappeared on the evening of August 20. He left the Palace Hotel at about 9.30 p.m. on that date and was not again seen until his body was found on the night of August 22 on a grave mound about 300 yards on the North side of the Pinglang Road in the Yangtszepoo District, with a bullet wound in the head, the throat cut and a razor lying about ten feet to the right of the body. The razor has since been identified by a Japanese barber as one which he sharpened and handed to Weiss about 2½ months ago

A reward of $1,000 was offered by the S. M. C. for information leading to the discovery of his whereabouts after 9.30 p.m. on August 20, and to the establishment of the circumstances which surrounded his death This offer was augmented at a later date by an additional $1,000 offered by the Canadian Pacific Ocean Services, Ld.

The matter has been closely investigated but up to the present no evidence definitely establishing the cause of his death has been found.

*Total Number of Reports of Property Stolen.*—During the month 251 reports of property stolen were made at the various stations. Inquiries were made with successful results in 113 of these cases.

*Chinese and Municipal Taxes.*—The agitation against the payment of the new assessment continued during the greater part of August, but since the 25th of that month the collection of the increased taxes has proceeded satisfactorily.

The agitation against the new assessment was carried on by Street Union leaders, who appear to have received the surreptitious support of some influential members of the Chinese community who are anxious to become members of the Municipal Council. Residents generally did not seem to have any deep rooted objection to the new taxes, and their failure to pay seems to have been the result of a desire on the part of each householder to act similarly to his neighbours.

The campaign of the Street Unions and their abettors against the increased assessment appeared to be well organized. They held meetings and expressed their determination not to pay on any account. Being advised by foreign counsel, whom they had engaged, of the illegality of this course, they expressed their willingness to pay provided Chinese members were admitted to the Municipal Council. They were told that this was a matter for adjustment between the Chinese Government and the Treaty Powers. Despite this explanation, the agitation was continued until the Acting Chairman of the Council wrote to the Chairman of the Chinese Chamber of Commerce intimating that immediate action would be taken to enforce payment of the new taxes. This brought the agitators to their senses. The Street Union leaders and Chinese Chamber of Commerce soon afterwards had a conference, as a result of which a circular was issued in the name of both parties advising the people to pay.

The Chinese ratepayers, who appeared to have grown tired of the agitation and the levies of the agitators, seemed pleased to receive this advice and have been satisfactorily paying their taxes since it was given.

*Arrival of Foreign Recruits.*—Twenty-seven foreign recruits arrived on August 10, followed by a further batch of eight on August 15, bringing the total number under training at the present moment to 35.

*Specials.*—Class F., consisting of twenty-one Special Constables, commenced training on August 13.

*Crimes Reported Beyond Settlement Limits.*—Numerous cases of armed robberies and piracies in the region around Shanghai have been reported during the month. In five instances knife wounds were inflicted on boatmen and on the occupants of houses who resisted or attempted to raise an alarm.

Two cases wherein Chinese were murdered have also been reported from beyond Settlement limits.

*Departure of the Military Governor.*—General Yang Shan-teh, Tuchun of Chekiang province, died on August 13. His place has been filled by General Lu Yung-ziang, Military Governor of Sungkiang and Shanghai, who was transferred to Hangchow on August 15. No appointment has yet been made to the vacancy caused by this transfer.

The departure of the Military Governor is a distinct loss to Shanghai.

*Identification Office.*—During the month 475 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 144 were identified as having a previous conviction or convictions. In addition to the above 142 records were received from the French Police out of which number 76 were identified in the records of this office, making the total for the month:—

## Mixed Court Report for August.

The Mixed Court has sustained a heavy loss in the death of Mr. Wong Chia-hsi ( 王嘉熙 ), Assistant Magistrate, which occurred at Kuling under tragic circumstances during the night of August 27. The late Mr. Wong first took his seat on the Mixed Court bench on August 28, 1911.

Messrs. Grant Jones and Tenney were on furlough during the month.

Five persons were charged with offences connected with the publishing and distributing of "Boycott" literature during the month as against 8 charged in July and 23 in June.

Eighty persons appeared before the Court during the month for keeping unlicensed dogs.

The following foreigners who are not recognized by any Consulate in Shanghai were before the Court during the month on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Mrs. Sachan | German | Threats | Fined $25 or 2 weeks |
| Mrs. Manikus | French | Unlicensed dog | Fined $4 |
| B. Johnsen *alias* Bill Jones | Jamaican | Vagrancy | 3 months' impt. |
| Juno Abdaulai | Algerian | Larceny | Dismissed |

Owing to the Annual Vacation the number of Chinese Civil Cases awaiting hearing at the end of the month has increased to 104. This number falls far short of the number awaiting hearing on the same date in previous years.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

M. O. SPRINGFIELD,

*Acting Registrar.*

Countersigned,

K. J. McEUEN,

Commissioner of Police.

Vol. XII. SHANGHAI, SATURDAY, SEPTEMBER 27, 1919. No. 653

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2649.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(c) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, September 2, 1919.

## MUNICIPAL NOTIFICATION

**No. 2650.**

**TRANSFER OF DEBENTURES REGISTERED IN CHINESE NAMES.**

THE Council has approved acceptance by the Finance Department of Chinese holders' "chops" in lieu of their signatures on all transfers of Debentures, upon the following conditions:—

(*a*) Holders must signify their wishes in writing and must forward two specimens of their "Chop" to the Treasurer for registration.

(*b*) "Chops" must in every case be witnessed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, September 4, 1919.

## MUNICIPAL NOTIFICATION

### Council for 1919.

*Office Bearers.*—The office of Vice-Chairman, and vacancies in the various Committees caused by the recent departure from Shanghai of Mr. Ed. White have been filled by the selection of the following gentlemen:—

Vice-Chairman, Mr. A. Brooke Smith.

Health Committee, Mr. A. Brooke Smith (temporarily).

Electricity Committee, Mr. H. A. J. Macray.

Band Committee, Mr. C. M. Bain.

### Volunteer Corps.

*Volunteer Corps Commission*:—In accordance with Resolution XI, passed at the Annual Meeting of Ratepayers on April 9, Dr. J. R. Hykes, (*Chairman*), Messrs. A. C. Clear, R. E. S. Gregson, S. J. Halse and Major M. H. Logan have been invited and have consented to serve on the Special Commission appointed to enquire into and report publicly upon the condition of "B" Company, British, Shanghai Volunteer Corps, and into the Regulations governing the S.V.C. generally.

### Police Force.

*Foreign Branch Quarters.*—The lease from Messrs. Brandt and Rodgers of No. 21 Tsongchow Road has been renewed for a further period of three years terminating on September 30, 1922.

### Municipal Buildings.

*Yangtszepoo Fire Station.*—Plans have been approved for a fire station to be erected in the Yangtszepoo District on Lot No. 5027, purchased for this purpose in 1916. The estimated cost of the building is Tls. 60,000, and appropriations for part of this sum were included in the successive Budgets of 1917, 1918 and 1919, but hitherto it has been considered desirable to postpone the work and to go very closely into the question of the possibility of erecting a less expensive building, or to erect part only for the present, but finally the Council has arrived at the conclusion that it would be a mistaken policy to save a relatively small sum by constructing a building which would not be equal to modern requirements, having in view the rapid industrial development of the district in recent years, and the valuable mill, and residential property in the vicinity. Authority has, therefore, been given to proceed with the work, and tenders are invited for construction of the building.

The building proposed is to be of fire-resisting construction throughout, with reinforced concrete floors and roof. The external walls are to be of red brick, the ground floor of the main frontages to be faced with artificial stone, and to have stone dressings to windows, etc., on the upper floors.

### Municipal Properties.

*Fearon Road Electricity Station.*—Arrangements have been concluded for the purchase of a piece of unregistered land required for this site, measuring Mow 0.993, for the sum of Tls. 12,600.

*Public School for Girls, Boone Road.*—Correspondence with the Board of Trustees of the Soochow University on the subject of a right of way through the school property from Boone Road:—

Shanghai, June 23, 1919.

Dear Sir,—We, the undersigned, have been appointed by the Board of Trustees of the Soochow University, Methodist Episcopal Church, South, to request the Municipal Council to sell to the Mission a strip of land about ten feet wide off the eastern end of the lot on which the Public School for Girls on Boone Road is located. We wish to obtain a right of way from our lot of land, situated at 18 and 19 Quinsan Road, to Boone Road. We are willing to pay a reasonable price for the strip of land, which we think can be settled by negotiation. This right of way would be a great convenience to us in developing our land, and we trust the Municipal Council can see their way clear to accede to our request. We beg to remind the Council that when, several years ago, they desired us to let them have a strip of our land on the north side of the Public School, at the corner of Chapoo Road and Young Allen Terrace, we yielded to their request and let them have the land at the price they named. We venture to think that in considering the request that we now make they will, in view of our action under similar circumstances, look upon it favourably and agree to our proposal.

Awaiting your reply which we trust will be a favourable one.

Yours faithfully,

A. P. Parker,

W. B. Burke.

N. O. Liddell, Esq.,

Secretary, Municipal Council.

Council Room,

Shanghai, September 19, 1919.

Gentlemen,—In reply to your letter of June 23, requesting that the Council will grant you a right of way, about 10 ft. wide, on the Eastern side of the property known as the Public School for Girls in Boone Road, I am directed to state that the Council willingly acquiesces in your request to obtain this right of way, without payment, provided you will give the Council an equivalent area at the North side of the same lot so as to leave more room for light and air between the school buildings and your property, and provided that you will at your own expense set back the shed which at present stands on piece of land which you desire

I am, Gentlemen,

*Whashing and Yangchow R*

—Negotiations have been concl with Mr. Tam Wa for the surre of the scheduled area of Lots and 2987 on the terms contain the following correspondence:-

Shanghai, July 16, 1

Dear Sir,—Sometime in 1916 you wrote to enquire wh I am prepared to make free render of three strips of land B.C. Lots 4085 and 4125; in I regret to say that I cannot a and wish to point out that wit gard to B.C. Lot 4125 the la only suitable for building a p class of Chinese dwelling h and therefore, a 40 ft. road wou quite ample, and by having a road it would not enhance value of the lot, however, I s suggest that I will surrender the land required for making 40 ft. road, and the Council pay for the extra 10 ft. strip a assessed value.

With regard to B.C. Lot 40 agree to surrender free the coloured pink, measuring Mow and since this lot has a road age of over 100 ft. on the W ing Road, I don't see the val having another frontage on Yangchow Road, and therefor cannot surrender free the lan quired for making up this road am prepared to surrender ag payment at the assessed valu

Council Roo

Shanghai, September 19,

Sir,—I am directed to refe your letter of July 16 on the ject of the surrender for Whashing and Yangchow Roa the scheduled strips of Lots and 2987.

In reply thereto I am to i you that the Council accepts offer to surrender free the wh the land required from Lot 29 the Whashing Road meas Mow 0.115, and such of the of Lot 2987 as is required for ing a 40 ft. road. The rema of the scheduled strip of the named lot consists of a 5 ft. not a 10 ft. strip, since the 10 ft. width must be divided e between yourself and the own the opposite side of the road.

In these circumstances, I directed to inform you that Council's offer for the req surrenders is as follows:—

Whashing Road—Lot 2987—A 5 ft. strip, i.e. Mow 0.115 at Tls. 1,000 per mow

*Hungjao Road.* — Arrangements have been concluded with the native owners concerned for acquisition of the unregistered land required to widen this road to 60 ft., from Warren Road to Rubicon Road a total area of Mow 36.797, at a cost of Tls. 9,413.

### Public Lighting.

*Moulmein Road.*—The recommendation of the Engineer has been approved to erect four 60 C. P. lamps on this road at a cost of Tls. 132 per annum.

### Traffic.

The Kashing Road Bridge will be closed to traffic, during repairs, from Tuesday, September 30, to Thursday, October 9, inclusive.

### Transport.

With reference to the paragraph on this subject published in the Gazette of April 17, the Engineer reports that it is now ascertained that the transport of materials by means of motor lorries can be carried out at a cost of Tls. 0.69 per fong per mile, which would be still further reduced with a reduction in the price of petrol. The cost of transport by wheelbarrows at the rates for labour obtaining to-day approximates Tls. 0.88 per fong per mile, and this rate tends to increase still further.

The budget appropriation for motor wagons this year is Tls. 6,000 only, whereas the amount already expended is Tls. 11,790; at the same time the number of lorries available for departmental use is far from being sufficient, with the result that an average of Tls. 1,300 per month is still being expended on wheelbarrow labour. In the circumstances and having regard to the increasing economy effected by this means of transport, the Engineer's recommendation has been approved to purchase two Stewart 2-ton lorries, one 3-ton trailer and one 1½-ton trailer at an additional cost of Tls. 7,600.

### Public Band.

During the month of October the public performances of the Band will be discontinued as in previous years.

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Digitized by Google Original from CORNELL UNIVERSITY

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

after 3 performances 20%
,, 8 ,, 40%

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

The European musicians are allowed to give private music lessons, with the Conductor's permission obtained in each case.

Applications for engagements and cancellations should be addressed to the Assistant Secretary of Council, Municipal Offices, not less than 24 hours notice should be given in each case. Inquiries concerning details as to performances, music required, etc., may be made of the Condcutor direct (Telephone North 175).

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated waters and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water, or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and fly proof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

Vol. XII. SHANGHAI, SATURDAY, OCTOBER 4, 1919. No. 654

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24s Kiangse Road, to whom all enquiries should be addressed.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2649.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24s Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, September 2, 1919.

## MUNICIPAL NOTIFICATION

**No. 2650.**

**TRANSFER OF DEBENTURES REGISTERED IN CHINESE NAMES.**

THE Council has approved acceptance by the Finance Department of Chinese holders' "chops" in lieu of their signatures on all transfers of Debentures, upon the following conditions:—

(*a*) Holders must signify their wishes in writing and must forward two specimens of their "Chop" to the Treasurer for registration.

(*b*) "Chops" must in every case be witnessed.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, September 4, 1919.

## MUNICIPAL NOTIFICATION

### Road Extensions and Widenings.

*Rangoon Road and Surplus Land.*—Arrangements have been concluded for the straightening of the road by the purchase of Mow 0.996 of land at Tls. 1,200 per mow, Tls. 1,195.

This arrangement will result in leaving in the Council's hands a small piece of surplus land which, with part of the old road land, will measure Mow 1.361.

### Municipal Service Club.

The premises at No. 34 Whangpoo Road, utilized by the above mentioned Club, having become unsuitable and the necessity of obtaining other accommodation evident, negotiations have been concluded with the Shanghai Land Investment Co., Ld. for the lease of premises at No. 8B Peking Road, for three years, terminating on August 31, 1922.

### Public School for Girls.

*Kindergarten.*—The lease from Mr. J. Ambrose of No. 24 Kungping Road has been renewed for a further period of two years terminating on November 30, 1921.

### Public Lighting.

*Bubbling Well Road.* — The Engineer's recommendation has been approved, to erect two 60 C.P. lamps on the section of this road between Tifeng and Siccawei Roads, at a cost of Tls. 66 per annum.

### Hongkong University Scholarships.

With reference to the offer of Mr. Edward I. Ezra, late Chairman of the Chinese Educational Committee, to provide scholarships at the Hongkong University for two pupils from the Public School for Chinese and for one pupil from the Ellis Kadoorie Public School for Chinese, the Council has learnt with pleasure of the success of Mr. Zung Foh-nyeu, a pupil at the Ellis Kadoorie Public School for Chinese, in passing the Matriculation Examination of the above mentioned University. Accordingly the Council has offered and Mr. Zung Foh-nyeu has signified his acceptance of the scholarship set apart for the successful pupil at the Ellis Kadoorie Public School for Chinese.

### Fire Brigade Report for August.

The total number of calls to fires, or supposed fires, during the month was 26, as against 23 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 15,550 (Foreign, Tls. 1,000; Chinese, Tls. 14,550), as against Tls. 87,575 (Foreign, Tls. 70,000; Chinese, Tls. 17,575 during August 1918. The property at risk is estimated at Tls. 645,000 (Foreign, Tls. 500,000; Chinese, Tls. 145,000), as against Tls. 715,000 (Foreign, Tls. 525,000; Chinese, Tls. 190,000) for the corresponding period last year.

The calls were received as follows:—Telephones 16, Watch Towers 9 and Police 1.

The district call was given on 6 occasions, the remaining 20 being station calls.

These calls proved to be 13 small fires, 1 chimney fire, 5 false alarms (3 of which appeared to be malicious) and 7 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Spontaneous combustion | 2 |
| Candle left burning on goods | 1 |
| Candle upset | 1 |
| Arson | 1 |
| Sparks from chimney | 1 |
| Defective flue | 1 |
| Charcoal iron upset | 1 |
| Gasolene vapour ignited by matches | 1 |
| Unknown | 4 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 1 |
| Chinese buildings | 14 |

Of these eight houses were more or less damaged by smoke, fire and water.

The water used at fires during the month was 161,300 gallons.

The Brigade was occupied 239 hours and 5 minutes at fires, or supposed fires.

The fires of note during the month were:—

*Q 193 Tientsin Road, August 5, at 3.26 a.m.*—This was a piece goods godown attached to, and at the back of, No. G 465 Fokien Road, which was found to be in flames. The fire had obtained a very strong hold—however the Central and Sinza Divisions practically confined the damage to the godown, cutting the fire off at the doorways on the ground and first floors of the shop, and in doing so effected a good stop.

Digitized by Google Original from CORNELL UNIVERSITY

It is interesting to note that although the fire was a severe one, the damage to the godown was but Tls. 11,000 and there was only Tls. 400 damage to the contents of the shop.

*PA 80 off Tsepoo Road, August 6 at 2.04 p.m.*—The upper portion of No. PA 80 off Tsepoo Road was found to be well alight, and there was an unusually large quantity of black smoke emitting from the premises, which was suspicious. For this and other reasons, as soon as the room could be entered, a minute examination was made, and it was found that the place had been set on fire. Practically all the goods had been piled in the centre of the room, and soaked with kerosene. Another outbreak had been started on the verandah.

A man was arrested by the Police, and admitted that he had set the premises on fire for spite. He was charged at the Mixed Court, but was found to be mentally deficient, and was sent to his Native home by the Chinese Authorities.

*Off Robison Road, August 32 at 10.10 p.m.*—The east end of a godown under construction at the Edison Lamp Works was found to be well alight, and the sparks and flame were being driven right across to the two godowns on the south. The Sinza Division had to lay a long line of hose down from the factory. Particular attention was paid to some building materials, which were alight between the godowns in question, and the fire cut off from the western portion of the godown. Additional lines of hose were laid from Robison Road, and with a section of Central, the Sinza Division were successful in confining the fire to the east end of the godown, and undoubtedly saved the two other godowns, which contained merchandize, etc., to the value of Tls. 500,000.

*O 287-8 Kiukiang Road, August 27 at 4.25 a.m.*—This fire endangered the Wing On Extension, under construction, and the Central Division were hampered in their operations, by the ground valve of the nearest hydrant being fenced in. Apart from this at the time of the outbreak there was a stiff south easterly wind, and a number of tins of turpentine, etc., in the building, and several of the Brigade had narrow escapes. The Dar Woo Dah Theatre was also endangered, however the Central and Sinza Divisions practically confined the fire to where it was found, Nos. 287-8, a brass smith's shop, which was badly damaged.

Attention must be drawn to the dangerous practice, which is new as far as this Department is concerned, i.e. the giving of malicious false alarms, such as were received on August 22, 23 and 30 when in each case telephone messages were, received from certain buildings, stating there was a fire on the premises. On arrival of the Brigade it was found that the call had absolutely no foundation, and that such messages had not been sent from the premises in question.

M. W. Pett,
*Chief Officer.*

## MUNICIPAL NOTIFICATION

**No. 2649.**

**Municipal Investment Bank.**

WITH a view to the provision of facilities for accumulating savings for periodical investment in Municipal Debentures, the Council has sanctioned the establishment of a Municipal Investment Bank.

Deposits will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

(*Enclosure.*)

August 1, 1919.

SIR,—With reference to your No. C.R. 8029 'G', dated May 15, 1919, I am commanded by the Army Council to inform you that the report of the inspection of the Shanghai Volunteer Corps by Colonel J. R. Young, Chief Engineer, China Command, has been read with great interest.

I am to request that you will convey to the Commandant the appreciation of the Army Council of the high standard of training and *esprit de corps* reported.

I am to add that every assistance possible will be given in arming the Corps with more modern weapons, particularly in the way of guns and machine guns.

18-pounder guns will be supplied to replace the 15 pounders as soon as shipping is available. It is considered that 4.5″ howitzers would be too heavy, and there is no prospect of there being sufficient 3.7″ mountain howitzers for at least two years. Later pattern machine guns will also be supplied as soon as they are available.

I am, Sir,
Your obedient servant,
(Sd.) B. B. CUBITT.

The GENERAL OFFICER COMMANDING,
China Command, Hongkong.

Council Room,
Shanghai, October 3, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of September 17, transmitting a communication received from the War Office, intimating the Army Council's appreciation of the high standard of training and the *esprit de corps* of the Shanghai Volunteer Corps, as evidenced in the inspection report of Colonel J. R. Young, Chief Engineer, China Command.

On behalf of myself and my colleagues, I have the honour to inform you that the Council is highly gratified with this expression of appreciation, as also to convey to you its sincere thanks for your kind representations which have resulted in the Army Council's ready and much valued promise of assistance in re-arming the Corps with more modern equipment.

I have the honour to be,
Sir,
Your obedient servant,

Letter from the Italian Consul-General with Council's reply:—

Shanghai, September 26, 1919.

SIR,—I have the honour to inform you that I have to-day handed over to the Shanghai Volunteer Corps two machine guns with accessories and ammunitions, which are loaned by the Italian Government to the Shanghai Municipal Council for use of the Italian Company of the Shanghai Volunteer Corps.

The conditions of the loan are those stated in Major Trueman's letter of May 23, 1919 to Mr. Chieri, with the exception of some details which can be settled between them.

A further supply of ammunitions and fifty rifles also for the armament of the Italian Company will arrive on the Italian Gunboat Caboto and will be then handed over to Mr. Trueman.

I have the honour to be,
Sir,
Your obedient servant,
G. DE ROSSI,
*Consul-General for Italy.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

---

May 23, 1919.

DEAR MR. CHIERI,—Referring to our conversation about the proposal made by the Italian Minister concerning the loan of two machine guns for the use of the Italian Company.

I have ascertained unofficially from the Chairman of the Council that the guns would be accepted by the Council on the following conditions:—

1.—The guns would be loaned to the Council as an addition to the armament of the Corps, in the same way as the British Government has loaned the battery of 15 pdr. guns to the Council.

2.—The machine guns would be manned by Italians now forming the Italian Company of Infantry, for the reason that, it is not now and probably never will be, possible to raise the strength of the Italian Company to that of an effective infantry unit.

3.—The machine guns would be provided with light field carriages for man handling.

4.—The calibre of the Italian machine guns is, I think, .256 (inches) while all our small arms ammunition is .303. It would therefore be necessary for the Italian Government to provide ammunition for the guns, and I would suggest, 200 rounds per month per gun for training and practice, and a reserve of 10,000 rounds not to be used except for service.

5.—The guns and ammunition would be stored at S.V.C. Headquarters and under the control of the Commandant of Volunteers.

6.—If the Italian Company should be disbanded, the guns would be returned to the Italian Minister.

I shall be glad to hear from you that it is possible for the guns to be loaned on the foregoing conditions.

Yours sincerely,
T. E. TRUEMAN,
*Major, Commandant, S.V.C.*

LIEUT. V. CHIERI,
Commanding Italian Co. S.V.C.

Council Room,
Shanghai, October 3, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of September 26, on the subject of the loan by the Italian Government to the Council of two machine guns with accessories and ammunition for use by the Italian Company of the Shanghai Volunteer Corps.

In reply, I have the honour to convey to you an expression of my colleagues' sincere appreciation of this generous loan which they cordially accept upon the conditions stated in Major Trueman's letter to Mr. Chieri, dated May 23, 1919. I have also the honour to accept and thank you for the further supply of ammunition and fifty rifles which will shortly arrive on the Italian gunboat Caboto.

## Health Officer's Report for September.

The epidemic of choleraic diarrhoea, which commenced at the beginning of July and reached its maximum in the first week of August, exhausted itself earlier than expected, comparatively few cases occurring in September. In previous epidemics the month of September has been almost as deadly as August. This rapid flare up and early termination is probably accounted for by the long period of comparative immunity since 1912 when choleraic diarrhoea last assumed epidemic proportions. Previous to 1912 there was, in recent

Digitized by Google Original from CORNELL UNIVERSITY

years, a very severe epidemic in 1907 followed by a lessened though still epidemic incidence in 1909 and 1910. In all these years except the present the epidemic was severe in September. During the present epidemic the number of Chinese deaths during July, August and September was 296, 283 and 69. During the weeks ending September 7, 14, 21 and 28 the number of deaths among Chinese from all forms of acute diarrhoea was 29, 18, 7 and 9.

No new features, not touched upon in the reports for July and August, were observed during the month under review.

Amoebic Dysentery has shown its customary prevalence. There has been a considerable incidence of Beri-beri among the Japanese community.

Towards the end of the month there were signs of a commencing special prevalence of Paratyphoid fever among both foreigners and Chinese. Those who have neglected to follow the recommendations of the Public Health Notice as to vaccination against the Typhoid fevers in May of each year are advised to obtain this protection without further delay. During the first few years of residence in China Typhoid Vaccination should be repeated annually. In order to avoid interference with work it is advised to have the first injection on Saturday and the second on the following Saturday. In this way the slight indisposition following the first vaccination may be mitigated by a quiet lie off during the week end. It saves time and inconvenience to have Smallpox vaccination done at the same time. These vaccinations have practically wiped out Typhoid fever and Smallpox from armies where done systematically. A much stricter routine of life is called for in China than at home in order to keep well. The best time for vaccination against Smallpox is the present so as to be forearmed against its inevitable recurrence during the early winter months.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

Vol. XII. SHANGHAI, SATURDAY, OCTOBER 18, 1919. No. 656

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

**MOTOR CAR OR OTHER MOTOR VEHICLES.**

THE following additional licence conditions will be enforced with effect from October 20:—

10A.—That the driver furnish to the Police the earliest information possible regarding any suspicious conduct or movements of any person whilst being driven by him.

10B.—That the licensee of public motor cars keep a register wherein shall be entered the name and address of any person hiring a car whether the hirer pays cash or not for the hire, which register shall at all times be open for inspection by the Police.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 9, 1919.

## MUNICIPAL NOTIFICATION

**No. 2656.**

THE public is reminded that licence fees on private vehicles for the December Quarter are now due.

Residents owning Motor Cars, Carriages, Ricshas, Ponies, etc., are therefore requested to take out the necessary licences without delay, for which purpose application must be made at the Revenue Office, accompanied in every instance by the amount of the licence fee. The owners of any vehicles, etc., found to be unlicensed are liable to prosecution under Land Regulations XIII and XIV.

Mafoos or coolies in charge of vehicles, etc., are required to produce the licence card when called upon to do so by the Police.

Dog owners who have not yet taken out licences for the current year are requested to make application for the same at the Revenue Office.

All Dogs must be licensed and muzzled.

The decision reached by the Central Government in the early part of September to send another Peace Delegation to Shanghai caused a considerable stir in political circles here. Despite the often expressed desire of the Southerners for peace, the decision of Peking was the signal for a campaign in the Kuomintang press against the personnel of the Northern Delegation, and threats were loudly made that the South would not consent to treat with them. Undaunted by these fulminations Mr. Wong Ih-tang, who had been appointed Chief of the Northern Peace Delegation, arrived here on September 19, having been preceded by the other Northern delegates. Seven of the latter had called on Mr. Tang Shao-yi, Chief of the Southern Peace Delegation, the previous day. Learning from them that Mr. Wong would not change his decision to come to Shanghai, Mr. Tang shifted his ground somewhat. Instead of refusing to consider an interview with Mr. Wong because of his personality, Mr. Tang was now prepared to meet him under certain conditions, and once more had resort to the present Anti-Japanese feeling to find an excuse for declining to resume the conference. Mr. Tang told the Northern delegates that he would not receive Wong Ih-tang until the Central Government had published all its agreements with Japan, and issued a full statement of China's financial obligations to Japan.

Mr. Wong has not seen his way to comply with this demand, but he has remained in Shanghai and his presence here is causing considerable discomfiture to the Southern party which fears a popular clamour for the resumption of the Peace Conference. The Kuomintang press is already anticipating this eventuality by spreading reports that the Northern delegation is bribing loafers to carry on an artificial agitation for peace. Whether Mr. Wong Ih-tang is successful in inducing the Southerners to meet him or not, his mission is likely to hasten peace in so far as it will have convinced the people of the desire of the Northerners to end the civil strife and the anxiety of the Southerners to perpetuate it.

The Street Union Leaders have been active during September trying to perfect their organization. They have formed a Central Association and have entered into an alliance with the Students' Union. They suffer at present from lack of funds, and popular support is on the wane.

Digitized by Google Original from CORNELL UNIVERSITY

They are, however, likely to persevere, for the leaders realize that their present positions give them the chance of becoming the leaders of any popular agitation which may arise.

The Unions are still made use of by political agitators. At a meeting which they held at No. 22 Bubbling Well Road, the office of the National Press Association, on September 22, they decided to ask residents to display posters expressing their opposition to Mr. Wong Ih-tang, Chief Northern Peace Delegate. Several shops acted on their request and exhibited such posters between September 23 and 26.

Nobody has so far been appointed to fill the post of Military Governor of Shanghai rendered vacant by the departure of General Lu Yung-ziang who was promoted successor to Tuchun Yang of Chekiang who died on August 13, 1919. The position has not been left vacant through lack of candidates of whom there seems to be a superfluity. Different cliques are, however, pulling the strings to secure the appointment of their nominees, and the Central Government seems to avoid making the appointment through fear of offending any of those conflicting interests. There is no reason to doubt the ability of the temporary occupant of the post, but it would seem desirable in the interests of peace and good order that a permanent Military Governor be appointed as soon as possible. Dangerous elements are already beginning to take advantage of the present unsettled state of affairs. The Anti-Japanese agitators, who were prohibited by General Lu from holding public demonstrations since July 1, held meetings in the Public Recreation Ground, near St. Catherine's Bridge, on September 7 and 21. The "Wheel" gang has also made bold to resume gambling at No. 28 North Honan Road Extension, in the immediate vicinity of the house where they operated formerly. The new place is called the "Auction Bridge Club" and was opened during the first week of September.

Korean nationalists in Shanghai have been active during the past month. They seem to have made the Western part of Frenchtown their headquarters. They have been publishing a newspaper in Korean since August 21 which appears thrice weekly. It prints criticisms of Japanese rule in Korea, and talks outspokenly about freedom and self-determination. An announcement appeared in this paper on September 11 saying that Shanghai had been chosen as the seat of the provisional Government of the so-called Korean Republic.

*Robberies.*—No report of armed robbery was received during the month.

One case of attempted armed robbery occurred, in the Wayside district in which one person was arrested who after trial was remitted to the Court of the Shanghai Military Governor.

Two cases of unarmed highway robbery from the person were reported. One occurred in Bubbling Well, and one in the Central district. One person was arrested in connexion with the former report, the case against him being eventually dismissed.

Seven persons were arrested during the month in connexion with robberies committed prior to September 1, 1919. Six of these after trial at the Mixed Court were remitted to the Court of the Shanghai Military Governor and the case against the other was dismissed.

Four persons were also arrested on a charge of being in possession of firearms. Three were sentenced to imprisonment in the Municipal Gaol and the case against the other was dismissed.

Eight persons were arrested for being concerned in armed robberies committed outside the Settlement limits. They were charged at the Mixed Court and handed over to the Court of the Military Governor.

The person referred to as being under remand at the end of August 1919 on a charge of armed highway robbery was, after trial at the Mixed Court, handed over to the Court of the Shanghai Military Governor.

Of the two persons referred to as being under remand at the end of August 1919 on charges of robbery, one was remitted to the Court of the Military Governor, and the other was sentenced to imprisonment at the Municipal Gaol.

The charge against the person referred to as being under remand at the end of August 1919 for being a member of a gang of robbers was amended to that of loitering and he was sentenced to imprisonment in the Municipal Gaol.

The total number of persons handed over to the Court of the Military Governor for the month of September was eighteen, one being charged with murder, thirteen with armed robbery, and four with armed robbery and murder.

*Arrests in Connexion with Bomb Cases.*—In the report for the month of July 1919, reference was made to the arrest of ten persons charged in connexion with the sending of threatening letters and bombs to various places in the Settlement during the year. The charge against four of these persons was withdrawn by the prosecution. Of the remaining six, one was sentenced to three years' imprisonment and five were expelled from the Settlement for a period of three years.

*Murder.*—In connexion with the two cases of murder referred to in last month's report wherein arrests were made in both cases, five men were arrested and convicted in the Yangtzepoo case, one being remitted to the Court of the Shanghai Military Governor and four sentenced to various terms of imprisonment. In the East Seward Road case four men were charged. These men, together with three associates, were remitted to the Court of the Military Governor.

*Reports of Property Stolen.*—During the month a total of two hundred and thirty-six reports of property stolen were made at the various stations. Inquiries were made with successful results in eighty-one of these cases.

*Identification Office.*—During the month 557 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 173 were identified as having a previous conviction or convictions. In addition to the above 204 records were received from the French Police out of which number 93 were identified in the records of this office, making the total for the month:—

## Report of Commissioner of Public Works for September.

It frequently happens that letters affecting matters that come under the control of the Public Works Department are addressed to other Departments. This often leads to delay which can be obviated if all communications with regard to the following are addressed direct to the Public Works Department, viz:—

Construction, Maintenance, Cleansing and Watering, and Lighting of Public Roads.

Construction and Maintenance of Sewers.

Construction and Maintenance of Bridges and Culverts.

Conservancy of Creeks and Waterways, including Bunding works and Landing Accommodation.

Permits for New Buildings and for alterations or additions to Buildings.

Acquisition of land for new roads and for road improvement works.

Matters relating to Parks and Open Spaces and Roadside Trees.

The survey and preparation of Official Plans of all Consular lots and their recording on the Municipal Plans and in the Municipal Cadastral Registers.

The defining by stones of all Municipal roads and properties.

All communications should be addressed to the Commissioner of Public Works, and not to individuals.

Good progress has been made during the month with the construction of asphaltic concrete roads, work having been completed in Peking Road from Fokien Road to Chekiang Road and in Kiukiang Road from Kiangse Road to The Bund. A commencement was also made towards the end of the month on the reconstruction of Peking Road west of the Bund, but the rainy weather that set in at about that time delayed its progress.

### Public Band.

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

per hour or part thereof

| European | Manilaman |
|---|---|
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Digitized by Google Original from CORNELL UNIVERSITY

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

after 3 performances 20%
" 8 " 40%

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

The European musicians are allowed to give private music lessons, with the Conductor's permission obtained in each case.

Applications for engagements and cancellations should be addressed to the Assistant Secretary of Council, Municipal Offices, not less than 24 hours notice should be given in each case. Inquiries concerning details as to performances, music required, etc., may be made of the Conductor direct (Telephone North 175).

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

**Mixed Court Report for September.**

The Mixed Court has been notified of the appointment of Mr. Loh Zau-tsoong (陸紹宗) to fill the vacancy occurring through the death of Assistant Magistrate Wong Chia-hsi (王嘉熙), and the appointment of Mr. J. E. Jacobs as Assessor sitting in Chinese Civil Cases in place of Mr. C. J. Spiker transferred to Antung.

Contrary to expectations no errors in respect to time were made by the Chinese interested in litigation throughout the period that the Daylight Saving Scheme operated.

177 opium cases occupied the Court's attention during the month as against 87 in August.

17 persons were before the Court charged with keeping unlicensed and/or unmuzzled dogs as against 97 in August.

The undermentioned foreigner, who is not recognized by any consulate in Shanghai, was before the Court during the month on a criminal charge:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Jacob Greenfield | Jew | Wounding | 3 months' impt. and to be deported |

There were awaiting a first hearing at the end of the month 15 Foreign Civil Cases and 129 Chinese Civil Cases.

Two persons were charged with attempting to file a fraudulent security bond and were sentenced respectively to $100 fine or 2 months' imprisonment and $30 fine or 3 weeks' imprisonment.

The sub-tenant of a house in the West Hongkew District was sentenced to a fine of $3 or 2 days' imprisonment for Contempt of Court by breaking the Mixed Court Seals and removing his furniture. The sub-tenant satisfied the Court that he had paid rent to the tenant and had notified the landlord's shroff to this effect.

Here follow returns of Offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Acting Registrar.*

Residents desirous of subscribing should communicate with the Librarian at the Town Hall.

## Public Band.

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

after 3 performances 20%
,, 8 ,, 40%

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

The European musicians are allowed to give private music lessons, with the Conductor's permission obtained in each case.

Applications for engagements and cancellations should be addressed to the Assistant Secretary of Council, Municipal Offices, not less than 24 hours notice should be given in each case. Inquiries concerning details as to performances, music required, etc., may be made of the Conductor direct (Telephone North 175).

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, NOVEMBER 1, 1919. No. 658

## MUNICIPAL NOTIFICATION

No. 2647.

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

No. 2655.

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

### Public Band.

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

| | | |
|---|---|---|
| after 3 | performances | 20% |
| ,, 8 | ,, | 40% |

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

## MUNICIPAL NOTIFICATION

**No. 2659.**

**REGISTRATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**

**(Cancellation of Permit Conditions Nos. 2 and 4).**

NOTICE is hereby given that Conditions Nos. 2 and 4 of the Permits issued to German and Austro-Hungarian subjects in pursuance of the provisions of Municipal Notification No. 2466 have been cancelled as from this date. Accordingly German and Austro-Hungarian subjects are no longer required to present themselves at the Police Stations of their Districts in order to have their Permits checked by the Police.

By order,

N. O. LIDDELL,

*Secretary*

Council Room,

Shanghai, November 5, 1919.

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24s Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,

*Assistant Secretary.*

Council Room,

Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24s Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, October 16, 1919.

**China's War Measures.**

Correspondence with the Senior Consul on the subject of the Enemy Subjects' Regulations issued by the Chinese Government :—

Shanghai, October 23, 1919.

SIR,—I have the honour to enclose herewith for your consideration the copy of a letter and a free translation thereof dated October 14 from the Commissioner for Foreign Affairs concerning enemy subjects.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Senior Consul.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

(*Enclosure*)

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated October 14, 1919.*

The Commissioner is in receipt of a note from the Military Governor of Sungkiang and Shanghai intimating that he has received a despatch from the Military of War stating that the Kuo Wu Yuan (Parliament) stating that the Ministry of the Interior has suggested that as the War has come to an end certain of the regulations concerning the disposition of Enemy Subjects should be withdrawn and has asked for their (the Parliament's) consideration and decision in the matter. The Kuo Wu Yuan (Parliament) accordingly held a meeting when this matter was discussed and decision in the matter reached and a copy of the printed documents has been forwarded to the Ministry (of the Interior) for action. The Ministry (of the Interior) will address the several authorities concerned and it has forwarded a copy if these documents to the Military Governor (of Sungkiang and Shanghai) requesting his attention to them. The Governor has in turn sent a copy of these papers to the Commissioner for Foreign Affairs asking him to proceed according to their instructions. The Commissioner will act according to the instructions contained in these papers, at the same time he forwards herewith a copy of the documents to the Senior Consul asking that the Consular Body take note of the same.

The Enemy Subjects' Regulations, which shall be withdrawn, are as follows :—

1. Rules for dealing with enemy subjects :—

To be withdrawn :—Rule 4 relating to the removal of enemy subjects.

To be withdrawn :—Rule 6 prohibiting enemy subjects from travelling.

To be withdrawn :—Rule 7 prohibiting enemy subjects entering Chinese territory (Instead, the rule is amended to read "The subjects of Germany and Austria are prohibited from entering Chinese territory, except with the permission of the Chinese Government).

To be withdrawn :—Rule concerning the custody of enemy subjects.

2.—System of enforcing the rules for dealing with enemy subjects :—

To be withdrawn :—Rule 4 regarding special permission for the removal of enemy subjects. It is now stipulated that they shall report changes of residence to the local Authorities.

Rule 10 prohibiting enemy subjects from selling or dealing in books or printed matter. It is now stipulated that they may do so to some extent provided they abide by the conditions governing publication, etc.

3.—Arrangements for the registration of enemy subjects in various districts are withdrawn.

4.—Provisional relief arrangements are cancelled.

5.—Arrangements for the disposition of enemy subjects giving full details and conditions may be considered as things of the past and are, therefore, cancelled.

6.—If there are any other rules which the Ministry consider shall be withdrawn, notice will be given in due time.

### Electricity Department.

REPORT ON THE HALF-YEAR ENDING JUNE 30.

The result of the half-year's working will, I trust, be received by the Committee with satisfaction. The sales of electricity and profit therefrom shew a marked improvement as compared with the same period last year. The sales of electricity during the second half of the year are usually greater than in the first half, therefore it is reasonable to anticipate that the profits for the whole year will exceed the amount estimated.

A satisfactory increase has taken place in the units sold, and it will be noted that the lighting units have increased by over three-quarters of a million. This is a notable improvement over the first half of last year, when the units sold actually showed a decrease of 762,473 on the corresponding six months of 1917.

The power units have increased from 30,856,075 to 35,916,019.

An indication of the growing output of electricity may be gathered from the table below, which shows the total units generated from January to June in the years 1916 to 1919:—

| | 1916 | 1917 | 1918 | 1919 |
|---|---|---|---|---|
| Jan. | 6,192,641 | 7,736,742 | 9,685,786 | 10,658,689 |
| Feb. | 5,125,220 | 7,588,358 | 7,064,410 | 8,841,254 |
| March | 5,919,855 | 8,580,384 | 8,898,713 | 10,382,030 |
| April | 5,550,294 | 7,805,295 | 8,490,604 | 9,723,958 |
| May | 5,522,714 | 7,630,668 | 8,453,117 | 9,962,837 |

The conditions under which the generating and distributing plant have been operating were, of course, not satisfactory owing to shortage of plant and distributing cables. The shortage of plant prevented examination and overhaul of the turbine plant, and the shortage of feeder cables meant a certain amount of overloading with consequent losses, but considering the circumstances under which the supply of electricity has, of necessity, been carried on, the results lend encouragement to the anticipation that when the new plant is

working and there is a sufficient number of underground cables operating at 22,000 volts instead of 6,600, as at present, very marked economies should be effected with consequent saving in cost of production.

With regard to the plant ordered last year, a considerable amount of underground cable has arrived and already been laid and one cable is already in commission. Deliveries of other important contracts have also been made and generally speaking the deliveries, although not up to the contract time, have been made so that the preparatory work carried out locally has not been completed long before the arrival of the various items of plant.

## Fire Brigade Report for September.

The total number of calls to fires, or supposed fires, during the month was 24, as against 25 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 144,300 (Foreign, Tls. 136,050; Chinese, Tls. 8,250), as against Tls. 19,350 (Foreign, Tls 10,300; Chinese, Tls. 9,050 during September, 1918. The property at risk is estimated at Tls. 4,370,500 (Foreign, Tls. 4,322,000; Chinese, 48,500), as against Tls. 546,500 (Foreign, Tls. 453,000; Chinese, Tls. 93,500) for the corresponding period last year.

The calls were received as follows:—Telephones 12, Watch Towers 8, Police 2, Street Alarm 1 and Staff 1.

The district call was given on 6 occasions, the remaining 18 being station calls.

These calls proved to be 1 large and 13 small fires, 1 chimney fire, 3 false alarms (2 of which were malicious) and 6 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Dropped match or cigarette end | 4 |
| Lighted paper carelessly dropped amongst rags | 1 |
| Defective chimney | 1 |
| Belting overheated | 1 |
| Overheating of rollers of dust collecting machine | 1 |
| Electric wire in contact with gas pipe | 1 |
| Short circuit of electric wire | 1 |
| Child playing with fire | 1 |
| Naked light in contact with gasolene fumes | 1 |
| Unknown | 2 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 5 |
| Chinese buildings | 13 |

Of these 2 buildings were destoyed by fire, and 11 others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 182,315 gallons.

The Brigade was occupied 408 hours and 45 minutes at fires, or supposed fires.

For the three quarters of the year ending September 30, 1919, the number of calls to fires, or supposed fires, was 194, as against 252 for the corresponding period last year. The estimated damage to property and contents was Tls. 360,875 (Foreign, Tls. 287,400; Chinese, Tls. 73,475), as against Tls. 320,075 (Foreign, Tls. 204,200, Chinese, Tls. 115,875) at fires within the Settlement limits during the same period last year, whilst the estimated risk was Tls. 8,145,200 (Foreign, Tls. 7,353,000; Chinese, Tls. 792,200), as against Tls. 6,231,400 (Foreign, Tls. 5,032,400; Chinese, Tls. 1,199,000) up to September 30, 1918.

It will be noticed that the Foreign loss has increased by approximately Tls. 80,000, whereas the Chinese loss has decreased by nearly Tls. 45,000 and moreover there is a considerable increase in the property at risk, i.e., nearly Tls. 2,000,000.

The fires of note during the month were:—

*Pootung, September 2, at 4.15 a.m.* Valuable assistance was rendered at a large fire in the village at the back of the Le Nee Du Wharf, where, but for the services of the Brigade, the whole village would have been wiped out, instead of there only being about 25 shops, etc., destroyed.

*B 1690/1 Sinza Road, September 7, at 4.44 a.m.*—The Sinza Division found Nos. B 1690/1 Sinza Road, a candle and cigarette shop, well alight. Owing to a late call and the inflammable nature of the contents the fire burnt with extraordinary fierceness. It was some considerable time before this fire was finally extinguished, as there was undoubtedly a quantity of gasolene on the premises, which for the some time defied all efforts to overcome it. One shop was practically destroyed and two others damaged.

*47/8 Szechuen Road, September 7, at 11.34 p.m.*—The Central Division by smart work prevented an exceedingly serious fire in the large office and godown block, at the junction of Foochow and Szechuen Roads mainly occupied by Messrs. Liddell Bros. The outbreak which was at the south-west corner of the building, on the second and third floors, was spreading rapidly and with a first aid line of hose was promptly extinguished with little damage. Another three or four minutes and the fire would have gained such headway that it is doubtful whether it would have been possible to save the godown.

*1998 Great Western Road, September 13, at 1.30 a.m.*—Another good stop was effected at 1998 Great Western Road, where a fire started in rather a dangerous position, namely in a cupboard under the staircase. The outbreak was mainly confined to the staircase.

*Chapei, September 21, at 11.10 a.m.*—Assistance was again rendered to the Chapei Brigade to rather a serious fire at Haining Road Extension some distance from the Settlement Boundary, where a conflagration took place.

*5 Mokanshan Road, September 22, at 10.05 p.m.*—A telephone message was received for a fire at No. 5 Mokanshan Road, and the No. 2 mill at the Fook Shing Flour Mill, a building about 90 feet high, was found to be in flames along the roof ventilator, the top floor and a portion of the third floor. A line of hose was laid across from Mokanshan Road from the nearest hydrant, some distance away up to the third floor to damp down the lower floors as much as possible, but the supply of water, even with the pump, was insufficient for such purposes. However the fire had obtained too good a hold above and worked down the shafts, etc., with such rapidity that some of the men had narrow escapes in getting down to the ground floor. The mill had no fire protection and the interior was constructed almost entirely of wood and in a dirty condition and was quickly a furnace. A number of explosions occurred. A pump worked from the creek, two other lines of hose were laid and the godowns which were in close proximity damped down, and carefully watched. Fortunately the Float arrived in time to render valuable aid in this work.

## Public Band.

*Band Tariff.*—The Council has sanctioned minor alterations in the tariff of charges for the Band, the chief modification being that in future one free rehearsal will be allowed only in cases of engagement of the full or half-Band, all other rehearsals being charged for at one-third the tariff rate, instead of one-half as heretofore; that discounts shall be allowed only on engagements of the full and half Band, and shall be 20 per cent. after three performances and 40 per cent. after eight performances during a season, and that the double rates charged for performances on Sundays, or for marching, be abolished.

Details of the revised Band tariff are as under:—

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

| | |
|---|---|
| after 3 performances | 20% |
| ,, 8 ,, | 40% |

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

The European musicians are allowed to give private music lessons, with the Conductor's permission obtained in each case.

Applications for engagements and cancellations should be addressed to the Assistant Secretary of Council, Municipal Offices, not less than 24 hours notice should be given in each case. Inquiries concerning details as to performances, music required, etc., may be made of the Conductor direct (Telephone North 175).

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

## MUNICIPAL NOTIFICATION

**No. 2661.**

**ORDURE CONTRACT.**

*(Translation.)*

THE Council is prepared to receive tenders for the removal by boat of ordure from the Settlement from January 1, 1920. Tenderers should state the amount of money they are prepared to pay to the Council and send their tenders with "Tenders for Ordure Contract" marked thereon, to the undersigned not later than 4 p.m. on December 1, 1919. The Contractor whose contract is accepted will be required to deposit three months' money with the Council. An agreement for one year renewable for a further period of two years will be made provided the contractor performs his duties to the satisfaction of the Council, and in case he wishes to continue the work. Assignment of the contract will not be permitted. Further particulars may be obtained and conditions of agreement may be inspected upon application to the Health Office.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, November 12, 1919.

### Municipal Properties.

*Thomas Hanbury School for Boys—Site Extension.*—For extension of the school playground, the Council has approved the purchase for Tls. 10,100 of a strip of land measuring Mow 1.259, on the east of the school site, which is at present covered by a row of Chinese dwellings.

### Ricsha Shelters.

Correspondence with Mr. F. J. White on the subject of the provision of an additional shelter for ricsha coolies:—

Shanghai, October 28, 1919.

DEAR SIR,—There is no shelter of any kind for ricsha coolies at the end of the Yangtszepoo tram line. As a consequence, on bad nights the coolies go home and there is no one there to take people who

wish to be taken down to our campus and other places, not to speak of the suffering that these coolies undergo by having to sit out in the rain.

Would it be possible for the Council to build a shelter for not exceeding ten coolies at this place?

Yours very truly,
F. J. WHITE,
*President,*
*Shanghai College.*

The SECRETARY,
Municipal Council.

*Murder.*—The dead body of a Chinese was discovered in the country off Whashing Road on October 29. The murder had been committed with a chopper-like instrument. Police inquiries are proceeding.

*Stolen Property.*—During the month 285 reports of stolen property were made to the police. These included 31 cases of burglary: 49 cases of housebreaking: 10 cases of office breaking and 2 cases of godown breaking. Successful investigations were made in 99 cases.

*Robberies, etc.*—There were no armed robberies from premises during the month. One case of attempted armed robbery resulted in the arrest of seven persons. Five of them were already wanted on charges of armed robbery and murder and were handed over to the Chinese Authorities.

Only one case of armed highway robbery was reported. There were also two cases of highway robbery in which no arms were used. In connexion with these one Foreigner and two Chinese were arrested and are on remand.

Two persons were arrested for armed robberies occurring in previous months and were handed over to the Chinese Authorities. Two others, arrested for armed robberies committed outside limits, were also handed over to the Chinese Authorities.

*Bombs.*—During the month there were four bombs found in the Settlement. No persons were injured. A noticeable feature of all threatening letter cases which are followed by bombs is the almost entire unwillingness of the persons concerned to give any assistance to the police.

*Executions.*—During the month 14 persons who were convicted of armed robbery in the Settlement were executed by the Chinese Authorities at Loongwha.

*Pocket-picking, etc.*—Pocket-picking on tramcars and the operations of three-card tricksters are on the increase.

*Opium.*—The traffic in opium is still carried on in spite of a considerable number of raids and seizures by the police. It enters the Settlement by rail and by ship from the North, and from abroad by European and Japanese steamers. Little more can be done than is at present being done to prevent this smuggling so long as anyone has free access to wharves, jetties and landing stages, and so long as people from ships and boats are able to land without passing a Customs barrier.

*Morphia.*—On October 11 the police seized smuggled morphia to the value of $40,000 on the Seward Road. The Japanese smuggler in this case was arrested.

*Gambling.*—The gang of foreigners running "The Wheel" at No. 28 North Honan Road Extension is still permitted to carry on its operations unhindered by the authorities.

*Political Notes.*—The principal political feature of the month was the successful celebration of the anniversary of the inauguration of the Republic on October 10. In Shanghai there was a great display of enthusiasm among all classes.

The question of internal peace is still engrossing the attention of the Chinese press and public. Both the Northern and Southern Delegations still remain in the Settlement, but they appear to be no nearer an understanding than they were a month ago. Latterly it is reported that some of the principal Southern leaders have entered into direct negotiations with the North, which may possibly result in a settlement. Both sides are engaged in a strenuous propaganda campaign, Mr. Wang Ih-tang, the Chief Northern Delegate, in particular being subjected to constant personal abuse by the organs of the Kuomintang. On October 19 a bomb was found in Hardoon's Garden which was supposed to have been placed there by his enemies in order to expedite his return to the North.

There is little doubt that the presence of the Peace Delegations, and more especially of the Southern Delegation, tends seriously to disturb the peace and good order of the Settlement. The intended Conference has naturally attracted to Shanghai numerous political agitators to whose initiative may be traced the activities of many undesirable elements.

During the month the various Street Unions formed a central controlling body known as "The Amalgamated Association of Street Unions." The inaugural meeting of the new organization took place in the Chinese Chamber of Commerce on October 26.

The boycott of Japanese goods is still alive although it has lost much of its former vigour.

During October no less than eight strikes occurred in the Settlement, while others were narrowly averted by employers granting an increased rate of pay. About 700 red wood carpenters were on strike between October 2 and 14. About 300 scavenging coolies of the P.W.D. struck work for half a day on October 7. The coolies at the San Sing Cotton Mill struck work from October 12 to 15. The employes of the Shanghai Cotton Mill went on strike for one day on October 15. About 1,500 furniture painters struck work between October 18 and 24. The red wood sawyers were on strike between October 20 and 24. Sawyers of common wood were on strike between October 23 and 30. About 100 employes of bean-curd shops, who struck work on October 27, were still out at the end of the month.

On October 18 the French Municipal Police closed the offices of the Korean Provisional Government at No. 321 Avenue Joffre, and suppressed its official organ, the "Dog-nip," which had hitherto been published in an alleyway off Rue Amiral Bayle.

*Identification Office.*—During the month 511 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 174 were identified as having a previous conviction or convictions. In addition to the above 174 records were received from the French Police out of which number 98 were identified in the records of this office, making the total for the month:—

## MUNICIPAL NOTIFICATION
**No. 2659.**
**REGISTRATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.**
**(Cancellation of Permit Conditions Nos. 2 and 4).**

NOTICE is hereby given that Conditions Nos. 2 and 4 of the Permits issued to German and Austro-Hungarian subjects in pursuance of the provisions of Municipal Notification No. 2466 have been cancelled as from this date. Accordingly German and Austro-Hungarian subjects are no longer required to present themselves at the Police Stations of their Districts in order to have their Permits checked by the Police.

By order,
N. O. LIDDELL,
*Secretary*

Council Room,
Shanghai, November 5, 1919.

## MUNICIPAL NOTIFICATION
**No. 2647.**
**7 PER CENT. LOAN, 1919.**
**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION
**No. 2655.**
**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

Further correspondence with Mr. M. L. Heen and the Senior Consul in continuaton of that published in the Gazette of September 18:—

Shanghai, September 17, 1919.

DEAR SIR,—Referring to previous correspondence, I have been instructed by the wife of Yu Tshung-ling to inquire if there is any likelihood of her husband being released from the custody of Shun Pan Ting at an early date.

Yours faithfully,
M. L. HEEN.

The SECRETARY,
Municipal Council.

Council Room,
Shanghai, September 25, 1919.

SIR,—I have the honour to refer to the letter of August 29 addressed to yourself by the Vice-Chairman of Council on the subject of the irregular detention in the native city by the Chinese Civil Magistrate of one Yu Tshung-ling, a resident of this Settlement, and to request, in view of further representations made on this subject, that you will be so good as to inform my colleagues and myself of the result of the steps taken for release of this man.

Shanghai, September 30, 1919.

SIR,—With reference to your letters of August 29 and September 25 on the subject of the irregular detention by the Chinese Authorities of a resident of this Settlement named Yu Tshung-ling (尤春霖), I have the honour to enclose herewith for your consideration the copy of the Chinese text and a free translation of a letter from the Commissioner for Foreign Affairs.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul dated September 26, 1919.*

The Commissioner received the Senior Consul's letter of September 18 informing him of the detention of Yu Tshung-ling in the City without a preliminary hearing at the Mixed Court and asking him to address the City Civil Court with a view to the release of this man and the institution of legal proceedings at the Mixed Court by the complainant in this case. He has written to the City Court re this matter and has received a reply to the effect that the City Civil Court has heard the case of Chen King-yuen *vs.* Yu Tshung-ling in re payment for goods. The defendant Yu Tshung-ling has stated that he is a native of Wuhsien (Soochow) and that he resides in the Tsin Shiu Road in the City, which is Chinese territory, but this statement is contrary to that contained in the Senior Consul's letter as to a resident of the Settlement named Yu Tshung-ling. The fact is they have not detained a resident of the Settlement of this name. The City Court also states that when the parties to the suit were brought up for hearing on July 31 they agreed to an amicable settlement of the case. The City Court, therefore, asks the Commissioner for Foreign Affairs to reply to the Senior Consul's letter giving him the above facts.

Council Room,
Shanghai, October 2, 1919.

SIR,—I am directed to send you herewith enclosed, a copy of a letter from the Senior Consul, dated September 30, with a translation of the enclosure thereto on the subject of the detention in the Shun Pan Ting in the Chinese City, of your client Yu Tshung-ling, a resident of this Settlement.

You will note therefrom that the City Court now sets up the contention that Yu Tshung-ling is not a resident of this Settlement, that he has stated that he is a native of Wuhsien (Soochow), and that he resides in the Tsin Shiu in the City, and further that at a hearing of the City Court on July 31, the parties concerned agreed on an amicable settlement of the case.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

M. L. HEEN, ESQ.

Council Room,
Shanghai, October 15, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of September 30, transmitting for the Council's information copy of the Chinese text and translation of a letter received from the Commissioner for Foreign Affairs on the subject of the irregular detention by the Chinese Authorities of a resident of this Settlement named Yu Tshung-ling.

In reply thereto, I have the honour to forward for your information the enclosed copy of a report in comment thereon by the Commissioner of Police, from which it will be noted that the contention set up by the City Court that Yu Tshung-ling is not a resident of this Settlement has no foundation in fact.

I have, accordingly, the honour to request the Consular Body to make a further earnest endeavour to obtain the release and rendition to the Settlement of the unfortunate man concerned.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

(*Enclosure*)

Further enquiries have been made into the matter of the detention of Yu Tshung-ling, a resident of the Settlement, by the Chinese Authorities, and Yu Wong-sz (尤王氏), the wife, and Zung Chih-tsoo (鄭旭初) the brother-in-law, of Yu Tshung-ling (尤春霖) have again been questioned and they insist that Yu is a resident of the Settlement and has no home in the Chinese City.

Zung Chih-tsoo (鄭旭初) insists that Yu was arrested at his, Zung's, house while on a visit there.

A statement has been taken from Wong Zoong-ziang (黃仲祥) a co-defendant of Yu Tshung-ling in the civil actions at the Mixed Court. Zung asserts positively that he has known Yu Tshung-ling for five years and that during that time he has always lived in the International Settlement.

Yu Wong-sz (尤王氏), wife of Yu Tshung-ling has been taken to Taku Road and asked to point out the house where they formerly lived. She pointed out No. 609 Mo Tuh Lee alleyway (馬德里), Taku Road.

Enquiries were then made at No. 609 Mo Tuh Lee, and the wife of the occupant Yeu Choeh-sung (尤菊生) states that Yu Tshung-ling and his wife and two children rented the upper part of the house at a rental of $7 per month for three years, leaving about March of this year. This agrees with the statements of the various other people concerned.

The records of the Mixed Court show that the case was tried there both criminally and civilly and dismissed, and that the complainants' lawyer applied for leave to appeal. The application not having been lodged within the stipulated fourteen days, leave to appeal was refused.

Chen King-toong (陳鏡蓉) complainant in the Chinese City, was certainly not the complainant in the Mixed Court. He is said to be related to the master of the Tsz Woo Cotton Hong. That Hong is now closed, but enquiries made have elicited the information that Chen was employed there as a broker.

Digitized by Google Original from CORNELL UNIVERSITY

In this connexion it may be stated that a Mixed Court petition and a Chinese petition served on Yu Tshung-ling in the Chinese City Court, prove beyond doubt that the case for which he is now under detention in the Chinese City is one that has already been tried in the International Mixed Court, and that the judgment given in the City Court reverses the Mixed Court decision.

The City Magistrate's assertion that Yu Tshung-ling resides at Tsin Shui Road is according to all the evidence, wrong. It is not denied that he was arrested there, but it was while he was visiting Zung Chih-tsoo (鄭旭初), his relative. He has been in the habit of paying occasional visits to the Chinese City and it appears that the complainant being aware of this had him watched with the result that he was arrested at his relative's house.

Despite the fact that Yu visited the City frequently and that he had a sweetheart outside the West Gate, there is no doubt that his home is at 56 Tsepoo Road where his wife and two children are now staying.

The Chinese Authorities' assertion that the defendant agrees to the judgment of the City Court, may be quite true, but I have to suggest that it has no effect on the matter in dispute and that the City Authorities were wrong in arresting and trying the defendant and have no right to detain him.

K. J. McEuen,
*Commissioner of Police.*

Shanghai, October 25, 1919.

Dear Sir,—I write to thank you for your letters of October 2 and October 16 informing me of the progress made in connexion with the case of my client Yu Tshung-ling who is still in detention in the Shun Pan-ting in the Chinese City. I have been instructed to confirm the accuracy of the details contained in the report by the Commissioner of Police and to add thereto a statement by my client communicated to me by his wife to the effect that there is no truth in the assertion of the City Court that my client admitted he was a resident in the Chinese City and that he agreed to an amicable settlement. What actually happened was that after a brief hearing of the case during which my client pleaded res adjudicata and gave notice that he was a resident of the International Settlement, the Magistrate pronounced judgment and ordered my client to sign a document, which he understood contained the judgment of the Court and which he felt he had to sign as a matter of course. His attention was not directed to the contents of the document nor did he read it. It seems unlikely that my client was a willing party to any amicable arrangement of matters which had already been definitely settled in his favour by the Mixed Court. On the other hand the circumstances rather point to an unwarrantable exercise of coercion in view of the fact that the arrest, hearing, rendition of judgment and order of detention, all occurred on one and the same day, thus depriving my client of the opportunity to engage counsel.

It is particularly noticeable that the City Court in its communication transmitted through the Commissioner of Foreign Affairs refrained from making any comment upon the facts which transpired in connection with the Mixed Court proceedings. It would be highly interesting to know what view the City Court takes regarding the contention that my client is the same person who was defendant in the Mixed Court proceedings and that the matters presented for adjudication in both Courts are identical.

Yours faithfully,
M. L. Heen.

Sir,—With reference to your letter of October 15, on the subject of the irregular detention by the Chinese Authorities of a resident of this Settlement named Yu Tshung-ling (尤春霖), I have the honour to enclose herewith for your consideration and reply the copy of the Chinese text and a free translation of a letter from the Commissioner for Foreign Affairs.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated October 31, 1919.*

The Commissioner for Foreign Affairs acknowledges receipt of the Senior Consul's letter of October 18 in re the case of Yu Tshung-ling (尤春霖), enclosing a copy of report by the Commissioner of Police contending that Yu Tshung-ling is a resident of the Foreign Settlement and that the City Court's contention is not correct; it is requested that steps be taken to secure the release of this man. He has accordingly written to the City Court and a reply has been received stating that in regard to the case of Chen King-yung (陳鏡蓉) *vs.* Yu Tsung-ling (尤春霖) re payment for goods the Court received the plaintiff's petition on July 26 last and issued a summons on July 28, at the same time fixing a date for the hearing of the case, at the same time forwarding a copy of the petition to Yu Tsung-ling (尤春霖) who signed his name in person. When the hearing of the case took place on July 31 Yu Tsung-ling (尤春霖) stated that he is 38 years old, a native of Wu-Hsien and resides in the Chin-siu Road in the native city. There is no doubt that at the time Chen King-yung (陳鏡蓉) instituted legal proceedings Yu Tsung-ling (尤春霖) was not a resident of the International Settlement. With regard to the contention of the Commissioner of Police that Yu Wong Ze (尤王氏) had pointed out that No. 609 Muh-teh-li (馬德里) was the former residence of Yu Tsung-ling (尤春霖) and the landlord Yu Chuh-sung (尤菊生) occupier of these premises had also remarked that these premises were occupied by Yu Tsung-ling (尤春霖) for 3 years before his removal in March last, and further that Yu's present address is actually at No. 56 Tsepoo Road, the Court points out that the proceedings in the said case began on July 26, and even if the statements of Yu Wong-ze (尤王氏) and Yu Chuh-sung (尤菊生) were correct these must have happened before July of this year and as to his present address in Tsepoo Road it is very clear that he took up residence there about 2 months after the City Court had ordered an amicable settlement of the suit. As to the summons issued by the Court it was actually received by Yu Tshung-ling (尤春霖) in person who attended the hearing voluntarily, on the day fixed for the hearing but that he was not arrested by the Court. The Court has, therefore, to present these facts for transmission to the Consular Body as to Yu Tshung-ling (尤春霖) actually residing in the (native) city at the time and that he was not arrested by the Court.

The Commissioner for Foreign Affairs has accordingly to forward these facts for the Senior Consul's information.

Council Room,
Shanghai, November 19, 1919.

SIR,—I am directed to refer to my letter to you of November 13 forwarding for your information copy of a letter and enclosure from the Senior Consul on the subject of the irregular detention by the Chinese Authorities of Yu Tshung-ling, a resident of this Settlement, and to send you herein enclosed copy of a report by the Acting Commissioner of Police thereon. A copy has been forwarded to the Senior Consul.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

M. L. HEEN, Esq.

---

(*Enclosure.*)

I forward the following report, dated November 13, made as the result of further investigations into this case.

"The Judge of the Sung Pang Ting (審判廳) in his letter contends that if Yu Tshung-ling resided in the International Settlement it was prior to July 26 last when proceedings were instituted on a complaint laid by Chen King-young (陳鏡蓉).

"I respectfully beg to point out that an examination of the charge book at Sinza Police Station proves that on May 8 Yu Tshung-ling was charged on a Mixed Court warrant for that he:—

"On April 1, 1919 at 234 Fokien Road did maliciously defraud complainants by remitting as exchange of goods a cheque for Tls. 387.50 drawn on the Ih Tong Bank, when he had no longer an account there. The complainant failed to appear and the case was dismissed.

"Further an examination of the Mixed Court records proves that two civil claims were lodged for the sums of Tls. 387.50 and 587.50. The claims were heard by Mr. Grant Jones, British Assessor, on June 19 and July 3. Both parties were represented by lawyers and both claims were dismissed.

"The two petitions attached prove that the case for which Yu Tshung-ling is detained in the City is the same case for which he was previously tried in the International Mixed Court, and the dates of the Mixed Court trials, viz.,—May 9, June 19 and July 3 prove that at that time he was recognized by the complainant as a resident of the Settlement.

"With regard to the Judge's contention that the family of the defendant took up residence at 56 Tsepoo Road two months after the date (July 31) on which the City Court ordered an amicable settlement, that is obviously inaccurate. Mr. Heen's letter complaining of the illegal detention is dated August 12, a Police report was submitted on August 20 and a letter was sent to the Consular Body on August 29, all inside one month from the date of the trial in the City Court.

"Unfortunately Yu Tshung-ling has only occupied part of the houses in which he has lived so that rent receipts to prove his residence are not available. I beg to suggest that the alleged debt was incurred at 234 Fokien Road, in the International Settlement, and the International Mixed Court is the only tribunal competent to try the case.

"As regards Yu Tshung-ling being summoned to attend the City Court and signing the petition three days before the hearing, I beg to state that on November 6 I went with an interpreter to the City Police Headquarters and asked for permission to interview Yu Tshung-ling. I was informed that they had no power over the Sung Pang Ting. I then went to the Sung Pang Ting and requested an interview with the detained man, and was told that the responsible official was away in Soochow, and that no one there could grant my request. I then drew up a list of questions and instructed a Police agent to visit the Sung Pang Ting and put them to Yu Tshung-ling. I was not present at the interview but I believe the answers are substantially accurate. The list of questions and answers is attached."

A. HILTON JOHNSON.
*Acting Commissioner of Police.*

**Report of Commissioner of Public Works for October.**

A marked improvement has generally taken place in both the quality and quantity of the coolie labour employed by the Department. The system of employing special gangs at a monthly rate of pay, as mentioned in the report for August, has proved very satisfactory in its working. A shortage is, however, still being felt in the Central District.

Representation was made in the course of the month by the mafoos and sweeping coolies for an increase in their pay. The former went on strike on the morning of the 7th, but on being told that their grievance would be dealt with, resumed work in the course of the day. It was decided by the Council to increase each mafoo's pay by $1 per mensem and this took effect from October 1.

The pay of the sweeping coolies was also increased from 280 cash per day to 300 cash per day, as a result of representations made by them. This took effect from October 30. These coolies did not go on strike but made their request in a perfectly orderly manner.

*Roads.*—Asphaltic concrete has been laid in Peking Road from The Bund to Honan Road. A new spall foundation is being laid in this road from Chekiang Road to Thibet Road, preparatory to its reconstruction in asphaltic concrete in this section also.

Bubbling Well Road is being raised and formed west of Siccawei Road prior to its ultimate finished construction in macadam.

The widening of Bubbling Well Road on the north side from Hardoon Road to Ferry Road is being proceeded with.

The ballasting and metalling of a 12ft. strip of Yochow Road east of Cadastral Lot 980, E., is in hand.

The ballasting and metalling in Kirin Road east of Thorburn Road is approaching completion.

The following roads are being surfaced with asphaltum:—Seymou Road from Sinza Road to Great Western Road.

Ward Road from Whashing Road to Muirhead Road and from Lay Road to Ningkuo Road.

Nanyang Road from Seymour Road to Hardoon Road.

Ferry Road from Bubbling Well Road to Sinza Road.

Honan Road from Peking Road to Nanking Road.

Ewo Road south of Yangtszepoo Road.

Gordon Road from Sinza Road to Connaught Road.

Medhurst Road from Sinza Road to Connaught Road.

*Bridges.*—The reconstruction of the Brenan Road Bridge has been completed and a great improvement in the roadway at this point has been effected thereby.

*Bundings.*—The construction of the concrete bunding in Dixwell Road for a section between Broadway East and East Hanbury Road. is about two-thirds completed.

The construction of a short length of concrete bunding in West Soochow Road east of Cadastral Lot 731 W. is in hand.

*Drainage.*—The culverting of the Gordon Road creek from Connaught Road to Sinza Road has been completed.

The culverting of the Singkeipang from Singkeipang Road to Dent Road is making good progress, work being carried out simultaneously in the two sections east of Singkeipang Road and east of Chaoufoong Road.

The creek that runs through private property lying west of Gordon Road and north of Macao Road is being replaced by a 3 diameter culvert, the water being diverted by the tubes being laid along the line of Gordon Road and Macao Road.

## MUNICIPAL NOTIFICATION
### No. 2659.
### REGISTRATION OF GERMAN AND AUSTRO-HUNGARIAN SUBJECTS.
**(Cancellation of Permit Conditions Nos. 2 and 4).**

NOTICE is hereby given that Conditions Nos. 2 and 4 of the Permits issued to German and Austro-Hungarian subjects in pursuance of the provisions of Municipal Notification No. 2466 have been cancelled as from this date. Accordingly German and Austro-Hungarian subjects are no longer required to present themselves at the Police Stations of their Districts in order to have their Permits checked by the Police.

By order,
N. O. LIDDELL,
*Secretary*

Council Room,
Shanghai, November 5, 1919.

## MUNICIPAL NOTIFICATION
### No. 2647.
### 7 PER CENT. LOAN, 1919.
**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,
E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION
### No. 2655.
### Municipal Investment Bank.

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

## MUNICIPAL NOTIFICATION
### No. 2661. (*Amended*)
### ORDURE CONTRACTS.
*(Translation.)*

THE Council is prepared to receive tenders for the removal by boat of ordure from the Settlement from January 1, 1920.

For this purpose the Settlement will be divided into two separate areas:—

1. North of the Soochow Creek.
2. South of the Soochow Creek.

Separate contracts will be made in respect of each of these areas and tenders should state clearly for which area they are tendering and the amount of money they are prepared to pay to the Council and send their tenders with "Tenders for Ordure Contract" marked thereon, to the undersigned not later than 4 p.m. on December 12, 1919. The Contractors whose tenders are accepted will be required to deposit three months' money with the Council. A contract for one year renewable for a further period of two years will be made provided the contractors perform their duties to the satisfaction of the Council, and in case they wish to continue the work. Assignment of the contracts will not be permitted. Further particulars may be obtained and conditions of contract may be inspected upon application to the Health Office.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, November 26, 1919.

### Consular Body.

A letter from Mr. T. Knudtzon, Acting Consul General for Norway, informs the Council that he has handed over charge of the Consulate-General to Mr. S. Steckmest, with effect from November 25.

### Special Constables.

Letter to the Assistant Commissioner of Police (Specials) conveying the Council's appreciation of the services rendered by the Special Constables since their creation as an active branch of the Police Force in May, 1918. The Parade and Inspection to be held in the Drill Hall this evening at 7 o'clock will be open to the public:—

Council Room,
Shanghai, November 21, 1919.

MY DEAR MR. ANDERSON,—With the decision that the Specials shall cease to function on November 27 it is the desire of the Council to place on record its very sincere appreciation of the invaluable services rendered since their creation as an active branch of the Police Force in May 1918.

That so many responded to the Council's call for enrolment at a time when the claims of business were particularly exacting on those who were left to carry on in Shanghai during the war and who were not already members of the Fire Brigade or Volunteer Corps was in itself most gratifying, but it was the untiring zeal, energy and devotion to duty shown by you and by those who responded to the call and the very high measure of efficiency attained—exceeding, I must confess, our highest expectations—that specially call for that expression of appreciation and thanks that I desire in the name of the Council, the Community and the regular branches of the Police Force to express personally to you and to those under your command, at a parade and inspection to be held in the Drill Hall in the new Central Offices block at 7 p.m. on November 27, at which the Council has the honour to request your and their attendance.

In the meantime I have the honour to inform you that the Council would be more than sorry to feel that the services of the Specials were to be lost entirely. It is accordingly proposed to establish a Special Police Reserve to be organized on lines which will be the subject of further consideration in due course, and I have the honour to express the earnest hope that you will continue to give your services to the Community in the capacity of Assistant Commissioner in charge and that those who are now serving under you will continue to do so in the Special Reserve, so that its success may be assured.

I have the honour to be,
my dear Mr. Anderson,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

## Health Officer's Report for October.

The Public Health throughout the month was exceptionally good. There were no cases of choleraic diarrhœa and comparatively few of Dysentery.

The dreaded Influenza, though expected to return during the winter months, except for a few imported cases, did not make its presence felt. It would be well to be prepared against another epidemic. Like the 'common cold' and Measles, Influenza is most infectious during the early stage. The infection is of extreme communicability and nearly always from person to person, being rapidly destroyed outside the infected person. The spread of Influenza is directly proportional to the extent of intercourse between persons. The best means of prevention when Influenza threatens is to limit intercourse between persons so far as possible. Those having 'colds' or chills with headache and other pains and fever should keep to their beds. The following couplet, which originated in America, seems appropriate to the occasion:

'If you want to stop disease
Cover up each cough and sneeze.'

The possibility of Smallpox was anticipated by beginning the winter campaign of free vaccination well in advance.

It will soon be possible to admit cases of Tuberculosis of the lung among foreigners to the Tuberculosis section of the Isolation Hospital. The work in the building is almost complete, the vacancies on the nursing staff are being slowly filled from home, and additional quarters for the necessary nurses have been provided.

A school for Chinese has been tentatively started to try and improve the material which at present offers itself for sanitary work.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

ARTHUR STANLEY,
*Health Officer.*

## Fire Brigade Report for October.

The total number of calls to fires, or supposed fires, during the month was 45, as against 33 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 23,500 (Foreign, Tls. 5,200; Chinese, Tls. 18,300), as against Tls. 8,975 (Foreign, Tls. 3,750; Chinese, Tls. 5,225) during October 1918. The property at risk is estimated at Tls. 3,172,500 (Foreign, Tls. 2,850,000; Chinese, Tls. 322,500), as against Tls. 972,500 (Foreign, Tls. 785,000; Chinese, Tls. 187,500) for the corresponding period last year.

The calls were received as follows:—Telephones 25, Watch Towers 12, Police 7 and Street Alarm 1.

The district call was given on 18 occasions, the remaining 27 being station calls.

These calls proved to be 28 small fires, 2 chimney fires, 4 false alarms and 11 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Sparks or embers from stove | 4 |
| Dropped match | 4 |
| Lamp upset | 2 |
| Defective or dirty flue | 2 |
| Incendiary | 2 |
| Candle in contact with mat-shade | 1 |
| Candle in contact with joss paper | 1 |
| Naked light near gas leak | 1 |
| Woodwork in contact with stove pipe | 1 |
| Joss paper | 1 |
| Firecrackers | 1 |
| Ignition of vapour from spirits of wine | 1 |
| Fusing of electric wire | 1 |
| Children playing with matches | 1 |
| Foreign substance in cleaning machine | 1 |
| Defective stove | 1 |
| Ignition of cotton dust | 1 |
| Defective wiring | 1 |
| Unknown | 1 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 6 |
| Chinese buildings | 54 |

Of these 4 buildings were destroyed by fire, and 44 others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 733,700 gallons.

The Brigade was occupied 362 hours and 35 minutes at fires, or supposed fires.

Unfortunately there was a loss of life at two fires during the month, in neither instance could the Brigade have done anything as the persons were doomed before even the Brigade were called.

The two fires were:—

*P A 696A Tsepoo Road, October 7, at 3.45 a.m.*—The premises were quite small, one storey, and occupied by one family. No information was given of any person being missing until after the fire had been extinguished, when the body of a girl 9 years old was found under the débris. Presumably she was sleeping in the loft, which as usual proved a death trap, and could not escape. The father and mother, were discovered in a house nearby, and they were so badly burnt in getting out of the premises, that they both succumbed some days later.

*QQ 7 Kien Kie Lee, October 9, at 12.21 a.m.*—This building was situated in a very congested quarter, and although the Central Division made a prompt response and got water on very quickly, it was impossible to get beyond the main, and only, entrance of the premises, a fair sized hong, the lower portion of which was in flames. Against very severe conditions, the fire was quickly held and extinguished. During such operations men who had worked up to the first floor found no less than four bodies at the back of the south west corner room.

The fire had started in a large quantity of straw stored right at the foot of the only staircase. The persons near the head of the staircase were able to escape, but four persons, namely:—the father, his sister, his daughter, under 1 year, and an amah, who were some distance away, were too late, and evidently the fire gained with such rapidity that they were even unable to reach the window. Two others jumped from the verandah, but were badly injured and removed to Hospital. This fire clearly illustrates the extreme danger of there only being one staircase and this situated in a bad position in case of fire.

During the month assistance was rendered to outside fires, one in particular being that of the s.s. Mineric laying alongside the Shanghai & Hongkew Co.'s Wharf, Pootung, where the No. 2 lower hold was on fire, as was also some bunker coal. The greatest difficulty was experienced in dealing with it, as owing to the presence of carbon monoxide and coal gas, and the situation of the fire, the combination formed the most deadly enemy a fireman could have. Practically every member of the Brigade present was at one time or another overcome with the carbon monoxide fumes. Fortunately all recovered. The Brigade after operations lasting nearly six hours effectually checked the fire from spreading forward.

The month was rather remarkable for a series of somewhat serious outbreaks, which took place along the boundary on the Chapei side. They were as follows:—

*Chapei, October 25, at 11.40 a.m.*—Two or three houses near the Railway Station to the west of North Szechuen Road, were on fire. The Hongkew Division assisted with a line of hose, etc.

On the same day at 2.11 p.m. at Urga Road Extension, two cotton ginning and cleaning establishments on the Chapei side of the road were found to be well alight, and dealt with entirely by the Hongkew Division assisted by a section of Central.

Just as this fire was under control another call was received to Elgin and North Chekiang Roads, where a whole terrace of dwellings was well alight. This fire was also outside limits and the Sinza Division laid two lines of hose and assisted the Chapei Brigade, a section of Hongkew, on arrival from the previous fire, also rendered assistance so that on one day at three serious fires valuable assistance was rendered.

*Central Fire Station, October 15, at 9.58 a.m.*—The Chief Officer's boy discovered a fire in a store room on the attic floor (part of the Chief Officer's quarters) and telephoned to the Watchroom below, and afterwards attempted to subdue the outbreak by means of buckets of water, but the fire had obtained too good a hold on the lathe and plaster work, of which the top of this building is practically composed, and was spreading rapidly in all directions. In about 30 minutes the fire was practically extinguished. The Brigade were hampered in the early part of their operations by lack of water pressure. The ceiling and walls of the dining room, and the south-east portion of the roof were damaged by fire, whilst the immediate rooms below were affected by smoke, fire and water. The fire was caused by a coolie carelessly dropping a match in some paper in the store room.

*Xc 367 Sing Dong Ka Loong, October 24, at 4.56 a.m.*—Owing to the very congested area in which this outbreak started, matsheds, etc., and the premises themselves being wood fronted, the fire had obtained a good hold, and when the Brigade arrived a number of small dwellings were already involved. Long lines of hose had to be used, the pumps having to work at remote points. Three small houses were gutted, and a number of others more or less damaged by smoke, fire and water.

*A1124 Broadway, October 24, at 6.13 p.m.*—Whilst the Hongkew Division and a section of Central were dealing with a fire near Darroch Road, a call was received for a fire at Broadway, another section of Central responded, and found that a deliberate attempt to fire the premises had been made, a stack of boxes of provisions was well alight, as also was a window frame nearby, while another fire was burning on the ceiling a short distance away. The outbreak was quickly dealt with. Gasolene was found, and action is being taken in the Mixed Court.

*85 Szechuen Road, October 29, at 1 p.m.*—The under portion of the roof on the Nanking Road side of No. 85 Szechuen Road was well alight, and the fire was making rapid progress in every direction along the plaster walls, and above the ceiling. A division wall which might have acted as a check did not retard the fire, having openings in it, and not being carried through the roof. After a most difficult and strenuous fight a good stop was effected. Only 1½-in. lines of hose were used with small nozzles, with the exception of one 2½-in. on the Turntable Escape, so that the water damage was exceedingly light. The actual fire damage was confined to two bedrooms, and a portion of the ceiling and roof.

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, DECEMBER 6, 1919. No. 664

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

## MUNICIPAL NOTIFICATION

**No. 2661.** (*Amended*)

**ORDURE CONTRACTS.**

(*Translation.*)

THE Council is prepared to receive tenders for the removal by boat of ordure from the Settlement from January 1, 1920.

For this purpose the Settlement will be divided into two separate areas:—

1. North of the Soochow Creek.
2. South of the Soochow Creek.

Separate contracts will be made in respect of each of these areas and tenderers should state clearly for which area they are tendering and the amount of money they are prepared to pay to the Council and send their tenders with "Tenders for Ordure Contract" marked thereon, to the undersigned not later than 4 p.m. on December 12, 1919.

The Contractors whose tenders are accepted will be required to deposit three months' money with the Council. A contract for one year renewable for a further period of two years will be made provided the contractors perform their duties to the satisfaction of the Council, and in case they wish to continue the work. Assignment of the contracts will not be permitted. Further particulars may be obtained and conditions of contract may be inspected upon application to the Health Office.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, November 26, 1919.

## MUNICIPAL NOTIFICATION

**PRIVATE NURSING SERVICE, 34 and 35 Boone Road.**

| | Daily |
|---|---|
| Ordinary Medical or Surgical cases | Tls. 5 |
| Maternity cases | 6 |
| Infectious cases | 6 |
| Mental or Alcoholic cases | 6 |
| Visiting cases not exceeding one hour (not made to infectious cases) | 2 |
| Visiting cases half day (not made to infectious cases) | 3 |

For Maternity cases half fees are payable from date of engagement until sent for.

When called upon to nurse more than one case in a house an extra half fee is payable for each additional patient.

For nursing cases outside Shanghai one tael in excess of above rates is payable from the time of leaving Shanghai until return, together with first-class fare and necessary incidental expenses.

After nursing infectious cases seven days fees at full rate will be payable for quarantine.

It is expected that board, lodging and washing will be provided for the nurse.

It is requested that the health of the nurse be considered, especially as regards proper sleeping accommodation and out-door recreation.

If a nurse is sitting up at night she will require eight consecutive hours out of the patient's room for sleep and two hours for open air recreation. If a nurse is not sitting up but has disturbed nights with her patient she will require some extra rest and recreation.

When the services of the nurse are no longer required previous notice should be given when possible.

Vol. XII. SHANGHAI, SATURDAY, DECEMBER 13, 1919. No. 665

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

## MUNICIPAL NOTIFICATION

**No. 2661.** (*Amended*)

**ORDURE CONTRACTS.**

(*Translation.*)

THE Council is prepared to receive tenders for the removal by boat of ordure from the Settlement from January 1, 1920.

For this purpose the Settlement will be divided into two separate areas:—

1. North of the Soochow Creek.
2. South of the Soochow Creek.

Separate contracts will be made in respect of each of these areas and tenderers should state clearly for which area they are tendering and the amount of money they are prepared to pay to the Council and send their tenders with "Tenders for Ordure Contract" marked thereon, to the undersigned not later than 4 p.m. on December 12, 1919. The Contractors whose tenders are accepted will be required to deposit three months' money with the Council. A contract for one year renewable for a further period of two years will be made provided the contractors perform their duties to the satisfaction of the Council, and in case they wish to continue the work. Assignment of the contracts will not be permitted. Further particulars may be obtained and conditions of contract may be inspected upon application to the Health Office.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, November 26, 1919.

The meeting adjourned at 5.10 p.m.

### Death of Mr. Ibukiyama.

Before proceeding to the ordinary business of the meeting the Chairman expresses the very deep regret of members upon learning that their colleague, Mr. T. Ibukiyama, died at his residence early this morning after a very brief illness. He refers in the most appreciative terms to the public services rendered by Mr. Ibukiyama as a member of Council, as a member of the Finance Committee and as the Council's representative on the Special Vice Committee, and to the spirit of co-operation and good will that consistently characterised his relations with his colleagues.

Members unanimously associate themselves with these sentiments and direct that an expression of their deepest regret and of sincere sympathy with Mrs. Ibukiyama and the other members of Mr. Ibukiyama's family be recorded in the minutes and conveyed to Mrs Ibukiyama.

### Special Vice Committee.

Notice is hereby given that the labours of this Committee are nearing completion, but before finally drafting its report and making its recommendations, the public are invited to offer any suggestions, or recommendations, which they think will be of value to the Committee in dealing with the question of vice in the Settlement. These suggestions, or recommendations, *must be in writing* brief and to the point, and addressed as early as possible to the Secretary of the Committee—Mr. P. Campbell, c/o British Chamber of Commerce, 1 The Bund.

### Volunteer Corps.

Upon the recommendation of the Commandant the following promotions are authorized:—

*"A" Company British.*—2nd Lieut. E. W. Godfrey to be Lieutenant.

*First Reserves.*—2nd Lieut. C. H. Ryde to be Lieutenant.

*Medical Staff.*—Lieut. N. H. Bolton to be Captain.

*Murder.*—On November 17 a Chinese stevedore was stabbed on Foochow Road as the result of a gambling quarrel and died subsequently in hospital. Three persons concerned in the affair were arrested and are now under remand.

In connexion with the murder of a Chinese in the country off Whashing Road on October 29, which was reported last month, a house in Yangtszepoo Road was raided by the police at dawn on November 8 and 10 persons were arrested. All of them were subsequently found to be members of a gang of bandits operating in the northern part of this province under the leadership of one Ben Zung-man. It transpired that the latter had discovered the deceased, who was also one of the gang, *in flagrente delicto* with a concubine of his own and had accordingly ordered his death. The leader himself was actually concerned in the murder but had absconded before the arrest of the others. The latter have all been handed over to the Chinese Authorities to be dealt with.

*Robberies.*—Only three reports of robbery from premises and two of unarmed highway robbery were received during the month. In connexion with these cases 5 persons were arrested and dealt with. Four other persons were also arrested by the police in the Settlement for robberies committed outside limits.

*Stolen Property.*—During the month 290 reports of property stolen were received by the police—a decrease of 16 on the figure for the corresponding month of last year. These reports included 34 cases of burglary, 11 of housebreaking, 3 of office breaking, 5 of shop-breaking and 2 of godown-breaking. In 110 of these 290 cases investigation was made with successful results.

*Bomb Explosion.*—Following the receipt of threatening letters demanding money, a bomb explosion took place on the roof garden of an establishment in Nanking Road on November 10. No one was hurt and very little material damage was done.

*Prohibited Drugs.*—The clandestine importation of prohibited drugs continues to be an active local industry. Owing to their small bulk and great value, to divided authority, to the state of the law on the subject and to certain other causes, it is difficult to make much headway in its suppression. On November 15 the police arrested a Japanese attempting to run a parcel of morphia valued at $40,000.00. The punishment in the local Japanese Court was 29 days' imprisonment and confiscation—hardly a deterrent sentence in the circumstances. Five Japanese dispensaries were also proceeded against by their own authorities for smuggling morphia through the Post Office, and in three cases the principals were deported from Shanghai for a period of two years and their shops ordered to be closed. During the month the police made numerous raids on establishments where the smuggling or selling of opium was being carried on. In all, 74 cases were before the Mixed Court. Fines were imposed in 65 of them, imprisonment in 2 and the remaining 7 cases were dismissed.

*Motor Car Offences.*—During the month 52 Chinese Chauffeurs were prosecuted in the Mixed Court for offences against licence conditions, and penalties ranging from a caution to 3 months' imprisonment and from $2 to $25 fines were inflicted. Proceedings were also taken against 3 foreigners for driving to the public danger which resulted in the imposition of fines ranging from $5 to $10. In connexion with these offences it is very noticeable to the police that while many members of the public are ready enough to complain in general terms of reckless driving in the streets of the Settlement, very few of them will take the trouble to report individual cases they may see. Fewer still are willing to assist the authorities by giving evidence in Court. If it were more generally realized that nothing but strong public opinion, unmistakably expressed in deeds as well as in words, can successfully cope with this evil perhaps something more would be done. To the comparatively few

residents who from time to time have helped the police in this matter, an expression of sincere thanks is due.

*Other Crime.*—Among other cases in the Settlement may be mentioned that of a notorious swindler of Russian birth, but latterly unrecognized by the Russian Authorities, known as Count de Lautrec de Toulouse de Savine, who was charged before the Mixed Court on November 18 with the forgery of public documents and seals, and was sentenced to 18 months' imprisonment in the Municipal Gaol.

*Crime Outside Limits.*—Two cases of murder and 17 of robbery and piracy in the immediate neighbourhood of the Settlement have been reported during the month. In one case a gang of desperadoes attacked a native police station, captured the arms and ammunition of the policemen and then, secure from interruption, proceeded to plunder a number of houses in the district.

*Executions.*—During the month 2 persons, convicted of armed robbery in the Settlement, were executed by the Chinese Authorities at Loongwha in the presence of a representative of this Force.

*Enemy Subjects.*—In conformity with certain new regulations promulgated by the Chinese Government, commencing from November 5 German and Austro-Hungarian residents of the Settlement were no longer required to report themselves periodically for the purpose of having their permits checked by the Police.

*Strikes.*—Some 300 box-makers were on strike from November 1 to November 5. They returned to work on receiving 20 per cent. advance in wages. An increase of 30 per cent. had to be granted to the same number of red wood ornament makers who were on strike from November 11 to November 20. About 3,000 bamboo workers struck on November 25 and remained out till the end of the month.

*Gambling Outside Limits.*—It is satisfactory to report that the gambling house known as the "Wheel", situated at 28 North Honan Road Extension, was raided and closed by the Chinese Authorities on November 12.

*Foreign Refugees.*—At the end of November there were probably not less than 1,000 refugees of Russian, Polish and Finnish nationality in the Settlement. The great majority have come from Harbin and Vladivostok. They live chiefly in boarding houses in the Hongkew, Wayside and Yangtszepoo districts. Most of them are in poor circumstances and many are on the verge of destitution. So far, however, there is no actual starvation. Thanks principally to the efforts of the Russian and International Charity organizations, the Jewish community and the King's Daughters' Society. The bulk of the refugees are unfortunately not of the class that would readily find employment in Shanghai. In addition to the foregoing there are probably considerable numbers living outside Settlement limits.

*Korean Newspapers.*—Since the suppression of the Korean newspaper "Dognip" and the closing of the offices of the Korean Provisional Government by the French Police on October 18, two other newspapers named the "Hsin Dai Han" and the "Dognip Hsin Mon" have begun to circulate privately among local Koreans.

*Distinguished Visitor.*—Sir John Jordan, British Minister to China and Doyen of the Diplomatic Body in Peking, was in Shanghai from November 4 to November 11. During his stay the necessary guards and escorts were furnished by the Police.

*Foreign Branch.*—Thirty-nine recruits for the Foreign Branch arrived from England on November 22. This brings the branch to its full strength.

*Specials.*—The Specials ceased to function as active members of the Force on November 26 after 18 months' service willingly and generously given in the public interest. To the Assistant Commissioner in charge and the Deputy Assistant Commissioner, and to all Head Constables, Warning Officers and Special Constables the Acting Commissioner wishes to record an expression of sincere thanks for all they have done. The Regular Police are sorry to lose their valuable assistance and are most gratified to learn of the ready response they have made to the Council's invitation to join the Special Police Reserve.

*Political Intelligence.*—Reports of serious happenings in other places reached Shanghai during the month. Chief among these were the invasion of the Sincere Company's Store at Canton on November 8 by a large mob of school children, and the subsequent disorder which was only quelled with the assistance of some 2,000 Government troops; and the fracas between Chinese and Japanese at Foochow on November 16. During the first half of the month the enthusiasm for the boycott movement locally had been distinctly on the wane, but the latter incident served to re-kindle a strong Anti-Japanese feeling among students and their followers. So far as purely local politics were concerned additional impetus was given during November to the agitation for Chinese representation on the Council. About the middle of the month the Amalgamated Association of Street Unions—the organization which has taken the initiative in the campaign—issued and distributed a booklet containing an anonymous revision of the Settlement Land Regulations. At the same time a canvass was made of all shopkeepers in the Settlement who were asked to chop a document signifying their support. The majority did so, but their pledge of support must be understood to refer rather to the broad question of representation than to the very largely fanciful and extravagant proposals contained in the booklet. In this connexion it is interesting to note that some of the leading Chinese in the Settlement are not slow to condemn the folly of a few people—foreigners as well as their own countrymen—who appear to be exploiting the situation for their own ends.

*Identification Office.*—During the month 459 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 149 were identified as having a previous conviction or convictions. In addition to the above 173 records were received from the French Police out of which number 92 were identified in the records of this office, making the total for the month:—

## Report of Commissioner of Public Works for November.

Asphaltic road construction practically ceased at the end of the month, with the setting in of the cold weather. A satisfactory programme has been carried out during the last seven months, the greater portion of the Central District roads, east of Kiangse Road, having been reconstructed with asphaltic concrete. Peking Road from Fokien Road to Thibet Road has also been so reconstructed in order to form an extended route for the railless car system.

*Roads.*—Asphaltic concrete has been laid in Hankow Road from Kiangse Road to The Bund.

The raising and forming of Bubbling Well Road from Siccawei Road to Tifeng Road has been completed.

The ballasting and metalling of Kirin Road east of Thorburn Road has been completed.

The raising of Linching Road from Yangtszepoo Road to Pingliang Road is in hand.

The raising of Tsitsihar Road north of Ward Road, preparatory to the ballasting and metalling of a 12 feet strip has been completed.

The ballasting and metalling of a 12 ft. wide strip of Yochow Road east of Cadastral Lot 980 E. has been completed.

The following roads are being surfaced with asphaltum:—

Thorburn Road from Ward Road to Baikal Road

Pingliang Road from Macgregor Road to Whashing Road.

*Bundings.*—The construction of the concrete bunding in Dixwell Road for a section between Broadway East and East Seward Road is completed.

The construction of the cofferdam for the concrete bunding in West Soochow Road east of Cadastral Lot 731 W is completed.

*Drainage.*—The construction of the 3-ft. diameter culvert in Gordon Road north of Macao Road and in Macao Road west of Gordon Road has been completed. The culvert in Gordon Road is being continued through to the Soochow Creek viâ Ichang Road so as to provide a deviation to the creek that at present runs along Ichang Road and east of Gordon Road. This creek will be duly filled in on the completion of the work.

A 12-in. diameter sewer is being laid in Bubbling Well Road west of Ferry Road where the widening of the former road is being carried out.

The culverting of the Singkeipang from Singkeipang Road to Dent Road has been constructed for about two-thirds of its length.

# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, DECEMBER 20, 1919. No. 666

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

## MUNICIPAL NOTIFICATION

Correspondence with the American Consul-General in reference to the loan by the American Government of two Gatling guns.

Shanghai, January 22, 1918.

SIR,—With reference to the matter of two Gatling guns which have been forwarded to me by the American War Department, through our Department of State, I would appreciate the views of the Council regarding the turning over of the same in the following sense:

"That the Gatling guns in question be turned over to the Shanghai Municipal Council with the understanding that the same are loaned for use in connexion with the S.V.C. and that they be manned by American officers and men so long as there is any American contingent in the Corps, a report regarding their condition to be made annually to this Consulate-General."

Very respectfully yours,
THOMAS SAMMONS,
*American Consul-General.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council

---

Council Room,
Shanghai, January 31, 1918.

SIR,—I have the honour to acknowledge the receipt of your letter of January 22, on the subject of the loan by the American Government to the Council of two Gatling Guns for use by the American Company of the Shanghai Volunteer Corps.

In reply, I have the honour to convey to you an expression of my colleagues' appreciation of this generous offer which they cordially accept on the conditions stated in your letter, on the understanding that the guns will be mounted on small field carriages for man handling and that the men required to man them will be an additional strength to the Corps.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

THOMAS SAMMONS, Esq.,
American Consul-General.

---

Council Room,
Shanghai, December 15, 1919.

SIR,—I have the honour to refer to my letter of January 31, 1918, notifying acceptance of the American Government's offer to loan to the Council two Gatling guns for the use of the American Company of the Shanghai Volunteer Corps, and to inform you that these guns which have been mounted on small carriages for man handling so as to render them a valuable addition to the armament of the Corps have now been taken into use.
